CIVILIAN SPONSORSHIP PROGRAM

1. These instructions are provided to assist sponsors in meeting the needs of the incoming employee. Each individual's needs will vary depending upon where they are arriving from, their mode of transportation; whether they are married or single, accompanied or unaccompanied, and many other factors. If the employee is being accompanied by family members, you as the sponsor, are not only assisting the incoming employee, but also his/her family in moving to this area. Therefore, these instructions cannot be all inclusive, but may only serve as a guide.

2. As a sponsor, the first step is to contact the incoming employee immediately to get as much information as possible. You need to know:

- a. What the incoming employee believes may be required.
- b. When he/she anticipates arrival in the area.
- c. Mode of transportation.
- d. Whether temporary living quarters will be needed.
- e. Whether family members will be accompanying the employee and, if so, ages of any children. (This is especially important if infants or small children are involved.)
- f. Whether he/she will be bringing a pet(s). (If using temporary quarters, kennel services may be required.)
- g. What specific information the employee desires in the areas he/she has annotated on DA Form 5434.
- h. Any additional exceptional family member needs not reflected on DA Form 5434.

3. Information you should provide the individual includes:

- a. Out-of-state checks are not generally accepted--individual should have sufficient traveler's checks, money orders, credit cards, etc., to meet his/her immediate needs.
- b. A vehicle from out-of-state/overseas, requires Kentucky taxes to be paid on the vehicle to relicense it in Kentucky.
- c. If returning from overseas with an expired U.S. driver's license, he/she must obtain a new license to operate the vehicle since the overseas license is not valid.

4. At a minimum, your assistance should include orientation to the post, assistance in obtaining temporary living quarters; providing information requested about schools, medical facilities, or other information annotated on DA Form 5434; assisting during in-processing on the installation; and scheduling briefings/orientations with unit/division/directorate personnel. Additional assistance you may provide could include a personal welcome to the area; transportation from the airport, if used; ensuring necessary articles that may be needed for small children or infants such as diapers, baby food, etc., are available; or a variety of other means of assistance. The main thing to remember as a sponsor is to do what you would like someone to do for you if you were the new employee arriving for the first time.
