The Chief, NGB, acting on behalf of the Secretary of the Army, delegates the flagging for Federal actions to the Director, ARNG. The Director, ARNG will initiate and manage HQDA level Flags on ARNG/Army National Guard of the United States (ARNGUS) Soldiers for—

- (1) Consideration of removal from a centralized selection promotion list or ARNGUS unit vacancy promotion list undergoing Federal recognition (ARNG–HRP).
- (2) Directed adverse action (ARNG–HRP).

d. State adjutants general. The state adjutants general are responsible for the overall administration of a flagging system for ARNG Soldiers within their state and will provide oversight to ensure compliance with the provisions of this regulation.

h. Chief, General Officer Management Office. The chief for each component is responsible for the management of Flags for his or her component's general officers.

i. Commander, U.S. Army Installation Management Command. The commander, through subordinate regions and garrisons, will—

(1) Ensure military personnel divisions (MPDs) provide Flag management and oversight for non-Personnel Service Delivery Re-design units within their jurisdiction.

(2) Ensure MPDs establish procedures to ensure Soldiers do not conduct a permanent change of station (PCS) or separate from the Service with nontransferable Flags unless otherwise provided for in this regulation.

(3) Ensure MPDs establish procedures to verify DA Form 268 (Report to Suspend Favorable Personnel Actions (FLAG)) and supporting documents for Soldiers PCSing with transferable Flags are transferred to the gaining installation.

j. Commanders of Army commands, Army service component commands, direct reporting units, and combatant commanders. These commanders at all levels will ensure that Soldiers in their command who are in an unfavorable status are flagged, and will provide oversight of subordinate units to ensure compliance with the provisions of this regulation.

k. Commandant, Adjutant General School. The commandant will ensure the development and dissemination of lesson programs of instruction incorporating the provisions of this regulation and Flag management for HR personnel and for command leadership.

1-5. Proponency

Proponents for the flagging action program are as follows:

a. Policy. The DCS, G-1 (DAPE-MPE).

b. Functional. The CG, HRC (AHRC-PDV-P).

c. Branch. The Commandant, Adjutant General School (ATSG-AG).

1-6. Manpower resources

The Flag function is the responsibility of commanding officers at all levels and the functional responsibility of the brigade (BDE) adjutant (S1), battalion (BN) S1, and MPD. Manpower officials will use the average number of authorized Soldiers in the supported population during the preceding 12 months as the workload factor (obtained in Manpower Staffing Standards Systems) to determine the manpower authorizations.

1-7. Levels of work

Most human resource work in the field is performed at three primary levels: unit, BN, and BDE or MPD. The focus of the guidance in this regulation is on those three levels.

Section III

Principles and Standards

1-8. The principle of support

This regulation institutes a system to guard against the execution of specified favorable personnel actions for Soldiers not in good standing (for example, unfavorable status).

1-9. Standards of service

a. A DA Form 268 and HR system input will be initiated within 3 working days when a Soldier's status changes from favorable to unfavorable.

b. Active Flag cases will be reviewed at least monthly. Unit level commanders will review and validate Flag reports monthly. BN level commanders will review and validate all Flags over 6 months old monthly.

c. A Flag will be removed within 3 working days after the Soldier's status changes from unfavorable to favorable.

Chapter 2

Policy and Management of Flags

2-1. General policy

a. The purpose of a Flag is to prevent and/or preclude—

(1) Execution of favorable actions to a Soldier who may be in an unfavorable status (not in good standing).

(2) Movement of a Soldier when it is in the best interests of the Army for the Soldier to remain in his or her current unit or at his or her current location until cleared of ongoing actions. Should the command determine that it is in the best interests of the Army to PCS the Soldier even though he or she has not been cleared of ongoing actions, the

command may do so in accordance with paragraph 2–8: however, the Flag will remain in place.

Note. Soldiers with nontransferable Flags may be reassigned on a case-by-case basis when the Soldier’s personnel management division at HRC or other component headquarters directs the transfer.

b. Flags are not to be used for punishment or restriction, but only as an administrative tool.

c. The Flag is not the final disposition. A Flag is emplaced during some type of disciplinary or administrative action until that action is concluded.

d. The Flag should be initiated within 3 working days after identification of the Soldier’s unfavorable status and removed within 3 working days after determination of the final disposition.

e. The suspension of favorable actions on a Soldier is mandatory when military or civilian authorities initiate any investigation or inquiry that may potentially result in disciplinary action, financial loss, or other loss to the Soldier’s rank, pay, or privileges. Commanders, general officer staff heads, and heads of HQDA staff agencies (to include the DA Suitability Evaluation Board) must ensure that favorable personnel actions are suspended in accordance with the criteria contained in this regulation.

f. Commanders and general officer staff heads will establish necessary internal controls to ensure the following requirements are met:

(1) DA Form 268 is prepared to reflect that favorable personnel actions are suspended with regard to the affected Soldier and the Flag is input into HR systems without delay.

(2) Only those with a “need to know” of a Flag are informed. A person has a “need to know” only if he or she must have access to knowledge, or possession of the Flag, in order to perform official duties.

(3) Flag information will support the Health Promotion, Risk Reduction, and Suicide Prevention policy for information sharing described in AR 600–63 and DA Pam 600–24.

(4) Favorable actions are not granted when prohibited by this regulation. The MPD supporting personnel office, BDE S1, or other authorized records custodian for the Soldier will also use appropriate reports or processes to guard against the execution of favorable personnel actions for flagged Soldiers.

(5) DA Form 268 is prepared to remove a Flag when the Soldier’s status changes from unfavorable to favorable and the Flag is removed from the HR systems within 3 working days.

g. Flags are classified into two categories depending on the specific action or investigation:

(1) *Nontransferable*. The flagged Soldier may not be transferred to another unit (except as provided for in para 2–8).

(2) *Transferable*. The flagged Soldier may be transferred to another unit.

h. The policy in this regulation applies to all general officers. However, general officers will not be flagged in their component’s HR system of record, to include Army Physical Fitness Test (APFT) and weight control Flags. Units will submit DA Form 268 with supporting documentation to the General Officer Management Office who will input the Flag into, or remove the Flag from the component’s internal general officer management system. Commander’s investigations of general officers are conducted by The Inspector General and the General Officer Management Office will Flag general officers during these investigations and during law enforcement investigations.

2–2. Circumstances requiring a nontransferable Flag

A Soldier flagged under the provisions of this paragraph may not be reassigned to another unit unless specifically authorized by this regulation. This restriction does not apply to reassignments required by law. The specific actions or investigations listed below require initiation of a nontransferable Flag (see table 2–1). More than one Flag may be required concurrently. Examples of circumstances requiring nontransferable Flags include—

a. *“Commander’s investigation” (Flag code L)*. Commanders must Flag Soldiers who are suspects or subjects of an investigation or are designated as respondents in a board. The term “investigation” is to be interpreted broadly to include any action that may result in disciplinary action, financial loss, or other loss to the Soldier’s rank, pay, or privileges. Examples of investigations include, but are not limited to, commander’s inquiry, financial liability investigation of property loss, and AR 15–6 investigations. If the investigating officer finds reason to suspect a Soldier who was not originally identified as a suspect, subject, or respondent, the commander must be notified and must Flag that Soldier as well. Examples triggering Flag code L include, but are not limited to, a Soldier who is a witness in an investigation but later becomes a suspect, or when an investigation has no identified respondent but later the investigating officer finds reason to suspect a Soldier may be subject to disciplinary action. Effective date of the Flag is the date of offense, the date the commander directs the investigation, the date the commander appoints an investigation officer, or the date the investigating officer suspects the Soldier may be subject to disciplinary action.

b. *“Law enforcement investigation” (Flag code M)*. Commanders must Flag Soldiers titled as possible subjects or suspects by the U.S. Army Criminal Investigation Command (USACIDC) (or Service equivalent), military police, or civilian law enforcement during the course of an investigation. Effective date of the Flag is the date of offense or the date law enforcement identifies or titles the Soldier as a subject or suspect. Upon adjudication decision, commanders must submit a completed DA Form 4833 (Commander’s Report of Disciplinary or Administrative Action) to the provost marshal or USACIDC in accordance with AR 190–45.

c. “Adverse actions” (Flag code A). Commanders must Flag Soldiers for adverse actions including, but not limited to (except drug or alcohol related offences which will be flagged code U or V):

(1) Initiation of proceedings under Article (ART) 15, Uniform Code of Military Justice (UCMJ, ART 15); court-martial proceedings (immediately upon preferral of charges or pretrial confinement); or civilian criminal charges, restraint, or confinement. This Flag may appropriately overlap with Flag code L or M above, as warranted.

