This form is to be used to identify whether the interior of a historic property contributes to its significance which makes it eligible for listing on the National Register of Historic Places. This form can be used to cover an entire building or multiple forms can be used together to cover different rooms or additions of a building.

Select only one historic status code below that reflects the buildings current status:

- | | |
|--|---|
| <input type="radio"/> NHLC - Contributing Element to a NHL District

<input type="radio"/> NRLI - Individually Listed on the National Register of Historic Places List | <input type="radio"/> NRLC - Contributing Element of a NR Historic District

<input type="radio"/> NREI - Individually eligible for the National Register

<input type="radio"/> NREC - Contributing Element of a NR eligible Historic District |
|--|---|

Please check the appropriate box if a building element is an original finish of the building and/or a character defining feature of the building. A building element may be original but may not be a character defining feature if building is only a contributing property of a historic district and not individually listed.
