SUBJECT: Revision 2 to Temporary Instruction 09-2: BPA public notice requirements, clarifies the usage prescriptions of contract clauses for the American Reinvestment and Recovery Act of 2009 (Recovery Act or ARRA), and other minor edits/corrections.

Initial Instruction

Effective Date: July 31, 2009

Effective Until: Superseded October 5, 2009

Revision 1

Effective Date: October 5, 2009

Effective Until: Superseded January 29, 2010

Revision 2

Effective Date: January 29, 2010

Effective Until: Superseded or Cancelled

BACKGROUND

The American Recovery and Reinvestment Act of 2009 (Recovery Act, or ARRA) was enacted to preserve and create jobs and promote economic recovery, assist those most impacted by the recession, provide investments needed to increase economic efficiency by spurring technological advances in science and health, invest in transportation, environmental protection, and other infrastructure that will provide long-term economic benefits, stabilize State and local government budgets, in order to minimize and avoid reductions in essential services and counterproductive State and local tax increases.

The Recovery Act appropriated over \$38 billion dollars to the Department of Energy (DOE) to fund purchase contracts and financial assistance awards for energy related projects that meet its requirements. BPA expects to receive Recovery Act funds and issue award instruments using those funds.

Revision 1 to the Temporary Instruction is the result of more definitive interpretation of the law and updated implementation guidance received from Office of Management and Budget and Department of Energy Headquarters.

Revision 2 adds the BPA publication requirements for solicitations and awards using appropriated funds. Certain clause usage prescriptions are revised to clarify the requirements for attributed actions and appropriated actions. All awards funded with increased borrowing authority attributed to the Recovery Act will include only the modified contractor reporting requirement and applicable Buy American provisions. All awards funded with an appropriation under the Recovery Act must include the full reporting requirements and all other clauses specified in this Temporary Instruction.

All text changes for Revision 2 are noted with a strong vertical bar in the left margin.

BPI CHANGES FOR THE RECOVERY ACT

1. BPI TI 09-2 – AMERICAN REINVESTMENT AND RECOVERY ACT (RECOVERY ACT)

INFORMATION:

(a) In its normal business operations, BPA funds its activities through self-generated revenues, and does not utilize appropriated funding sources. However, BPA may obtain such funds under the Recovery Act. Awards made with appropriated funds will require additional requirements generally not applicable to BPA procurements.

(b) BPA's awards may be either (1) attributed to the Recovery Act by allocating increased borrowing authority funds to a program or project; or (2) direct funded with Recovery Act appropriations.

(c) BPA has determined that all contract provisions imposed by the Recovery Act shall apply when awards are made with appropriated funds, and limited provisions of the Recovery Act shall apply when awards are attributed to the Recovery Act through allocation of increased borrowing authority.

(d) This Temporary Instruction provides all necessary information and detailed instructions to issue solicitations or execute awards and contract modifications that are attributed to, or appropriated by, in whole or in part, the Recovery Act. BPI Policy, information, procedure, new and existing clauses, and related clause usage prescriptions are revised in several Parts of the BPI as follows:

- (1) PART 3 STANDARDS OF CONDUCT AND BUSINESS PRACTICES
- (2) PART 4 ADMINISTRATIVE MATTERS
- (3) PART 9 CONTRACTING WITH FOREIGN BUSINESSES
- (4) PART 12 SOURCE SELECTION AND AWARD
- (5) PART 14 GENERAL CONTRACT ADMINISTRATION POLICIES
- (6) PART 25 INTERGOVERNMENTAL CONTRACTS

POLICY: BPA will follow the applicable procurement requirements as specified in the Recovery Act. Awards may not be made without clear delineation of the funding source(s) and appropriate contract content.

PROCEDURE: Requisitioning offices shall communicate to Supply Chain Services the sources of funding, either attributed or appropriated, for all Recovery Act purchases.

3. BPI PART 3 – STANDARDS OF CONDUCT AND BUSINESS PRACTICES

- Instructions to COs: The Recovery Act reinforces protections for whistleblowers who report improper behaviors associated with Recovery Act projects and expenditures. A new subpart 3.9 is added to the BPI, with information, policy, clause usage prescription and a new clause. The clause 3-49 is to be inserted into all new solicitations and awards that are funded by Recovery Act appropriated funds. The clause must be added to existing contracts that are changed to add work funded with Recovery Act appropriations, when the contract is modified to add the work.