(2) Initiation of proceedings for administrative reduction in grade for inefficiency or misconduct in accordance with AR 600–8–19.

(3) Initiation of a nonpunitive memorandum of reprimand, censure, or admonishment. The Flag will be effective on the day the offense leading to the memorandum took place. This Flag may appropriately overlap with Flag code L or M above, as warranted.

(4) Soldier is absent without leave (AWOL) in accordance with AR 630–10. For all Soldiers, submit the initial Flag on the second day of AWOL effective the first day of AWOL.

d. “Involuntary separation or discharge” (field initiated (Flag code B) or Headquarters, Department of the Army initiated (Flag code W)). Soldiers pending involuntary separation or discharge (AR 635–200, AR 600–8–24, AR 135–175, or AR 135–178) to include the Qualitative Management Program, must be flagged (except entry level performance and conduct separations initiated under AR 635–200). Soldiers will not be flagged solely for undergoing a medical evaluation board. The effective date of the Flag will be the date the commander signs the intent to separate notification memorandum to the Soldier or the date HQDA initiates an involuntary separation action. Remove the Flag when Soldier is reassigned to a transition point (Active Component), discharge orders are published (Reserve Component), or Soldier is retained. HQDA initiated Flags are authenticated by HRC (AHRC–OPL–R (officer) or AHRC–EPF–M (enlisted)).

e. Pending “removal or consideration for removal” from a command, promotion, or school selection list, to include an Army National Guard of the United States unit vacancy promotion list (field initiated (Flag code C) or Headquarters, Department of the Army initiated (Flag code F)). HQDA initiated Flags are authenticated by HRC (AHRC–PDV–P) or the Director, ARNG (ARNG–HRP).

f. “Referred” DA Form 67–9 or “Relief for Cause” DA Form 2166–8 (Flag code D). Initiate a DA Form 268 when a “Referred” DA Form 67–9 (Officer Evaluation Report) or a “Relief for Cause” DA Form 2166–8 (NCO Evaluation Report) is initiated for the rated Soldier. The effective date of the Flag will be the through date listed on the DA Form 67–9 or DA Form 2166–8, the date the decision was made to administer the “Referred” DA Form 67–9, or the date of the “Relief for Cause” DA Form 2166–8, or whichever is earlier. Remove the Flag when the DA Form 67–9 or DA Form 2166–8 is accepted error-free by HRC or State military personnel office and uploaded to the Soldier’s Army Military Human Resource Record (AMHRR).

g. “Security violations” (Flag code E).

(1) *Repetitive security violations.* A Flag will only be imposed if there is a reasonable belief an individual’s ability to protect classified information has been compromised, as outlined in AR 380–5. The commander will coordinate with the command security manager and the U.S. Army Central Personnel Security Clearance Facility prior to implementing a flagging action. Because these matters may also have counterintelligence implications, the commander or security manager should ensure that the local supporting counterintelligence office is notified in accordance with AR 381–12.

(2) *Matters related to investigation of national security crimes.* Counterintelligence investigations in which a determination has been made that the subject was or is engaged in the national security crimes of espionage, subversion, sedition, treason, or terrorist activity and the UCMJ authority has decided to pursue prosecution. Flagging action will be accomplished only in coordination with the supporting Army counterintelligence organization and the appropriate staff judge advocate.

(3) *Security clearance.* Soldier will be flagged when the Commander, U.S. Army Central Personnel Security Clearance Facility denies or revokes the Soldier’s security clearance, in accordance with AR 380–67, which is required for his or her continued service or by his or her military operational specialty in accordance with AR 614–200. Remove the Flag when the Soldier’s security clearance is granted or reinstated; when the Soldier is reclassified into a military operational specialty that does not require a security clearance; or on the date the Soldier is reassigned to the transition point for separation.

h. “Drug abuse adverse action” (Flag code U). Initiate a Flag following: initiation of proceedings under UCMJ, ART 15; court-martial proceedings (immediately upon preferral of charges or pretrial confinement); civilian criminal charges, restraint, or confinement; pending a nonpunitive memorandum of reprimand, censure, or admonishment; or other disciplinary action for drug related offenses including, but not limited to, positive drug test in accordance with AR 600–85. The effective date of the Flag is the date of the offense. A Flag is initiated based on the adverse action resulting from the drug abuse-related incident. A Flag may not be initiated based on referral, screening, or enrollment into the Army Substance Abuse Program (ASAP). For first time drug offenses remove the Flag (code D) when Soldier is reassigned to the transition point for separation or, if separation authority retains the Soldier, remove the Flag when punishment is complete, to include any period of suspension, probation, or parole. For second-time or higher drug offenses, remove the Flag when Soldier is reassigned to the transition point for separation (Active Component) or discharge orders are published (Reserve Component). If a show-cause board, administrative separation board, or

separation authority retains the Soldier, the Flag must be removed by the General Court Martial Convening Authority when punishment is complete. This Flag may appropriately overlap with Flag code L or M above, as warranted.

i. *“Alcohol abuse adverse action” (Flag code V)*. Initiate a Flag following: initiation of proceedings under UCMJ, ART 15; court-martial proceedings (immediately upon preferral of charges or pretrial confinement); civilian criminal charges, restraint, or confinement; pending a nonpunitive memorandum of reprimand, censure, or admonishment; or other disciplinary action for alcohol related offenses including, but not limited to, driving under the influence, on-duty impairment due to alcohol consumption (AR 600–85), or drunk and disorderly conduct. The effective date of the Flag is the date of the offense. A Flag is initiated based on the adverse action resulting from the alcohol abuse-related incident. A Flag may not be initiated based on referral, screening, or enrollment into the ASAP. Remove the Flag (code D) when the punishment is complete. This Flag may appropriately overlap with Flag code L or M above, as warranted.

j. *“Nonrecommendation for automatic promotion” (Flag code P or T)*.

(1) *For private through specialist (Flag code P)*. When a unit commander elects to deny a Soldier automatic promotion to private enlisted two (PV2), private first class (PFC), or specialist (SPC), he or she must Flag the Soldier no later than the 20th day of the month preceding the month of automatic promotion in accordance with AR 600–8–19. Remove the Flag no later than 2 working days following the date the Soldier would have been automatically promoted to PV2, PFC, or SPC.

(2) *For active component warrant officer one or second lieutenant (Flag code T)*. When promotion approval authority (lieutenant colonel (LTC) or higher commander) elects to deny an officer automatic promotion to chief warrant officer two (CW2) or first lieutenant (1LT) in accordance with AR 600–8–29, he or she must Flag the officer. To ensure promotion orders are not erroneously cut, the Flag must be input into HR systems no later than 90 days prior to the month of automatic promotion or the promotion approval authority, or his or her designee, must deny the promotion within the automatic promotion system in accordance with AR 600–8–29. Remove the Flag when the officer is reassigned to the transition point or, if the denial for promotion to 1LT is held in abeyance for up to 6 months, remove the Flag when the commander elects to promote the officer.

