Mailing Standards of the United States Postal Service, *International Mail Manual*

Issued January 27, 2013

This Summary of Changes to *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM[®]) includes revisions that have become effective during the previous 12 calendar months.

In chapters 1–9 and in “Country Price Groups and Weight Limits” of this online version of the IMM, change bars (vertical lines in the margin) indicate that *Postal Bulletin* updates have been incorporated in the adjacent text (note that the change bars appear only in the PDF version, and only for revisions effective in the calendar year 2013, not for all the previous 12 months). However, in the individual country listings (ICLs) of this online IMM, change bars do *not* appear even though *Postal Bulletin* updates have been incorporated in the ICL text.

- Effective January 27, 2013, as noted in PB issue 22352, the following sections in chapters 1 through 9 are revised to add references to First-Class Package International Service in addition to First-Class Mail International service. First-Class Package International Service is a new service for shipping packages (small packets), which previously were shipped with First-Class Mail International service. Consequently, many previous references to just First-Class Mail International service also need to include references to First-Class Package International Service:

1 International Mail Services

110 General Information

111 **Scope**

This manual sets forth the conditions and procedures for the preparation and treatment of mail sent from the United States to other countries and the treatment of mail received from other countries. Its counterpart in the domestic mail service is the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM[®]). Cross-references to the DMM are provided wherever domestic conditions and procedures apply to the preparation or treatment of international mail.

112 **Mailer Responsibility**

Regardless of any statement contained in this manual or the statements of any employee of the United States Postal Service[®], the burden rests with the mailer to ensure that he or she has complied with the prescribed laws and regulations governing domestic and international mail, both those of the United States and those of the destination country. Full responsibility rests with the mailer to comply with all postal and nonpostal laws and regulations regarding the mailing of dangerous goods. Anyone who mails, or causes to be mailed, nonmailable or improperly packaged dangerous goods can be subject to legal penalties, including but not limited to those specified in Title 18 of the United States Code (18 U.S.C.).

113 **Individual Country Listings**

Individual Country Listings (ICLs) provide information about conditions of mailing, postage prices, and extra services for each country. ICLs are arranged alphabetically. Most subtitles are followed by a chapter citation in parentheses.

114 **Availability**

Customers may access this manual online at <http://pe.usps.gov>.

U.S. exchange offices may correspond with their foreign counterparts only through bulletins of verification and exchanges of documentation.

115.22 Correspondence Not Permitted

120 Preparation for Mailing

121 General Information for Mail Preparation

121.1 Packaging — Sender's Responsibility

It is the responsibility of the sender to prepare items and to address them clearly and correctly. In preparing items for mailing, the sender must (1) use strong envelopes or durable packaging material to prevent deterioration or degradation, and (2) consider the nature of the articles being mailed and the distance they must travel to reach the addressee. (See DMM 601 for detailed instructions.)

121.2 Use of Postal Service Equipment

Consistent with Postal Operations Manual part 581, and without regard to mail class, mailers may use USPS-owned mail transport equipment (MTE) only to transport mail to a USPS facility. Mailers may not retain USPS-owned MTE for their internal operating use or personal convenience, and such equipment may not be furnished to mailers for such purposes. Mailers may not use USPS-owned MTE to transport mail from foreign countries when such mail is not intended for dispatch through the U.S. Postal Service. In addition, mailers must not remove USPS-owned MTE from the United States for any purpose (e.g., transporting items that will be entered as domestic mail from outside the United States to the United States) without a written agreement between the customer and the USPS manager of Mail Transport Equipment. Under no circumstances will the U.S. Postal Service grant approval for USPS-owned MTE to be out of the United States for more than 14 days. For additional information, contact the USPS manager of Mail Transport Equipment at the following address:

122 Addressing

122.1 Destination Address

International destination addresses must comply with the standards in this section.

Note: In items c, d, and i, the term “full legal name” means the name that corresponds to the addressee’s government-issued identification — i.e., the addressee’s first name, middle initial (if applicable), and last name.

- a. At least the entire right half of the address side of the envelope, package, or card should be reserved for the destination address, postage, labels, and postal notations.
- b. Addresses must appear in ink or be typewritten. Pencil is unacceptable.

- c. The addressee's full legal name (see Note above) and complete address must appear legibly with roman letters and arabic numerals, all placed lengthwise on one side of the item. For parcels, addresses should also appear on a separate slip enclosed in the parcel.
- d. Addresses in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters must bear an interline translation in English of the addressee's full legal name (see Note above) and complete address (including country). If the English translation is not known, the foreign language words must appear in roman characters (either printed or script). See [292.41](#) and [293.41](#) for an *optional* addressing procedure that applies *only* to direct country sacks of International Priority Airmail (IPA) or International Surface Air Lift (ISAL) mail, respectively.
- e. Mail may *not* be addressed to a person in one country "in care of" a person in another country.
- f. Mail may *not* be addressed to *Boxholder* or *Householder*.
- g. The following exceptional form of address, in French or a language known in the country of destination, may appear on printed matter: the addressee's name or *Occupant*.
Example: Mr. Thomas Clark or Occupant
- h. The house number and street address or box number must appear when mail is addressed to towns or cities.
- i. The address of items sent to general delivery must indicate the addressee's full legal name (see Note above) and the city and country of destination. The use of just initials, simple given names, fictitious names, or figures is not permitted on articles addressed for general delivery.
- j. All lines of the delivery address *should* appear in all capital letters. The city destination *must* appear in capital letters together with the correct post code number or delivery zone number, if any. The last line of the address must show only the country name, written in full (no abbreviations) and in capital letters. If possible, the address should have no more than five lines. For example:

MR THOMAS CLARK	MS CRISTINA CRUZ
117 RUSSELL DRIVE	APARTADO 3068
LONDON W1P 6HQ	46807 PUERTO VALLARTA
GREAT BRITAIN	JALISCO
	MEXICO

Exception: To Canada, there must be two spaces between the province abbreviation and the postal code, as shown below between "ON" and "K1A 0B1":

MS HELEN SAUNDERS
1010 CLEAR STREET
OTTAWA ON K1A 0B1
CANADA

122.2 Return Address

122.21 General

The return address tells the U.S. Postal Service or foreign post where to return a mailpiece that cannot be delivered. Due to heightened security concerns, the U.S. Postal Service recommends a complete return address on all mailpieces — see [122.23](#) for when a return address is required. A mailpiece may include only one return address, and the mailer must place it so that it does not affect either the clarity of the address of destination or the application of service labels and notations (postmarks, etc.).

122.22 Elements of a Return Address

A complete return address must include the sender's full legal name (see the Note in [122.1](#)) and complete return address in roman letters and arabic numerals — it *may not* include just initials except where they are an adopted trade name.

122.23 Required Use of Return Address

In bulk mailings, all mailpieces must bear a U.S.-origin return address visible on the outside of the mailpiece. For the purpose of this section, a “bulk mailing” is any IPA or ISAL mailing, or any other mailing paid with an advance deposit account and presented to the U.S. Postal Service for acceptance. In addition, a return address is required for mailpieces bearing a customs form under [123.7](#).

123 Customs Forms and Online Shipping Labels

123.1 General

Only two customs declaration forms are used, as required under [123.6](#), for international mail: PS Form 2976, *Customs Declaration CN 22 — Sender's Declaration*, and PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*. PS Form 2976-E, *Customs Declaration Envelope — CP 91*, is used as a carriage document for PS Form 2976-A.

Note: The current edition of PS Form 2976 is September 2012; the current edition of PS Form 2976-A is September 2012; the current edition of PS Form 2976-E is March 2008. Except as provided in [123.3](#) and [123.5](#), mailers must present at the time of mailing a fully completed sender's declaration (the Post Office™ copy of PS Form 2976 or 2976-A), which specifies both the sender's name and address and the addressee's name and address.

123.2 Availability

Customs declaration forms are available without charge at Post Office facilities. Upon request, mailers may receive a reasonable supply for mail preparation. Customers may also order supplies of the customs forms from The Postal Store at <http://shop.usps.com>; search on the words “customs forms.” Customs declaration forms are also available through an online customs form application at usps.com/webtools.

123.3 Privately Printed Forms

If authorized, mailers may privately print PS Forms 2976 and 2976-A. Privately printed forms must be identical in size, design, and color to the Postal Service™ forms, and each form must contain a unique Code U 128 barcode symbology that can be read by Postal Service equipment. Mailers may obtain form specifications from the following address:

BARCODE CERTIFICATION
NATIONAL CUSTOMER SUPPORT CENTER
UNITED STATES POSTAL SERVICE
225 N HUMPHREYS BLVD STE 501
MEMPHIS TN 38188-1001

Mailers can also obtain form specifications by calling the NCSC at 800-238-3150 — select option 5 for barcode certification — or online at <http://ribbs.usps.gov>; click on “Site Index” and then on “International Customs Forms.”

Upon receipt of the request, the NCSC will send mailers an application and specifications for preparing PS Forms 2976 and/or 2976-A. The application clearly explains the process necessary for authorization. When authorized by the NCSC, a mailer may omit printing the Post Office copy of PS Forms 2976 and/or 2976-A by submitting an authorized manifest of the items. The manifest must be typewritten, legibly handwritten, or computer-generated, and it must contain the following information:

- a. The sender’s name and address (appearing once on the manifest).
- b. The edition date of the privately printed form (appearing once on the manifest).
- c. The same certification statement that is printed on the Postal Service PS Form 2976 or 2976-A, and the mailer’s signature and date (appearing once on the manifest).
- d. For each item, the foreign recipient’s name and delivery address.
- e. For each item, the corresponding human-readable characters that match the barcode printed on the form.

123.4 Nonpostal Forms**123.41 Nonpostal Export Regulations**

Certain items must bear one or more of the forms required by the nonpostal export regulations described in chapter [5](#).

123.42 Commercial Invoices

A commercial invoice is a bill for goods from the seller to the buyer. A commercial invoice must be completed where required and must contain the following basic information:

- a. Seller’s complete contact information.
- b. Receiver’s complete contact information.
- c. Consignee’s complete contact information (if it is different from the buyer’s).
- d. Country of origin.

- e. Destination country.
- f. Reason for export.
- g. Total commercial value of the item(s) shipped.
- h. Sales and payment terms (if any).
- i. Currency of sale.
- j. Full quantities and description of the merchandise.
- k. A statement certifying that the invoice is correct.

123.5 **Place of Mailing**

Mailpieces bearing customs declarations have specific deposit requirements based on mail category, shape, and weight. Refer to the specific IMM part below for determination:

- a. Global Express Guaranteed[®] mailpieces — see [215](#).
- b. Express Mail International[®] mailpieces — see [225](#).
- c. Priority Mail International[®] mailpieces — see [235](#).
- d. First-Class Mail International[®] mailpieces — see [245](#).
- e. First-Class Package International Service[™] mailpieces — see [255](#).

