2011 Consumer Confidence Reports							20120419

SUMMARY

1. **PURPOSE:** The 2011 consumer confidence reports (CCR) on drinking water quality are ready for public release for Kadena AB and its housing areas as well as Okuma.
2. **DISCUSSION:** Per AFI 48-144, Drinking Water Surveillance Program, overseas installations with drinking water systems that serve at least 15 service connections used by year-round residents, or regularly serve at least 25 year-round residents, will provide a water quality report through appropriate means to inform base customers by 1 July annually. Kadena AB is required to provide a different water quality report for the following water systems: Kadena AB, MUNS, O'Donnell Gardens, Chibana Housing, Okuma and military family housing on Camp Foster, Plaza, Camp Lester, Camp Kinser, Camp Courtney and Camp McTureous. After 18 WG/CC approval for release, the CCR will be posted on the Kadena AB homepage (Tab 13), the base populace will also be notified via Base Bulletin email and postings (Tab 14) at high visibility locations, and CEG Housing will provide hard copies to base housing. The 2011 drinking water violation is summarized on the Talking Paper 2011 (Tab 1).
3. **VIEWS OF OTHER:** N/A.
4. **OPTIONS:** No option available. CCR's are required per AFI 48-144 (Tab 15).
5. **RECOMMENDATION:** Request review and provide comments to Bioenvironmental Engineering by 14 May 2012.
