

# Training Infrastructure Improvements

## Training Infrastructure Improvements Alternative 1 (TI-1): **NO ACTION**

- Continue providing Training Infrastructure required to support the 2007 Fort Bliss Supplemental EIS decision

## Training Infrastructure Improvements Alternative 2 (TI-2): **ADDITIONAL RANGES**

- Construct additional ranges to accommodate the selected stationing and training alternative

## Training Infrastructure Improvements Alternative 3 (TI-3): **RANGE CAMPS and CONTINGENCY OPS**

- TI-2 plus expansion of existing range camps and construction of 16 primitive encampments called Contingency Operating Locations (COLs) in the Fort Bliss Training Complex
  - COLs would be located in the South Training Areas, Doña Ana Range-North Training Areas, and the Tularosa Basin of McGregor Range

## Training Infrastructure Improvements Alternative 4 (TI-4): **RAIL LINE**

- TI-3 plus construction of a rail line parallel to Highway 54 connecting Cantonment Area to Fort Bliss Training Complex near Orogrande