123.6 **Required Usage**

123.61 **Conditions**

The following conditions apply to customs forms for international mail items:

- a. Except as provided in [123.62](#), mailers must use PS Form 2976 or PS Form 2976-A as described in [Exhibit 123.61](#).
- b. The surface area of the address side of the item to be mailed must be large enough to contain completely the applicable customs form, postage, and any applicable markings, endorsements, and extra service labels.
- c. Regardless of any listing in [Exhibit 123.61](#), items containing articles that require an export license (see [532](#)) must always bear PS Form 2976-A. In certain circumstances, this might require the mailer to send the mailpiece via Express Mail International service or Priority Mail International service (but not with Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes).

123.62 **Known Mailers**123.621 **Overview**

A “known mailer” may be exempt from the customs form requirement that would otherwise apply to letter-size or flat-size mailpieces as defined in [241.2](#), or to package-size mailpieces as defined in [251.2](#). A “known mailer” must meet one of the definitions in [123.622](#) and must meet the conditions in [123.623](#).

123.622 **Definition**

A “known mailer” must meet one of the following definitions:

- a. A federal, state, or local government agency whose mail is regarded as Official Mail.
- b. A contractor who sends out prepaid mail on behalf of a military service, provided the mail is endorsed “Contents for Official Use — Exempt from Customs Requirements.”
- c. A business mailer who enters volume mailings through a business mail entry unit (BMEU) or other bulk mail acceptance location, completes a postage statement at the time of entry, pays postage through an advance deposit account, and uses a permit imprint for postage payment. For this purpose, the categories of mail that qualify are as follows:
 - (1) Priority Mail International Flat Rate Envelopes, except for contents allowed under [123.623b](#).
 - (2) First-Class Mail International service.
 - (3) International Priority Airmail (IPA) service.
 - (4) International Surface Air Lift (ISAL) service.

123.623 **Conditions**

The following conditions apply to “known mailers”:

- a. The mailpieces must contain no merchandise or goods, except as provided in [123.623b](#).
- b. The mailpieces may contain hard copy printed or recorded media (e.g., CDs, DVDs, flash drives, video and cassette tapes), for which no customs form is required in the destination country. Authorization to mail items under this subsection without a customs form is subject to the following conditions:
 - (1) The mailpiece must not require an export license as described in [510](#), [520](#), [530](#), or [540](#).
 - (2) Any packaging used for package-sized items under this subsection must be transparent, such as shrinkwrap or polywrap material, so that the contents are fully visible for inspection.
- c. If the mailpieces are mailed with a postage statement, the mailer must certify on the postage statement that the mailpieces contain no dangerous materials that are prohibited by postal regulations.
- d. The import regulations of the destination country must allow individual mailpieces without a customs form affixed.

- e. For IPA and ISAL mailings, the mailer must pay with a permit imprint or with a combination postage method (meter postage affixed to the piece and additional postage by permit imprint). IPA and ISAL mailpieces that are paid for by postage solely with a meter do not qualify for the “known mailer” exemption.
- f. Failure to comply with the conditions in this section, or with any other applicable regulations or policies of the Postal Service or other relevant governmental authorities, may result in the suspension or revocation of eligibility to mail items without a customs form affixed pursuant to this section. For example, a suspension or revocation may result when the mailer fails to ensure his or her compliance with [510](#), [520](#), [530](#), or [540](#), such as ensuring that no informational materials are sent to persons blocked from transacting in such items by the federal agencies described in those IMM sections.

123.63 Documents and Merchandise

In Exhibit 123.61, the “Type of Item” column has several references to “documents.” For this purpose, “documents” refers only to printed documents, not to electronic storage media or devices such as CDs, DVDs, or flash drives. Examples of documents include the following:

- a. Audit and business records.
- b. Personal correspondence.
- c. Circulars.
- d. Pamphlets.
- e. Advertisements.
- f. Written instruments not intended to be resold.
- g. Money orders, checks, and similar items that cannot be negotiated or converted into cash without forgery.

Examples of items that do not qualify as documents — rather, they are considered merchandise, so the sender is required to apply a customs declaration form and declare a value — include the following:

- a. CDs, DVDs, flash drives, video and cassette tapes, and other electronic storage media — regardless if they are blank or if they contain electronic documents or other prerecorded media.
- b. Artwork.
- c. Collector or antique document items.
- d. Books.
- e. Periodicals.
- f. Printed music.
- g. Printed educational or test material.
- h. Player piano rolls.
- i. Engineering drawings.
- j. Blueprints.
- k. Film.
- l. Negatives.

- m. X-rays.
- n. Separation negatives.
- o. Photographs.

123.64 **Additional Security Controls**

When the chief postal inspector determines that a unique, credible threat exists, the Postal Service may require a mailer to provide photo identification at the time of mailing. The signature on the identification must match the signature on the customs declaration form.

123.7 **Completing Customs Forms**

123.71 **PS Form 2976, Customs Declaration CN 22 – Sender’s Declaration**

123.711 **Sender’s Preparation of PS Form 2976**

A sender must complete PS Form 2976, *Customs Declaration CN 22 – Sender’s Declaration*. See [Exhibit 123.711a](#) and [Exhibit 123.711b](#) for images of PS Form 2976.

- a. Check all applicable boxes to indicate whether the package contains a gift, documents, commercial samples, or other items. Check the box for “Dangerous Goods” if the shipment contains dangerous goods that are approved for mailing.
- b. In block (1), provide a detailed description, in English, of each article and the quantity for each article. General descriptions such as “food,” “medicine,” “gifts,” or “clothing” are not acceptable. In addition to the English text, a translation in another language is permitted.
- c. In block (2), enter the quantity of each article.
- d. In block (3), enter the weight of each article in pounds and ounces.
- e. In block (4), declare the value of each article in U.S. dollars.
Note: The sender may declare that the contents have no value. However, declaring that the contents have no value does not exempt an item from customs examination or charges in the destination country.
- f. The sender must enter the actual value of an item for registered items in a consistent manner on PS Forms 3806 and 2976 — i.e., the value entered must be identical. Items on which identical values are not declared will be refused. (See [334.12](#).)
- g. In block (5) — which is only for commercial items (i.e., any goods exported/imported in the course of a business transaction whether or not they are sold for money or exchanged) — enter, if known, the 6-digit Harmonized Tariff Schedule number, which is based on the Harmonized Commodity Description and Coding System developed by the World Customs Organization.
- h. In block (6), enter, if known, the “Country of Origin,” which is the country where the goods originated — i.e., where they were produced/ manufactured or assembled.
- i. In block (7), enter the total quantity, weight, and value of all articles.

- j. In block (8), check “NOEEI § 30.37(a)” or “NOEEI § 30.37(h),” depending on the applicable Automated Export System (AES) Exemption.
- k. In block (9), sign and date in the blocks indicated on the left side and the right side of the form. The sender’s signature certifies that all entries are correct and the item(s) being mailed contain no undeclared dangerous, prohibited, or restricted contents per postal, customs, or destination country regulations. The sender’s signature also certifies compliance with all applicable federal export licensing and filing regulations and confirms the sender’s liability for the item(s) being mailed.
- l. Affix the form to the address side of the item and present the item for mailing.

NOTE: Priority Mail International Flat Rate Envelopes and First-Class Mail International large envelopes (flats) containing only documents, weighing under 16 ounces, and meeting the flat-size characteristics do not require a PS Form 2976.

Do not use this form for mailpieces that: (1) Contain items valued over \$400; (2) Require an export license; (3) Contain goods (non-documents) destined to Iran, Sudan, or Syria; or (4) Contain goods destined to Cuba or North Korea, other than gift parcels or humanitarian donations as defined by 15 CFR § 740.12.

For APO, FPO and DPO destinations, use PS Form 2976 when sending certain items (all domestic mail classes). Refer to the current "Overseas Military/Diplomatic Mail" section of the latest *Postal Bulletin* at usps.com for additional information.

Regardless of value and weight, mail sent to, from, and between U.S. possessions and territories, Freely Associated States, and APO/FPO/DPO addresses may require a customs form. Refer to *Domestic Mail Manual* Section 608.2.4 for additional information.

Goods may be subject to restrictions. It is the responsibility of the mailer to inquire about and abide by any import and export regulations and restrictions (e.g., quarantine, pharmaceutical, etc.), and to properly complete this form.

123.712 Postal Service Employee's Acceptance of PS Form 2976

The Postal Service acceptance employee must do the following when accepting PS Form 2976 from the sender:

- a. Instruct the sender how to complete, legibly and accurately, PS Form 2976, as required. The sender's failure to complete the form properly can delay delivery of the item or inconvenience the sender and addressee. Moreover, a false, misleading, or incomplete declaration can result in the seizure or return of the item and/or in criminal or civil penalties. The Postal Service assumes no responsibility for the accuracy of information that the sender enters on PS Form 2976.
- b. Verify that the sender has entered the information on the form, and has signed and dated the form in the spaces provided on the left side and the right side of the form. The sender's address on the mailpiece must match the sender's address on PS Form 2976.
- c. Enter the total weight of the package on the form, if the sender has not already done so.
- d. Round stamp the left side of Copy 1 (the Post Office copy) and the left side of Copy 2 (the shipping label). Tell the sender that the Postal Service will retain Copy 1 for 30 days as a record of mailing.
- e. To comply with U.S. Census Bureau requirements, it is the customer's responsibility to ensure that an appropriate AES Exemption is selected or displayed on PS Form 2976. In addition, items sent to Cuba may require an Internal Transaction Number or AES Downtime Citation.
- f. A customer desiring evidence that the mailing has been presented to the Postal Service may purchase a certificate of mailing (see [310](#)).

123.72 PS Form 2976-A, Customs Declaration and Dispatch Note – CP 72**123.721 Sender's Preparation of PS Form 2976-A**

See [Exhibit 123.721a](#), [b](#), and [c](#) for images of PS Form 2976-A.

- a. Enter both the sender's and addressee's full name and full address in the blocks provided. Provide the sender's telephone/fax number or email address.
- b. In block (1), provide a detailed description, in English, of each article. General descriptions such as "food," "medicine," "gifts," or "clothing" are not acceptable. In addition to the English text, a translation in another language is permitted. If there is insufficient space on the form to list all contents, use a second form (and subsequent forms, if necessary) to continue listing the contents, and indicate on the first form that the contents are continued on a subsequent form(s). When using this option, customers must ensure that the barcodes on the subsequent forms are *totally obliterated* to avoid multiple barcodes being assigned to the package. Place the form(s) into PS Form 2976-E (plastic envelope).
- c. In blocks (2), (3), and (4), enter the quantity, net weight (in pounds and ounces), and value (in U.S. dollars) of each article.

