

Pre-deployment Training

AKO Information

AKO User ID and Password will be needed for some Pre-requisite programs.

To change your password, log into AKO, click on "My Account" in the menu bar, select "Account Settings", then "Change Password".

To reset your password once it is expired, go to the splash page of AKO:
<https://www.us.army.mil>.

Click the "I Accept" button, and then the "Reset Password" link under the "Help" section to the right of the Login box. If you still need more assistance in updating your password or have any other questions concerning the portal, visit our site at <http://help.us.army.mil>. You can click "Find Answers" at the top to search our FAQ for detailed assistance.

If you have any questions about your AKO account, please contact the Helpdesk Support Center by clicking on the 'Help' link in AKO.
