## Storm Data and Unusual Weather Phenomena

December 1996

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Number of Persons Injured	Estimated Damage Property	Estimated Damage Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------------------------------	---------------------------------	------------------------------	--------------------

### HAWAII

#### Honolulu County

.5 W Waianae	07	1030HST			0	0			Waterspout
--------------	----	---------	--	--	---	---	--	--	------------

Several small waterspouts were reported.

#### Maui County

Maui	13	2130HST 2330HST			0	0			Urban/Sml Stream Fld
------	----	--------------------	--	--	---	---	--	--	----------------------

Minor road flooding and ponding was reported in the Kihei, Kula, Kahului, and central valley areas.

#### Maui County

Maui	14	0600HST 1530HST			0	0			Urban/Sml Stream Fld
------	----	--------------------	--	--	---	---	--	--	----------------------

Minor flooding of roads due to clogged storm drains and flooding in low-lying areas such as Kihei. Ponding and debris on the roads in Lanai City, and minor stream flooding on Molokai

#### Kauai County

Kauai	21	0615HST 1300HST			0	0			Urban/Sml Stream Fld
-------	----	--------------------	--	--	---	---	--	--	----------------------

Ponding on roads reported over the east part of Kauai. Wainiha Bridge limited to one lane due to ponding.

#### Maui County

Maui	21	1930HST 2230HST			0	0			Urban/Sml Stream Fld
------	----	--------------------	--	--	---	---	--	--	----------------------

Minor stream and road flooding due to heavy showers throughout the island of Molokai.

#### Maui County

Kaupo	23	1430HST 1730HST			0	0			Flash Flood
-------	----	--------------------	--	--	---	---	--	--	-------------

Heavy rain produced flooding which closed and severely eroded the road between Kaupo and Kipahulu. The Wainee plantation village was also flooded. Small landslides partially blocked the lanes of the Honoapiilani Highway on the Kahakuloa side of Honolua Bay.

#### Hawaii County

Hawaii	24	0620HST 1200HST			0	0			Urban/Sml Stream Fld
--------	----	--------------------	--	--	---	---	--	--	----------------------

Minor flooding of streets and low-lying areas reported in the following districts: North and South Kohala, North and South Kona, Hilo, and Puna.

#### Maui County

Maui	24	0815HST 1130HST			0	0			Urban/Sml Stream Fld
------	----	--------------------	--	--	---	---	--	--	----------------------

On Molokai, small streams overflowed and the coast road had minor flooding in several locations east of Kaluaaha. Minor street flooding occurred on Maui and Lanai.

#### Kauai County

Kauai	26	2130HST 2300HST			0	0			Urban/Sml Stream Fld
-------	----	--------------------	--	--	---	---	--	--	----------------------

Heavy showers produced minor street flooding from Mana to Kekaha to Waimea and in the Lihue area.

#### Maui County

Maui	27	0700HST 1230HST			0	0			Urban/Sml Stream Fld
------	----	--------------------	--	--	---	---	--	--	----------------------

Minor flooding was reported in west Maui, the central valley, and east Maui, including Makawao, Haiku, and Kailua. Minor mud and rock slides were along parts of Honoapiilani Highway and near Maalaea Harbor.

A cold front moving from northwest to southeast brought strong southerly winds to all of the main Hawaiian Islands during December 26-27th. Winds ranged from 35 to 45 mph with gusts estimated as high as 75 mph where the winds accelerated down the north facing slopes of the mountains on the islands of Kauai, Oahu, Maui, and Hawaii.
