OFFICIALS TO ADDRESS THE NEED FOR INSPECTION SYSTEM REFORMS AT ROUNDTABLE DEBATE ON TUESDAY, SEPTEMBER 27

BELGRADE (Sept. 26, 2011) – The media is invited to cover a high-level roundtable discussion about Serbia's redundant, arbitrary and opaque inspection systems – along with possible solutions to this problem – from 10:30 a.m. to 1:15 p.m. on September 27 at the Palace of Serbia in Belgrade.

This meeting will identify the main issues related to improving inspection activities, particularly in terms of channeling the “gray economy” into the formal sector. Business people who participated in earlier inspections roundtables in Valjevo, Nis, Kragujevac, Novi Sad and Krusevac will join the Belgrade event. Topics will include the length of inspections, lack of coordination of inspections, overlapping of inspection jurisdictions and corruption.
