

Trading Cards

"We don't know enough yet to say what is impossible."

Name: Mary Kaiser

Title: Research psychologist

What I do: I work on research programs looking at how humans interact with aerospace systems. I find ways to improve human performance and minimize error, and I look at how to design machines to be comfortable for people to use.

Education: B.A. in Biology and English
M.A. and Ph.D. in Psychology

Experience: 15+ years as a Research Psychologist

Skills: studying human behavior, observation skills

Interests: writing, spending time with family, outdoors activities
