Mr. Chris Oliver  
Executive Director  
North Pacific Fishery Management Council  
605 West 4<sup>th</sup> Avenue, Suite 306  
Anchorage, AK 99501-2252

Dear Chris:

Enclosed is the final 2002 report from the Northern Victor Fleet Cooperative. I am also enclosing a copy of the addendum to the Coop's Membership Agreement that extends the Cooperative through 2003.

Sincerely,

Terry Leitzell

FINAL

NORTHERN VICTOR  
FLEET COOPERATIVE

2002 REPORT TO THE  
NORTH PACIFIC FISHERY MANAGEMENT  
COUNCIL

January 17, 2003

## **I. COOPERATIVE ORGANIZATION.**

### **A. Legal Obligations.**

The Northern Victor Fleet Cooperative was formed on December 20, 1999 with ten member vessels and an Agreement to Process with Icicle Seafoods, Inc., the owner of the P/V NORTHERN VICTOR (Members are listed at Exhibit A). The Membership Agreement was extended for the year 2002, effective December 1, 2001 (copy attached). Icicle Seafoods, Inc. signed the 2002 Agreement to Process on November 26, 2001 (copy attached).

### **B. Member Obligations.**

In the Membership Agreement, each Member agrees not to exceed its allocation of pollock or its allocation of cap amounts for species in sideboard fisheries. It agrees to base allocations on pro rata catch history that each Member brings to the Cooperative, to recognize exemptions and the authorization for vessels under 99 feet to fish inside the Steller sea lion critical habitat forage area, and to recognize the right of each Member to deliver up to 10% of its annual pollock allocation to a pollock processor other than Icicle Seafoods. Each Member agrees that transfers of allocations between Members are authorized so long as notification is given to the Cooperative President, Icicle Seafoods, the Intercooperative Manager, and Sea State, the monitoring service for the Intercooperative Group.

### **C. Member and Board Meetings.**

The Members met on November 14, 2001, in Seattle and accepted the F/V COLLIER BROTHERS for membership, with the owner of the vessel accepting all of the terms and conditions of membership in the Cooperative. The Members elected the following five directors to serve as the Board of Directors for 2002: John Woodruff and Terry Leitzell of Icicle Seafoods (owner of five trawlers in the Cooperative), Norman Johannessen (an owner of the F/Vs POSEIDON and ROYAL ATLANTIC), Bert Ashley (an owner of the F/V GOLD RUSH), and Mike Stone (representing the owner of the F/Vs NORDIC FURY and PACIFIC FURY). During 2002, the Members approved the extension of and changes to the Intercooperative Agreement, the Intercooperative agreement on allocations of P. cod and halibut PSC, and the Intercooperative agreement on salmon bycatch reduction.

The Board of Directors met on November 14, 2001. The Board elected the following officers: Terry L. Leitzell as President, Norman Johannessen as Vice President, and John Woodruff as Secretary/Treasurer. The Board selected Terry L. Leitzell as the Cooperative's designated representative, approved the selection of Judy Sisco as the on-board manager, and approved the retention of Joseph Sullivan as counsel.

**D. Cooperative Operations.**

Prior to each of the A and B Seasons, the President prepared spreadsheets for pollock allocations to each vessel, divided into allocations inside and outside the critical habitat forage area as appropriate, and divided into the A and B Seasons. At various times during the year, the President also prepared spreadsheets allocating the Bering Sea and Aleutian Islands Pacific cod fishery to each vessel and revised both pollock and cod spreadsheets as reserves were released. The President also prepared a spreadsheet allocating to each vessel a cap for halibut PSC in the P. cod fishery.

On board the P/V NORTHERN VICTOR, the on-board manager worked with each of the Member vessels, providing them with information about the allocations and changes of allocations, and about the amount remaining in each vessel's allocations. The manager entered all landings into a spreadsheet that contained each vessel's quota allocation for pollock and cod, each vessel's quota subdivision into inside and outside critical habitat, and the landed pounds for each vessel. The spreadsheet was always available to vessel skippers and was e-mailed to the Cooperative President weekly. The manager also reported all landings to the National Marine Fisheries Service and to Sea State, the Intercooperative Group's monitoring service.

During the year, transfers of pollock allocations and cod cap allocations occurred. At the end of each of the A and B Seasons, the manager, in consultation with the Cooperative President and the Fleet Manager, designated one vessel to make the last trip or trips to catch the remaining pollock quota amounts for all Cooperative vessels. This approach ensured that the Cooperative did not exceed its BSAI pollock allocations. All transfers were approved by the President and implemented by the on-board manager.

**II. SIDEBOARD FISHERY CAPS AND CATCHES.**

Tables 2, 3, 4, 5 and 6 provide details on the Cooperative vessels' activity in sideboard fisheries. The Cooperative's vessels did not participate in the yellowfin sole or other flatfish fisheries in the Bering Sea and Aleutians.

