

## **EVENT: FORT GORDON FACEBOOK TOWN HALL ISSUES AND RESPONSES**

**Date/Time: 18 January 2012 / 1830-1930**

### **Fort Gordon Garrison**

Welcome to our Quarterly Fort Gordon Facebook Town Hall. We appreciate you joining us and hope that you will find this interaction useful and informative. I am happy to report that our Commanding General, MG Alan R. Lynn, Jr. is with us this evening and is participating in this Town Hall meeting. Before we begin, please note the following procedures to follow as we conduct the Town Hall to ensure we capture your comments. -- COL Barker, Garrison Commander

**Fort Gordon Garrison** Procedural highlights: We will list individual agency threads. Identify the agency your question should be directed to and submit your comment or question in the corresponding 'Write a comment...' field. Please remember to ONLY post Like / Comments below appropriate Wall thread, so that there is no confusion. Note agency phone numbers will not be manned during the Town Hall event. Your cooperation is appreciated. If you are uncertain where to post your question, concern, or compliment, then 'Write a comment...' on COL Barker's original post and we will redirect it. In addition, you may have to periodically refresh your page to see all postings. We'll get started shortly. The Facebook discussion will end at 1930 hrs.

**Fort Gordon Garrison** Please keep in mind when you participate:

#### **"KEEP IT CLEAN"**

- We want you to be honest, but we need the conversations to be constructive. Let's use these conversations to solve problems, not create more. We will remove any posts that are abusive or use profanity.

#### **"KEEP IT SHORT"**

- The subject matter experts that we'll have answering questions or providing information will only be available for the allotted time.

#### **"KEEP IT TO AN HOUR"**

- The subject matter experts that we'll have answering questions or providing information will only have an hour to spend with us.

#### **"KEEP IT IN MIND"**

- This is a new effort, so we may experience some growing pains along the way. Please be patient with us. Some questions we can answer on the spot, some we'll have to look into, and some questions may not be answered the way you want.

**Fort Gordon Garrison**

ASK AWAY!!

We have the subject matter experts here ready to answer your questions and provide you information!! Identify the agency thread to direct your question to and 'Write a comment. . .'

**(CG) Commanding General for Fort Gordon:** Looking forward to your questions!

**Fort Gordon CG** CSM Pflieger and I are here to answer any of your concerns. What is on your mind? If you would like to give positive comments then those would be welcome too! (1 like)

**Bobby White** When is graduation for c Co 551

**Fort Gordon CG** Hi, Mr. White! Thank you for your question!

**Fort Gordon CG** Mr. White, C Co 551 is having their graduation ceremony on 25 January at 3 PM at Alexander Hall. Please contact your Soldier to make sure he or she has completed all course requirements before you make the long trip. Happy New Year and thank you again!

**Stephen T. Snowberger** Good evening. I work for one of the contractors on post. I am a strong believer in the Constitution and particularly the 2nd Amendment. I am an ex-Field Artillery Officer (Vietnam era). I have a permit to carry a concealed weapon in Georgia. I see the signs at the gate entrances telling me I cannot carry on post so I don't. I would like to initiate a discussion of the possibility of being able to have the means of defending myself and others if something were to occur on my way to or from work. As things are, I am denied that right. Please reply on how we can explore this. Thank you.

**Fort Gordon GC** Mr. Snowberger, I appreciate your question and it is not the first time it has been addressed. There are many levels today who are considering this based on the incident at Ft Hood, but there are also as many who have the opposing view. Today, the only approved time to carry a weapon, and not concealed, is to the range or approved hunting areas. The regulation is not only a Fort Gordon, but a Department of

the Army regulation. In order to change this rule, we would have to have DA change their regulation. I hope this starts the discussion. COL Barker

**Stephen T. Snowberger** Thank you for your reply. I, too, hope this "starts the discussion." As tragic as the event at Ft Hood was, I can't help but wonder if personnel there were able to carry, how the shooter might have been stopped much sooner when he had to face return fire. (1 like)

