SDDC recognizes excellence in traffic management

HQ SDDC

Command Affairs Office

SCOTT AIR FORCE BASE, Ill., Sept. 23, 2010 – Eight traffic managers were recognized yesterday by the Military Surface Deployment and Distribution Command for outstanding service in traffic management. Maj. Gen. Kevin A. Leonard, commanding general of SDDC, presented Excellence in Traffic Management Awards at a luncheon during the National Defense Transportation Association's 64th Annual Forum and Exposition at National Harbor, Md.

The awardees included representatives from the uniformed services of the Department of Defense, the Coast Guard, Defense Logistics Agency, Army/Air Force Exchange Service and the Defense Contract Management Agency.

The awardees were honored for a wide-range of transportation duties, including support for transportation programming initiatives, deployment readiness operations, ammunition and hazardous material delivery, classified material handling, military airlift routing, and logistics support.

Recipients of the 2010 Excellence in Traffic Management Award include:

- Daniel Dougherty, Army, Installation Transportation Office, Directorate of Logistics, Fort Hood, Texas.
- Rene Kasperbauer, Navy, Fleet Industrial Supply Center, Puget Sound, Washington.
- Michael Gorman, Marine Corps, Traffic Management Division, Marine Corps Base, Camp Lejeune, North Carolina.