**A. Bering Sea and Aleutian Islands Cod and PSC Halibut and Other PSC Species.**

The Cooperative is a member of the Intercooperative Group which agreed upon the allocation of the AFA vessel P. cod sideboard cap on a cooperative by cooperative basis. Individual vessel catches are in Table 1. The Cooperative's aggregate cod cap allocation and catch by non-exempt vessels is as follows:

<b><u>Cooperative cap allocation:</u></b>	<b>10,685,696 pounds</b>
<b><u>Cooperative catch:</u></b>	<b>9,477,333 pounds</b>

As a Member of the Intercooperative Group, the cooperative agreed to apportion the AFA halibut sideboard cap to each cooperative. The Cooperative allocated the halibut cap pro rata to

its Member vessels based on cod landings history, and monitored and enforced the cap. Table 3 shows the cod and associated halibut cap allocations for these vessels.

**B. Gulf of Alaska Fisheries.**

Three Cooperative vessels fished in the Gulf of Alaska fisheries at various times during the year: the F/V Excalibur II and the F/V Gold Rush, both of which are GOA-exempt, and the F/V Sunset Bay, which is non-exempt. The vessels' catches are shown in Tables 5 and 6.

**C. Bristol Bay Red King Crab Catch.**

The AFA vessels that were eligible for the Bristol Bay red king crab fishery worked together under the Intercooperative Group to ensure that the AFA vessels did not exceed the AFA cap. The Cooperative had two eligible vessels, the F/V STORM PETREL and the F/V COMMODORE, which had the following catches in the 2002 fishery.

**STORM PETREL: 33,836 pounds.**

**COMMODORE: 32,021 pounds.**

**III. PENALTY STRUCTURES.**

The Cooperative's Members recognized the critical importance of strong commitments by each Member to comply with pollock allocations, cod cap allocations, and limits in all sideboard fisheries for pollock in the Gulf of Alaska, non-pollock groundfish in the Bering Sea/Aleutian Islands and the Gulf of Alaska, and crab. The Cooperative took three approaches to ensuring compliance. First, each Member made a specific commitment in the Membership Agreement to comply with all allocations and limits. Second, the practical operation of the Cooperative and the constant availability of up-to-date data on landings minimized the possibility of error. Third, the Members set forfeiture amounts, for any catches that exceed an allocation of quota or a cap amount, of 150% of the ex-vessel value for pollock, \$1,000 per metric ton for P. cod, and \$300 per metric ton for other groundfish. No penalty actions were taken in 2002.

## AGREEMENT TO PROCESS

This AGREEMENT TO PROCESS is entered into as of November 26, 2001, by Icicle Seafoods, Inc., an Alaska corporation ("Icicle"), with reference to the following facts:

A. The American Fisheries Act (the "Act") authorizes the Secretary of Commerce to reserve portions of the Bering Sea/ Aleutian Islands ("BS/ AI") pollock inshore directed fishing allowance for harvesting only by members of qualifying fishery cooperatives.

B. Under the Act, a contract implementing a qualifying fishery cooperative must specify (i) that, other than as permitted under Section 210(b)(6) of the Act, the cooperative's catcher vessels will deliver pollock in the BS/ AI directed pollock fishery only to the processor to which such vessels delivered more pollock than to any other AFA inshore processor in the last year in which the vessels engaged in directed fishing for pollock in the BS/ AI for delivery to the inside sector, and (ii) that such processor has agreed to process such pollock.

C. The owners of eighty percent (80%) of the catcher vessels that delivered more pollock to the P/V NORTHERN VICTOR, a processing vessel owned by Evening Star, Inc., a wholly-owned subsidiary of Icicle, in the last year in which the vessels engaged in directed fishing for pollock for delivery to the inside sector have agreed, subject to the provisions of Section 210(b)(6) of the Act and related provisions in the Northern Victor Fleet Cooperative (the "Cooperative") Membership Agreement, to deliver pollock from the BS/ AI directed pollock fishery only to the P/V NORTHERN VICTOR.

D. Icicle is willing to agree to process the BS/ AI directed pollock fishery harvest of the Cooperative's members' vessels, to enable the Cooperative to obtain an allocation of BS/ AI pollock under Section 210 of the Act.

Now, therefore, Icicle hereby agrees to purchase and process pollock harvested in the BS/ AI directed pollock fishery by the Cooperative's members' catcher vessels, on terms and conditions to be agreed upon by and between Icicle and such vessels' owners. Icicle hereby acknowledges and agrees that, pursuant to Section 210(b)(6) of the Act and subject to provisions of the Membership Agreement, such vessels may deliver up to ten percent (10%) of the Cooperative's BS/ AI pollock allocation to qualified shoreside processors other than Icicle.
