Gus Romero

Adam Gensler

## Technology Specialities

- Evolutionary Development
- Behavior Encapsulation
- Feature Mobility & Plasticity
- Recombinant Game DNA
- Collada and Extensions
- Facial Expression
- Body Language

**Game World** provides a platform on which communities can create, evaluate and refine serious games. It allows Subject Matter Experts and game creators with very mixed skills sets to collaborate without tight coordination.

Dov Jacobson

Managing Director

### Partners sought

Learning Scientists  
Trainers

Simulation Modelers

Knowledge Communities
