MISSING ITEMS STATEMENT

If any items were missing from your shipment, please provide a statement explaining what evidence you have that the items were actually shipped.

Example of a Proper Statement:

I was present the whole time the movers packed up my belongings for my move from Fort Carson, Colorado, to Camp Zama, Japan. I saw the packers take the Lladros Figurines out of my cabinet and shrink wrap them very carefully and pack them in box #46. They labeled the box "Figurines". The Lladros Figurines was missing at delivery.

Everything was put into the moving van. There was nothing left behind.
