

Which one would you choose  
if you had the choice?

'Regular ASAP'

or

'Soldier ASAP'

- |                                                           |                                                                 |
|-----------------------------------------------------------|-----------------------------------------------------------------|
| 1. Can not be promoted                                    | 1. Can be promoted                                              |
| 2. Can not re-enlist                                      | 2. Can re-enlist                                                |

| 7. Existing Army Regulation                               | 7. New AR - Executive Order                                     |

*Makes proactive treatment of alcohol  
problems a private medical matter vs.  
traditional Commander ASAP.*

# 'Soldier ASAP'

## A CONFIDENTIAL ALCOHOL TREATMENT & EDUCATION PROGRAM (C.A.T.E.P.)

**Army Substance Abuse Program  
U. S. Army Health Clinic Schofield Barracks**

**Building 673, Glennan Street, 1<sup>st</sup> Floor  
(Near Immunizations & Physical Exams)  
Schofield Barracks, HI 96857  
808-433-8700**

**CATEP Hours:  
Mon-Thurs 1630-2000**

## Benefits of 'Soldier ASAP' Participation

- Can be promoted while receiving treatment
- Can re-enlist while receiving treatment
- Can participate and complete treatment without commander notification
- Treatment is available after duty hours
- You can choose to receive services **BEFORE** you have an alcohol-related incident

## Eligibility

- Alcohol issues only, no drug referrals
- Soldiers who have not had an alcohol related incident

**NOTE:** Certain conditions make Soldiers ineligible for this program. Eligibility criteria will need to be discussed with an ASAP Counselor prior to enrollment.

## 'SOLDIER ASAP'

### Purpose

To increase Soldier self-referrals to the ASAP and promote earlier identification of Soldiers with alcohol problems

### Goals

- ▶ Assess whether additional confidentiality procedures increase Soldier request for assistance with alcohol use issues
- ▶ Reduce stigma of asking for assistance for alcohol related concerns through evening and weekend hour services;
- ▶ Enhance Soldier alcohol-abuse rehabilitation efforts.
