An Easy Way to Find the APHIS Contact You Need

Need help finding an APHIS contact? Have you checked out the Contact Us page on the APHIS Web site recently? It's been revamped to help our stakeholders easily find frequently requested information.

From traveling with your pet to importing and exporting agricultural products, all the contacts you need to know can be found on this page. APHIS' Contact Us page also includes a link to the USDA Phone Directory where you can search for employees' contact information by their name and Agency. APHIS' employee contact information was just updated to ensure greater accuracy in your search results.

From our Contact Us page, you can also access "Ask the Expert," USDA's knowledge-based system to find answers to many of your questions, including contact information. Simply type in what you want to know and wait for the results to appear. If you don't find the answer to your question, you can submit your question directly to USDA's subject matter experts.

We want to make it easy for you to find the information you need. Visit our Contact Us page for more information.