- d. In block (5), check all applicable boxes to indicate whether the package contains a gift, documents, commercial samples, or other items. Check the box for “Dangerous Goods” if the shipment contains dangerous goods that are approved for mailing.
- e. In block (6), note any restrictions that pertain to block 11.
- f. In block (7), enter the total gross weight in pounds and ounces.
- g. In block (8), enter the total value of all items in U.S. dollars.
- h. In block (9), provide disposal instructions in the event that the package cannot be delivered. Check the appropriate box to indicate whether the package is to be returned, treated as abandoned, or forwarded to an alternate address. Undeliverable packages returned to the sender are, upon delivery, subject to collection of return postage and any other charges assessed by the foreign postal authorities. If you are unwilling to pay return postage, check the box “Treat as Abandoned.”
- i. In block (10), enter the applicable Automated Export System (AES) Internal Transaction Number (ITN) or AES Exemption.
- j. In block (11), provide details if the contents are subject to quarantine (plant, food products, etc.).
- k. In block (12), sign and date the form. The sender’s signature certifies that all entries are correct and that the item contains no undeclared dangerous, prohibited, or restricted contents per postal, customs, or destination country regulations.
- l. In blocks (13) and (14), enter the applicable number if the item requires a sender’s customs reference or importer’s reference.
- m. In block (15), enter, if known, the importer’s telephone number, fax number, or email address.
- n. In blocks (16), (17), and (18), enter license, certificate, and/or invoice number, if applicable.
- o. In block (19), enter, if known, the 6-digit Harmonized Tariff Schedule number, which is based on the Harmonized Commodity Description and Coding System developed by the World Customs Organization.
- p. In block (20), enter the “Country of Origin,” which is the country where the goods originated — i.e., where they were produced/manufactured or assembled.
- q. Insert the completed form(s) into PS Form 2976-E (plastic envelope) and affix PS Form 2976-E to the address side of the package. Allow the Postal Service employee to complete PS Form 2976-A as described in [123.722](#).

PS Form 2976-A, Customs Declaration and Dispatch Note — CP 72 (Instructions)**Note:** To see the complete PS Form 2976-A, click the link below:<http://about.usps.com/forms/ps2976a.pdf>**INSTRUCTIONS FOR COMPLETING THIS FORM** (Remove this page prior to completing form.)

Please print this form in English using blue or black ink, pressing firmly so all information transfers to all copies. Complete the declaration fully and legibly; otherwise, delay and inconvenience may result for the addressee. A false or misleading declaration may lead to a fine or seizure of the item and additional penalties. You may add a translation of the contents in a language accepted in the destination country.

Your goods may be subject to restrictions. It is your responsibility to comply with import and export regulations and restrictions (e.g., quarantine, pharmaceutical, etc.), and to determine what documents (e.g., commercial invoice, certificate of origin, health certificate, license, authorization for goods subject to quarantine such as plant, animal, or food products, etc.), if any, are required in the destination country. Check the country listings at pe.usps.com/text/imm/immctry.htm, as well as the UPU List of Prohibited Items available at www.upu.int/customs/en/country_list_en.pdf.

FROM (Sender information) and **TO** (Addressee information) sections: Enter both the sender's and addressee's full name and full address in the blocks provided. Incomplete names (e.g., initials) or incomplete address entries may result in delayed handling by Customs and/or the delivery office. Provide the telephone/fax number or email address of the sender, as such information will facilitate customs clearance and delivery.

Block 1: Enter a detailed description of each article — e.g., "men's cotton shirts." General descriptions — e.g., "samples," "food products," or "toiletries" — are not acceptable. If there is insufficient space on the form to list all articles, use additional forms as needed. Indicate on the first form (to the right of the barcode) the following: "Additional forms enclosed." **Important:** Obliterate the tracking number and barcode on subsequent forms and place all the forms into PS Form 2976-E (plastic envelope).

Blocks 2–4: Enter the quantity, net weight (in pounds and ounces), and value (in U.S. dollars) of each article.

Block 5: Check the box specifying the category of the item. If the international shipment contains dangerous goods that are approved for mailing, check the box for "Dangerous Goods." Mailability information for international shipments is available in Publication 52, *Hazardous, Restricted, and Perishable Mail* (chapter 6), and in *International Mail Manual* (IMM®) Part 135.

Block 6: Identify if special conditions or restrictions apply to items being mailed.

Block 7: Enter the total weight of the package in pounds and ounces, including packaging, which corresponds to the weight used to calculate the postage.

Block 8: Enter the total value in U.S. dollars.

Block 9: Check the box specifying instructions in case of nondelivery. Items returned to the sender are subject to return charges at the sender's expense.

PS Form 2976-A, September 2012 PSN 7530-01-000-9834

See reverse of this page for additional instructions on how to complete this form.

Block 10: Except for shipments to APO/FPO/DPO addresses, enter an Automated Export System (AES) Internal Transaction Number (ITN), AES Exemption, or if applicable, an AES Downtime Citation. This standard may also apply when mailing items to, from, and between U.S. territories, possessions, and Freely Associated States — see DMM 608.2.5. One of these codes must appear in the "AES/ITN/Exemption" block before the Postal Service will accept a package for mailing. In general, mailpieces containing any type of goods (per Schedule B Export Codes at www.census.gov/foreign-trade/schedules/b) valued at more than \$2,500, or requiring an export license under U.S. law, must have an ITN issued by the U.S. Census Bureau or an AES Downtime Citation, subject to certain exceptions. Mailpieces that are exempt from filing must have an AES Exemption. Regardless of exemptions, all mailpieces must have an ITN or AES Downtime Citation if they are destined to certain countries on which the U.S. has a comprehensive embargo. To obtain an ITN and file electronically through the Census Bureau's AES, or for additional information, please visit www.census.gov/foreign-trade/aes or call 800-549-0595. For additional information, refer to U.S. Postal Service® Publication 699, *Special Requirements for Shipping Internationally*, and to IMM Part 520.

AES Exemption. In order to comply with U.S. Census Bureau's Foreign Trade Regulations, indicate "NOEEI § 30.37(a)," if applicable. "NOEEI § 30.37(a)" may be used when the value of each class of goods is \$2,500 or less, if an export license is not required. Do NOT use this AES Exemption for items sent to Cuba, Iran, North Korea, Sudan, or Syria. Further information can be found in IMM Parts 526 and 527.

Block 11: Check the box if the contents are subject to quarantine restrictions (plant, animal, food products, etc.).

Block 12: Sign and date the form. Your signature certifies that all entries are correct and the item(s) being mailed contain no undeclared dangerous, prohibited, or restricted contents per postal, customs, or destination country regulations. Your signature also certifies compliance with all applicable federal export licensing and filing regulations and confirms your liability for the item(s) being mailed.

Blocks 13–14: Enter Sender's Customs Reference and Importer's Reference, if applicable. (The Importer's Reference might be a tax code, importer code, or VAT number used for sales tax.)

Block 15: Enter, if known, the Importer's telephone number, fax number, or email address, as such information might facilitate customs clearance or delivery.

Blocks 16–20: In Blocks 16–18, enter License, Certificate, and/or Invoice number, if applicable. In Block 19, enter, if known, the 6-digit Harmonized Tariff Schedule number, which is based on the Harmonized Commodity Description and Coding System developed by the World Customs Organization. In Block 20, enter, if known, the "Country of Origin," which is the country where the goods originated — i.e., where they were produced/manufactured or assembled.

Insert the completed form(s) into PS Form 2976-E, *Customs Declaration Envelope — CP 91*. Enclose any commercial documents in the envelope. Do not fold the form set or wrap it around the package. The entire barcode and all information must be visible.

Remove the backing sheet and affix the envelope to the package on the address side.

(Indemnity Statement)****IMPORTANT:** Save this receipt and present it when making an inquiry.**PARCEL INDEMNITY COVERAGE:** Indemnity for Priority Mail International® parcels, including insured and ordinary (uninsured) parcels, is provided only in accordance with Postal Service™ regulations in the *Domestic Mail Manual (DMM®)* and the *International Mail Manual (IMM®)*. The DMM and IMM are available online at <http://pe.usps.com>. The addressee must report damage or missing contents to the delivering Post Office™ immediately.

Ordinary (uninsured) Priority Mail International parcels include indemnity coverage against loss, damage, or missing contents. Indemnity is limited to the lesser of the actual value of the contents or the maximum indemnity based on the weight of the article. Indemnity coverage is subject to both U.S. Postal Service® regulations and the domestic regulations of the destination country. Insurance for loss, damage, or missing contents covers the actual (depreciated) value of the contents.

Claims for lost ordinary and insured parcels may be payable only to the sender, and claims for damage and missing contents may be payable only to the addressee. The sender or addressee may waive the right of payment in favor of the other.

FILING CLAIMS: To initiate an inquiry for loss, damage, or missing contents, call the International Inquiry Center at 800-222-1811. International indemnity inquiries and claims for loss must be filed within the time limits for the service purchased. All claims for damage or missing contents must be filed immediately, and the article, containers, packaging, and all contents received must be presented to the destination Post Office.Evidence of mailing (e.g., original mailing receipts or wrapper), evidence of insurance, and evidence of value (e.g., sales receipt or repair estimate) must be submitted in support of all claims. For complete regulations, see the IMM at <http://pe.usps.com>.**EXCEPTIONS:** No coverage is provided for consequential losses, delay, concealed damage, spoilage of perishable items, articles improperly packaged, articles too fragile to withstand normal handling in the mails, or prohibited articles. See the DMM and the IMM for the specific types of losses that are covered, the limitations on coverage, the terms of insurance or indemnity, and the conditions of payment.**IMPORTANT:** Indemnity coverage is not paid for Express Mail International® or ordinary (uninsured) Priority Mail International parcels containing the following: coins; banknotes; currency notes, including paper money; securities of any kind payable to the bearer; traveler's checks; platinum, gold, and silver; precious stones; jewelry; watches; and other valuable or prohibited articles. These prohibitions and restrictions are based on information furnished by the countries concerned. Customers should inquire at the Post Office facility about specific prohibitions or restrictions.

131.32 **Prohibited and Restricted Articles**

Articles that are prohibited by the destination country are nonmailable. For mail known to contain articles restricted by the destination country, the sender must be informed of the restrictions and advised that the articles are subject to the import requirements of that country.

131.33 **Return or Seizure of Mail**

A country may return or seize mail containing articles prohibited or restricted within that country, whether or not notice of such prohibition or restriction has been provided to or published by the Postal Service.

131.34 **Foreign Customs Information**

The Postal Service does not maintain or provide information concerning the assessment of customs duty in other countries. Postal Service employees must not attempt to inform customers whether articles (gifts or commercial shipments) will be subject to customs duty. Postal Service employees may suggest to customers, however, that they inform the addressees in advance of the articles they intend to mail. Addressees can then obtain information from their local customs authorities. No provision is made for prepayment of customs duty on mail addressed for delivery in foreign countries.

If duties or taxes are assessed, most countries will collect from the recipient a customs clearance and delivery fee, in addition to the duties and taxes. This fee is authorized by international postal agreements to reimburse the delivery service for the costs it incurs in clearing the items through customs and collecting duties at the time of delivery. The duties, taxes, and fee, if applicable, are not included in the postage paid by the mailer.

