

SCHOOL BUS TRANSPORTATION & SAFETY

SURE START

KINDERGARTEN STUDENTS

- ⇒ DoDEA regulations give special consideration to Sure Start / Kindergarten Students (SS/KN). SS/KN students are required to be picked up, or dropped off at their bus stop by a sponsor/parent/authorized person, must be at least 12 years old and know the 4-digit PIN. If no parent or authorized person is at the stop, we will attempt to contact, if attempt fails, we will return the child to the appropriate Security Facility. If the parent / sponsor knows in advance they will not be at the stop, please contact our office, and we can make arrangements.

LOST /FOUND

- ⇒ Items left on the bus are returned to the student during the next AM, or PM bus run. If unable to return the item directly to the student, the item is returned to that school's front office.

ACTIVITY BUS QUESTION

- ⇒ Please direct any questions regarding Activity buses to your child's respective school.

BUS SAFETY TRAINING

- ⇒ During the month of September, the Student Transportation Office conducted School Bus Safety, and Evacuation Training to all Okinawa DoDDS Elementary School students.
- ⇒ We have had some near tragedies during past years, and request all Sponsors/ Parents ensure your child/ children maintain their safety awareness while walking to/from the bus stop. And while boarding/de-boarding the bus.
- ⇒ Ensure your child rides the bus they have been assigned to. For safety, security, & maintaining current ridership data, etc.; we can not allow students to ride a different bus. However we can sometimes make an exception

... Email, or call our office at least 24 hours prior.

Notes to the Security Attendant will not be honored.

HOT TIP

- ⇒ All parents/sponsor need to ensure they have updated contact information. Cell phone, & Email contact are critically important during emergencies, or mass communication messages. Please take a moment and update through your child's school.