(3) *For Reserve Component warrant officer one or second lieutenant (Flag code T)*. Officer must be flagged when identified as an unsatisfactory participant or when he or she has not met the military educational requirements 30 days prior to his or her minimum time in grade requirements in accordance with AR 135–155. Flag will be removed when commander identifies the officer as a satisfactory participant and officer meets the military educational requirements.

k. *“Lautenberg Amendment” (Flag code X)*. Soldiers with a qualifying conviction under the Domestic Violence Amendment to the Gun Control Act of 1968 must be flagged, as required by AR 600–20. Remove the Flag when conviction is expunged, pardoned, or set aside by competent authority, or when Soldier is transferred to transition point for separation (Active Component) or discharge orders are published (Reserve Component).

l. *“Family care plan” (Flag code X)*. Soldiers who fail to provide and maintain an adequate Family care plan, as required by AR 600–20, must be flagged. Effective date of the Flag will be the suspense date established by the commander for completion and approval of DA Form 5305 (Family Care Plan) with attendant documents in accordance with AR 600–20. Remove the Flag when the Family care plan is approved or recertified by the commander.

m. *“Professional licensing, certification and competency of Army Medical Department health care workers and veterinarians” (Flag code X)*. The Surgeon General of the Army is responsible for the professional review and discipline of all Army Medical Department (AMEDD) health care workers with respect to professional competency, licensure, certification, privileges, and/or scope of practice. The Surgeon General has partially delegated this responsibility to military treatment facility commanders and the U.S. Army Medical Command Quality Management Division. With respect to AMEDD veterinarians, the Surgeon General is only responsible for licensure. Only The Surgeon General (or his or her designee) may impose or remove a Flag for AMEDD personnel for reasons related to licensure, certification, clinical competency, or professional misconduct related to delivery of a health care item or service. Applicable processes are governed by 10 USC 1102, Department of Defense (DOD) 6025.13–R and detailed in AR 40–68.

n. *“Chaplains (Flag code X)”*. Only the Chief of Chaplains or his or her designated representative may impose or remove a Flag on a chaplain for reasons involving the chaplain’s denominational endorsement or credentialing. Endorsement or credentialing issues are not necessarily criminal but usually administrative in nature. This does not preclude the commander from issuing a Flag when the issue relating to endorsement or credentialing is associated with a criminal act.

o. *“Professional licensing and certification of judge advocates, legal administrators, and military paralegals” (Flag code X)*. The Judge Advocate General is responsible for the professional supervision and professional discipline of judge advocates, military trial and appellate judges, legal administrators (military occupational specialty 270A), and military paralegals (military occupational specialty 27D). Only The Judge Advocate General (or his or her designee) may impose or remove a Flag, at his or her discretion, for judge advocates, military trial and appellate military judges, legal administrators, and military paralegals for reasons related to their professional licensing or certification of competency to act as counsel, their professional licensing or certification of qualification to act as a military trial or appellate military judge, their certification as a legal administrator or military paralegal, or for reasons related to the

delivery of legal services, in accordance with 10 USC 3037, Rule for Courts-Martial 109 (Manual for Courts-Martial), AR 27–1, and AR 27–26.

p. “Noncompliance with 10 USC 10206, Members: physical examinations (Reserve Components)” (Flag code X). Soldiers failing to meet requirements will be flagged. Remove the Flag on date of compliance, expiration term of service (ETS), expiration of service agreement (ESA), or mandatory retirement date/mandatory release date.

2–3. Circumstances requiring a transferable Flag

A Soldier flagged under the provisions of this paragraph may be reassigned to another unit by following guidance in paragraph 2–8. The specific actions listed below require initiation of a transferable Flag (see table 2–1). More than one Flag may be required concurrently. Examples of circumstances requiring transferable Flags include—

a. “Punishment phase” (Flag code H). Initiate a Flag when actions resulting from a court-martial, nonjudicial punishment, or punishment from a civil court have moved into the punishment phase and punishment does not include confinement, restraint, or geographical travel restrictions imposed by civilian courts as a condition of parole, probation, or suspended sentence as provided for in AR 27–10. Commanders will initiate a “Punishment Phase” Flag when the punishment period is 1month or longer and will remove the “Adverse Action” Flag the same day unless additional adverse action is pending. Remove Flag upon completion of punishment.

b. “Army Physical Fitness Test failure” (Flag code J). Initiate a Flag when a Soldier fails a record APFT or when, through the Soldier’s fault as determined by the commander, the Soldier fails to take the APFT within the time prescribed by existing regulations, or when directed by the commanding officer (as provided for in AR 350–1). A Flag is not required for a Soldier who has a permanent or temporary profile that precludes taking the APFT or is unable to undergo an APFT because of conditions beyond the Soldier’s control (as determined by the commander). Soldiers with a profile effective after the APFT will remain flagged until a record APFT is passed. A Flag is not required when the commander determines the Soldier cannot be administered an alternate APFT because of conditions beyond the Soldier’s control. Soldiers who become pregnant after being flagged for failing an APFT (as determined by a physician) will remain flagged until successfully passing an APFT. Remove the Flag (code E) on date of compliance. If, as determined by her primary care provider, the Soldier was pregnant at the time of APFT failure, the commander will immediately remove the Flag (code Z).

c. “Noncompliance with Army Weight Control Program” (Flag code K). The effective date of the Flag is the date that the Soldier was found to be in noncompliance with AR 600–9. The use of certain medication to treat an underlying medical disorder or the inability to perform all aerobic events may contribute to weight gain but are not considered sufficient justification for noncompliance with AR 600–9 and the Soldier will be flagged. Soldiers will not be exempt because of chronic medical conditions unless an exception to enrollment in the Army Weight Control Program (AWCP) is granted by the DCS, G–1. In the case of a pregnant Soldier, if the Soldier became pregnant prior to being entered into the overweight program, the commander will close the Flag using codes KZ, not KE. If the Flag was initiated before pregnancy (as determined by her primary care provider) the Flag will remain in effect until the Soldier complies with AR 600–9. Remove the Flag (code E) on date of compliance.

For example, the X code will not be used for exceeding body fat standards in order to prevent the system from recording the Soldier's weight control enrollment.

2-4. Effective date

The effective date of a Flag, unless otherwise specified in this regulation, will be the date that the circumstance(s) requiring the Flag occurred, not the date the Flag was initiated (for example, if the circumstance occurred on the 25th of March, but the Flag was not initiated until the 3^d of April, the effective date of the Flag would still be the 25th of March).

2-5. Authentication

Unless otherwise specified in this regulation, only commanding officers, commandants, an officer/civilian with specific authority to sign "For the Commander" (for example, BN or higher executive officer, deputy commander, or adjutant), or HQDA general officer principle staff heads or their designee may authenticate a DA Form 268. Failure to counsel within prescribed times does not invalidate the Flag. The Commander, HRC (AHRC-PDV-P) will authenticate adverse action DA Forms 268 or investigation DA Forms 268 initiated by HQDA.

2-6. Notification

The flagging authority, unit commander, or first line supervisor will counsel all Soldiers on active duty, in writing, upon initiation of any Flag within 2 working days unless notification would compromise an ongoing investigation. Soldiers not on active duty will be counseled regarding initiation of a Flag prior to the conclusion of the first training period following the date the Flag was initiated. Counseling should include reason for the Flag, requirement for Flag removal, and action prohibited by the Flag. All flagged Soldiers will be provided a copy of the DA Form 268 when the Flag is initiated and when it is removed.

2-7. Rules for initiating a Flag

a. It is the commander's responsibility to ensure a DA Form 268 is immediately initiated on a Soldier and that the Flag is input into the HR systems when the Soldier's commander determines that one or more of the conditions in this regulation exist. Initiation of a Flag under such conditions is mandatory (see figs 2-1 and 2-2).