131.4 **Mailer Responsibility**

Regardless of any statement in this manual or the statement of any employee of the United States Postal Service, the burden rests with the mailer to ensure compliance with domestic, international, and individual country rules and regulations for mailability.

131.5 **Preparation for Mailing**

131.51 **General Packaging Requirements**

Parcels of articles or goods must meet the requirements of DMM 601. See DMM 601 for the size and weight limits of parcels and for several grades of fiberboard boxes used for difficult loads. Boxes with difficult loads must be reinforced with banding in each direction around the package.

131.52 **Special Packaging Requirements**

Each mailer must meet the following special packaging requirements when mailing any of the following articles (see DMM 601):

- a. Fragile articles, such as glass, must be cushioned as required to dissipate shock and pressure forces over as much of the surface of the item as possible.
- b. Liquids must be packaged as required.
- c. Package fatty substances that do not easily liquefy, such as ointments, soft soap, resins, etc., as well as silkworm eggs, in an interior container (box, cloth, or plastic bag) and place them in an outer shipping container of minimum 275-grade test strength.
- d. Enclose dry, powdered dyes, such as aniline, in sift-proof, sturdy tin or plastic boxes in an outer sift-proof shipping container. This container must have a minimum 275-grade test strength fiberboard or equivalent.

132 **Written, Printed, and Graphic Matter**

132.1 **Domestic Limits**

All written, printed, and graphic matter that is described as nonmailable in DMM 601 is nonmailable internationally. This matter includes but is not limited to:

- b. Advertisements for motor vehicle master keys.
- c. Copyright violations.
- d. Fictitious matter.
- e. Lottery matter.

132.2 **Reply Cards and Envelopes**

Mailpieces that are sent to foreign addressees may *not* contain prepaid reply cards or envelopes that bear a U.S. postage stamp, meter stamp, meter impression, or a domestic business reply indicia. See [382](#) for regulations governing mailer use of International Business Reply Service (IBRS).

Exception: The prohibition against enclosing U.S. domestic business reply cards or envelopes does *not* apply when they are bound into, are stapled to, or form an integral part of the printed page of mailpieces that are periodicals. Such enclosures may be admitted so long as they are not used as response vehicles by foreign recipients and the postal administrations of the destination countries do not object to their presence in U.S. origin publications.

133 **Improperly Addressed Mail**

The following items are nonmailable in international mail:

- a. Unaddressed items.
- b. Items whose ultimate destination cannot be determined due to insufficient, illegible, or incorrect addressing.

- a. Coins, banknotes, and currency notes (paper money).
- b. Instruments payable to bearer. (The term “instruments payable to bearer” includes checks, drafts, or securities that can be legally cashed or easily negotiated by anyone who may come into possession of them. A check or draft payable to a specific payee is not regarded as payable to bearer unless the payee has endorsed it. - c. Traveler’s checks.
- d. Manufactured and unmanufactured platinum, gold, and silver.
- e. Precious stones, jewels, jewelry, watches, and other valuable articles.

Note: The term “jewelry” is generally understood to denote articles of more than nominal value. Inexpensive jewelry, watches, such as tie clasps and costume jewelry, containing little or no precious metal, is not considered to be jewelry within the meaning of this section and is accepted under the same conditions as other mailable merchandise to any country. Inexpensive jewelry is accepted to countries that prohibit jewelry, but only at the sender’s risk.

134.3 Prohibitions

Individual countries prohibit or restrict some or all of the valuable items listed above. See the “Prohibitions and Restrictions” section in the Individual Country Listings.

135 Mailable Dangerous Goods**135.1 Infectious Substances****135.11 General Conditions**

Infectious and noninfectious (nonregulated) biological substances are acceptable in international mail subject to the provisions of DMM 601.10.17 under the following conditions: when they are intended for medical or veterinary use, research, or laboratory certification related to the public health; only when such materials are properly prepared for mailing to withstand shocks, pressure changes, and other conditions related to ordinary handling in transit; and under the additional conditions specified in subsections below.

Category A infectious substances as identified in DMM 601.10.17.2a1 are substances transported in a form capable of causing permanent disability or life-threatening or fatal disease in otherwise healthy humans or animals when exposure occurs. A Category A infectious substance is assigned the identification number UN 2814 or UN 2900, based on the known medical history or symptoms of the source patient or animal, endemic local conditions, or professional judgment concerning the individual circumstances of the source human or animal. A list of indicative examples of infectious substances included in Category A can be found in International Air Transportation Association (IATA) Dangerous Goods Regulations, Table 3.3.D.
- b. Category B infectious substances are mailable when they meet the definition in DMM 601.10.17.2a2. A Category B infectious substance does not meet the criteria for inclusion in Category A. A mailpiece known or suspected to contain a Category B infectious substance must bear the proper shipping name “Biological substance, Category B” on the address side of the mailpiece and must be assigned to and marked with identification number UN 3373.
- c. Nonregulated (noninfectious) materials identified in DMM 601.10.17.3 as nonregulated are mailable. 140 International Mail Categories

141 Definitions

141.1 General

There are five principal categories of international mail that are primarily differentiated from one another by speed of service. They are Global Express Guaranteed® (GXG®) service, Express Mail International® service, Priority Mail International service, First-Class Mail International service, and First-Class Package International Service™.

141.2 Global Express Guaranteed

Global Express Guaranteed is the U.S. Postal Service's premium international mail service. Global Express Guaranteed is an expedited delivery service that is the product of a business alliance between the U.S. Postal Service and FedEx Corporation. It provides reliable, high-speed, time-definite service from designated U.S. ZIP Code™ areas to locations in most destination countries. Global Express Guaranteed is assured to meet destination-specific delivery standards or the postage will be refunded. If a shipment is lost or damaged, liability for loss or damaged merchandise or for document reconstruction is limited to a maximum of \$100 or the amount of additional optional insurance purchased. The maximum weight limit for Global Express Guaranteed service is 70 pounds, but lower country-specific weight limits might apply. To determine the maximum weight limit for each country, see the Individual Country Listings or Publication 141, *Global Express Guaranteed Service Guide*.

141.3 Express Mail International

The next level of service, in terms of speed and value-added features, is Express Mail International. Express Mail International is an expedited mail service that can be used to send documents and merchandise to most of the country locations that are individually listed in this publication. Express Mail International insurance coverage against loss, damage, or missing contents, up to a maximum of \$100, is provided at no additional charge. Additional merchandise insurance coverage up to \$5,000 may be purchased at the sender's option to many countries. Document reconstruction insurance coverage is limited to a maximum of \$100 per shipment. Country-specific maximum weight limits range from 22 pounds to 70 pounds. See the Individual Country Listings. Express Mail International shipments offer a date-certain, postage-refund guarantee to select destinations: see [221.2](#) and the Individual Country Listings to determine the availability of such service. For all other destinations, Express Mail International shipments are not subject to a postage refund guarantee if a delivery delay occurs.

141.4 Priority Mail International

Priority Mail International is subject to the provisions of the Universal Postal Union Parcel Convention with the exception of Flat Rate Envelopes and Small Flat Rate Priced Boxes. This classification is primarily designed to

accommodate larger and heavier shipments whose size and/or weight exceeds the limits for First-Class Mail International Service or First-Class Package International Service. For countries that offer parcel service, maximum weight limits range from 22 pounds to 70 pounds. To determine the maximum weight limit for each country, see the Individual Country Listings. At the sender's option, extra services, such as insurance coverage and return receipt service, may be added on a country-specific basis.

Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes are subject to the provisions of the Universal Postal Union Letter-post Convention and provide customers with an economical means of sending correspondence, documents, printed matter, and lightweight merchandise items to foreign destinations. The maximum weight limit is 4 pounds.

Registered Mail service is available for Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes. Insurance is not available for Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes.

141.5 **First-Class Mail International**

First-Class Mail International is a generic term for mailpieces that are letter-size or flat-size, that weigh 4 pounds or less, and that have a value that is \$400 or less. First-Class Mail International items may contain any letter-size or flat-size mailable matter that is not prohibited by the destination country. Aerogrammes are no longer available for purchase. Previously purchased aerogrammes are mailable at the applicable First-Class Mail International letter-size price. At the sender's option, extra services, such as Registered Mail and return receipt, may be added on a country-specific basis.

141.6 **First-Class Package International Service**

First-Class Package International Service is a generic term for mailpieces that are package-size (small packets), that weigh 4 pounds or less, and that have a value of \$400 or less. First-Class Package International Service items may contain any package-size item (small packet) that is not prohibited by the destination country. At the sender's option, extra services, such as registry and return receipt, may be added on a country-specific basis.

142 **Official Mail**

142.1 **Mailings by Federal Agencies**

Official mail (sent by federal agencies and departments listed in Postal Service Handbook DM-103, *Official Mail*) that bears the indicia prescribed in DMM 703 may be sent to foreign destinations. Such items are subject to the postage payment requirements, weight and size limits, customs form requirements, and general conditions for mailing that otherwise apply to the class and category of the international mail being sent.

142.2 **Postal Service Mailings**

International mailpieces that are sent by or on behalf of the U.S. Postal Service must bear the prescribed G-10 permit indicia. Postal Service official mail is subject to all restrictions (e.g., maximum size and weight limits) as defined in the Individual Country Listings for the destination country of mailing.

142.3 **Mail of a Former President and Surviving Spouse of a Former President**

All nonpolitical mail of former United States Presidents, and of the surviving spouse of a former President, must be accepted without prepayment of postage if it bears the written signature of the sender, or a facsimile signature and the words "POSTAGE AND FEES PAID" in the upper-right corner of the address side.

142.4 **General Secretariat of the Organization of American States (OAS)**

The following standards apply when mail is sent as OAS General Secretariat official mail:

- a. Only unregistered or registered First-Class Mail International and First-Class Package International Service items bearing the return address of the OAS General Secretariat and weighing not more than 4 pounds are accepted without postage when addressed to the OAS member countries listed in [142.4b](#). Items in all other mail classes must be prepaid by the mailer.
- b. The following countries are members of the Organization of American States (OAS):

Antigua and Barbuda	Ecuador	Saint Christopher and Nevis
Argentina	El Salvador	Saint Lucia
Bahamas	Grenada	Saint Vincent and the Grenadines
Barbados	Guatemala	Suriname
Bolivia	Haiti	Trinidad and Tobago

Registered First-Class Mail International and First-Class Package International Service items, as well as items in all other mail classes, must be prepaid by the mailer.

150 Postage

151 Postage Prices

See Individual Country Listings.

152 Payment Methods

152.1 Prepayment

Each item must be fully prepaid to ensure prompt dispatch and to avoid assessment of charges against the addressee. For the treatment of shortpaid and unpaid mail, see [420](#).

