1. Overview

IACRA is a web-based enterprise application that provides functionality to minimize the necessity of paper airman certification/rating application forms such as the 8710. IACRA electronically captures and validates airman information required to complete the airman application and the other certification documents including the appropriate temporary airman certificate and knowledge test results. It integrates critical elements of multiple FAA program databases. IACRA automatically ensures that applicants meet regulatory and policy requirements, and it uses electronic signatures throughout the certification process which brings the application in compliance with the Government Paperwork Elimination Act. The IACRA system design allows a Certifying Officer with electronic signature authority to have applications and ratings collected and validated in real-time, with checks against the Registry and other FAA databases. FAA, designees, and return users can be validated immediately.

IACRA's web-based architecture provides access to the application by the public via the internet. This approach facilitates single source data entry by the applicant and the examiner, and it facilitates integration with other FAA, and eventually, other governmental databases.

This instruction manual currently applies to registration, consoles, certification path selection and the Airline Transport Pilot FAR 61, 121 and 135 certification process only.

2. Roles

IACRA uses 'roles' to determine levels of access granted to the user. IACRA validates an individual against their FAA credentials. Each time an IACRA user, other than an applicant, chooses a role and completes the registration; the information is verified against the various FAA databases in order to determine authorization. These roles are defined in **Table 2.1**.

Table: 2.1

Role	Description
Applicant	Any person applying for an airman certificate.
Recommending Instructor (RI)	Any person authorized to instruct applicants and considers them ready to the practical test.
Designated Examiner	Any person authorized by the Administrator to issue airman certificates. This person prepares applicants for and issues their practical tests.
Aviation Safety Inspector (ASI) / Aviation Safety Technician (ASI/AST)	FAA personnel who are authorized to issue specific airman certificates.
School Administrators	14 CFR 141 School / 14 CFR part 142, and 121/135 training center representatives authorized to complete part of student application in IACRA. This person can complete all sections of the application that the student applicants can complete. The School Administrator

Role	Description
	cannot fill out the Recommending Instructor or Certifying Officer sections, nor can they sign the application for the student.
Chief Flight Instructors / Assistant Chief Flight Instructors	Any person who instructs applicants and authorizes them to take a practical test. Does not include those instructors who are neither Chief Flight Instructors or Assistant Chief Flight Instructors.
Airman Certification Representative (ACR)	Any person authorized by the Administrator to issue specific airman certificates.
Training Center Evaluator (TCE)	Part 142 training center representatives, authorized by the Administrator, to instruct applicants, perform evaluations, and issue specific airman certificates.
Flight Instructor Renewal Examiner (FIRE)	A Designated Examiner who can renew a flight Instructor's Certificate through Renewal by Activities and Renewal by FIRC.
Aircrew Program Designee (APD)	An Aircrew Program Designee is authorized to perform airman certification in one type of aircraft for an operator's pilots who have been trained under the operator's FAA approved training program.
142 Recommending Instructor	The 142 RI is only associated with a particular 142 training program and does not have to hold a current Flight Instructor certificate.
Air Carrier Flight Instructors	In lieu of a trainer, a qualified management official within the trainer's organization that can sign the applicant's training records or logbook and make the required endorsement. They can also sign CFR 121 and 135 pilot applications if the applicant previously failed a rating.

3. Contacting the National Service Desk (NSD)

The National Service Desk is available when users have support issues with IACRA or other FAA supported programs. Users that have forgotten their password should attempt online or email password recovery prior to contacting the help desk. If users are unable to recover their password using the IACRA password recovery options or are unable to find the information they need in the IACRA FAQs or this manual, they may contact the help desk:

- Hours of operations: 24 hours a day / 7 days a week
- Telephone number: toll free – 877-287-6731
- E-mail address: 9-NATL-AVS-IT-ServiceDesk@FAA.GOV

4. Process Overview

The following is an overview of the IACRA on-line application process. Depending on your role,

the process will vary.

1. Open Internet Explorer or Firefox browser – IACRA web site address is <http://iacra.faa.gov/iacra/>
2. Choose Login or Register (if not already a registered user)
3. Once registered, a FAA Tracking Number (FTN) is assigned. This is a unique and *permanent number assigned to each registered user.
4. Login to IACRA using the logon ID and Password created during the Registration Process.
5. Follow the on-line instructions for your role – each role has unique tasks.
6. Check and re-check all of the information entered before electronically signing the application. Once the application has been signed, only the certifying officer (CO) can return the application to you for corrections.
7. The result of this process is that the application is electronically submitted to the Airman Registry to be processed and the applicant is issued a Temporary Certificate, Notice of Disapproval or a Letter of Discontinuance.

