NOTAM Realignment Keyword Test

By: Scott Chapman, FAA AIM Systems

Date: 19 October 2007

Keyword Test Plan

- **Purpose**
 - Send test NOTAMs with new keywords to all NOTAM users
 - Users assess impacts of keywords
- **Scope**
 - Determine:
 - Are the test NOTAM Ds with keywords received correctly
 - Can the user systems handle the keywords
 - Can user systems receive & process keyword test NOTAM without manual intervention
 - Not a volume test

Test Participants

- **Kenai AFSS (transmit/receive)**
 - OASIS
 - AISR
- **Lockheed Martin, DCA (transmit/receive)**
 - FS21
- **U.S. NOTAM Office & EDS (support)**
 - Existing software (no keyword validation)
- **En Route (receive)**
 - ERIDS (Jacksonville, Ft. Worth, Kansas City, Albuquerque)
- **Other End Users (receive)**