ADD this new subpart to BPI Part 3:

3.9 WHISTLEBLOWER PROTECTIONS UNDER AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

3.9.1 INFORMATION: This section implements Section 1553 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5), and applies to all contracts that are funded, in whole or in part, by Recovery Act appropriations.

3.9.2 POLICY: BPA will ensure compliance with the Whistleblower requirements imposed by the Recovery Act of 2009.

(b) In the event the employee alleging reprisal brings a civil action under section 1553(c)(3) of the Recovery Act, the employee alleging the reprisal and the non-Federal employer shall have access to the investigative file of the Inspector General in accordance with the Privacy Act.

(c) The Inspector General may exclude from disclosures made under 3.9.3.5(a) or (b)—

(d) An Inspector General investigating an alleged reprisal under this section may not respond to any inquiry or disclose any information from or about any person alleging such reprisal, except in accordance with 5 U.S.C. 552a or as required by any other applicable Federal law.

(a) Burden of Proof.

(1) Disclosure as contributing factor in reprisal.

(A) Evidence that the official undertaking the reprisal knew of the disclosure; or

(B) Evidence that the reprisal occurred within a period of time after the disclosure such that a reasonable person could conclude that the disclosure was a contributing factor in the reprisal.

(2) Opportunity for rebuttal. The head of an agency may not find the occurrence of a reprisal with respect to a reprisal that is affirmatively established under section 3.9.3.6(a)(1) if the non-Federal employer demonstrates by clear and convincing evidence that the non-Federal employer would have taken the action constituting the reprisal in the absence of the disclosure.

(b) No later than 30 days after receiving an Inspector General report in accordance with section 1553 of the Recovery Act, the head of the agency concerned shall determine whether there is sufficient basis to conclude that the non-Federal employer has subjected the complainant to a reprisal prohibited by subsection 3.9.3.2 and shall either issue an order denying relief in whole or in part or shall take one or more of the following actions:

(2) Order the employer to reinstate the person to the position that the person held before the reprisal, together with the compensation (including back pay), compensatory damages, employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.

(3) Order the employer to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal.

(c)

(1) The complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint, and the complainant may bring a de novo action at law or equity against the employer to seek compensatory damages and other relief available under this section in the appropriate district court of United States, which shall have jurisdiction over such an action without regard to the amount in controversy if

(i) The head of an agency—

(A) Issues an order denying relief in whole or in part under paragraph (a) of this section;

(B) Has not issued an order within 210 days after the submission of a complaint in accordance with section 1553 of the Recovery Act, or in the case of an extension of time in accordance with section 1553 of the Recovery Act, within 30 days after the expiration of the extension of time; or

(C) Decides in accordance with section 1553 of the Recovery Act not to investigate or to discontinue an investigation; and

(ii) There is no showing that such delay or decision is due to the bad faith of the complainant.

(2) Such an action shall, at the request of either party to the action, be tried by the court with a jury.

(d) Whenever an employer fails to comply with an order issued under this section, the head of the agency shall request the Department of Justice to file an action for enforcement of such order in the United States district court for a district in which the reprisal was found to have occurred. In any action brought under this section, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorneys' fees and costs.

(e) Any person adversely affected or aggrieved by an order issued under paragraph (b) of this subsection may obtain review of the order's conformance with the law, and this section, in the United States Court of Appeals for a circuit in which the reprisal is alleged in the order to have occurred. 4. BPI Part 4 – ADMINISTRATIVE MATTERS

- Instructions to COs: A new subpart 4.1.3 is added to the BPI, with information, policy, clause usage prescription and a new clause. The clause 4-48 must be included in all new solicitations and awards for services and construction that are expected to exceed \$100,000, and funded with increased borrowing authority attributed to the Recovery Act. The clause 4-49 must be inserted into all new solicitations and awards that are funded in whole or in part with Recovery Act appropriated funds. Existing contracts, if changed to add work that is funded with Recovery Act attributed or appropriated funds, must include the applicable clause when the contract is modified.

ADD this new subpart to BPI Part 4:

4.1.3 AMERICAN RECOVERY AND REINVESTMENT ACT REPORTING REQUIREMENTS

4.1.3.1 INFORMATION: This section implements section 1512(c) of Division A of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act), which requires as a condition of receipt of funds, quarterly reporting on the use of funds.

(a) Contractors that receive awards made with funds attributed to agency increased borrowing authority will report limited information to BPA, as defined in the contract terms.

