

Undergraduate Scholarship Program (USP)

- Designed to increase the number of students who undertake course work and graduate with degrees in specific scientific areas or fields integral to NOAA's mission.
- Approximately 10 students, entering their junior year, who have matriculated in the natural and/or physical science and engineering fields are selected annually.
- Students participate in headquarters orientation where they learn about the programmatic and research objectives and potential career opportunities within NOAA Line, Staff, and Program Offices.
- Application Period: Annually from September through February.
- Program Duration: Two years