Figure 2-2. Sample DA Form 268 (transferable Flag)

b. The Soldier's commander, a general officer, a commandant, or the head of a DA staff or field operating agency can direct the initiation of a Flag. Authentication of the DA Form 268 initiating the Flag will be in accordance with paragraph 2-5.

c. The unit commander and BN S1 personnel should consult available sources (such as the training noncommissioned officer (NCO), legal clerk/officer, security manager (S2), and first sergeant) to identify required flagging actions. They should also coordinate with the career counselor concerning the Soldier's eligibility for reenlistment.

d. The unit commander and BN S1 personnel will coordinate all Flags with the supporting S2 to determine if suspension of access to classified information is appropriate in accordance with the provisions of AR 380-67.

e. The BN S1 or unit will notify the commander if the Soldier's ETS, ESA, maximum years of service, or mandatory retirement date/mandatory release date is within 45 days of initiation of the Flag. If the commander states that the case will extend beyond the Soldier's scheduled transition from active duty date, and if otherwise permitted by applicable regulations, the BN S1 or unit will initiate action for authority to retain the Soldier beyond his or her scheduled transition date (see also para 3-2).

f. Commanders will initiate a separate Flag for each reason listed in this regulation for flagging a Soldier, if applicable.

g. The BDE S1, MPD, and Assistant Chiefs of Staff, G-1 will provide oversight to ensure subordinate units are initiating and removing flagging actions in accordance with this regulation and, on a quarterly basis, will reconcile the Flag report with supporting ASAP and USACIDC offices.

2-8. Rules for transferring a Flag

a. The losing command is responsible for providing the gaining command with Flag supporting documents for Soldiers with transferable Flags (DA Form 268 initiating Flag, weight control packet, DA Form 705 (Army Physical Fitness Test Scorecard), DA Form 4856 (Developmental Counseling Form), and so forth).

b. When a flagged Soldier is reassigned, the responsibility to manage the flagging action transfers to the gaining commander.

c. Normally, Soldiers with "open" Flag cases are not reassigned unless otherwise allowed in this regulation.

d. Soldiers with nontransferable Flags may be reassigned on a case-by-case basis when the Soldier's personnel management division at HRC or other component headquarters directs the transfer provided that, at the minimum, the following provisions are met:

(1) The losing command is willing to let the Soldier depart.

(2) The gaining command is willing to accept the flagged individual.

(3) All administrative actions (such as rebuttals to pending actions and directed AMHRR filings) have been accomplished.

(4) The Soldier does not have ongoing legal issues (except those outlined by transferable "Punishment Phase" Flag, para 2-3).

e. Flagged Soldiers on a HQDA centralized promotion list (promotable to captain (CPT) through colonel (COL), chief warrant officer three (CW3) through chief warrant officer five (CW5) and sergeant first class (SFC) through sergeant major/command sergeant major (SGM/CSM) may not be reassigned without prior approval of the Commander, HRC (AHRC-PDV-P), to ensure the Soldier does not PCS prior to completing all administrative requirements (rebuttals or AMHRR filing) and his or her presence is no longer required in the present command.

f. Units will convert Flags on ARNG Soldiers transferring to another state or to Title 10 status from report code "A" to report code "B" prior to transfer.

2-9. Removal of a Flag

a. General guidance.

(1) Only officers authorized to direct initiation of a Flag may direct removal of a Flag (for example, the unit commander, a general officer, commandant, or head of a DA staff or field operating agency) unless otherwise directed by this regulation or Commander, HRC (AHRC-PDV-P).

(2) Authentication will be in accordance with this regulation. For Soldiers separating while flagged, the DA Form 268 may be authenticated by the officer in charge of the in-and out-processing work center after coordination with the losing commander. For USAR and ARNG personnel, the final disposition of DA Form 268 will be authenticated by the unit commander or by the personnel officer of the headquarters issuing the separation order.

(3) The unit commander, BN S1 HR specialist, and unit administrator will consult with available sources (such as the training NCO, legal section, security manager, and first sergeant) to identify requirements to remove a Flag. Once a Flag is removed, the BN S1 or unit will notify the career counselor concerning the Soldier's eligibility for reenlistment and the security manager concerning access to classified information.

b. Rules for removing a Flag are as follows:

(1) *Charges, restraint, confinement, court-martial, nonjudicial punishment and absent without leave (including alcohol related incidents)*. Remove the Flag when the Soldier is acquitted at court-martial or civilian trial and no other adverse action arising from the incident or charges is contemplated; when UCMJ action is closed or dropped without action; or when punishment from court-martial, civilian trial, or nonjudicial punishment is completed. If a court-martial has adjudged a punitive discharge, the individual will remain flagged until the conviction is final in accordance with Rule for Courts-Martial 1209, Manual for Courts-Martial. If there is a suspension of punishment (for example, under UCMJ, ART 15) or the imposition of probation or parole (usually for civilian misconduct), that individual will remain flagged until the suspension, probationary, or parole period is over. This does not include suspension of a driver's license. If the duration of punishment, suspension, probation or parole is over 1 month, the unit should consider if the adverse action Flag should be converted to a transferable "Punishment Phase" Flag, if appropriate. In this case, the "Adverse Action" Flag is lifted the same date the "Punishment Phase" Flag is initiated. If the Soldier receives punishment and subsequently appeals, the Flag will be removed when punishment is complete; the Soldier will only remain flagged if the appeal puts the punishment on hold or suspension until either the adverse action is revoked or the punishment is complete. A Flag on a Soldier who is on a HQDA promotion list may only be removed by Commander, U.S. Army Human Resources Command (AHRC-PDV-P), 1600 Spearhead Division Avenue, Department 470, Fort Knox, KY 40122-5407 or usarmy.knox.hrc.mbx.tagd-opsa@mail.mil for Active Component or USAR Soldiers or by Director, Army National Guard (HRH-I), 111 South George Mason Drive, Arlington, VA 22204-1373 for ARNG or ARNGUS personnel. This includes officers promotable to CPT through COL, warrant officers promotable to CW3 through CW5, and enlisted Soldiers promotable to SFC through SGM/CSM.

(2) *For drug offenses*. Remove the Flag when Soldier is reassigned to the transition point for separation (Active Component) or discharge orders are published (Reserve Component). If a show-cause board, administrative separation board, or separation authority retains the Soldier, remove the Flag when punishment is complete, to include any period of suspension, probation, or parole. For second time drug offenses or higher, the Flag may only be removed by the General Court-Martial Convening Authority.

(3) *Administrative reduction*. Remove the Flag on the date of reduction.

(4) Memorandum of admonishment, censure, or reprimand not administered as nonjudicial punishment. Remove the Flag on the date the appropriate authority directs the filing of the signed memorandum (AR 600-37) or on the date the memorandum is rescinded without filing. A Flag on a Soldier who is on a HQDA promotion list may only be removed by Commander, U.S. Army Human Resources Command (AHRC-PDV-P), 1600 Spearhead Division Avenue, Department 470, Fort Knox, KY 40122-5407 or usarmy.knox.hrc.mbx.tagd-opsa@mail.mil for Active Component or USAR Soldiers or by Director, Army National Guard (HRH-I), 111 South George Mason Drive, Arlington, VA 22204-1373 for ARNG or ARNGUS personnel. This includes officers promotable to CPT through COL, warrant officers promotable to CW3 through CW5, and enlisted Soldiers promotable to SFC through SGM/CSM.

(5) *Involuntary separation or discharge*. Remove the Flag on the date HQDA or the appropriate commander approves retention of the Soldier, or on the date the Soldier is reassigned to the transition point (Active Component) or discharge orders are published (Reserve Component).

(6) Pending removal or consideration for removal (field or Headquarters Department of the Army initiated) from a command, promotion, or school selection list:

(a) *Field-initiated removal from a Headquarters, Department of the Army centralized selection list*. For enlisted Soldiers, remove the Flag on the date a decision is received from HQDA. For officers, the Flag will be removed by the Commander, HRC (AHRC-PDV-P) or the Director, ARNG (ARNG-HRP).

(b) *Field-initiated removal from a semi-centralized promotion list*. Remove the Flag on the date a decision is made by the promotion authority to retain the Soldier on the promotion list or to remove the Soldier from the promotion list.

(c) *Headquarters, Department of the Army initiated*. The HQDA agency responsible for imposing the Flag will remove the Flag upon receipt of a decision from the appropriate authority.

(d) *Soldier separated or retired before final action*. Remove the Flag on the date of separation or retirement.