152.2 Computing Postage

152.21 Determining Single-Piece Weight

To determine single-piece weight in any mailing at single-piece prices, or in a bulk price mailing of nonidentical-weight pieces, weigh each piece individually. To determine single-piece weight in any other bulk or presort price mailing of identical-weight pieces (e.g., IPA or ISAL), weigh a sample group of at least 10 randomly selected pieces and divide the total sample weight by the number of pieces in the sample. Express all single-piece weights in decimal pounds rounded off to four decimal places.

152.22 Rounding Numerical Values

For these standards:

- a. *Round off* requires increasing by 1 the last digit to be kept if the digit to its right, which is not to be kept, is 5 or greater. If that digit is 4 or less, the last digit kept is unchanged (e.g., 3.3761 rounded off to two decimal places is 3.38, whereas 3.3741 is 3.37).
- b. *Round up* requires increasing by 1 the last digit to be kept if there are any digits to its right, regardless of value (e.g., rounding up either 3.3701 or 3.3791 to two decimal places yields 3.38).

152.3 Stamps

152.31 Types of Stamps

The following types of stamps may be used to pay for postage and fees for extra services listed under chapter 3 for all single-piece international mail transactions:

- a. *Denominated postage stamps*: A denominated postage stamp's value is based on the dollar amount that is printed on the stamp. Any denominated postage stamp issued by the United States, unless listed in DMM 604.1.3, is valid for postage.
- b. *Nondenominated postage stamps (excludes precanceled stamps under [152.33](#))*: A nondenominated postage stamp's value is linked to its domestic postage issue price (e.g., the *Antique Toys* stamp, issued on June 7, 2002, has a postage value of 37 cents). A complete listing of

nondenominated postage stamps is available in Quick Service Guide (QSG) 604a found online at <http://pe.usps.com/cpim/ftp/manuals/qsg300/q604a.pdf>.

- c. *Nondenominated semi-postal stamps*: Nondenominated semi-postal stamps (e.g., *Stop Family Violence* or *Breast Cancer Research*) are sold at a price that exceeds the postage value of the stamp, with the amount exceeding postage going to the stated cause. Only their value (at the time of purchase) may be used to pay postage. A complete listing of these semi-postal stamps and their issue prices are available in QSG 604a found online at <http://pe.usps.com/cpim/ftp/manuals/qsg300/q604a.pdf>.
- d. *Forever Stamps (domestic)*: A domestic Forever stamp's value is linked to the domestic First-Class Mail single-piece 1-ounce machinable letter price that is in effect on the day of use (mailing) regardless of when the stamp is purchased and regardless of how prices may change in the future.
- e. *Global Forever Stamps*: A Global Forever stamp's value is linked to the First-Class Mail International single-piece 1-ounce machinable letter price that is in effect on the day of use (mailing) regardless of when the stamp is purchased and regardless of how prices may change in the future. Global Forever stamps can be used to mail a postcard or 1-ounce machinable letter-size mailpiece anywhere in the world. In addition, mailers may use a Global Forever stamp as postage for any type of single-piece international or domestic mailpiece. Global Forever stamps are round and always bear the words "Global Forever."

152.32 **Additional Postage for Nondenominated Postage Stamps, Forever Stamps, or Forever Print-on-Demand Indicias**

Because international postage prices are always higher than the comparable domestic postage prices, mailers who affix a single nondenominated postage stamp or a domestic Forever stamp to their outbound mailpieces must add additional postage to comply with the international price schedule.

152.33 **Precanceled Stamps**

Except for the "Nonprofit Org." variant, mailers may use precanceled stamps for only IPA mailings (see [293.333](#)) and ISAL mailings (see [293.333](#)). The same conditions that are applicable to domestic mail under DMM 604 apply.

152.4 **Postage Meters, Postage Validation Imprints (PVI), Forever Print-on-Demand Indicia, and PC Postage**

Postage meter imprints, postage validation imprint (PVI) labels, Forever Print-on-Demand Indicia labels, and PC Postage imprints are collectively identified as "postage evidencing systems." A postage evidencing system is a device or system of components that a customer uses to print evidence that postage required for mailing has been paid. Postage evidencing systems print indicia, such as meter imprints or information-based indicia (IBI), to indicate postage payment. Mailers may print these indicia directly on a mailpiece or on a label that is affixed to a mailpiece to pay postage and fees for extra services (see chapter 3) for all single-piece mail transactions. In

addition, postage meters may also be used to pay for the “per piece price” portion of IPA (see [292](#)) and ISAL (see [293](#)) mailings. For additional information, including a listing of authorized postage meter and PC Postage providers, see DMM 604.4.

152.5 **Additional Standards for Forever Print-on-Demand Indicia Labels**

Mailers may use the USPS-produced Forever Print-on-Demand Indicia labels, which bear an information-based indicia (IBI) and the word “Forever,” in the same way as the Forever stamp described in [152.31d](#).

152.6 **Permit Imprint**

152.61 **Conditions of Use**

Postage may be paid by permit imprint, subject to the standards in DMM 124, 604, and 705. Postage charges are computed on PS Form 3700. This postage payment method may be used for postage and extra service fees for the following services:

- a. Global Express Guaranteed service prepared under [213.8](#).
- b. Express Mail International service prepared under [223.221](#).
- c. Priority Mail International service.
- d. First-Class Mail International service.
- e. First-Class Package International Service.
- f. International Priority Airmail (IPA) service.
- g. International Surface Air Lift (ISAL) service.

152.62 **Place of Mailing**

Mail must be deposited and accepted at the Post Office that issued the permit, at a time and place designated by the postmaster, except as otherwise provided for drop shipments.

152.63 **Usage Criteria**

To use a permit imprint for international mailing purposes, a mailer must enter a minimum of 200 pieces or 50 pounds of mail matter addressed to recipients in foreign countries. All of the mailpieces bearing a permit imprint do *not* have to be addressed to the same destination country. See [292.23](#) and [293.23](#) for the minimum quantity requirements that govern the entry of International Priority Airmail (IPA) items and International Surface Air Lift (ISAL) items, respectively.

Note: The 200-piece or 50-pound minimum requirement does not apply to M-bags.

152.64 **Required Format**

Each mailpiece sent under this payment method must bear a permit imprint indicia showing that postage is paid. Permit imprint indicia must be prepared in one of the formats shown in [Exhibit 152.64](#). No variations or additions — such as Bulk Rate, Media Mail, Presorted Standard, Enhanced Carrier Route Sort, Automation Rate, Nonprofit Organization, or Bound Printed Matter — are allowed. Mailpieces may bear a company permit imprint, in which the

exact name of the company or individual holding the permit is shown in the indicium in place of the city, state, and permit number. The mailer may substitute the abbreviation “INTL” in place of “INTERNATIONAL” in any of the indicia formats in [Exhibit 152.64](#). Mailings prepared with a company permit imprint must comply with the standards in DMM 604.5.3.9.

The shipping label is approximately 5.5 inches high and 9.5 inches long.

212 Eligibility

212.1 General — All Global Express Guaranteed Shipments

Documents and general correspondence (nondutiable items) and non-documents (all dutiable items including merchandise) may be shipped using Global Express Guaranteed service. Mailers must certify that the shipment does not contain any restricted or dangerous goods prohibited by the destination country or postal regulations and does not require the filing of Electronic Export Information (EEI), formerly known as the Shipper's Export Declaration (SED). The maximum value of a Global Express Guaranteed document or non-document shipment is \$2,499 or a lesser amount as limited by country, content, or value. The sender is responsible for determining if the item is allowable despite any statement made in Publication 141, on the Global Express Guaranteed Web site, or by a Postal Service employee or the Postal Service's agents.

212.2 Customs Forms Required

PS Form 6182, *Commercial Invoice*, is required for certain commodities and destinations. To determine if PS Form 6182 is required for a specific mailing, refer to the "Documentation Requirement" section of the specific destination country in Publication 141.

212.3 Mail Sealed Against Inspection

Global Express Guaranteed mailpieces containing only documents are sealed against inspection. Global Express Guaranteed mailpieces containing non-documents are not sealed against inspection. Regardless of physical closure, the mailing of Global Express Guaranteed mailpieces containing non-documents constitutes consent by the mailer to inspection of the contents.

212.4 Inquiries, Service Guarantees, Postage Refunds, and Indemnity

212.41 Service Guarantee

The Postal Service guarantees delivery within the service standards specified in Publication 141 or the sender may be entitled to a full refund of the postage paid. For the purpose of the money-back guarantee, the date and time of delivery, attempted delivery, or availability for delivery constitutes delivery.

212.42 Transit Days for Shipments

Transit days are available from participating Post Office facilities, online through Click-N-Ship service, and in the "Countries and Cities Served" section of Publication 141. Total transit days for Global Express Guaranteed service may be affected by factors beyond the Postal Service's control, which may include but are not limited to the following:

In accordance with the money-back guarantee standards in Publication 141, a refund request may be filed if the carrier at the destination country does not deliver the shipment, does not attempt to deliver the shipment, or does not make the shipment available on or before close of business in the local time zone in the delivery location. To request a refund or obtain details on how to file a claim, contact a customer service representative at 800-222-1811. The original receipt of the Global Express Guaranteed Air Waybill/Shipping Invoice (shipping label) is required for a postage refund. Requests for postage refunds must be made no later than 30 days from the date of mailing. The signature of the recipient or recipient's agent is required upon delivery of the refund. The money-back guarantee does not apply to shipments to post office box addresses acceptable for delivery or other exclusions defined in the "Summary of Our Terms and Conditions" section of Publication 141.
- 212.45 **Global Express Guaranteed Insurance and Indemnity**
Document reconstruction insurance (the reasonable costs incurred in reconstructing duplicates of nonnegotiable documents mailed) and non-document insurance for loss or damage up to \$100 per shipment are included at no additional charge. (See the Individual Country Listings for availability.) Additional insurance may be purchased for document and non-document shipments (see [212.5](#)). For all other items, the postage is charged per pound or fraction thereof — any fraction of a pound is rounded up to the next whole pound.

213.32 Mailer-Supplied Packaging

Postage for items not mailed in USPS-produced Global Express Guaranteed envelopes is based on the dimensional weight, as calculated under [213.4](#), or the per-pound weight or fraction thereof rounded up to the next whole pound, whichever is greater.

- b. Multiply the length by the width by the height.
- c. Multiply the result by an adjustment factor of 0.785.

- d. Rectangular.
- e. Uniformly thick as stated in [241.235](#).

Note: The length of a large envelope (flat) is the longest dimension. The height is the dimension perpendicular to the length. A First-Class Mail International large envelope (flat) that does not meet the standards in [241.23](#) is not eligible for the large envelope (flat) size price and is charged the applicable First-Class Package International Service (small packet) price.

241.233 Color

Light-colored envelopes that do not interfere with the reading of the address and postmark must be used. Brilliant colored envelopes are not authorized.