**Trey Durant** Would Ft Gordon ever give disabled Vets priority to fish and hunt during the seasons? Instead of a drawing? (1 like)

**Fort Gordon GC** Mr. Durant, your question, along with other issues that have been asked, such as life-time licenses like the state of GA currently issues, is being discussed now as we go forward in updating the hunting and fishing regulations for Ft Gordon. These issues will be discussed at the next hunting and fishing council meeting held late spring/early summer and a determination will be made on how best we can support the entire population on Ft Gordon. Thanks, COL Barker

**Rachel Clark** Hey, I was also wondering if there is any way to do something about the kids walking to/from school. I feel like there are a lot of young kids walking alone far too young to be alone and I've seen them walk right out in front of cars in Gordon Terrace. Especially the turn to Hill Drive.

**Fort Gordon BBC** Mrs. Clark, thank you for your comment and your concern with the safety of our young residents. In accordance with the Garrison Child Supervision Policy #15, adult supervision must be provided for children in the 5th grade or younger. The MPs should be notified when the policy is not being followed.

**Fort Gordon Garrison DES** Rachel Clark, please call the MP Desk at 706-791-4380 and report this as soon as you see it occur. The only way we can hold parents responsible is to identify the child and the parent. Any information you have, description, etc can be useful. LTC Chandler, DES (1 like)

**Rachel Clark** I will notify the MPs, thanks. These are 5, possibly 6 year olds. Totally alone.

**Fort Gordon Garrison DES** Thanks for looking out for their safety

**Sheryll Lander** I was wondering if residents can request additional ceiling fans for the downstairs and a screen/storm door for the back patio? It would lower power bills. Right now the downstairs is cold and upstairs the heat is terrible. There's probably 5 months out of the year that open windows and screen doors could be used instead of the AC here in Augusta. **(DeCA) DEFENSE COMMISSARY AGENCY – Our focus: Food Logistics. 706-791-3718 ext. 314**

**Candy Gee** DeCA--Will the commissary ever do a trial run and open on Monday to see if they'll get enough business to open regularly on Monday?

**Fort Gordon DeCA** Candy Gee, although we are open the Monday prior to Thanksgiving and Christmas every year, we have not done a test to be open every Monday. I will pass your suggestion along to HQ DeCA, Fort Lee, VA. Thanks for your question. (1 like)

**Candy Gee** Thanks a lot!

**Gail Rosario Fitzpatrick** For the past two weeks, the shelves have been kind of bare. Any reason for this situation?

**Fort Gordon DeCA** Gail, yes, we were preparing for our annual wall-to-wall inventory. We do reduce the amount of shipments by 5-10% to ensure a more accurate count. We are fully stocked at this time. Thank you.

**Sheryll Lander** Would like to see case sales on 1st and 15th...Quarterly would be nice..LOL (1 like)

**Angela Amy-stockwell** Better quality produce would be great! I buy it then the next days it's moldy!

**Heather Rockel** I was just in the commissary and used self check out. All three of the open machines had problems. My problem was a coupon issue. I scanned the coupon and .50 was taken off so I dropped it in the box. It did not register that. So I asked for help because I could not go on. The African American woman cashier came and stuffed a stick down it. This caused the machine to say the box was full and voided the .50 coupon. The cashier then tried to take the .50 cents off. Well she added .50 cents and proceeded to tell me see I took it off. I told her no you added .50 cents. She said no see it took it off because I can't click on the coupon button. She then clicked the check out button and then clicked the coupon button to take off .50 cents. I told her she needed to do it for a dollar because she added .50 cents. She then yelled at me and me told hold on and then typed in 5.50 as the coupon. She left disgruntled to get help because again she messed up. In the mean time, the other two machines are messing up. The one froze after she did something to it. People were getting really frustrated. So someone came, fixed the prices and I could check out. Well not so because so much had happened I could not check out without another scan from the cashier card. The lady left after my price was fixed hand the card to an African American male telling him people are getting mad at her. I truly believe what happened was this lady was not trained to help run those machines. She also had no people skills. I have never been yelled at like that before when I was trying to help her fix it. She refused to listen to me. So therefore I am not sure I would want to come back. With rude employees, expensive prices, and empty shelves this commissary has done nothing to have a draw back appeal. Thank you for reading! (1 like)