(7) *Referred Officer Evaluation Report or "Relief for Cause" Noncommissioned Officer Evaluation Report*. Remove the Flag on the date the evaluation is accepted error-free by HRC or State military personnel office and uploaded into the Soldier's AMHRR. A Flag on a Soldier who is on a HQDA promotion list may only be removed by Commander, U.S. Army Human Resources Command (AHRC-PDV-P), 1600 Spearhead Division Avenue, Department 470, Fort Knox, KY 40122-5407 or usarmy.knox.hrc.mbx.tagd-opsa@mail.mil for Active Component or USAR Soldiers or by Director, Army National Guard (HRH-I), 111 South George Mason Drive, Arlington, VA 22204-1373 for ARNG or ARNGUS personnel. This includes officers promotable to CPT through COL, warrant officers promotable to CW3 through CW5, and enlisted Soldiers promotable to SFC through SGM/CSM.

(8) *Security violations*.

(a) *Security violation.* Remove the Flag upon direction of the commander at the LTC (O5) or above level, as appropriate, and notify the Commander, U.S. Army Central Personnel Security Clearance Facility.

(b) *Criminal violation.* This includes violation of Title 18 USC concerning sabotage, espionage, treason, sedition, subversion, terrorist activity, deliberate compromise of classified information, or unauthorized disclosure of classified information; violations of UCMJ, ARTs 94, 104, 106, or 106a; or offenses equivalent to those listed in this paragraph alleged as violations of UCMJ, ARTs 133 or 134. When the case is closed favorably, remove the Flag following coordination with the Commander, U.S. Army Central Personnel Security Clearance Facility. When the case is closed unfavorably, remove the Flag upon direction of the Secretary of the Army.

(c) *Security clearance.* Remove the Flag when the Soldier's security clearance is granted or reinstated; when the Soldier is reclassified into a military operational specialty that does not require a security clearance; or on the date the Soldier is reassigned to the transition point for separation.

(9) *Commander's investigation.* Remove the Flag when one of the following conditions is met:

(a) The investigation results in no adverse findings against the Soldier.

(b) The Soldier is flagged for pending court-martial or nonjudicial or administrative disciplinary action resulting from the adverse findings of the commander's investigation.

(c) The commander decides to take no action against the Soldier.

(10) *Law enforcement investigation.* Remove the Flag when one of the following conditions is met:

(a) The completed DA Form 4833 is submitted to the provost marshal or USACIDC in accordance with AR 190-45.

(b) For civilian law enforcement investigations that are not joint military investigations, the Soldier is flagged for pending court-martial, nonjudicial or administrative disciplinary action, separation, or the commander decides to take no action on substantiated findings against a Soldier.

(11) *Nonrecommendation for automatic promotion.*

(a) For automatic promotion to PV2, PFC, or SPC, remove the Flag no later than 2 working days following the date the Soldier would have been automatically promoted to PV2, PFC, or SPC.

(b) For Active Component automatic promotion to CW2 or 1LT, remove the Flag when the officer is reassigned to the transition point or, if the denial for promotion to 1LT is held in abeyance for up to 6 months, remove the Flag when the commander (LTC or higher) elects to promote the officer.

(c) For Reserve Component automatic promotion to CW2 or 1LT, remove the Flag when the officer meets the requirements of a satisfactory participant and meets the military educational requirements.

(12) *Lautenberg Amendment.* Remove the Flag when conviction is expunged, pardoned, or set aside by competent authority, or when the Soldier is reassigned to the transition point for separation (Active Component) or discharge orders are published (Reserve Component).

(13) *Family care plan.* Remove the Flag when the Family care plan is approved or recertified by the commander or when the Soldier is reassigned to the transition point for separation (Active Component) or discharge orders are published (Reserve Component).

(14) *Army Medical Department personnel not in compliance with AR 40-68.* Remove the Flag on the date of compliance, date of reclassification, or date of separation.

(15) *Noncompliance with 10 USC 10206, Members: physical examinations (Reserve Components) (Flag code X).* Remove the Flag on date of compliance, ETS, ESA, or mandatory retirement date/mandatory release date.

(16) *Punishment phase.* Remove the Flag when punishment is complete, to include any period of suspension, probation, or parole.

(17) *Army Physical Fitness Test.* Remove the Flag on the date the Soldier passes the record APFT.

(18) *Noncompliance with the Army Weight Control Program.* Remove the Flag on date of compliance. The date a Soldier completed a previous weight control program remains on the Flag report for 36 months. If a primary care provider determines that the Soldier became pregnant prior to being entered into the AWCP, the commander will close the Flag using codes KZ, not KE.

Chapter 3 Prohibitions and Retention of Flagged Personnel

3–1. Actions prohibited by a Flag

- A properly imposed Flag prohibits the following personnel actions unless otherwise specified in this regulation:
- a. Appointment, reappointment, reenlistment, or extension unless authorized by AR 601–280, AR 135–180, AR 135–205, or AR 140–111.
- b. Reassignment with the following exceptions (see para 2–8 for additional guidance):
- (1) HRC Personnel Management Directorates (AHRC–OPZ (officer) and AHRC–EPZ (enlisted)) may approve waivers for reassignment requests on a case-by-case basis (not to be delegated below the directors). Directorates must coordinate with HRC promotions branch prior to approving waivers for Soldiers on a centralized DA promotion list.
 - (2) Commanders (ACOMs, ASCCs, and DRUs), in coordination with installation commanders, USAR regional commanders, or state adjutants general may deem reassignment necessary for the purpose of maintaining good discipline, morale, or unit order. Soldier must be reassigned within the same installation or command. Soldiers with a nontransferable Flag may not be reassigned into the individual ready reserve or inactive National Guard.
 - (3) When a Soldier is returned to military control after being dropped from the rolls in accordance with AR 630–10.
 - (4) When a Flag remains in place because a Soldier is undergoing punishment based on a court-martial, civilian criminal trial, or nonjudicial proceedings under UCMJ, ART 15, and the punishment or sentence does not include

confinement, restraint, or geographical travel restrictions imposed by civilian courts as a condition of parole, probation, or suspended sentence.

(5) When a Soldier is flagged solely based on APFT failure or for enrollment in the AWCP.

(6) Family members travel (when the sponsor is overseas) at Government expense to an overseas command due to PCS.

(7) Command sponsorship of Family members (when the sponsor is overseas) at Government expense or to an overseas command due to PCS.

c. Appearance before a semi-centralized promotion board (AR 600–8–19).

d. Promotions in grade, lateral appointments, and frocking (AR 600–8–19, AR 600–8–29, and AR 135–155).

e. Recommendation for, and receipt of, individual awards and decorations. Exceptions to this policy are outlined in AR 600–8–22.

f. Attendance at military or civilian schools. The waiver approval authority for attendance at military or civilian schools is the DCS, G–3/5/7 (DAMO–TR).

(1) For enlisted Soldiers, military schools include, but are not limited to, Noncommissioned Officer Education System courses and functional area and skill qualification training. This does not include basic combat training, advanced individual training, and one-station unit training.

(2) For officers, military schools include Officer Education System courses and functional area and skill specialty training courses. The Basic Officer Leader courses are not included.

(3) Civilian schools are defined as those post-secondary and technical courses, fully or partially funded by the Army, in which the Soldier participates on a full- or part-time basis (such as undergraduate and graduate degree completion program, tuition assistance payment program, and other professional development programs). This does not apply to off-duty education courses that are fully funded at personal expense.

(4) Soldiers enrolled in professional military or civilian schools who subsequently enter into the AWCP may, provided otherwise qualified, continue their course of study while in the AWCP.

g. Unqualified resignation, retirement, or discharge (AR 635–200 and AR 600–8–24).

(1) Unless otherwise prohibited, commissioned and warrant officers may submit a request for unqualified resignation, discharge, or retirement for consideration by HQDA (or the appropriate regional commander) while flagged. However, officers flagged for a Promotion Review Board may not apply for unqualified resignation, retirement, or discharge until their promotion status is resolved (AR 600–8–24).

(2) Enlisted Soldiers who are flagged may submit retirement applications to be considered on a case-by-case basis by the retirement approval authority (AR 635–200).