(*IACRA assigned FTNs can sometimes be updated as a result of the addition of identifying information, such as an existing Airman Certificate number, to the IACRA user profile.)

5. Login

The home page and login steps are the same regardless of the role or the certificate sought.

The screenshot shows the IACRA website interface. On the left is a navigation menu with links: Home, What's new in IACRA, Frequently Asked Questions, Aircraft Search, Site Feedback, Contact Us, Training and Documentation, Helpful FAA Links, and Available Certifications and Ratings. The main content area features the IACRA logo, a description of the application, and a 'What's new in IACRA' section. The 'What's new' section includes 'IACRA Version 8.4' and details about a 'Pilot Bill of Rights Acknowledgment' and 'School Administrators' updates. On the right is a login form with fields for Username and Password, a 'Forgot Password?' link, and 'Login' or 'Register' buttons. Below the login form is a 'Need Help?' section with links to manuals and documentation.

What's new in IACRA

IACRA Version 8.4

This release contains the following changes:

Pilot Bill of Rights Acknowledgment
All airmen using IACRA will be required to review the Pilot's Bill of Rights (PBR) Written Notification of Investigation and sign the Acknowledgement of Receipt. If the airman chooses not to sign the Acknowledgement of Receipt, then the Certifying Officer will be required to sign a form that acknowledges that the Certifying Officer has presented the PBR to the applicant. According to the order, Ground Instructors will not be required to sign the PBR acknowledgment, therefore this update will not be available to Ground Instructors in IACRA.

School Administrators

- Enhanced School Administrator Console - The School Administrator console has been streamlined and substantially improved with the look and feel of other user consoles (Certifying Officer, Applicant, etc.) in IACRA. It includes the ability for School Administrators to view student applications in progress. Locate a student within their Air Agency by FTN and last name, and view

In addition, the user can select logout from the left navigation panel at any time

Applicant Options

Based on the authorization of the user, options are displayed. The user can move between functions by selecting the appropriate option.

Start Application – Allows the user to start the application process

User Profile - Allows the user to update personal information separately from the application process

Add role – This option allows a user to add roles for additional authorizations / functionality within IACRA

Change Role – Allows the user to change their role to another authorized role. For example, this user was logged on as an applicant. When selecting change role, this user has the option to change the logged on role to Recommending Instructor. The Change Role allows the user to remain logged into IACRA and yet change their session authorizations. This option is only available for the users that have been authorized for more than one role within IACRA. If the user is only authorized for one role, this is not an option on the navigation panel

Remove Role – Allows a user to remove a role no longer applicable to them. This option is only available for the users that have been authorized for more than one role within IACRA. If the user is only authorized for one role, this is not an option on the navigation panel

Edit Preferences – Any user defined preferences will be displayed and can be updated. Currently, the default document viewer is available. The user can choose their default document view as TIFF or PDF. The application will save this information and all documents will be displayed in this preference.

Change Password – Allows the user to change their password at any time. The old password must be entered and the new password entered and confirmed to be changed.

The bottom left of the navigation panel is static and can be accessed by the user at any time. These options include return to the HOME page, What's new in IACRA, Frequently Asked Questions, Site Feedback, Contact US, Training and Documentation and Available Certifications/Ratings.

The following screen displays:

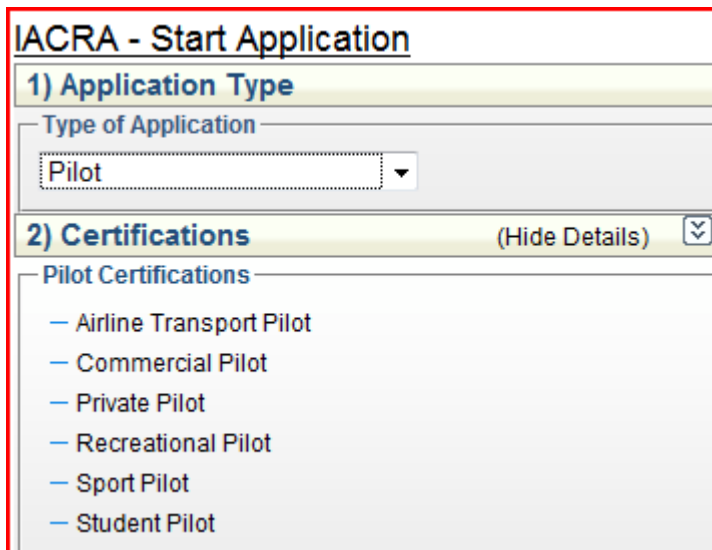

8. Pilot Application Process

There are different types of pilot certificates available. The steps are primarily the same and outlined below. The exceptions or differences are mentioned at the point in which they occur.