**Extended Hours for Range Operations and Multiple Day Range Bookings:**

For units utilizing Fort Gordon ranges; all unit leaders are reminded that units needing to conduct live fire operations beyond the normal Range Operations Division duty ...hours will always be supported. That said, extended hour support does require us to coordinate scheduling of a very small Range staff. Units are asked to please schedule their extended range hours in advance with Range Operations Division if firing beyond 1630 is projected. Units are expected to begin scheduled firing at the time coordinated on the morning of scheduled range(s). We understand emergencies arise, and if unforecasted extended hours are required, advise Range Operations Division as soon as possible on the day of firing. Also, based on a question from one of our units, commands are permitted to schedule ranges for more than one day; we do expect firing to occur each of the scheduled days however. Units signing for ranges for more than one day, can put the range in a Cold Status, un-occupy the range when firing is complete, and reoccupy the following day to resume Hot firing status. Unit may NOT store ammo over night in the Range Ammo Breakdown buildings however. If a field ASP is required, please coordinate that in advance with the ASP and Range Control as there are specific physical security and safety requirements for field ASPs

**Teri Stiffler Ryan** Having some difficulties with the greenopolis recycling machines outside of the PX and shoppettes. They don't work half the time, to include the point system, and they are full the other half the time.

**Fort Gordon AAFES** Teri Stiffler Ryan, thank you for your comment. The Greenopolis machines are serviced daily by the associates in the facilities. We understand that they can fill quickly. Please let the manager know if you should encounter any problems with the machines. Not all items that are recycled qualify for points. Please visit [Greenopolis.com](http://Greenopolis.com) for additional information on items that qualify.

**Chris Henry** Any thoughts on adding a gas station to gate 2? With the growth of Grovetown, this is a high traffic area. Lots of people are traveling across post for fuel or shopping at the BP right off post. This seems like a great way to increase both morale and funds for MWR.

**Wilson Shutter Rivera** Even a gas station that is centralized near the Class Six, near car wash, would be nice. Most wouldn't have to combat traffic to make a left turn in or out of either of the two already in service.

**Fort Gordon AAFES** Chris Henry, thank you for your question. Currently there are no plans to put a Shoppette / Express with fuel at Gate 2. However, this is up for consideration in the future considering your comment as traffic grows from the growth of the Grovetown area. (1 like)

**Wilson Shutter Rivera** Beverage station at the Exchange food court works well for my last stop before sitting down to eat. Fort Jackson has an individual selection Peak Teak pillar pour spout, which is nice to have sweet tea. The dispenser in the cola machine is rarely in service due to the high traffic. May need to go heavy duty with the sweetness of the dispensing of the tea to keep soldiers happy. :) (2 like)

**Craig Swartz** I second the idea of a Gate 2 gas station. There have been several conversations around the work place as to why it hasn't happened already.

**Fort Gordon AAFES** Did you know that your Exchange PX will start renovation early summer this year to provide you with one stop shopping? Your PXtra categories of merchandise; sporting goods, toys, outdoor living, garden center, firearms, appliances and furniture will be moving to the PX. The Military clothing store will be moving to the PX as well. All of the outside Mall services; UPS store, alterations, car rental, etc. All of this under one roof!

