

Dear Parents:

This year your child will again have the opportunity to be the **All About Me** Person for a week. The Friday before your child's assigned week he/she will bring home the All About Me box. Your child can fill the box with family photos, awards, collections, favorite books, or anything else your child would like to share. For the students that participated last year in second grade, please try to use different photos and information. Your child will bring the box back to school at the beginning of his/her week. The items will be kept in the box all week. On that Friday of the week, the last 25 minutes of the day, your child will give a presentation about the items in the box. Parents are welcome to come to school on that day for their child's presentation. Family pets are welcome to come with you.

The **All About Me** schedule is attached so you know when your child's assigned week is. If this is not a good time for your family, feel free to change the week with someone else in our class. Just let me know of the change.

I hope to see all of you in our classroom this year, even if you only have time for a visit.

Sincerely,

Ms. M
