decisionmaking

decision-support system	Forest Service, U.S. Department of Agriculture
deckboard	forest-successional (u.m.)
deckboards	forest-to-nonforest acreage
deicing	forest-type group
disassembler	forested-parcel categories
dieback	forestry commission
die-off	fourfold
direct seeded	Fourth of July
downcut	fourth-order polynomial
downslope	freshwater
downturn	fuel bed
drainageway	fuel break
drainfield	fuel-reduction treatment
drop cloth	fuel wood
early successional	fusiform rust (<i>Cronartium quercuum</i> f. sp. <i>fusiforme</i>)
early successional forest habitat	georeferenced
early wood	Georgia-Pacific
earthflow	germ-plasm
easternmost	global-scale (u.m.)
east Gulf Coastal Plain	goatherd
eastwide	Gramineae
eco-efficient	grass-forb
ecoregions	grasslike
email	green spaces
equimarginal	greenway
even-aged	groundbreaking
f-tests	ground cover
fall line	ground level
farmer-owned land	groundline
farmland	groundplot
fast-growing clones	ground water, ground-water (u.m.)
fell-and-burn treatment	groundwork
feller buncher	group selection (u.m.)
fiber farming	growing-season burning
file list	growth-and-yield model
fillslope	gulf coasts
firebreak	hardcopy
fire line	head fire
fireplow	headward
firewise	heartwood
flashboard	high-grading
flatwoods	high-quality site
float tested	Highlands
flood plain	hillslope
floodwater	Hispanic White
fly-over	homesite
followup	homesites
forest	hotspot
forest land	hovercraft
forest landowner	hydrogeologic
forest-management type	hydroperiod
forest products industry	income-earning motives
forest related	indepth

infilled	Midsouth
inmigration	midstory
insloping (u.m.)	mid-to-late 1980s
instream	mid-twenties
Interior Highlands	Mississippi Alluvial Plain
Interior West	mixed-conifers forest type
Internet	mixed-forest ecoregion
land base	model 4
landcover	multiaged
landform	multiagency
land management decision	multi-State (u.m.)
landowner	multiple-use management
land ownership	multistory
landscape-scale	Nation
land type	national forest-owned land
land use change	National Old-Growth Task Group
land use program	Native American-maintained
large-mass (u.m.)	nearshore
late wood	needle fall N
leaf area	eotropicalN
leaf-fall	eotropics
leafspot	nighttime
leftover	NIPF-ownership group
lifespan	nitrogen-saturation (u.m.)
lighthouse	No. 1 grade
litterfall	nonattainment
littertrap	noncommercial
littleleaf disease	noncommodity
live-crown ratio	nondesired
live-tree removals	non-Federal
lower Gulf Coastal Plain	nongovernment
Lower Mississippi Alluvial Plain	nonhuman
Lowland Coastal Plain	nonindustrial
lumber grade yield	nonindustrial forest land
lump-sum ["sold 'lump-sum'"]	nonnative
macroinvertebrate	nonnormal
macronutrient	non-old-growth forests
mainline	nonowners
manmade clonal forests (u.m.) (GPO)	nonpoint-source pollution
meta-analysis	nonpulpmills
method 2	nonresponse
metropolitan	nontechnical
Mexican-American	nontimber
microbursts	Nontimber Forest Products (acronym: NTFPs)
micronutrient	North Carolina State University – Industry Cooperative Tree Improvement Program
microplot	northern Coastal Plain
mid-19 th century	Northern Mountains
midafternoon	north-south
midday	northernmost
midelevation	off-road
midmorning	offshore
midslope	offsite

savanna	southern Blue Ridge
saw chip	southern Coastal Plain
saw log	southern forests
saw-log production	Southern Hemisphere
saw-log receipts	Southern Piedmont
saw-log volume	southern region
sawmill	Southern Region (as in Region 8)
sawtimber-size trees	Southern United States
scroll bar	southerners
sea-grass	Southwide
sea level	spaceborne
seawater	Spanish Main
seed bank	spp.
seedbeds	springwater
seedcoat	stand age 7
seed-crop (OED)	stand-age class
seed cut	stand density index
seedfall (one word per Guldin per forest dictionary)	standpoint
seedlot	stand-volume class
seedpod	State
seed tree (u.m.)	State Foresters
self-formed	statewide
self-maintaining	steady-state view
semi-controlled	stemflow
shade cloth	stem length
shade house	stemwood
sheet flow	stopover
sheetwash	stormflow
shelterbelt	stormwater
shoreline	streamflow
shortfall	streamheads
shortgrass	streamside
short-lived	streamwater
short rotation species	subfreezing
shrubland	subplot
sideslope	subsample
silvicultural	subset
single-family income	sub-State regions
single tree (u.m.)	subtropical moist forest
site preparation treatment	subtropical wet forest
site-quality class	subxeric
sketch-mapping	surface water, surface-water (u.m.)
skidroad	systemwide
socioeconomic	tallgrass species
soffit	taproot
soffits	tenfold
softshell turtle	The Nature Conservancy
soil water temperature	three-dimensional array
solid wood products	threefold
sound cull component	throughfall
southeastern forests	timber harvesting method
Southeastern United States	timberland
Southern Appalachian Man and the Biosphere	timeframe
