

INTERFACING GLYSCIENCE WITH DISEASE AND CLINICAL PRACTICE

JANUARY 24, 2012
8:30 A.M. TO 5:00 P.M.
NATCHER CONFERENCE CENTER
NIH CAMPUS

<http://glycomics.cancer.gov>

This symposium will highlight key developments in glycoscience and provide compelling examples in areas of disease treatment and prevention. Presentations will emphasize the many ways glycans and their binding proteins influence fundamental biological processes and how these discoveries are advancing medicine.

If you have any questions regarding the symposium, please contact Karl Krueger at 301-594-1044 or via email at NCIGlycomicsAlliance@mail.nih.gov.

Sign language interpreters will be provided. Individuals with disabilities who need reasonable accommodation to participate in this meeting should contact Annalisa Gnoleba at 301-594-7635 or gnolebaad@mail.nih.gov.