241.234 Quality

Flats must be constructed to be strong enough to withstand normal handling. Highly glazed paper or paper with a design that affects readability or processing is not acceptable.

241.235 Uniform Thickness

Large envelopes (flats) must be uniformly thick so that any bumps, protrusions, or other irregularities do not cause more than a 1/4-inch variance in thickness. When determining variance in thickness, exclude the outside edges of a mailpiece (1 inch from each edge) when the contents do not extend into those edges. Also, exclude the selvage of any polywrap covering from this determination. Mailers must secure nonpaper contents to prevent shifting of more than 2 inches within the mailpiece if shifting would cause the piece to be nonuniform in thickness or would result in the contents bursting out of the mailpiece.

241.236 Minimum Flexibility

Large envelopes (flats) must be flexible. Boxes with or without hinges, gaps, or breaks that allow the piece to bend are not considered large envelopes (flats). Tight envelopes or wrappers that are filled with one or more boxes are not considered large envelopes (flats). Customers have the option to perform the tests described below and illustrated in [Exhibit 241.236a–Exhibit 241.236c](#) on their own mailpieces. When a Postal Service employee observes a customer demonstrating that a flat-size piece is flexible

according to these standards, the employee does not need to perform the test. Test flats as follows:

- a. All large envelopes (flats) (see [Exhibit 241.236a](#)):
 - (1) Place the piece with the length parallel to the edge of a flat surface and extend the piece halfway off the surface.
 - (2) Press down on the piece at a point 1 inch from the outer edge, in the center of the piece's length, exerting steady pressure.
 - (3) The piece is not flexible if it cannot bend at least 1 inch vertically without being damaged.
 - (4) The piece is flexible if it can bend at least 1 inch vertically without being damaged and does not contain a rigid insert. No further testing is necessary.
 - (5) If the piece can bend at least 1 inch vertically without being damaged but contains a rigid insert, test the piece according to [241.236b](#) or [241.236c](#).

Exhibit 241.236a

Flexibility Test — All Large Envelopes (Flats)

- b. Large envelopes 10 inches or longer that demonstrate the required flexibility in 241.236a but that contain a rigid insert (see [Exhibit 241.236b](#)):
 - (1) Place the piece with the length perpendicular to the edge of a flat surface and extend the piece 5 inches off the surface.
 - (2) Press down on the piece at a point 1 inch from the outer edge, in the center of the piece's width, exerting steady pressure.
 - (3) Turn the piece around and repeat steps 1 and 2. The piece is flexible if both ends can bend at least 2 inches vertically without being damaged.

Flexibility Test — Large Envelopes (Flats) 10 Inches or Longer

- c. Large envelopes less than 10 inches long that demonstrate the required flexibility in 241.236a but that contain a rigid insert (see [Exhibit 241.236c](#)):
- (1) Place the piece with the length perpendicular to the edge of a flat surface and extend the piece halfway off the surface.
 - (2) Press down on the piece at a point 1 inch from the outer edge, in the center of the piece's width, exerting steady pressure.
 - (3) Turn the piece around and repeat steps 1 and 2. The piece is flexible if both ends can bend at least 1 inch vertically without being damaged.

See [Notice 123](#), *Price List*, for the postage price that applies to M-bags mailed to each IPA destination country. Each full-service IPA M-bag that weighs 11 pounds or less is charged the applicable 11-pound price; a bag that exceeds 11 pounds is charged the applicable 11-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 11 pounds. Each International Service Center (ISC) drop shipment IPA M-bag that weighs 5 pounds or less is charged the applicable 5-pound price; a bag that exceeds 5 pounds is charged the applicable 5-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 5 pounds.

262.3 International Surface Air Lift (ISAL) M-bags

ISAL M-bags that are entered in conjunction with an ISAL mailing (see [293](#)) may contain all types of allowable printed matter and certain other articles (see [261.22](#)). See [Notice 123](#), *Price List*, for the postage price that applies to M-bags mailed to each ISAL destination country. Each full-service ISAL M-bag that weighs 11 pounds or less is charged the applicable 11-pound price; a bag that exceeds 11 pounds is charged the applicable 11-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 11 pounds. Each International Service Center (ISC) drop shipment ISAL M-bag that weighs 5 pounds or less is charged the applicable 5-pound price; a bag that exceeds 5 pounds is charged the applicable 5-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 5 pounds.

262.4 Postage Calculation

The amount of postage paid by the mailer is determined by the weight of the sack's contents, rounded to the next whole pound. For example, if the total weight of the printed matter in an M-bag is 23.2 pounds, exclusive of the tare weight of the sack, the postage computation is based on a total content weight of 24 pounds.

262.5 Stamps, Postage Evidencing Systems, PVI Labels, or Permit Imprint

M-bag postage can be paid by the following means:

- a. By affixing postage stamps, meter stamps, PC Postage, or a postage validation imprinter (PVI) label to PS Tag 158, *M-bag Addressee Tag*.
- b. By placing a permit imprint on PS Tag 158, *M-bag Addressee Tag*, and making payment through an advance deposit account. Only the applicable permit imprint formats shown in Exhibit 152.44 are acceptable. When this method of payment is used, the minimum quantity requirement (i.e., 200 pieces or 50 pounds) that is normally a prerequisite for permit imprint usage (see [152.63](#)) does *not* apply. The postage amount must be accounted for on PS Form 3700, *Postage Statement — International Mail*.

263 Weight and Size Limits**263.1 Weight Limits**

There is no minimum weight requirement for the entry of Airmail M-bags, IPA M-bags, or ISAL M-bags. The maximum weight limit for M-bags is 66 pounds, which includes the tare weight of the sack. Lower maximum weights apply to certain countries. See the Individual Country Listings.

263.2 Size Limits

There are no defined size limits so long as articles being sent can be enclosed in the mailbag.

264 Mail Preparation**264.1 Marking**

Printed matter, or printed matter in combination with merchandise items, must be placed into one or more individual packages bearing the name and address of the sender and addressee. Each package must be marked "POSTAGE PAID — M-BAG."

264.2 Sacking and Labeling**264.21 Equipment**

The sacks and mailing tags (i.e., PS Tag 158) needed for M-bag entry can be obtained from local Post Office facilities. Airmail pouches, if available, will be furnished to customers who intend to utilize that type of M-bag service.

264.22 Tagging

PS Tag 158, *M-bag Addressee Tag*, must be completed for all types of M-bags and attached to the neck of the sack. It must bear the requisite amount of stamped or meter postage or the sender's authorized permit imprint or indicia (see [262.4](#)). For IPA M-bags, mailers must also attach PS Tag 115, *International Priority Airmail*. For ISAL M-bags, mailers must also attach PS Tag 155, *Surface Airlift Mail*.

264.23 Multiple Sacks to One Addressee

If multiple sacks are sent to the same foreign addressee, PS Tag 158 must be marked with an identifiable fraction such as 1/5, 2/5, 3/5, etc.

264.24 Country Destination Name

The Post Office facility must label the sack with the name of the country of destination in large letters and the name of the U.S. dispatching exchange office in small letters (for example, Great Britain via New York), and send it to that exchange office for dispatch to destination.

264.3 Customs Forms Required

M-bags must be accompanied by a fully completed PS Form 2976, which is to be affixed to PS Tag 158, M-bag Addressee Tag. The maximum allowable value is \$400. When paying with a permit imprint, mailers must electronically transmit customs data by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

265 Extra Services

Certificate of mailing is available. Insurance, Registered Mail service, and return receipt service are not available with M-bags.

[260](#), and may be sent to all destination countries that are referenced in [Exhibit 292.452](#). When using this method of mail preparation, the sender must complete PS Tag 115, *International Priority Airmail*, and PS Tag 158, *M-bag Addressee Tag*. Tags must be securely attached to the neck of the sack.

292.132 **IPA M-bags – Customs Forms**

IPA M-bags always require a fully completed PS Form 2976, which is to be affixed to PS Tag 158. Mailers must electronically transmit customs data by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

292.2 **Eligibility**

292.21 **Qualifying Mailpieces**

To qualify for IPA service, a mailpiece must meet the First-Class Mail International characteristics as defined in [141.5](#), or the First-Class Package International Service characteristics as defined in [141.6](#). Mailpieces do not have to be of the same size and weight to qualify. Any item sent with IPA service must conform to the weight and size limits for First-Class Mail International postcards, letters, or large envelopes (flats) as described in [240](#), or for First-Class Package International Service packages (small packets) as described in [250](#).

292.22 **Availability**

IPA service is available to all the foreign countries that are as listed in [Exhibit 292.452](#), which shows the price group assigned to each country.

292.23 **Minimum Quantity Requirements**

292.231 **Minimum Quantity**

All mailings must meet a minimum weight quantity of 50 pounds. To achieve the 50-pound minimum, mailings may include a combination of presort mail, worldwide nonpresort mail, or M-bags.

292.232 **Presort Eligibility – Full Service**

Only a direct country sack containing a minimum of 3 pounds qualifies for the presort price. All remaining mail must be prepared and paid at the worldwide nonpresort price.

292.233 **Presort Eligibility – ISC Drop Shipment**

Only a direct country sack containing a minimum of 3 pounds or a mixed country sack containing a minimum of 5 pounds qualifies for the presort price. All remaining mail must be prepared and paid at the worldwide nonpresort price.

292.24 **Dutiable Items**

Dutiable items may be sent in accordance with the applicable rules in this subchapter for each respective category of mail. Priority Mail International items, either ordinary or insured, may not be mailed with IPA service.

292.25 Customs Forms Requirements

For items requiring a PS Form 2976 (see [123.61](#)), mailers must electronically transmit customs data by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

292.26 Extra Services

Extra services are not available for items sent with IPA service.

292.3 Prices and Postage Payment Methods**292.31 Prices**

IPA service has two price options: a presort price with 15 price groups and a worldwide nonpresort price. Both options offer full-service prices for mail deposited at offices other than the drop shipment offices listed in [292.532](#), and drop shipment prices for mail deposited at one of the drop shipment offices. The per-piece price and per-pound price are shown in [Notice 123, Price List](#). The per-piece price applies to each piece regardless of its weight. The per-pound price applies to the net weight (gross weight minus tare weight of sack or tray) of the mail for the specific price group. Fractions of a pound are rounded to the next whole pound for postage calculation.

292.32 Computation of Postage

Postage is computed on PS Form 3700, *Postage Statement — International Mail*.

292.321 Computing Worldwide Nonpresort Prices

Compute postage at the worldwide nonpresort price as follows:

1. Multiply the number of pieces in the mailing by the applicable per-piece price.
2. Multiply the net weight (in whole pounds) of the entire mailing by the applicable per-pound price.
3. Add together the two totals in steps 1 and 2.

292.322 Computing Presort Prices

Compute postage at the presorted price as follows:

1. Multiply the number of pieces in the mailing destined for countries in a specific price group by the appropriate per-piece price.
2. Multiply the net weight (in whole pounds) of those pieces by the corresponding per-pound price.
3. Add together the two totals in steps 1 and 2.

