POWERS/AGNESS ROAD NEWSLETTER **Progress Report**

The Tidewater crews were busy with several work areas during the week of September 12th. The crews were able to complete the pile driving for abutment #1 of the Hayes Creek bridge. They then began placing forms and reinforcing steel for the concrete abutment. They also finished taking the forms off the headwall at Mill Creek and finished backfilling and the removal of the temporary culvert. Excavators and dump trucks were also used to remove dirt from Realignment #2 which was then placed at Realignment area #1.

Hayes Creek

Mill Creek

Construction Scheduled for the week of Sept. 12th

Crews will continue to work at the Hayes Creek and pour concrete for abutment #1. Workers could possibly be placing the bridge girders by the end of the week. Work will also begin for a soil reinforced wall in the Realignment area #1.

Traffic Information

As construction activities continue this upcoming week, expect delays of less than 30 minutes.

Contractor's Work Schedule

Monday thru Friday, Hours: 7am – 6pm
