

**AMENDMENT NUMBER 0005
BAA 11-002 ENTITLED
“RENEWABLE SUSTAINABLE EXPEDITONARY POWER”**

The purpose of Amendment 0005 is to extend the due date for receipt of white papers and to provide answers to the following questions below.

The due date for white papers shown in Section I.5 and in the anticipated schedule of events under Section IV.3 is revised as follows:

Event	Date	Time
White Paper Due Date	1/31/2011	4:00 PM Eastern Standard Time
Notification of White Paper Evaluation*	2/28/2011	
Full Proposal Due Date	4/8/2011	4:00 PM Eastern Standard Time
Notification of Selection: Full Proposals*	5/9/2011	
Awards*	11/1/2011	

*These dates are estimates as of the dated of this announcement

Question 1: Does you answer to Amendment 2 Question 8 indicate you have no interest in part-load efficiency?

Answer 1: Under BAA section 6.3, it is noted that "Understanding part-load efficiency is important and should be included in modeling / analysis conducted in Phases I and II."

Question 2: Would a small scale marine hydrokinetic device fit within the scope of the RSEP program?

Answer 2: Such technology is responsive to the BAA. As with all proposals, the technology approach will be evaluated under the proposal evaluation criteria specified in V.1.1.iii: "Operational Naval Concept. Marine Corps relevance, the potential to meet demands of Marine Corps' operational and military transport environments, and the likelihood of future implementation on Marine Corps platforms will be assessed."
