

UN MENSAJE DEL SENADOR HARRY REID

Estimado nevadense,

La economía de Nevada está en apuros y nuestras familias y negocios están pagando un alto precio. Nuestra tasa de desempleo y el elevado número de embargos hipotecarios se encuentran entre las peores en el país. Como sabrán, el Congreso aprobó un histórico plan de rehabilitación económica de \$787.000 millones que el Presidente Obama recientemente promulgó. El propósito principal del Acta de Recuperación y Reinversión (ARRA, por sus siglas en inglés) es generar empleos que provean nuevas oportunidad de trabajo a los estadounidenses, además de encaminar nuestra economía hacia la prosperidad.

Para que los nevadenses puedan sacarle el máximo provecho al ARRA, he creado esta Guía de Recursos para el Acta de Recuperación y Reinversión del 2009. Esta guía recopila información sobre una variedad de programas federales. También enumera oportunidades para que individuos, comunidades y negocios nevadenses puedan aprovechar los fondos disponibles.

Esta legislación le asigna a Nevada \$1.400 millones en ayuda directa y en asistencia para Medicaid. También recibirá millones en fondos de subsidio competitivos que, en total, podrán generar y salvar casi 34.000 empleos en nuestro estado. Es sumamente importante que nuestras familias, negocios y municipalidades tengan la información que necesitan para poder tener acceso a estos fondos lo antes posible.

Espero que esta guía sea de gran ayuda para aquellos nevadenses que necesiten los fondos provenientes del plan de rehabilitación. Si tiene alguna pregunta, contáctese con una de mis oficinas o visite www.recovery.gov. Confío que los trabajos creados por esta legislación serán el primer paso hacia la rehabilitación económica de nuestro estado y nuestro país.

**AMERICAN RECOVERY AND
REINVESTMENT ACT OF 2009**
Resource Guide

The following information about funding included in the American Recovery and Reinvestment Act of 2009 was compiled by the Office of Senator Harry Reid. This document is intended to provide the public with basic information of potential federal assistance and funding opportunities. Those interested in these or similar programs should contact the appropriate federal and state agencies for detailed information. Please note: Not all applicable programs are included below; the following information is subject to change; and additional requirements, restrictions and guidance may apply.

A NOTE FROM SENATOR HARRY REID

Dear Fellow Nevadan,

Nevada's economy is struggling and our families and businesses are paying the price. Our unemployment and foreclosure rates are among the country's worst. As you know, Congress passed and President Obama recently signed a historic \$787 billion economic recovery package. The main purpose of the American Recovery and Reinvestment Act (ARRA) was to create the jobs that will put Americans back to work and get our economy back on track.

In order to help Nevadans to take advantage of the ARRA, I assembled this Resource Guide to the American Recovery and Reinvestment Act of 2009, which compiles information on many federal programs and funding opportunities available to individuals, communities and businesses in Nevada.

Under this legislation, Nevada will receive \$1.5 billion in direct aid and Medicaid assistance, as well as millions more in competitive grants that collectively are expected to create and save nearly 34,000 jobs in our state. It is critical that our families, businesses and municipalities have the information they need to access these funds as quickly as possible.

I hope this guide is helpful to Nevadans who need to access the funds designated in the recovery plan. If you have questions, please contact one of my offices or visit www.recovery.gov. I am confident that the jobs created by this legislation are the first step toward economic recovery.
