

**BAA 10-001**  
**Long Range BAA for Navy & Marine Corps Science & Technology**  
**Amendment 0002**

The purpose of this amendment is to replace BAA 10-001 with the revision dated 30 Mar 2010, as well as provide an updated version of the proposal checklist.

Recent changes to the Standard Form 424 R&R and ONR's web-site, as well as approval of the FY 2010 Appropriations bill have required changes to the BAA. To make it easier for interested parties to follow the instructions set forth in the document, a fully revised version of the BAA is being posted, which incorporates the changes outlined below:

1. All ONR-related web link addresses have been updated.
2. Section 819 of the National Defense Authorization Act for Fiscal Year 2010, allowing for advanced component development or additional prototype units under awards for the production and testing of prototypes, has been incorporated into Part I, Section 11, Other Information.
3. Section 8101 of the Department of Defense Appropriations Act, 2010, P.L. 111-118, limiting the amount of indirect expenses that may be paid using funds available for basic research, has been incorporated into Part II, Award Information.
4. Part IV, Application and Submission Information, Section 2.b, Full Proposals, has been revised to include the current and pending submission information in the list of information excluded from the Volume I page limit.
5. A requirement was added to Part IV, Application and Submission Information, Section 2.b, Volume 1, Technical Proposal, for a signature by an authorized representative on the proposal cover page.
6. A paragraph discussing accounting system information and steps that entities with no previous government work should take to prepare themselves for an award has been added to Part IV, Application Submission Information, Section 2.b., Volume 2, Cost Proposal.
7. Part IV, Application Submission Information, Section 2.b., Volume 2, Cost Proposal, Part 1, was updated to incorporate Federal Acquisition Regulation (FAR) provision 52.215.22.
8. Part VI, Award Administration, was updated to include current links to the ONR-specific representations and certifications for contracts, and the Lobbying Certification for grants.
9. The Proposal Checklist has been replaced with an updated version which corrects the link to the ONR-specific representations and certifications and provides a more complete list of items that do not apply to grants applications.
