Storm Data and Unusual Weather Phenomena

September 2000

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Number of Persons Injured	Estimated Damage Property	Estimated Damage Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------------------------------	---------------------------------	------------------------------	--------------------

HAWAII

Honolulu County

Waianae to Nanakuli	01	1231HST 1630HST			0	0			Wild/Forest Fire
----------------------------	----	--------------------	--	--	---	---	--	--	-------------------------

Five relatively small brush fires occurred along the Waianae coast on Oahu. All blazes were put out quickly by firefighters, and no homes or other properties were ever in danger.

HIZ004

Kauai Mountains

	05	1500HST 1730HST			0	0			Flood
--	----	--------------------	--	--	---	---	--	--	--------------

Heavy showers in the South Hilo District on the Big Island caused minor flooding and ponding of roadways. No serious injuries or property damage were reported.

Maui County

Hana to Kipahulu	06	0530HST 0740HST			0	0			Urban/Sml Stream Fld
-------------------------	----	--------------------	--	--	---	---	--	--	-----------------------------

Frequent showers produced minor flooding of streams and roadways in and around the Hana area. No serious injuries or property damage were reported.

HIZ007

Oahu North Shore

	08	1650HST 2120HST			0	0			Flood
--	----	--------------------	--	--	---	---	--	--	--------------

Heavy showers produced minor stream flooding and ponding of roadways on the Kona side of the Big Island, especially around Keahole Airport north of Kailua-Kona town.

HIZ007

Oahu North Shore

	09	1640HST 2240HST			0	0	400K		Flood
--	----	--------------------	--	--	---	---	------	--	--------------

Heavy rain and showers caused minor stream flooding and ponding of roadways on the Kona side of the Big Island. This event also produced excessive soil runoff at the Hokulia real estate development project in Kealahou, with a cost to developers of up to \$400,000. Localized environmental damage was also assessed.

HIZ001>007

Niihau - Kauai Windward - Kauai Leeward - Kauai Mountains - Oahu South Shore - Waianae Coast - Oahu North Shore

	27	1600HST			0	0			High Surf
	28	1000HST							

A slow-moving storm low far northwest of the state generated surf of 8 to 10 feet along the north and northwest facing shores of all the Hawaiian Islands.

Honolulu County

Mililani Town	29	1430HST 1445HST			0	0			Funnel Cloud
----------------------	----	--------------------	--	--	---	---	--	--	---------------------

A funnel cloud was spotted by a member of the general public overhead of Mililani on Oahu. The funnel cloud apparently never became a tornado, and no injuries or property damage were reported.

Kauai County

Anahola to Lihue	30	1600HST 1830HST			0	0			Urban/Sml Stream Fld
-------------------------	----	--------------------	--	--	---	---	--	--	-----------------------------

Heavy showers produced minor stream flooding and ponding of roadways in and near coastal areas of eastern parts of Kauai. There were no reports of injuries or property damage.