(b) Contractors that receive awards (or modifications to existing awards) funded, in whole or in part, by Recovery Act appropriated funds, must report information including, but not limited to—

- (3) An assessment of the completion status of the work;
- (4) An estimate of the number of jobs created and the number of jobs retained as a result of the Recovery Act funds;
- (5) Names and total compensation of each of the five most highly compensated officers for the calendar year in which the contract is awarded; and
- (6) Specific information on first-tier subcontractors.

4.1.3.2 POLICY: BPA will ensure compliance with the applicable reporting requirements imposed by the American Recovery and Reinvestment Act of 2009.

4.1.3.3 PROCEDURES:

(a) In any contract action funded in whole or in part by the Recovery Act, the CO shall indicate that the contract action is being made under the Recovery Act, and indicate which products or services are funded through attribution or appropriation under the Recovery Act. This requirement applies whenever Recovery Act funds are used, regardless of the contract instrument.

(b) To maximize transparency of Recovery Act funds that must be reported by the contractor, the CO shall structure contract awards to allow for separately tracking Recovery Act funds. For example, the CO may consider awarding dedicated separate contracts when using Recovery Act funds or establishing contract line item number structures to mitigate commingling of Recovery funds with other funds.

(c) COs shall ensure that the contractor complies with the reporting requirements of the Recovery Act. Clauses are prescribed for awards funded with appropriations, or awards funded with increased borrowing authority attributed to ARRA.

(d) If the contractor fails to comply with the reporting requirements, the CO shall exercise appropriate contractual remedies. The CO shall also document the contractor's failure to comply with the reporting requirements in the contractor's performance measures (see BPI 14.16).

4.1.3.4 CLAUSE USAGE PRESCRIPTIONS

(a) The CO shall insert clause 4-48 American Recovery and Reinvestment Act – Reporting Requirements – Projects Using Increased Borrowing Authority Attributed to ARRA, in solicitations and contracts for services and construction expected to exceed \$100,000, funded with increased borrowing authority attributed to the Recovery Act.

(b) The CO shall insert clause 4-49 American Recovery and Reinvestment Act - Reporting Requirements, in all solicitations and contracts funded, in whole or in part with Recovery Act appropriations, expected to exceed \$25,000.

ADD this new subpart to BPI Part 4:

and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act). The requirements of this subpart enhance transparency to the public.

(b) **POLICY:** BPA shall comply with the public announcement requirements of the American Recovery and Reinvestment Act for any action funded with an appropriation from the Recovery Act. This policy and subsequent procedures do not apply to any actions where the funding source is increased borrowing authority attributed to the Act.

(d) **PROCEDURES:**

(1) COs shall follow the publication notice requirements at Federal Acquisition Regulation (FAR) 5.207 for any solicitation or award action where the funding source is an appropriation from the Recovery Act.

The FAR can be read online at: <https://www.acquisition.gov/far/index.html>

FAR Part 5.7 can be read online at:
https://www.acquisition.gov/far/current/html/Subpart%205_7.html#wp1084394

(2) COs shall contact the HCA immediately upon becoming aware of an appropriated action to receive assistance with FAR policy interpretation and procedural requirements. The FAR prescribes advance publication of notices for certain transactions, so early contact with HCA staff is critical to ensure full compliance.

ADD the following clause title to the list of clauses in 4.50:

- (2) A construction material manufactured in the United States.

“Foreign construction material” means a construction material other than a domestic construction material.

“Manufactured construction material” means any construction material that is not unmanufactured construction material.

“Public building or public work” means building or work, the construction, prosecution, completion, or repair of which, as defined in this section, is carried on directly by authority of, or with funds of, a Federal agency to serve the interest of the general public regardless of whether title thereof is in a Federal agency.

“Recovery Act designated country” means a World Trade Organization Government Procurement Agreement country, a Free Trade Agreement country, or a least developed country.

“Steel” means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

9.2.5.4 POLICY:

Except as provided in 9.2.5.5—

(a) None of the funds appropriated or otherwise made available by the Recovery Act may be used for a project for the construction, alteration, maintenance, or repair of a public building or public work, as defined in 9.2.5.3, unless—

- (1) The public building or public work is located in the United States; and
- (2) All of the iron, steel, and other manufactured goods used as construction material in the project are produced or manufactured in the United States.
 - (i) Production in the United States of the iron or steel used as construction material requires that all manufacturing processes must take place in the United States, except metallurgical processes involving refinement of steel additives. These requirements do not apply to steel or iron used as components or subcomponents of other manufactured construction material.
 - (ii) There is no requirement with regard to the origin of components or subcomponents in other manufactured construction material, as long as the manufacture of the construction material occurs in the United States.

