Storm Data and Unusual Weather Phenomena

December 2000

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Number of Persons Injured	Estimated Damage Property	Estimated Damage Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------------------------------	---------------------------------	------------------------------	--------------------

HAWAII

HIZ001>007	Niihau - Kauai Windward - Kauai Leeward - Kauai Mountains - Oahu South Shore - Waianae Coast - Oahu North Shore								
		06	0900HST			0	0		High Surf

A storm low far northwest of the state produced surf of 6 to 10 feet along the north- and northwest-facing shores of all the Hawaiian Islands.

Kauai County **3 W Hanalei to Hanalei**

11	1730HST			0	0			Urban/Sml Stream Fld
-----------	----------------	--	--	----------	----------	--	--	-----------------------------

Heavy showers caused minor flooding of streams and drainage ditches and ponding of roadways in northern sections of Kauai. No serious injuries or property damage were reported.

Honolulu County **Makaha to Waipio Acres**

11	1825HST			0	0			Urban/Sml Stream Fld
-----------	----------------	--	--	----------	----------	--	--	-----------------------------

Heavy rainfall caused minor stream flooding and ponding of roadways in western and central areas of Oahu. No serious property damage or injuries were reported.

Kauai County **5 WNW Hanalei to Anahola**

11	2220HST			0	0			Urban/Sml Stream Fld
12	0115HST							

This event, combined with the heavy showers earlier in the day, caused the Hanalei River to rise and overflow its banks on Kuhio Highway near the Hanalei Bridge. This temporarily closed one lane on the highway, slowing traffic to and from Hanalei, Wainiha, and Haena. Minor stream flooding and ponding of roadways occurred in other parts of northern and northeastern sections of the Garden Isle of Kauai as well. Nevertheless, no serious injuries or property damage were reported.

Hawaii County **Kailua Kona to 16 NNE Kailua Kona**

11	2235HST			0	0			Urban/Sml Stream Fld
12	0115HST							

Heavy showers produced minor flooding of streams and drainage ditches and ponding of roadways from Kailua-Kona to Keawaiki in the North Kona District of the Big Island. No serious property damage or injuries were reported.

HIZ001>007	Niihau - Kauai Windward - Kauai Leeward - Kauai Mountains - Oahu South Shore - Waianae Coast - Oahu North Shore								
	15	1000HST			0	0			High Surf

A storm low well to the northwest of Hawaii generated surf of 8 to 12 feet along the north- and northwest-facing shores of all the islands.

HIZ001>007	Niihau - Kauai Windward - Kauai Leeward - Kauai Mountains - Oahu South Shore - Waianae Coast - Oahu North Shore								
	20	0800HST			0	0			High Surf

A series of storm and gale lows to the northwest of the state caused surf of 15 to 20 feet along the north- and northwest-facing shores and 10 to 12 feet along the west-facing shores of all the Hawaiian Islands. Water safety officials on Kauai closed 20 miles of the northwestern coastline of the Garden Isle from Polihale to Hanalei Bay on December 21st and 22nd as a precaution, as high surf of 12 to 15 feet, with higher sets, pounded the beaches.

HIZ001>007	Niihau - Kauai Windward - Kauai Leeward - Kauai Mountains - Oahu South Shore - Waianae Coast - Oahu North Shore								
	29	0500HST			0	0			High Surf