**Teri Stiffler Ryan** My son is in college but is studying abroad this semester. I did not get a power of attorney to do his taxes. What do I do? (1 like)

**Fort Gordon Garrison SJA** There are several options available to your son. If he is overseas on April 15th, then he is granted an automatic 60-day extension to file his federal taxes. Note, this may or may not apply to his state taxes, if he has to file state taxes. And also, this extension is just to file, not to pay. If he does owe taxes, he will have to pay interest on amount of time he waits after April 15th to pay. Your son should be able to file electronically through the IRS website using E-File. That was an option last year. Your son can also use TurboTax if he can download from the website. If you can obtain a power of special power of attorney from him, specifically allowing you to file his taxes, you may be able to file his taxes through the Tax Center if he is a qualifying dependent (assuming you qualify for the Tax Center services).

**Heather Rockel** Why is it so hard to PCS into Fort Gordon coming from an overseas location? My husband had to relocate us here because we could not stay in Japan. So

far every road block has been put in our path. Our only answers are they cannot do anything until he signs in here after WOCS. Why are they not exceptions to the policy? If we had been stateside while he attend school I would have understood, but we have no choice but to be here. This is not as informative as I would like, but I just got here and have no computer I'm using my phone. There should be a policy that gives soldiers and their families coming from overseas location benefits of the incoming duty station upon arrival before warrant officer candidate school. Such as BAH and hotel lodging reimbursement. (1 like)

**Fort Gordon Garrison DHR** Heather Rockel, let me first apologize for any inconveniences you have experienced referencing your arrival to Fort Gordon. Please provide more specific information reference where you are receiving road blocks and I should be able to better assist you. As for the Finance (BAH) and Hotel lodging reimbursement situation, if you provide me with your contact information, I will ensure to close the loop with the Finance office.

**Heather Rockel** Unfortunately, my husband has tried and tried. We were told about a waiver so he went and did that. Then it all got kicked back Friday saying his command would have to allow it. He went to the command and the civilian again said sorry cannot help you until March. It is so crazy that no one can wrap their head around the fact that we have come from overseas. I do not see help for me. Even more so now since my husband reported to Rucker today. I plan on submitting to AFAP because this policy clearly needs to be changed not just little Army here but big Army. I have a friend who will be experiencing the same as us come the fall and I hope with enlightenment of a huge problem they will not go through this. Another note because my husband keeps saying it over and over again. We are not trying to get something we don't deserve. As I said we had no choice but to leave Okinawa.

**Fort Gordon Garrison DES** Any Concerns with ACPs, Fire Dept or Policing?

**David Mccoy** Any decision on if we are going to register guns coming on post, or the suggestion presented that users be registered?

**Fort Gordon Garrison DES** David Mccoy, the Army did indeed institute a new policy requiring anyone who brings a POW onto post to register it. However, we are seeking an exception to the Army's policy as we feel this is an unnecessary requirement as we can achieve a higher level of safety by vetting people (checking backgrounds) versus asking the public to register every firearm they own. Unfortunately we have not received a decision. We will continue to enforce the old policy until the Army renders its' decision. Thanks for your comments and I hope this better explains the status of the issue. LTC Chandler, DES

**David Mccoy** LTC Chandler, thank you for your reply. I hope as you do that the background check suggestion is accepted!

**Keesha Clay Smith** Can the parents really start to be held responsible for the wild children that are running around military housing?! They are exposing all children to sex, drugs and alcohol. The children are never held responsible for their actions, but what about the parents?!?! My home was burglarized by a teenager who told me in my face I would never see my items again. When will there be consequences for terrorizing families in the so called safe community?

**Fort Gordon Garrison** Mrs. Smith, thank you for your comment, your concern has been forwarded to Directorate of Emergency Services

**Keesha Clay Smith** That is fine. However it seems that buck is always passed to a different department. When we sign a lease, we are advised to abide by the rules and regulations. When those rules and regulations are not followed, who will step up and handle the situation? I've seen the MPs manhandled verbally by children they are not even allowed to question. The playground behind the housing office is basically the

teenage juke joint at night, but that falls on the MPs right? When will housing say, if your children or family members cannot abide by the rules, you have to go?!?! Or will they just continue to get rid of the complainer?!?!
