SUBJECT : Charts Containing Information for FY 1993 Derived
from Title I State Plans and Plan Attachments

CONTENT : Attached are five charts containing information
for FY 1993 derived from Title I State plans and
plan attachments. These charts include
information on: the agencies having an approved
order of selection; the agencies having financial
needs tests for services; the agencies providing
telecommunications systems and special materials;
the agencies providing for construction,
establishment, and facilities and services to
groups; and the agencies providing management
services and supervision of small business
enterprises.

In designating a State agency in the attached
charts, one of three letters follows the
abbreviation for the name of the State. "G,"
(general), after the name of the State indicates
that the agency is authorized to provide services
to all eligible individuals with disabilities in
the State except individuals who are blind. "B,"
(blind), after the name of the State indicates
that the agency is authorized to provide services
only to eligible individuals who are blind. "C,"
(combined), after the name of the State indicates
that the agency is authorized to provide services
to all eligible individuals with disabilities in
the State.

The information contained on the charts is
organized by the ten RSA regions. When referring
to the fifty States and the District of Columbia,
the standard two-letter abbreviations are used.

In addition, the following abbreviations appear in the attached charts:

PR--Puerto Rico
VI--Virginia Islands
AS--American Samoa
CNMI--Commonwealth of the Northern Mariana Islands
GU--Guam
Palau--Republic of Palau

Charts describing State agencies' organizational structure are not included with this Information Memorandum. For this information, refer to RSA-IM-92-25, dated August 12, 1992, which contains charts on the agencies responsible for administering State vocational rehabilitation programs.