292.33 Postage Payment Methods**292.331 General**

Postage must be paid by postage meter, permit imprint, or precanceled stamps (see DMM 604).

292.332 Postage Meter

Payments made by postage meter are subject to the following standards:

- a. *Piece Price.* The applicable per-piece postage shown in [Notice 123](#), *Price List*, must be affixed to each mailpiece when paying with a meter. A mailer who has an ICM agreement must affix the applicable per-piece postage as set forth in the ICM agreement.
- b. *Pound Price.* Postage for the pound price portion must be paid either by meter stamp(s) attached to the postage statement or from the mailer's authorized permit imprint advance deposit account.
- c. *Postage Endorsement.* Each piece must be legibly endorsed with the words "INTERNATIONAL PRIORITY AIRMAIL."
- d. *Specifications for Endorsement.* The endorsement required in [292.332c](#) must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the meter stamp in either the postal inscription slug area or ad plate area. If the postal endorsement appears in the ad plate area, no other information may appear in the ad plate. The endorsement may not be typewritten or hand-drawn. The endorsement is not considered adequate if it is included as part of a decorative design or advertisement.
- e. *Unmarked Pieces.* Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.
- f. *Drop Shipment of Meter Mail.* A mailer who wants to enter meter IPA mail at a Post Office facility other than where the meter is licensed must obtain a drop shipment authorization. To obtain an authorization, the mailer must submit a written request to the postmaster at the office where the mail will be entered (see DMM 705).

292.333 Precanceled Stamps

Payments made by precanceled stamps are subject to the following standards:

- a. *Piece Price.* The same denomination of stamp must be affixed to every piece in the mailing.
- b. *Pound Price.* Additional postage is paid at the time of mailing by advance deposit account or meter stamp affixed to the back of the accompanying postage statement.
- c. *Postage Endorsement.* Each piece must be legibly endorsed with the words "INTERNATIONAL PRIORITY AIRMAIL."
- d. *Specifications for Endorsement.* The endorsement required in [292.333c](#) must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the precanceled stamp. The endorsement may not be typewritten or hand-drawn. The is not considered adequate if it is included as part of a decorative design or advertisement.

- e. *Unmarked Pieces.* Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.

292.334 **Permit Imprint**

Mailers may use a permit imprint for mailings that contain identical-weight pieces. Any of the permit imprint formats shown in [Exhibit 152.64](#) is acceptable but must include the “INTL PRIORITY AIRMAIL” rate marking. Postage is calculated as described in [292.32](#) and is deducted from the mailer’s advance deposit account. Permit imprints must not denote bulk mail, nonprofit, or other domestic or special mail. Mailers may use permit imprint with nonidentical-weight pieces only if authorized to use postage mailing systems under DMM 705.

292.4 **Mail Preparation**

292.41 **Addressing and Return Address**

IPA mailpieces are subject to the addressing requirements contained in [122](#), including the requirement of a U.S.-origin return address as defined in [122.2](#).

- a. *Exception — Canada:* IPA items destined for Canada must have the applicable alphanumeric postcode included in the delivery address. See [122.1j](#) for the address formatting requirements that generally apply to mailpieces sent to Canada.
- b. *Exception — Direct Country Sacks:* IPA letter-size and flat-size pieces not requiring a customs form prepared in direct country sacks (see [292.461](#)) are not subject to the interline addressing requirement that is specified in [122.1d](#). At the sender’s risk, the English translation of the destination post office or city name may be omitted from an address that is printed in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters. An English translation of the country name (for example, Japan) is still required on the individual mailpieces.

292.42 **Marking**

292.421 **Letter-Size and Flat-Size Mailpieces**

The sender should mark “PAR AVION” or “AIR MAIL” on the address side of each piece. Alternatively, the user may use a bordered airmail envelope that contains an “AIR MAIL” endorsement.

292.422 **Packages (Small Packets)**

Items that might be mistaken for another class of mail because of their size, weight, or appearance should be marked “LETTER-POST” on the address side.

292.43 **Sealing and Packaging**

292.431 **Mixed Country and Worldwide Nonpresort Price**

All IPA mailpieces entered at the mixed country and worldwide nonpresort price must meet the sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#), and for First-Class Package International Service under IMM [254.3](#) and [254.4](#).

292.432 Direct Country Price

Mailers must meet the following sealing and packaging standards for IPA mail entered at the direct country price:

- a. *Letters*. Letter-size mailpieces entered at the direct country price must meet one of the following requirements:
 - (1) The sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#).
 - (2) The physical standards of a machinable letter under DMM 201.3.
- b. *Flats*. Flat-size mailpieces entered at the direct country price must meet the sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#).
- c. *Small Packets*. Package-size mailpieces (small packets) entered at the direct country price must meet the sealing and packaging methods for First-Class Package International Service under IMM [254.3](#) and [254.4](#).

292.44 Physical Characteristics and Requirements for All Bundles

The following standards apply:

- a. *Thickness*. Bundles of letter-size mail should be no thicker than approximately a handful of mail (4 to 6 inches thick). Bundles of flat-size mail may be thicker than 6 inches but must not weigh more than 11 pounds.
- b. *Securing Bundles*. Each bundle must be securely tied to withstand normal transit. Placing rubber bands around the length and then the girth is the preferred method of securing bundles of letter-size mail. Plastic strapping placed around the length and then the girth is the preferred method of securing bundles of flat-size mail.
- c. *Separation of Bundles*. Letter-size and flat-size mail must be bundled separately.
- d. *Facing of Pieces*. All pieces in bundles must be faced in the same direction.

Note: Parcel-size pieces do not require bundling.

292.45 Sortation**292.451 Presort Mailings – General**

Follow these steps when preparing IPA presort mail:

- a. *Full Service*.
 - (1) Mail that is addressed to an individual country and that contains 3 pounds or more must be sorted into direct country sacks. Mail that cannot be made up into direct country sacks must be prepared and entered at the worldwide nonpresort price. Mailers must bundle letter-size and flat-size pieces as defined in [292.44](#). Letters and flats must be bundled separately, although nonidentical pieces may be commingled within each of these categories. Parcel-size pieces that cannot be bundled because of their physical characteristics must be placed loose in the sack.

- (2) Mailers must sack separately items bearing customs forms from items not bearing customs forms. Each type of sack must individually meet the 3-pound minimum to qualify.
- b. *ISC Drop Shipment — Direct country sacks.*
- (1) Mail that is addressed to an individual country and that contains 3 pounds or more must be sorted into direct country sacks. Mail that cannot be made up into direct country sacks must be prepared and entered at the mixed country or worldwide nonpresort price. Mailers must bundle letter-size and flat-size pieces as defined in [292.44](#). Letters and flats must be bundled separately, although nonidentical pieces may be commingled within each of these categories. Parcel-size pieces that cannot be bundled because of their physical characteristics must be placed loose in the sack.
- (2) Mailers must sack separately items bearing customs forms from items not bearing customs forms. Each type of sack must individually meet the 3-pound minimum to qualify.
- c. *ISC Drop Shipment — Mixed country sacks.* Mixed country sacks can be prepared only after all possible direct country sacks have been prepared. Only countries in price groups 11–15 are eligible for mixed country sack pricing — see [Notice 123](#), *Price List*, for the IPA price group for each country. Mailers must prepare mixed country sacks for items that contain 5 pounds or more and that are destined for an individual country within the same price group. Mail that ultimately cannot be made up into direct country sacks or mixed country sacks must be prepared and entered at the worldwide nonpresort price. Mailers must bundle letter-size and flat-size pieces as defined in [292.44](#). Letters and flats must be bundled separately, although nonidentical pieces may be commingled within each of these categories. Parcel-size pieces that cannot be bundled because of their physical characteristics must be placed loose in the sack.
- Note:** There are separate preparation requirements for mail to Canada. See [292.47](#).

292.452 **Presorted Mail — Direct Country Bundle Label**

Only letter-size and flat-size direct country bundles prepared for mixed country sacks require a label (facing slip). Mailers must complete the label and place it on the address side of the top piece of each bundle in such a manner that it will not become separated from the bundle. The pressure-sensitive labels and optional endorsement lines used domestically for presort mail are prohibited for IPA service. Bundle labels must contain the following information:

Line 1: Foreign Office of Exchange Code. (See [Exhibit 292.452](#).)

Line 2: Country Labeling Name. (See [Exhibit 292.452](#).)

Line 3: Mailer, Mailer Location (City and State).

1 *At the mailer's option, a finer sortation for IPA items addressed to Australia may be used. If this option is chosen, items addressed with postal codes beginning with 0, 1, 2, 4, and 9 and uncoded mail should be sorted and packaged to Sydney. Direct country sacks should be tagged to Sydney as well. Both the three-letter exchange office code ("SYD") and the country name ("Australia") should be entered in the "To" block of PS Tag 178, Airmail Bag Label LC (CN 35/AV 8) (white). Items addressed with postal codes beginning with 3, 5, 6, 7, and 8 should be sorted and packaged to Melbourne. Direct country sacks should be tagged to Melbourne as well. Both the three-letter exchange office code ("MEL") and the country name ("Australia") should be entered in the "To" block of PS Tag 178.*

292.453 **Worldwide Nonpresort Mail — Bundles**

Mailers must bundle letter-size and flat-size pieces as defined in [292.44](#). Letters and flats must be bundled separately, although nonidentical pieces may be commingled within each of these categories. Parcel-size pieces that cannot be bundled because of their physical characteristics must be placed loose in the sack. Labels (facing slips) are not required on any bundles.

292.46 **Sacking Requirements**292.461 **Direct Country Sack (3 Pounds or More)**

The following standards apply:

- a. *General.* Mailers must sack separately items bearing customs forms from items not bearing customs forms. When there are 3 pounds or more of mail addressed to the same country, the mail must be enclosed in a direct country sack. All types of mail, including letter-size bundles, flat-size bundles, and loose items, can be commingled in the same sack for each destination and counted toward the 3-pound minimum, provided items bearing customs forms are sacked separately from items not bearing customs forms. The maximum weight of the sack and contents must not exceed 66 pounds.
- b. *Direct Country Sack Tags.* For each direct country sack, the mailer must do the following:
 - (1) Complete PS Tag 178, *Airmail Bag Label LC (CN 35/AV 8) (white)*, which is a white tag designed to route the sack to a specific

country. The mailer must complete the “To” block showing the destination country and the foreign office of exchange code as listed in [Exhibit 292.452](#). In addition, mailers must apply to the tag a barcode that indicates the mailer’s permit number, the product code, the service type code, the receptacle type, the destination office of exchange, and the serial number of the sack. To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov. Postal Service personnel — not the mailer — must complete the blocks for date, weight, and dispatch information.