(b) Use only domestic unmanufactured construction material, as required by the Buy American Act.

9.2.5.5 EXCEPTIONS

(a) When one of the following exceptions applies, the contracting officer may allow the contractor to incorporate foreign construction materials without regard to the restrictions of section 1605 of the Recovery Act or the Buy American Act:

- (1) Nonavailability. The head of the contracting activity may determine that a particular construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.
- (2) Unreasonable cost. The contracting officer concludes that the cost of domestic construction material is unreasonable in accordance with 9.2.5.7.
- (3) Inconsistent with public interest. The head of the agency may determine that application of the restrictions of section 1605 of the Recovery Act or the Buy American Act to a particular construction material would be inconsistent with the public interest.

(b) Determinations. When a determination is made, for any of the reasons stated in this section, that certain foreign construction materials may be used—

- (1) The contracting officer shall list the excepted materials in the contract; and

(2) The head of the agency shall publish a notice in the Federal Register within two weeks after the determination is made, unless the construction material has already been determined to be domestically nonavailable. See BPI 9.2.5.5. The notice shall include—

(i) The title “Buy American Exception under the American Recovery and Reinvestment Act of 2009”;

(ii) The dollar value and brief description of the project; and

(iii) A detailed justification as to why the restriction is being waived.

(c) Acquisitions under trade agreements.

(1) For construction contracts with an estimated acquisition value of \$7,443,000 or more, also see BPI 9.4. Offers of products determined to be eligible products per BPI 9.4 shall receive equal consideration with domestic offers per BPI 9.4.

(2) For purposes of the Recovery Act, designated countries do not include the Caribbean Basin Countries.

(3) Canada is identified by the US federal government as a trade agreement country. However, for BPA as a Power Marketing Agency of the Department of Energy, Canada is currently excluded as to the trade agreement exemption from the Buy American Act.

9.2.5.6 PREAWARD DETERMINATION CONCERNING THE INAPPLICABILITY OF SECTION 1605 OF THE RECOVERY ACT OR THE BUY AMERICAN ACT

(a) For any acquisition, an offeror may request from the contracting officer a determination concerning the inapplicability of section 1605 of the Recovery Act or the Buy American Act for specifically identified construction materials. The time for submitting the request is specified in the solicitation in paragraph (b) of either Clause 9-47 or 9-49, whichever applies. The information and supporting data that must be included in the request are also specified in the solicitation in paragraphs (c) and (d) of either Clause 9-46 or Clause 9-48, whichever applies.

(b) Before award, the contracting officer must evaluate all requests based on the information provided and may supplement this information with other readily available information.

(c) Determination based on unreasonable cost of domestic construction material.

(1) Iron, steel, and other manufactured construction material. The contracting officer must compare the offered price of the contract using foreign manufactured construction material to the estimated price if all domestic manufactured construction material were used. If use of domestic manufactured construction material would increase the overall offered price of the contract by more than 25 percent, then the contracting officer shall determine that the cost of the domestic manufactured construction material is unreasonable.

(2) Unmanufactured construction material. The contracting officer must compare the cost of each foreign unmanufactured construction material to the cost of domestic unmanufactured construction material. If the cost of the domestic unmanufactured construction material exceeds the cost of the foreign unmanufactured construction material by more than 6 percent, then the contracting officer shall determine that the cost of the unmanufactured construction material is unreasonable.

9.2.5.7 PROCEDURE FOR EVALUATING OFFERS OF FOREIGN CONSTRUCTION MATERIAL

(a) To ensure receipt of all information necessary to perform evaluation of offers, the contracting officer must inform the offerors to complete and submit the information as requested in contract clauses 9-46 or 9-48, whichever applies, of the draft contract as sent to offerors during solicitation phase.

(b) If the contracting officer has determined that an exception applies because the cost of certain domestic construction material is unreasonable, in accordance with section 9.2.5.6, then the contracting officer shall apply evaluation factors to the offer incorporating the use of such foreign construction material as follows:

(1) Use an evaluation factor of 25 percent, applied to the total offered price of the contract, if foreign iron, steel, or other manufactured goods are incorporated in the offer as construction material based on an exception for unreasonable cost requested by the offeror.

