Draft

Feasibility Study Report Munitions Response Site

Waikane Valley Impact Area Kaneohe, Hawaii

September 2011

Commander Naval Facilities Engineering Command, Pacific 258 Makalapa Drive, Suite 100 Pearl Harbor, HI 96860-3134

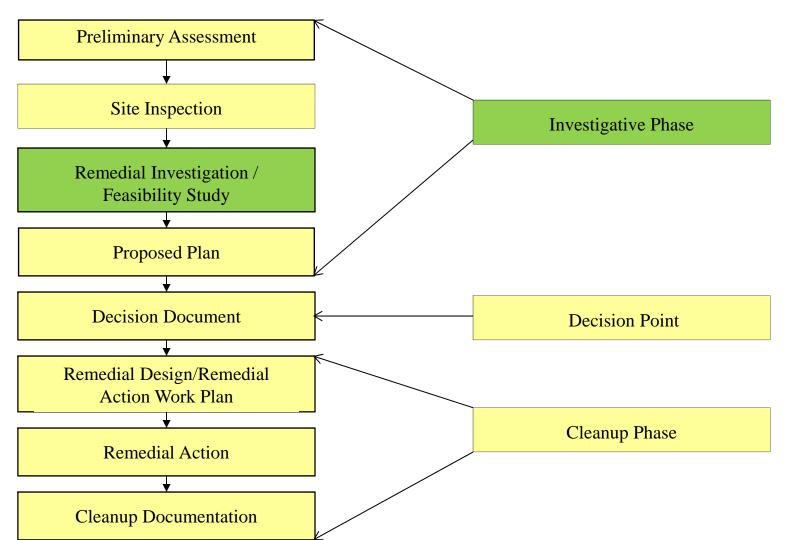

Contract Number N62742-05-D-1868, CTO 0010

Waikane Valley Impact Area Overview

CERCLA Process: Investigation

- Preliminary Assessment (2001)
 - Historical documents review and initial hazard determination
- Added to Munitions Response Program (2005)
- RAB Established (2007)
- Site Inspection (2008)
 - Initial sampling and data collection

Confirmed munitions on site and recommended a Remedial Investigation

CERCLA Process: Investigation

- Remedial Investigation (2010)
 - Emphasis on data collection to characterize potential hazards on site, i.e. What? Where? And How Much?

Munitions hazards present

Munitions constituents not harmful to human health and the environment

CERCLA Process: Investigation

- Feasibility Study Objectives
 - Develop and evaluate potential remedial alternatives that permanently and significantly reduce the threat to public health, welfare and the environment
 - Select a cost-effective remedial action alternative that mitigates the threat(s)
 - Achieve consensus among Navy, State and Local authorities regarding the selected response action

- Proposed Plan
 - Selects a preferred response action from alternatives presented in the Feasibility Study
 - Official public meeting, 30 day public review and comment period
- Decision Document
 - Official summary of the selection process and selected remedy
 - Address comments received on the Proposed Plan

CERCLA Process: Cleanup

• Remedial Design:

- Converts the Selected Remedy presented in the Decision Document into a full-scale design
- Includes a Remedial
 Action Work Plan that
 details how land use
 controls will be applied
- Remedial Action:
 - Execution of the Remedial Design

Cleanup Documentation

- Cleanup Documentation
 - Completion reports
 - Long term monitoring
- Department of Defense Explosive Safety Board.
 - Reviews all munitions response cleanup actions
 - Ensures sites are safe for intended land use

Waikane Valley Impact Area Timeline

Project Schedule

- Draft FS Report (September 2011)
 - Comments due October 21 2011
- Final FS Report (November 2011)
- Proposed Plan (December 2011)
 - RAB/Public Meeting (Tentative) (December 14 2011)
 - Comments due January 2012
- Draft Decision Document (January 2012)
 - Comments due February 2012
- Final Decision Document (March 2012)
