

the year, ask a series of questions that broadly address project progress and monitoring needs of program personnel by getting baseline (planned) and actual information on quarterly and cumulative project and milestone progress, and potential project barriers, if any.

The annual performance reports, submitted at the end of each Federal fiscal year, ask a series of questions that broadly address BTOP programmatic objectives and outcomes, NOFA requirements, and the information needs of external audiences, such as OMB. This includes information on:

- Broadband Infrastructure and CCI—Subscribers passed and served, improved vs. new access for subscribers, pricing plans and broadband speeds available to subscribers, and community anchor institutions served.
- PCC—Hours of operation, speed of broadband service, average number of users per week, training provided, equipment deployed, workstations available.
- SBA—Awareness campaigns, training provided, equipment deployed, broadband subscription rates.

II. Method of Collection

NTIA will collect the information from BTOP grant recipients through post-award quarterly and annual performance progress reports.

Economics and Statistics Administration

Establishment of the Federal Economic Statistics Advisory Committee and Intention To Recruit New Members

AGENCY: Economics and Statistics Administration, Commerce.

ACTION: Notice of the Establishment of the Federal Economic Statistics Advisory Committee and Intention to Recruit New Members.

SUMMARY: The Secretary of Commerce is announcing the establishment of and intention to recruit new members of a Federal Advisory Committee. In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. 2, and the General Services Administration rule on Federal Advisory Committee Management, 41 CFR part 101–6.1001, the Secretary of Commerce has determined that the establishment of the Federal Economic Statistics Advisory Committee (the “Committee”) within the Economics and Statistics Administration (ESA), is in the public interest in connection with the performance of duties imposed on the Department by law.

The Committee will advise the Directors of ESA's two statistical agencies, the Bureau of Economic Analysis (BEA) and the U.S. Census Bureau (Census), and the Commissioner of the Department of Labor's Bureau of Labor Statistics (BLS) on statistical methodology and other technical matters related to the collection, tabulation, and analysis of Federal economic statistics.

The Committee will function solely as an advisory committee to the senior officials of BEA, Census and BLS (the Agencies) in consultation with the Committee chairperson. Important aspects of the Committee's responsibilities include, but are not limited to:

a. Recommending research to address important technical problems arising in Federal economic statistics.

b. Identifying areas in which better coordination of the Agencies' activities would be beneficial.

c. Establishing relationships with professional associations with an interest in Federal economic statistics.

d. Coordinating, in its identification of agenda items, with other existing academic advisory committees chartered to provide agency-specific advice, for the purpose of avoiding duplication of effort.

The Committee will report to the Under Secretary for Economic Affairs who, as head of ESA, will coordinate and collaborate with the Agencies.

The Committee will consist of approximately fourteen members who serve at the pleasure of the Secretary of Commerce. Members shall be nominated by the Department of Commerce, in consultation with the Agencies, under the coordination of the Under Secretary for Economic Affairs, and appointed by the Secretary of Commerce. Committee members shall be economists, statisticians, survey methodologists, and behavioral scientists and will be chosen to achieve a balanced membership across those disciplines. Members shall be prominent experts in their fields, and recognized for their scientific and professional achievements and objectivity.

The Department intends to recruit new members of the Committee that meet these membership criteria through a separate **Federal Register** notice and application process in the near future.

The Committee will function solely as an advisory body, in compliance with the provisions of the Federal Advisory Committee Act. The Charter will be filed under the Federal Advisory Committee Act.

Wooden Bedroom Furniture From the People's Republic of China: Extension of the Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: September 15, 2010.

FOR FURTHER INFORMATION CONTACT: Jeff Pedersen, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-2769.

SUPPLEMENTARY INFORMATION: On March 4, 2010, the Department of Commerce ("Department") published a notice of initiation of an administrative review of the antidumping duty order on wooden bedroom furniture from the People's Republic of China. See *Initiation of Administrative Review of the Antidumping Duty Order on Wooden Bedroom Furniture From the People's Republic of China*, 75 FR 9869 (March 4, 2010). The period of review is January 1, 2009, through December 31, 2009. The preliminary results of the administrative review are currently due no later than October 4, 2010.

Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the "Act"), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time period to a maximum of 365 days. Completion of the preliminary results of this review within the 245-day period is not practicable because the Department needs additional time to analyze information pertaining to the respondents' sales practices, factors of production, and corporate relationships, and to issue and review responses to supplemental questionnaires. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is fully extending the time period for completing the preliminary results of the instant administrative review until January 30, 2011. However, January 30, 2011, falls on a Sunday, and it is the Department's long-standing practice to issue a determination on the next business day when the statutory deadline falls on a weekend. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005). Accordingly, the deadline for completion of the preliminary results of the review is now no later than January 31, 2011. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to sections 751(a) and 777(i) of the Act.

September 9, 2010.

Susan H. Kuhbach,

Acting Deputy Assistant Secretary, for Antidumping and Countervailing Duty Operations.