(3) USAR Soldiers (officer and enlisted), if qualified, may request reassignment to the Retired Reserve. Such requests will be considered on a case-by-case basis (AR 140–10).

h. Advance or excess leave, unless granted as an exception to policy by commanders in accordance with AR 600–8–10.

i. Payment of enlistment bonus or selective reenlistment bonus (AR 601–280). USAR Soldiers will not be processed for initial or anniversary payments while flagged except as authorized by AR 601–210.

j. Assumption of command (AR 600–20).

3–2. Retention beyond expiration of terms of service or mandatory retirement date

Soldiers will not be retained beyond their normal ETS, ESA, maximum years of service, or mandatory retirement date/mandatory release date solely because they are flagged. Appendix B
Suspension of favorable actions flow charts

Initiate a Flag (para 2-7)

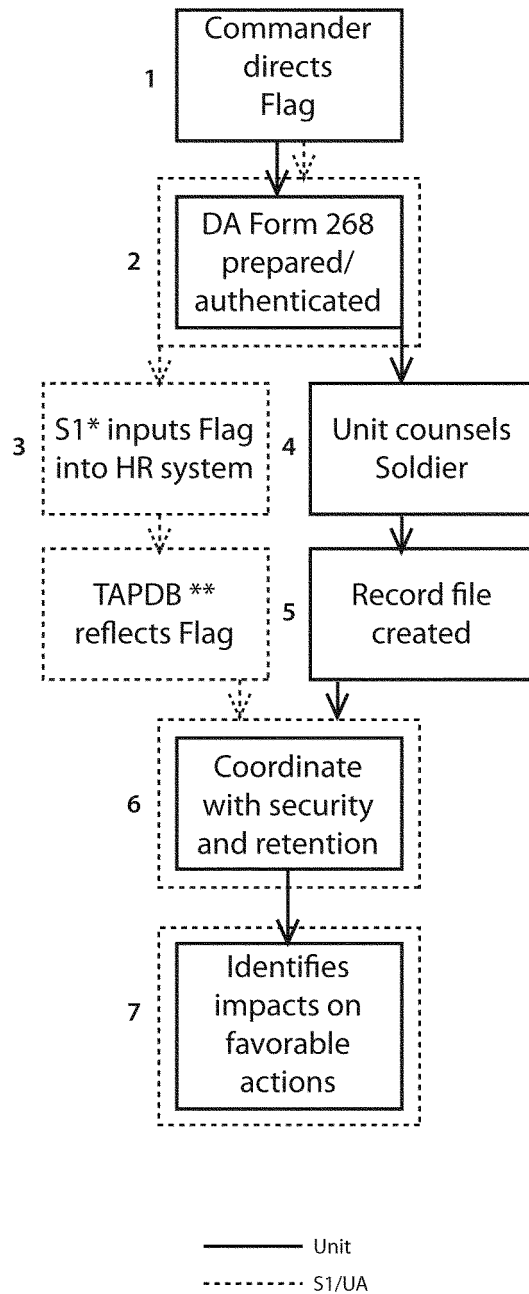

Figure B-1. Initiate a Flag

-
- Step 1:** Commander identifies a requirement for a Flag (para 2-2 or 2-3); directs unit personnel or S1 to prepare a DA Form 268; and provides supporting documentation.
- Step 2:** Unit/S1 prepares DA Form 268 for commander's signature/authentication (para 2-5); S1 validates Flag accuracy with supporting documentation.
- Step 3:** S1 initiates Flag in HR system; system updates Total Army Personnel Database (TAPDB).
- Step 4:** Commander or supervisor counsels Soldier on reason for the Flag, requirements for removal and actions prohibited by the Flag; provides Soldier with a copy of the DA Form 268 (para 2-6).
- Step 5:** Unit maintains a copy of signed Flag, supporting documentation, and counseling for Flag records management (para 2-10).
- Step 6:** Unit/S1 notifies security manager/S2 and career counselor of Flag for their assessment of security clearance and reenlistment eligibility.
- Step 7:** Unit/S1 assesses Flag impact on pending favorable actions (PCS/ETS; awards; schools; promotion, and so forth). Advises commander to act quickly if PCS/ETS is pending; determines if orders need to be revoked or revised. Determines promotion status: does Flag result in removal from a semi-centralized promotion list or coordination with HRC for Flag removal? (chap 3).
- * Note:** All tasks identified for S1 may be performed by S1 personnel or unit administrator (UA).
- ** Note:** HRC/NGB has visibility on all Flags posted to TAPDB until Flag is closed. HRC/NGB verifies Soldier's Flag status when processing personnel actions (awards, retirements, schools, assignments, promotion) .

Figure B-1. Initiate a Flag—continued

Remove a Flag (para 2-9)