1) Type of Application

- *Select Pilot from the drop down list*

2) Certifications

The Certifications tree allows you to select the type of certificate for which you are applying. Selections are made from the tree. The remaining selections change based on each selection made. Click on the Pilot Certificate for the applicable application, the application will highlight your selection and display additional options. Only Airline Transport Pilot CFR 61, 121, 135, and 141 certification paths have been converted to the new 8.0 release/screens. Continue clicking on the tree until you find the certification or rating you seek. The following will then be displayed:

NOTE➤ The right hand side of the screen will provide Certificate Information and Help for all the Certification paths. The link will take you to the appropriate section of the applicable Code of Federal Regulations.

- *Select the Certificate Category / Class from the list*

The Single Selection Search screen for Category/Class Ratings allows you to select the category/class rating you are seeking. This screen will only allow you to select one Category/Class rating to add to your certification data.

- *Added Type Rating*

The Single Selection Search screen for Aircraft Type Ratings allows you to select the type rating for which you are seeking certification. This screen will only allow you to select one aircraft type rating to add to your certification data.

To select a Type Rating:

- *Enter one alpha character of the aircraft model description*
- *Select the appropriate model*
- *Select Start or update application*

For ATP CFR 121 or 135 Training Program or AQP, select one of the following

- *Initial*
- *Upgrade*
- *Transition*
- *Second in Command*

The Air Operator section will then be displayed. The Air Operator selection can be searched by Designation code or by name.

The screenshot shows a search interface for Air Operators. At the top, there is a header "Air Operator". Below it, there are two radio buttons for "Search By": "Designation Code" (which is selected) and "Air Operator". A text input field contains "DALA" with a green note "(Type at least 1 letter)". Below this is a section for "Current Operator Selection" with a dropdown menu showing "DELTA AIR LINES INC - DALA".

8.1 Personal Information

The screenshot shows the "IACRA - Application Process" page. The breadcrumb trail is "Applying For: ATP > Standard > CFR 61 > Original - AIRPLANE SINGLE ENGINE LAND - (Change)". The current section is "Personal Information (Section 1, A-L)" with a "(Hide Details)" link. A green note states: "Please Note: The information in this top section cannot be changed once it is established with the Airman Registry. To learn how to update this information please follow this [link](#)." Below the note are four fields: "Full Name" (MOUSE, MINNIE ANN), "Date of Birth" (10/10/1981), "Sex" (F), and "Citizenship Country" (UNITED STATES).

The first step in the Application process is to confirm your personal Information:

- Full Name
- Date of Birth
- Sex
- Citizenship country

This information is from the registration process and on file with the Airman Registry. Once this information is on file with the Registry, it cannot be updated through IACRA. IACRA provides a link to the guidelines for updating this information.

The Aeronautical Experience screen displays as a grid or matrix, where you can easily lay out and display all of your flight experience from your log book. This grid is similar to the one found on the front of the 8710-1 form.

The minimum pilot experience required by the appropriate regulation must be entered. It is recommended, however, that ALL pilot time be entered. Night flying must be entered when required. You should fill in the blocks that apply and ignore the blocks that do not.

Second In Command "SIC" time used may be entered in the appropriate blocks. Flight Simulator, Flight Training Device and PCATD time may be entered in the blocks provided.

To use the Aeronautical Experience grid, simply select the block in which you want to place data and enter the data.

If you need help in filling out the Aeronautical Experience grid, see your Recommending Instructor. Do not submit the application until you are sure that your hours are entered correctly.

Please Note: IACRA found hours from a previous application started 12/13/2010. These hours will not be saved until the 'Save' button is clicked. Click 'Clear Pilot Hours' to remove hours.

The application automatically enters any hours from a previous application. Hours can also be imported from other applications.

11.2 Instructor Checklist

This screen allows the Recommending Instructor (or Chief / Assistant Chief Flight Instructor) to return the application to the applicant or process the application. Applicants cannot change the application once it has been submitted. The Recommending Instructor has to return the application to the applicant in order to make changes. Once the Recommending Instructor signs the application, the return function is disabled. If the application is returned, the applicant makes the changes and resubmits for processing. IACRA has been designed to allow only validated applications to be process by the Recommending Instructor.

The first step in the process for a Recommending Instructor is to review the application for major issues.

