IntelliDrive^{SM} Mobility and Environment: Welcome and Workshop Goals

Peter Appel

Administrator, Research and Innovative Technology Administration (RITA)

Brian Cronin

Team Leader, ITS Research and Demonstration

RITA - ITS Joint Program Office

Mobility and Environment Workshop

Arlington, Virginia

November 30, 2010

Welcome

Peter Appel
Administrator
Research and Innovative Technology Administration (RITA)

U. S. Department of Transportation
Research and Innovative Technology Administration

Workshop Goals

Brian Cronin
Team Leader, ITS Research and Demonstration
RITA - ITS Joint Program Office

Workshop Goals

- INFORM stakeholders on foundational concepts, organization, schedule, projects, procurements and products

- CONFIRM stakeholder concurrence on program direction

- MOTIVATE stakeholder utilization of program products, participation in upcoming procurements

- CAPTURE stakeholder feedback on targeted cross-cutting issues regarding data sharing and open source application development

Agenda Overview: Day 1

- Day 1 (Today), AM
  - IntelliDrive Program Overview (Brian Cronin)
  - Data Capture and Management Program (Gene McHale)
  - Dynamic Mobility Applications Program (Kate Hartman)
  - Day 1 Breakout Introduction (Bob Rupert)

- Day 1 (Today), PM
  - Breakout exercise organized around applications and data
    - Structured feedback format, good for large groups
  - AERIS Program (Marcia Pincus)
  - Knowledge Portal (Steve Bayless)

- Detailed agenda provided in your participant booklet

U. S. Department of Transportation
Research and Innovative Technology Administration

Agenda Overview: Day 2

- Day 2 (Tomorrow), AM
  - Day 2 Breakout Introduction (Steven Mortensen)
  - Breakout exercise organized around projected impacts of applications
    - Structured feedback format, good for large groups

- Day 2 (Tomorrow), PM
  - Open Data/Open Source Panel (James Pol, Moderator)
  - IntelliDrive Mobility Policy Roadmap (Valerie Briggs and Suzanne Sloan)
  - Workshop Wrap-Up (Ben McKeever)

- Detailed agenda provided in your participant booklet

U. S. Department of Transportation
Research and Innovative Technology Administration

Participant Resource Materials

- Everyone should have received a participant booklet:
    - Detailed agenda
    - Descriptions of the breakouts
        - Data environments and supplementary assumptions
        - Impacts area
    - Table that shows what applications will be discussed in each breakout group
    - Detailed descriptions of the applications (33)
        - Consolidated from submitted ideas

- Interest in this workshop reflects growing interest in the IntelliDrive program
  - Too large a group for individual introductions, unstructured breakout exercise activities

- 115+ registered attendees:
  - Public sector
    - Federal, regional, state, and local agencies
    - Universities
  - Private sector firms in a wide range of interests
    - Technology vendors
    - System integrators
    - Consultants
    - Telecommunication companies
    - Auto manufacturers
