

### Information Summary for the Public

<b>Host Country:</b>	Poland
<b>Project Name:</b>	Amtech Sp. zo.o. (“Amtech” or the “Company”)
<b>U.S. Sponsor:</b>	Amtech U.S. Inc. (“Amtech U.S.” or the “U.S. Sponsor”)
<b>Foreign Sponsors:</b>	Eko-Swiat Sp. zo.o. (“Eko-Swiat” and together with the U.S. Sponsor, the “Sponsors”)
<b>Project Description:</b>	Development, construction and sale of 50 townhouse-style, affordable, green housing units in Jarosław, Poland (the “Project”)
<b>Proposed OPIC Loan:</b>	\$2.5 million
<b>Total Project Cost:</b>	\$5.8 million
<b>Developmental Effects:</b>	The Project will have a positive developmental impact on Poland and Poland’s housing stock. Amtech’s investment will support construction of much-needed affordable housing that will target Poland’s expanding low and middle income real estate market. The Project will have a positive human capacity impact during construction and will provide training for all workers.
<b>Environment:</b>	Housing projects are screened as Category B projects under OPIC’s environmental guidelines because impacts are site-specific and readily mitigated.