12 Certifying Officer Process Overview

When the role selected at login is Aviation Safety Inspector (ASI), the following IACRA – Certifying Officer Console Appears.

This page allows the certifying officer (the console for other certifying officers ASTs, Des, ACRs, etc. is similar to the ASI console) to select an application based on the applicant's FAA Tracking Number (FTN). ASIs can review completed applications processed through their FSDO. These applications can be searched by examiner name, FTN, date range or certificate type.

12.1 Certifying Officer's Checklist

This screen provides a checklist for the Certifying Officer. After the Certifying Officer completes a checklist section, a check mark will appear in the Checklist Status. Some sections are mandatory and must be completed before the Certifying Officer can sign the application. Some sections are specific to certain types of applications and, as a result, may not always be displayed.

- *Select Begin Checklist*
- *Application displays the application options*

12.1.1 Application Options

Return Application

This option returns the application to the applicant for **major** correction. The application can be retrieved again for processing after it has been re-submitted.

Edit Application

This option allows the applicant to make **minor** corrections to the application and then return **directly back** to this Checklist.

Comments

These comments will appear under the comments section of the 8710-1.

Insert or Edit Comment

Continue

This section allows the Certifying Officer to make minor changes to the application (Edit), return the application to the applicant for major changes (Return) or add comments to the application – 8710 (Comments).

The Certifying Officer reviews the application and makes the determination that one or more of these options are required.

To view the application:

- *Select the application from the View Application on the right side navigation*

The application displays in a separate window.

When the review is complete:

- *Select close and the window closes and the application returns to the checklist*

To return the application:

- *Select Return application*

The following confirmation window appears:

- *Select Cancel*

The application returns to the Certifying Officer's Console

To make minor changes to the application:

- *Select Edit*

The following confirmation window:

- *Select OK – returns to the login screen for the applicant to logon*

Or

- *Select Cancel – returns to the Certifying Officer's Checklist*

Once the applicant completes the changes, the application is validated and resubmitted.

The application presents a CO login box on the applicant summary page as follows:

Thank you for submitting your application.

Application ID : 34526

Your FTN : XXXXXXXXXX

*Your Recommending Instructor and Examiner/Evaluator **will need your FTN**. You may also need to reference these numbers to inquire about your application. Any applicable knowledge test ID codes will need to be provided to your Designated Examiner or Authorized Instructor. If you forget this number, just log in to IACRA and it will be at the top left of the Applicant Console.*

Click on Review Application below to review and print a copy of your application. You may also return to the console to view or print your submitted application.

12.1.5 Final Stage Check

This section will only appear for some ATP CFR 141 applications. To begin, the CO clicks the

“Enter Final Stage Check” link.

This link will open a new window, in which the CO may enter the Final Stage Check information.

A screenshot of a web form titled 'Final Stage Check'. The form is contained within a window titled 'IACRA - Final Stage Check -- Webpage Dialog'. The form fields include: 'Airport ID' with the value 'A04' and a 'Select Airport' link; 'Airport Location' with the value 'CENTRE MUNI, CENTRE, AL'; 'Test Duration Oral' with a value of '0'; 'Test Duration Aircraft 1' with a value of '0' and an empty field below it; 'Registration Number Aircraft 1'; 'Make, Model Aircraft 1' with the value 'A-300-B2' and an 'Edit Make, Model' link; 'Test Duration Aircraft 2' with an empty field; 'Registration Number Aircraft 2' with an empty field; and 'Make, Model Aircraft 2' with an empty field and an 'Edit Make, Model' link. At the bottom of the form are four buttons: 'SAVE' (green), 'CANCEL' (grey), 'DELETE' (yellow), and 'HELP' (grey).

To enter the airport ID, the CO must click the “Select Airport” link, which will open the Airport Search window. Search criteria are entered in the search box. The CO may then click the “Search” button and a list of results will be returned. The “Select” button must be clicked on one of the Airports in the results. Then the CO may click “Ok” to return the selected airport back to the Final Stage Check Window.