(2) In addition, use an evaluation factor of 6 percent applied to the cost of foreign unmanufactured construction material incorporated in the offer based on an exception for unreasonable cost requested by the offeror.

(3) Total evaluated price = offered price + (.25 x offered price, if (a)(1) applies) + (.06 x cost of foreign unmanufactured construction material, if (a)(2) applies).

(c) If two or more offers are equal in price, the contracting officer must give preference to an offer that does not include foreign construction material excepted at the request of the offeror on the basis of unreasonable cost.

(d) Offerors also may submit alternate offers based on use of equivalent domestic construction material to avoid possible rejection of the entire offer if the Government determines that an exception permitting use of a particular foreign construction material does not apply.

(e) If the contracting officer awards a contract to an offeror that proposed foreign construction material not listed in the applicable clause in the solicitation (paragraph (b)(3) of Clause 9-46, or paragraph (b)(3) of Clause 9-48, the contracting officer must add the excepted materials to the list in the contract clause.

9.2.5.8 POSTAWARD DETERMINATIONS

(a) If a contractor requests a determination regarding the inapplicability of section 1605 of the Recovery Act or the Buy American Act after contract award, the contractor must explain why it could not request the determination before contract award or why the need for such determination otherwise was not reasonably foreseeable. If the contracting officer concludes that the contractor should have made the request before contract award, the contracting officer may deny the request.

(b) The contracting officer must base evaluation of any request for a determination regarding the inapplicability of section 1605 of the Recovery Act or the Buy American Act made after contract award on information required by paragraphs (c) and (d) of the applicable clause at 9-46 or 9-48 and/or other readily available information.

(c) If a determination, under 9.2.2.5(a) is made after contract award that an exception to section 1605 of the Recovery Act or to the Buy American Act applies, the contracting officer must negotiate adequate consideration and modify the contract to allow use of the foreign construction

material. When the basis for the exception is the unreasonable cost of a domestic construction material, adequate consideration is at least the differential established in 9.2.5.7(a).

9.2.5.9 NONCOMPLIANCE

The contracting officer must—

- (a) Review allegations of violations of section 1605 of the Recovery Act or Buy American Act;
- (b) Unless fraud is suspected, notify the contractor of the apparent unauthorized use of foreign construction material and request a reply, to include proposed corrective action; and
- (c) If the review reveals that a contractor or subcontractor has used foreign construction material without authorization, take appropriate action, including one or more of the following:
 - (1) Process a determination concerning the inapplicability of section 1605 of the Recovery Act or the Buy American Act in accordance with 9.2.5.8.
 - (2) Consider requiring the removal and replacement of the unauthorized foreign construction material.
 - (3) If removal and replacement of foreign construction material incorporated in a building or work would be impracticable, cause undue delay, or otherwise be detrimental to the interests of the Government, the contracting officer may determine in writing that the foreign construction material need not be removed and replaced. A determination to retain foreign construction material does not constitute a determination that an exception to section 1605 of the Recovery Act or the Buy American Act applies, and this should be stated in the determination. Further, a determination to retain foreign construction material does not affect the Government's right to suspend or debar a contractor, subcontractor, or supplier for violation of section 1605 of the Recovery Act or the Buy American Act, or to exercise other contractual rights and remedies, such as reducing the contract price or terminating the contract for default.
 - (4) If the noncompliance is sufficiently serious, consider exercising appropriate contractual remedies, such as terminating the contract for default. Also consider preparing and forwarding a report to the agency suspension or debarment official in accordance with Subpart 9.4. If the noncompliance appears to be fraudulent, refer the matter to other appropriate agency officials, such as the officer responsible for criminal investigation.

9.2.5.10 CLAUSE USAGE PRESCRIPTIONS

The CO shall insert the following clauses into solicitations and contracts for construction, that are funded with increased borrowing authority attributed to the Recovery Act, or funded in whole or in part with an appropriations under the Recovery Act.

Clause 9-46 REQUIRED USE OF AMERICAN IRON, STEEL, AND OTHER MANUFACTURED GOODS--BUY AMERICAN ACT--CONSTRUCTION MATERIALS (Aug 09) (BPI 9.2.5.3)

(a) Definitions. As used in this clause—

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Domestic construction material” means—

- (1) An unmanufactured construction material mined or produced in the United States; or
- (2) A construction material manufactured in the United States.