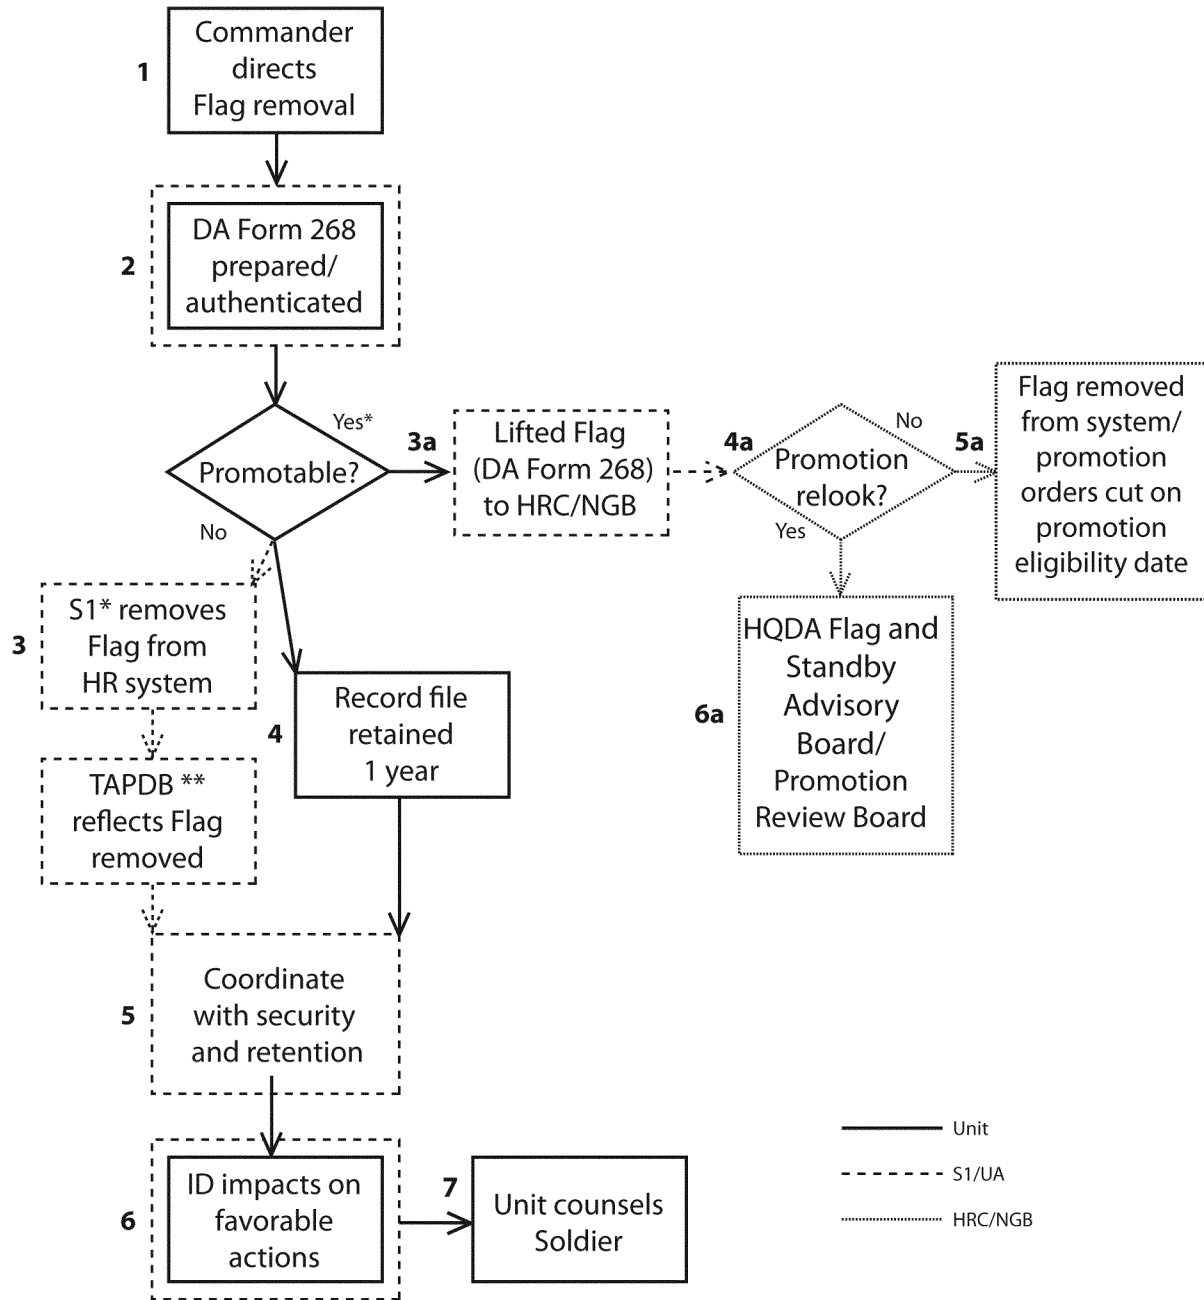

Figure B-2. Remove a Flag

Step 1: Commander identifies a requirement to lift a Flag (para 2-9b); directs unit personnel or S1 to prepare a DA Form 268; and provides supporting documentation.

Step 2: Unit/S1 prepares DA Form 268 for commander's signature/authentication (para 2-5); S1 validates accuracy of lifting the Flag with supporting documentation.

If Soldier is not on a DA promotion list (centralized promotion list):

Step 3: S1 removes Flag form HR system; system updates TAPDB.

Step 4: Unit maintains a copy of Flag record (signed DA Form 268 initiating and removing the Flag, supporting documentation, and counseling documents) for 1 year (para 2-10).

Step 5: Unit/S1 notifies security manager/S2 and career counselor of Flag removal for their assessment of security clearance and reenlistment eligibility.

Step 6: Unit/S1 assesses Flag removal impact on favorable actions on hold (PCS/ETS, awards, schools, promotion, and so forth). Determines promotion status: does Flag result in removal from a semi-centralized promotion list or coordination with HRC for Flag removal?

Step 7: Commander or supervisor counsels Soldiers on reason for lifting the Flag, actions now authorized with Flag removal, and impact if re-flagged (for example, weight control); provides Soldier a copy of the DA Form 268.

* **Note:** All tasks identified for S1 may be performed by S1 personnel or UA.

If Soldier is on a DA promotion list (centralized promotion list):

** **Note:** S1s must verify in paragraph 2-9b if the applicable Flag type must be removed by HRC/NGB. If HRC/NGB removal is not required, go to step 3. If HRC/NGB removal is required, go to step 3a. Steps below performed by HRC promotions branch will be performed by NGB for ARNG officers

Step 3a: S1 sends the DA Form 268 lifting the Flag with supporting documentation to HRC promotions branch without lifting the Flag in the HR systems.

Step 4a: Upon receipt of close-out Flag with supporting documentation, HRC promotions branch determines if the results of the Flag warrant the Soldier's promotion status receiving a reconsideration.

Step 5a: If promotion reconsideration is not warranted, HRC will remove the Flag from the TAPDB and will publish promotion orders on promotion eligibility date.

Step 6a: If promotion reconsideration is warranted, HRC will initiate a HQDA Flag for "Removal from a selection list" (code F) and initiate a Promotion Review Board or Standby Advisory Board for promotion reconsideration. HRC will then authorize the unit to lift the locally initiated Flag from the HR system.

