Ventolin HFA (albuterol sulfate) Inhaler

Manufacturer Drug Recall

Dear Customer:

GlaxoSmithKline is recalling the Ventolin HFA Inhaler from the wholesale and retail level. The lots listed below are being recalled due to a potential for the content of albuterol per dose to be below specification.

Ventolin HFA (albuterol sulfate) Inhaler

This product was shipped between September 12, 2011 and May 4, 2012

Stop distributing and immediately quarantine all listed Ventolin HFA Inhaler lots.

Contact Stericycle to establish a credit account at 1-888-943-4202. They will send you a returns authorization packet which must be filled out and sent back to Stericycle with the recalled product. Reimbursement will be issued at the price in effect at the time of return. In addition, reimbursement will also include a service and handling payment based on the HDMA guidelines.

If you have any question please call David Wernek, Quality Assurance Specialist at 410-642-2244
