

LITHIUM BATTERY UPDATE

The USPS has lifted the ban on shipping lithium batteries into the United States with the exception of Alaska.

1. Item must be shipped to a U.S. Street address or can be shipped to limited APO locations.
2. Notify the clerk that your item contains lithium batteries.
3. It may not be shipped via Express mail.
4. May not be shipped into Germany from the U.S.
5. You must use the 2976A or large customs form.

Items containing lithium batteries will take longer for delivery due to the additional handling procedures
