16:00

Adults—Mon. & Fri. 8:15-14:30

Tues., Wed., Thurs. 8:15-

16:00

Reading Advocacy

Reading continues to be one of the main focuses of school libraries in the 21st Century. All children will find and enjoy a wealth of reading materials and activities in our Information Center. We have an outstanding collection of

Everybody, Beginner Reader, Fiction and Non-Fiction books.

Reading is the number one predictor of student success.

On a regular basis, students are introduced to a wide variety of authors, illustrators and types of literature through class sessions, displays, bulletin boards, and I.S. recommendations.

Information Literacy Instruction

For students to become effective users of ideas and information, the information specialist collaborates with all teachers on a wide variety of integrated curriculum projects requiring both information and technology skills.

Our guides are:

- DoDEA Content Standards
- ISTE National Education Technology Standards for Students
- ALA Information Literacy Standards for Student Learning

Circulation Policy

Grade K	1 Book
Grade 1	2 Books
Grade 2	3 Books
Grades 3,4,5	4 Books

Students may select books from *any* area of the Information Center and are welcome anytime to check out books.

Sometimes books that are too difficult appeal to students. Sometimes parents will read these to students, sometimes students like to just look at the pictures.

(Parents are always welcome and are encouraged to open an account and checkout books and other materials.)