12.1.6.3 Flight Test

The screenshot shows a web application interface for a Flight Test. At the top, there are three tabs: "Oral Test", "Simulator / Flight Training Device", and "Flight Test". The "Flight Test" tab is active. Below the tabs is a form titled "Flight Test - Date & Location". This form contains a "Test Date" field with a calendar icon, a "Search By" section with radio buttons for "Airport Code" (selected) and "Airport Name", and an "Airport IATA Code" field with a placeholder "(Type at least 2 letters)". Below this is a list of "Airport" options. The form is divided into sections for "Aircraft 1" and "Aircraft 2". "Aircraft 1" has a "Search By" section with radio buttons for "Make/Model" (selected) and "Name", a "Model" field with a placeholder "(Type at least 1 letter)", a "Make/Model" dropdown menu showing "YL-15-G - BOEING", and fields for "Reg. No." and "Test Duration". "Aircraft 2" has a similar "Search By" section, a "Model" field with a placeholder "(Type at least 1 letter)", a "Make/Model" dropdown menu, and fields for "Reg. No." and "Test Duration". At the bottom of the form, there is a "Status" field showing "Not Started" and four buttons: "Disapprove", "Discontinue", "Delete", and "Approve". At the very bottom of the page, there are "Previous" and "Continue" buttons.

13 Forgot Password

The Forgot Password function is located on the Home page of IACRA. Once the user selects the link, the Password Recovery screen will be displayed.

A screenshot of the IACRA login page. It features a light gray background with a white border. At the top, there is a label "Username:" followed by a white text input field. Below that is a label "Password:" followed by another white text input field. Underneath the password field is a purple link that says "Forgot Password?". At the bottom, there is a "Login" button with a gray gradient and a purple link that says "or Register".

IACRA - Password Recovery

A screenshot of the IACRA Password Recovery screen. At the top, there is a green-bordered box containing the text: "There are two password recovery options: 1) [Online Recovery](#) allows you to create a new password after correctly answering your security questions. 2) [Email Recovery](#) emails a temporary, single-use password to your saved email address." Below this, the screen is split into two columns by a vertical dashed line. The left column is titled "Online Recovery Option (Immediate)" and contains the text "Enter your FTN, User Name or Email" above a white text input field, followed by a blue "Next" link. The right column is titled "Email Recovery Option" and contains labels "Email:" and "User Name:" above two white text input fields, with an "Email Password" button below them. At the bottom of the screen, there is a "NOTE:" section with the text: "For security purposes, you are required to supply your Email and/or User Name. If you use 'Email Recovery', a temporary single-use password will be sent to your email address. You will then have to create a new permanent password."

The user may select online or email recovery. If online recovery is selected the user must enter his or her FTN, user name, or email address associated with the user account, then click next. One or more security questions must be answered as seen below.

There are two password recovery options: 1) [Online Recovery](#) your security questions. 2) [Email Recovery](#) emails a temporary password to your saved email address.

An email with a temporary password will then be sent to the email address entered. Once received the user may then log into IACRA with the temporary password. Upon login, the user will be required to change the temporary password.

14 Change Password

To access the Change Password function, the user must first login to IACRA and select any of the roles that they have registered with in IACRA

The Change Password link is located on the left side of the console for the specific role that the user has logged in with.

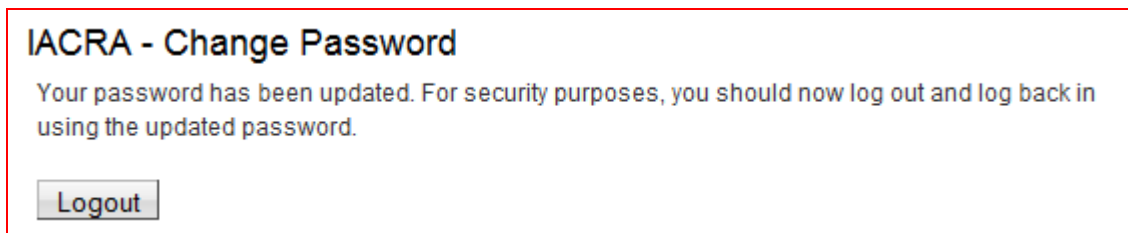

Once the link is selected the user's existing password will be prompted to enter a new password.

The image shows a form titled "IACRA - Change Password". It contains the following elements: a text prompt "Please create a new password, which will meet current FAA standards for a strong password.", a "Current Password:" label followed by a text input field containing ten black dots, a "New Password:" label followed by an empty text input field, a "Confirm New Password:" label followed by an empty text input field, and two buttons at the bottom: "Change Password" and "Cancel".

The user will then be prompted to log back into IACRA to use their new password.

The image shows a confirmation message box titled "IACRA - Change Password". It contains the text: "Your password has been updated. For security purposes, you should now log out and log back in using the updated password." Below the text is a single button labeled "Logout".

15 All Other Functions

See the IACRA Instruction Manual dated August 2010 for all other Certification paths available within IACRA. This version will continue to be updated as enhancements are applied to the legacy paths.
