

CELEBRATE THE BAY!

A Special Film Event for the Monterey Bay Community

Sunday, September 23 @ 3PM

Film & Panel Discussion

Golden State Theatre, Monterey

Reception to Follow with Local, Sustainable Seafood & Wine

Free & Open to the Public

Ocean Frontiers is an inspiring voyage to seaports and watersheds across the country where unlikely allies—farmers, shippers, scientists, fishermen and conservationists—are working together to sustain the sea and our ocean economies.

Following the film, a panel with local experts will discuss the relevance of the film to Monterey Bay and report on our accomplishments in the region.

Celebrate today's ocean pioneers at the reception and enjoy sustainable seafood and wine from the Central Coast.

2012 marks the 20th anniversary of the Monterey Bay National Marine Sanctuary, and we hope you will join us to celebrate this national treasure!
