COVER

These M114 155-millimeter towed howitzers are being inspected and repaired at Rock Island Arsenal, Illinois. The 116 refurbished howitzers will be shipped to Bosnia and used by that Balkan nation's armed forces. The M114 howitzer dates back to the mid-1940's, underscoring the importance of the Army's repair capabilities. Articles about Army repair processes begin on pages 26 and 32.
