

**Department of Veterans Affairs
Fiscal Year 2010
Annual Federal Plan for Executive Agency Actions
to
Assist Historically Black Colleges and Universities**

A. Summary of Agency's Projections

The Department of Veterans Affairs (VA) implements Executive Order 13256 by developing programs designed to significantly increase the participation of Historically Black Colleges and Universities (HBCUs) in VA-sponsored programs. The Department's goal is to create a workforce that reflects the diversity of our Nation and its veterans. HBCUs provide VA facilities an opportunity to promote diversity by providing access to a broader base to recruit qualified, trained professionals to serve our veterans.

During Fiscal Year (FY) 2010, VA will seek to achieve the following goals and measurable objectives:

1. To increase the number of students participating in VA's Student Career Experience Program (SCEP) and the Student Temporary Employment Program (STEP) by encouraging more facilities to establish agreements with local or other HBCUs. Through these agreements, VA will provide outreach to increase the potential for young minority professionals to choose VA as their employer.
2. To increase outreach to heighten the awareness among HBCU students of the career opportunities available within VA.
3. To continue to support and fund the National Association for Equal Opportunity (NAFEO) interns in the FY 2010 Student Employment Experience Program (SEEP).
4. To participate in national events and forums that target HBCU students.
5. To encourage expansion of academic affiliation programs with HBCUs.
6. To continue efforts to maintain strong partnerships with HBCUs that have established a relationship with VA.
7. To develop a pilot recruitment program in an effort to attract HBCU students for administrative internship positions.

8. To promote VA employment through the National Association of Colleges and Employers (NACE). NACE facilitates the exchange of knowledge and insight among individuals and organizations focused on the career development and employment of the college educated.

During FY 2010, VA plans to continue the following programs:

1. Under VA's SCEP, increase the number of students participating by encouraging more facilities to establish agreements with local or other HBCUs. Through these agreements, the Veterans Health Administration (VHA) plans to increase outreach efforts to potential young minority professionals to choose VA as their employer.
2. Under VA's SEEP, continue to support the National Nursing Education Incentive (NNEI), Education Debt Reduction Program (EDRP), and various medical affiliations with HBCUs.
3. Under VA's 10-week Summer Internship Program, continue VA's partnership with NAFEO to allow HBCU students an opportunity to continue to develop their skills in a modern and innovative healthcare system and work in professional environments in VA Administrations and Central Office organizations. Also, VA will continue to support and fund NAFEO's interns to participate in the SCEP. National Cemetery Administration (NCA) will expand their partnership with other HBCUs in an effort to increase and foster participation in the Internship Program.
4. Under the Office of Academic Affiliations (OAA), VA will continue to provide clinical training experiences to HBCU health professions trainees from around the country. These training experiences are in disciplines such as medicine, dentistry, nursing, and a variety of other health professions.

During FY 2010, VA plans the following HBCU funding:

1. VA plans for funding HBCUs are as follows: VA plans to award \$48,259,358 to HBCUs; \$30,297,000 in Legislative Awards and \$17,962,358 in Discretionary Awards.
2. VA will continue to encourage expansion of affiliation efforts with HBCUs and continue to publicize the positive long-term professional benefits of VA recruitment possibilities for HBCU students.
