Mr. James K. Peterson, Director
Division of Radioactive Material,
Licensing, and Compliance
Bureau of Radiological Health
Department of Health and Environmental Control
2600 Bull Street
Columbia, SC 29201

Dear Mr. Peterson:

We have reviewed the proposed changes to the South Carolina Radiological Health Rules 61-63, Radioactive Materials, "Title A.", received by our office on January 25, 2005. These regulations were reviewed by comparison to the equivalent Nuclear Regulatory Commission (NRC) rules in 10 CFR Parts 20, 30, 32, and 35 and the requirements of the two amendments identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with you on April 7, 2005.

As a result of our review, we have no comments. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that the South Carolina regulation meets the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final South Carolina regulation. However, we have determined that if this regulation is adopted without significant change, it would meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure [SA-200](#). We request that when the proposed regulation is adopted and published as a final regulation, a copy of the "as published" regulation be provided to the NRC for review.

The SRS Data Sheet summarizes our knowledge of the status of other South Carolina regulations. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the STP website: <http://www.hrsd.ornl.gov/nrc/rulemaking.htm>.

If you have any questions regarding the comments, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact me, or John Zabko of my staff at (301)415-2308 or JGZ@NRC.GOV.

Sincerely,