“Foreign construction material” means a construction material other than a domestic construction material.

“Manufactured construction material” means any construction material that is not unmanufactured construction material.

“Steel” means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

“United States” means the 50 States, the District of Columbia, and outlying areas.

“Unmanufactured construction material” means raw material brought to the construction site for incorporation into the building or work that has not been—

- (1) Processed into a specific form and shape; or
- (2) Combined with other raw material to create a material that has different properties than the properties of the individual raw materials.

(b) Domestic preference.

(1) This clause implements—

- (i) Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act) (Pub. L. 111-5), by requiring, unless an exception applies, that all iron, steel, and other

manufactured goods used as construction material in the project are produced in the United States; and

(ii) The Buy American Act (41 U.S.C. 10a-10d) by providing a preference for unmanufactured domestic construction material.

(2) The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraph (b)(3) and (b)(4) of this clause.

(3) This requirement does not apply to the construction material or components listed by the Government as follows:

(fill in)

[Contracting Officer to list applicable excepted materials or indicate "none"]

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable.

(A) The cost of domestic iron, steel, or other manufactured goods used as construction material is unreasonable when the cumulative cost of such material will increase the cost of the contract by more than 25 percent;

(B) The cost of unmanufactured construction material is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or

(iii) The application of the restriction of section 1605 of the Recovery Act or the Buy American Act to a particular construction material would be inconsistent with the public interest.

(c) Request for determination of inapplicability of Section 1605 of the Recovery Act or the Buy American Act.

(1)

(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including—

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Cost;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(4) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this clause.

(iii) The cost of construction material shall include all delivery costs to the construction site and any applicable duty.

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to section 1605 of the Recovery Act or the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable cost of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to section 1605 of the Recovery Act or the Buy American Act applies, use of foreign construction material is noncompliant with section 1605 of the American Recovery and Reinvestment Act or the Buy American Act.

(d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of BPI clause 9-46 in the request. If an offeror has not requested a determination regarding the inapplicability of 1605 of the Recovery Act or the Buy American Act before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) Evaluation of offers.

(1) If the Government determines that an exception based on unreasonable cost of domestic construction material applies, the Government will evaluate an offer requesting exception to the requirements of section 1605 of the Recovery Act or the Buy American Act by adding to the offered price of the contract—

(i) 25 percent of the offered price of the contract, if foreign iron, steel, or other manufactured goods are used as construction material based on unreasonable cost of comparable manufactured domestic construction material; and

(ii) 6 percent of the cost of foreign unmanufactured construction material included in the offer based on unreasonable cost of comparable domestic unmanufactured construction material.

(2) If two or more offers are equal in price, the Contracting Officer will give preference to an offer that does not include foreign construction material excepted at the request of the offeror on the basis of unreasonable cost.

(d) Alternate offers.

(1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at BPI clause 9-46, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Cover/Signature Page for the alternate offer and a separate cost comparison table prepared in accordance with paragraphs (c) and (d) of the clause at BPI clause 9-46 if the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at BPA clause 9-46 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested—

- (i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or
- (ii) May be accepted if revised during negotiations.

"WTO GPA country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) Construction materials.

(1) The restrictions of section 1605 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) and the Buy American Act (41 U.S.C. 10a-10d) do not apply to Recovery Act designated country construction material. Consistent with U.S. obligations under international agreements, this clause implements—

(i) Section 1605 of the Recovery Act by requiring, unless an exception applies, that all iron, steel, and other manufactured goods used as construction material in the project are produced in the United States; and

(ii) The Buy American Act by providing a preference for unmanufactured domestic construction material.

(2) The Contractor shall use only domestic or Recovery Act designated country construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to the construction materials or components listed by the Government as follows:

(Fill in)

[Contracting Officer to list applicable excepted materials or indicate "none".]

(4) The Contracting Officer may add other construction material to the list in paragraph (b)(3) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable.

(A) The cost of domestic iron, steel, or other manufactured goods used as construction material is unreasonable when the cumulative cost of such material will increase the overall cost of the contract by more than 25 percent;

(B) The cost of unmanufactured construction material is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality; or

If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.
- (2) If the Government determines after contract award that an exception to section 1605 of the Recovery Act or the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable cost of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.
- (3) Unless the Government determines that an exception to the section 1605 of the Recovery Act or the Buy American Act applies, use of foreign construction material other than that covered by trade agreements is noncompliant with the applicable Act.