Figure B-2. Remove a Flag—continued

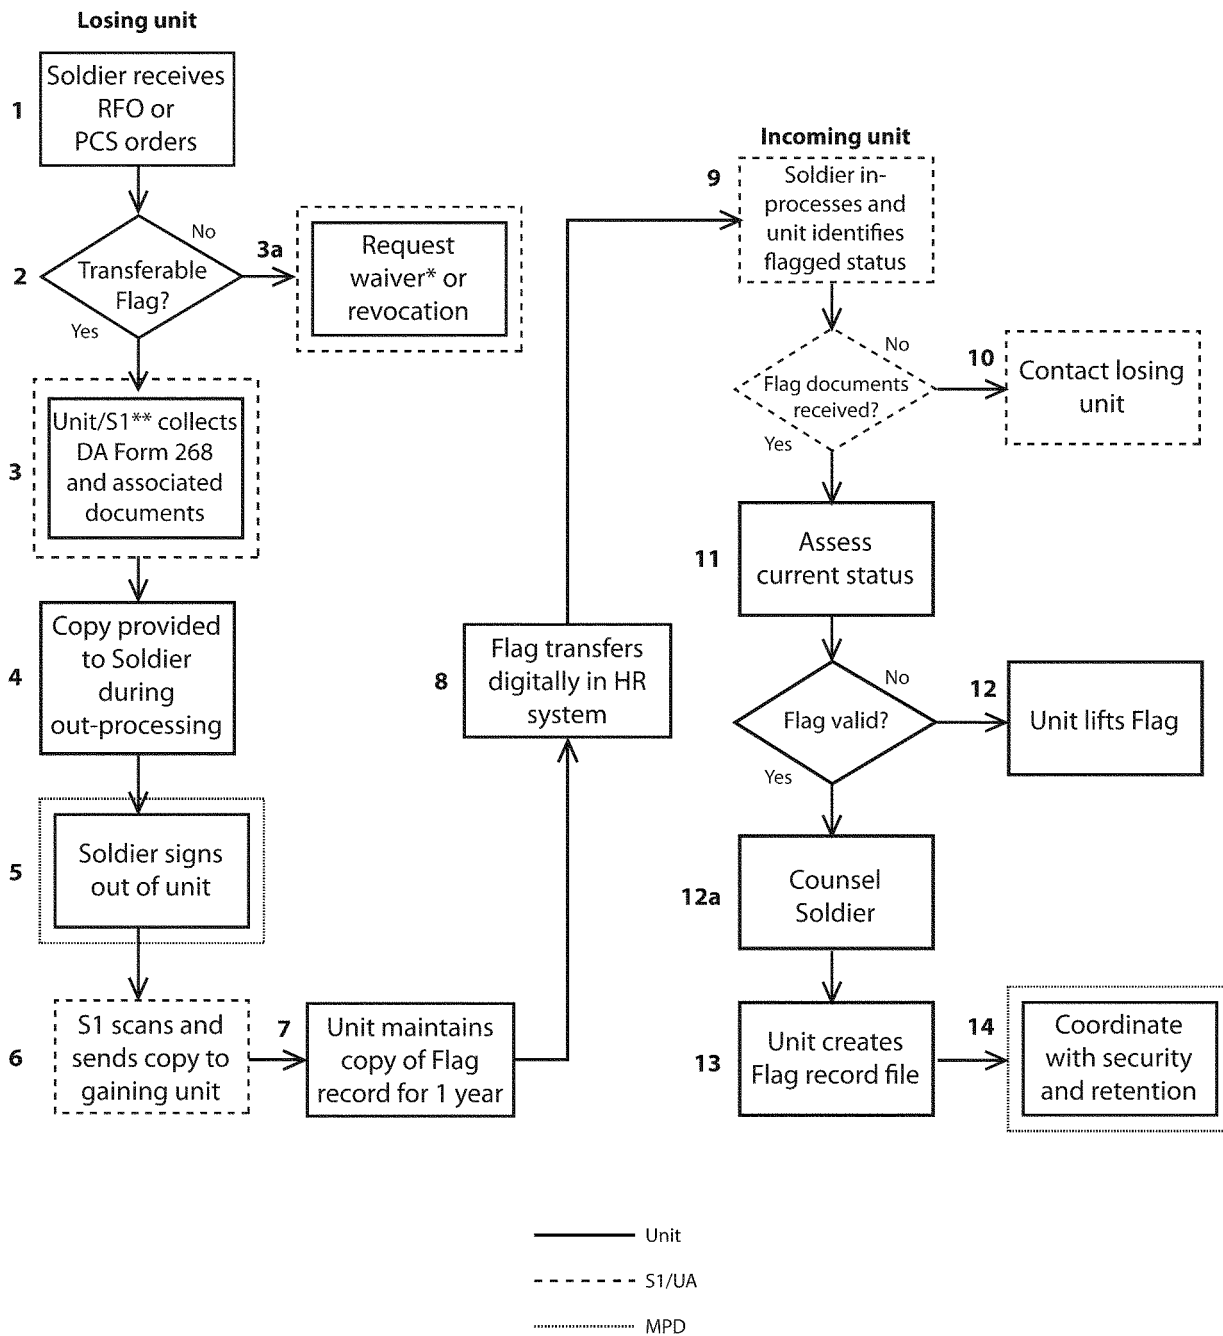

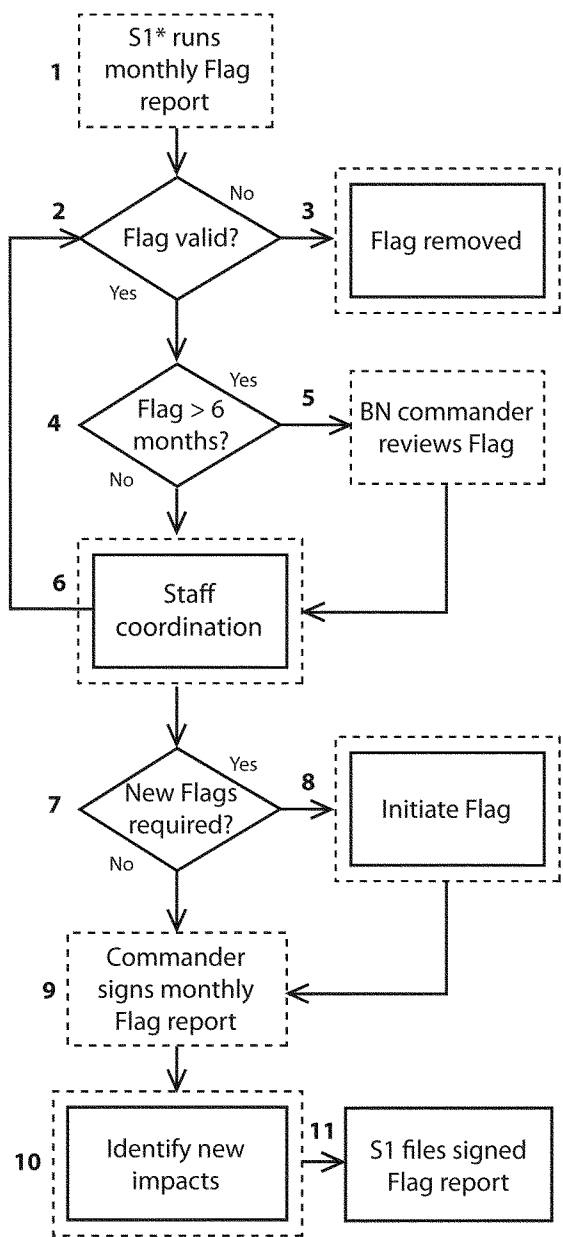

Figure B-3. Transfer a Flag

-
- Step 1:** Soldier is issued a request for orders (RFO) or PCS orders.
- Step 2:** Unit/S1 identifies if Soldier is flagged and if the Flag is transferable (paras 2-1 and 2-2).
- Step 3a:** If Flag is nontransferable, unit/S1 assesses situation and requests a waiver for Soldier to PCS, a delay of report date, or a revocation of PCS orders (para 3-1b). *Note: If Soldier is on a HQDA centralized promotion list, waiver must receive prior approval of HRC promotions branch (2-8e).
- Step 3:** If Flag is transferable (or waiver approved), unit/S1 collects DA Form 268 initiating the Flag and all associated and supporting documents (APFT cards, body fat worksheets, counseling statements, punishment directives, and so forth).
- Step 4:** Unit will provide Soldier with a copy of DA Form 268 and supporting documents during out-processing; unit will annotate documents on DA Form 5123 (In- and Out-Processing Records Checklist).
- Step 5:** The MPD will verify transferable Flag and supporting documents during Soldier's final out (para 1-4i).
- Step 6:** S1 will scan DA Form 268 and supporting documents and email to gaining unit.
- Step 7:** Unit maintains a copy of the Flag record (signed DA Form 268 initiating the Flag, supporting documentation, and counseling documents) for 1 year (para 2-10).
- Step 8:** Flag is digitally transferred to the Soldier's new unit by the HR system.
- Step 9:** Upon in-processing to the new unit, Soldier's Flag is visible to the unit in the Soldier's digital record and reflected on the unit's Flag report. The unit identifies if the Flag documents have been received from the losing unit.
- Step 10:** If Flag documents have not been received, the S1 contacts the losing unit requesting a copy; if they are not available the unit must initiate a new record (APFT and/or weight control packet, DA Form 4856, and DA Form 268).
- Step 11:** Unit validates accuracy of Flag with supporting documentation from losing unit and/or new documents upon in-processing (for example, new APFT or body fat worksheet) and maintains a copy of signed Flag and supporting documentation for Flag records.
- Step 12:** If Flag is no longer valid, the unit will initiate removal of Flag.
- Step 12a:** If Flag is still valid, the commander or supervisor re-counsels Soldier on reason for the Flag, requirements for removal, and actions prohibited by the Flag and provides Soldier a copy of the DA Form 268.
- Step 13:** Unit maintains a copy of signed Flag, supporting documentation, and counseling for Flag records management (para 2-10).
- Step 14:** S1 notifies S2 and career counselor of Flag for their assessment of security clearance and reenlistment eligibility; assesses Flag impact on pending favorable actions (retirement/ETS; awards; schools; promotion, and so forth).
- ** Note:** All tasks identified for S1 may be performed by S1 personnel or UA.

- Step 3:** If Flag is no longer valid, unit/S1 initiates Flag removal.
- Step 4:** Unit commander identifies any Flags that are over 6 months old and forwards Flag with supporting documentation to BN commander for validation.
- Step 5:** Battalion commander reviews and validates all Flags over 6 months old (para 1-9b).

Staff sections include: training (APFT, AWCP); legal (investigations, adverse action, separations); S2 (security violations); ASAP (drug and alcohol violations); and S1 (evaluations, Family care plans). Coordination with staff also includes situational awareness of additions and removals with career counselor (reenlistment eligibility), S1 (promotion eligibility), and S2 (security clearances) (para 2-7c).
- Step 7:** Commander identifies any Soldier who should be flagged.
- Step 8:** Unit initiates identified missing Flag; S1 enters Flag into HR system.
- Step 9:** Unit commander signs Flag report validating active Flags and annotating all changes; submits any DA Forms 268 removing and/or initiating Flags (para 1-9b). Battalion commander also signs, if any Flag on the report is over 6 months old (para 1-9b).
- Step 10:** Unit/S1 assesses if there are any new impacts on favorable actions for flagged Soldiers (PCS/ETS; retirements, awards; promotion, schools, assignments, and so forth) (chap 3).
- Step 11:** S1 files Flag report signed by the commander until superseded by next month's report (para 2-10).
- * **Note:** All tasks identified for S1 may be performed by S1 personnel or UA. ARNG Flag reports are provided by the State's Military Personnel Mangement Office.