- (2) Complete PS Tag 115, *International Priority Airmail*, which is a pink tag that identifies the mail to ensure it receives priority handling. On the back of PS Tag 115, the mailer must specify the price group as listed in [Exhibit 292.452](#).
- (3) Attach both PS Tag 178 and PS Tag 115 to the neck of the sack.

c. *Direct Country Sack Label*. Mailers who claim the ISC drop shipment price and enter their mail at an authorized drop shipment location under [292.532](#) are not required to prepare sack labels. Mailers who claim the full-service price must complete sack labels as follows (see [Exhibit 292.461](#) for the list of U.S. Exchange Offices):

292.462 Mixed Country Sacks (5 Pounds or More — ISC Drop Shipment Only)

The following standards apply:

- a. *General.* When mail is prepared under the ISC drop shipment option, direct country bundles destined to a specific country that cannot be made up in direct country sacks must be prepared in a mixed country sack. A mixed country sack must be prepared for each price group. Only countries in price groups 11 through 15 are eligible for this price. The maximum weight of the sack and the contents must not exceed 66 pounds.
- b. *Mixed Country Sack Tags.* The mailer must affix PS Tag 115, *International Priority Airmail*, to mixed country sacks. PS Tag 115 identifies the mail to ensure it receives priority handling. The mailer must specify the price group on the back of PS Tag 115.

292.463 Worldwide Nonpresort Mail Sacks

The following standards apply:

- a. *General.* The working bundles of mixed country mail and loose items must be enclosed in sacks unless other equipment is specified by the acceptance office. Nonpresorted letter-size mail may be presented in trays if authorized by the acceptance office. The maximum weight of the sack and the contents must not exceed 66 pounds.

Note: Working bundles of mixed country mail cannot be enclosed in mixed country sacks.

- b. *Worldwide Nonpresort Sack Tags.* The mailer must affix PS Tag 115, *International Priority Airmail*, to worldwide nonpresort sacks. PS Tag 115 identifies the mail to ensure it receives priority handling. The mailer must specify “WW” (for “worldwide”) on the back of PS Tag 115.
- c. *Worldwide Nonpresort Sack Label.* Mailers who claim the ISC drop shipment price and enter their mail at an authorized drop shipment location under [292.532](#) are not required to prepare sack labels. Mailers who claim the full service price must complete sack labels as follows (see [Exhibit 292.461](#) for the list of U.S. Exchange Offices):

292.47 Mail Preparation for Canada

Mailers must sack separately items bearing customs forms from items not bearing customs forms. Mailers must prepare letter-size, flat-size, and package-size items destined to Canada in separate containers as defined in items a through c. To qualify for the presort price, the same eligibility requirements apply as for full service (see [292.232](#)) or ISC drop shipment (see [292.233](#)). If the total mailing contains less than 3 pounds of mail for

Canada, then the mail qualifies only for the worldwide nonpresort price but may be included with mail for other countries. Mailings that exclusively contain worldwide nonpresort mail to Canada must have a 50-pound minimum, and mailers must prepare them under [292.453](#) and [292.463](#). Mailers must prepare presorted IPA mail (full-service price and ISC drop shipment price) to Canada as follows:

- a. *Letter-Size and Flat-Size Mail.* Prepare letter-size items in letter trays, either 1-foot or 2-foot, depending on volume. Prepare flat-size items in flat trays. Face all letter-size items and flat-size items in the same direction. Ensure that all trays are full enough to keep the mail from mixing during transportation. Cover (i.e., “sleeve”) all letter-size and flat-size trays and secure them with strapping. Do not prepare the content of trays in bundles. In addition, the mailer must complete PS Tag 115, *International Priority Airmail*, must write “Canada” on the front side of the tag, and must tape the tag to the tray sleeve. In addition, mailers must apply to the tag a barcode that indicates the mailer’s permit number, the product code, the service type code, the receptacle type, the destination office of exchange, and the serial number of the tray. To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.
- b. *Packages.* Prepare package-size items (i.e., items that cannot be prepared in trays because of their size or shape) loose in sacks. Affix PS Tag 178, *Airmail Bag Label LC (CN 35/AV 8) (white)*, to the neck of the sack and write “Canada” in the “To” block of the tag. In addition, affix PS Tag 115, *International Priority Airmail*, to the neck of the sack and write “Canada” on the back of the tag. In addition, mailers must apply to the tag a barcode that indicates the mailer’s permit number, the product code, the service type code, the receptacle type, the destination office of exchange, and the serial number of the sack. To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.
- c. *Direct Country Container Label.* Mailers who claim the ISC drop shipment price and enter their mail at an authorized drop shipment location under [292.532](#) are not required to use container labels. Mailers who claim the full-service price must identify each container (letter tray, flat tray, or sack) to show the Canadian destination, followed by the U.S. exchange office code, and the content, as defined in [Exhibit 292.47](#).

* The “ZIP Code of Entry Post Office” column is relevant only for mailings claimed at the full-service price (i.e., not drop shipped at an ISC) to determine their Canadian destination and U.S. exchange office code container information.

292.5 Mail Entry and Deposit**292.51 Separation by Price Group**

The mailer must specify the price group on the back of PS Tag 115 (for example, with “1” for Canada or “WW” for worldwide nonpresort) and must physically separate the sacks by price group at the time of mailing.

292.52 Full Service

Mailings must be deposited at a Post Office facility where bulk mail is accepted and where the mailer holds an advance deposit account or postage meter license.

292.53 Drop Shipment**292.531 General**

To qualify for the drop shipment price, mailers must present the mail to one of the locations in [292.532](#). The mailer must pay postage at the drop shipment location either through an advance deposit account or postage meter license at the serving Post Office facility. As an alternative, mailers who are participating in the plant-verified drop shipment (PVDS) program may have the mail verified, accepted, and paid for at the mailer’s plant or at the origin Post Office facility serving the mailer’s plant if authorized under DMM 705. PVDS mail must be transported by the mailer to the drop shipment location, and the mail must be accompanied by PS Form 8125, *Plant-Verified Drop Shipment (PVDS) Verification and Clearance*.

292.532 **Drop Shipment Locations**

Drop shipments are available through the offices noted in [Exhibit 292.532](#).

Note: California, Illinois, and New York locations accept both “cleared” mail (mail that has been previously presented and paid for at a BMEU) and “uncleared” mail (mail that *has not* been previously presented and paid for at a BMEU). For Florida locations, refer to footnotes 1 and 2 for special requirements.

293 **International Surface Air Lift (ISAL) Service**

293.1 **Description**

293.11 **General**

International Surface Air Lift[®] (ISAL[®]) service is a bulk mailing system that provides fast, economical international delivery of First-Class Mail International and First-Class Package International Service items. The price is lower than for First-Class Mail International service and First-Class Package International Service. ISAL shipments are flown to the foreign destinations and entered into that country’s surface or nonpriority mail

system for delivery. Separate prices are provided for International Service Center (ISC) drop shipments, presorted mail, and nonpresorted mail. Volume incentives are available through customized agreements.

293.12 **Mail Sealed Against Inspection**

With the exception of M-bags (see [261.23](#)), ISAL mailpieces are sealed against inspection.

293.13 **ISAL M-bags**

293.131 **ISAL M-bags – General**

ISAL M-bags (direct sacks of printed matter to one addressee) may be entered in conjunction with an ISAL mailing, are subject to the provisions of [260](#), and may be sent to all destination countries that are referenced in [Exhibit 293.452](#). When using this method of mail preparation, the sender must complete PS Tag 155, *Surface Airlift Mail*, and PS Tag 158, *M-bag Addressee Tag*. Tags must be securely attached to the neck of the sack.

293.132 **ISAL M-bags – Customs Forms**

ISAL M-bags always require a fully completed PS Form 2976, which is to be affixed to PS Tag 158. Mailers must electronically transmit customs data by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

293.2 **Eligibility**

293.21 **Qualifying Mailpieces**

To qualify for ISAL service, a mailpiece must meet the First-Class Mail International characteristics as defined in [141.5](#), or the First-Class Package International Service characteristics as defined in [141.6](#). Mailpieces do not have to be of the same size and weight to qualify. Any item sent with ISAL service must conform to the weight and size limits for First-Class Mail International postcards, letters or large envelopes (flats) as described in [240](#), or for First-Class Package International Service packages (small packets) as described in [250](#).

293.22 **Availability**

ISAL service is available to all the foreign countries that are listed in [Exhibit 293.452](#), which shows the price group assigned to each country.

293.23 **Minimum Quantity Requirements**

293.231 **Minimum Quantity**

All mailings must meet a minimum weight quantity of 50 pounds. To achieve the 50-pound minimum, mailings may include a combination of presort mail, worldwide nonpresort mail, or M-bags.

293.232 **Presort Eligibility – Full Service**

Only a direct country sack containing a minimum of 3 pounds qualifies for the presort price. All remaining mail must be prepared and paid at the worldwide nonpresort price.

293.233 Presort Eligibility – ISC Drop Shipment

Only a direct country sack containing a minimum of 3 pounds or a mixed country sack containing a minimum of 5 pounds qualifies for the presort price. All remaining mail must be prepared and paid at the worldwide nonpresort price.

293.24 Dutiable Items

Dutiable items may be sent in accordance with the applicable rules in this subchapter for each respective category of mail. Priority Mail International items, either ordinary or insured, may not be mailed with ISAL service.

293.25 Customs Forms Requirements

For items requiring a customs form (see [123.61](#)), mailers must electronically transmit customs data by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

293.26 Extra Services

Extra services are not available for items sent with ISAL service.

293.3 Prices and Postage Payment Methods**293.31 Prices**

ISAL service has two price options: a presort price with 15 price groups and a worldwide nonpresort price. Both options offer full-service prices for mail deposited at offices other than the drop shipment offices listed in [293.532](#), and drop shipment prices for mail deposited at one of the drop shipment offices. The per-piece price and per-pound price are shown in [Notice 123, Price List](#). The per-piece price applies to each piece regardless of its weight. The per-pound price applies to the net weight (gross weight minus tare weight of sack) of the mail for the specific price group. Fractions of a pound are rounded to the next whole pound for postage calculation.

293.32 Computation of Postage

Postage is computed on PS Form 3700, *Postage Statement – International Mail*.

293.321 Computing Worldwide Nonpresort Prices

Compute postage at the worldwide nonpresort price as follows:

1. Multiply the number of pieces in the mailing by the applicable per-piece price.
2. Multiply the net weight (in whole pounds) of the entire mailing by the applicable per-pound price.
3. Add together the two totals in steps 1 and 2.

293.322 Computing Presort Prices

Compute postage at the presorted price as follows:

1. Multiply the number of pieces in the mailing destined for countries in a specific price group by the appropriate per-piece price.

2. Multiply the net weight (in whole pounds) of those pieces by the corresponding per-pound price.
3. Add together the two totals in steps 1 and 2.

293.33 Postage Payment Methods

293.331 General

Postage must be paid by postage meter, permit imprint, or precanceled stamps (see DMM 604).

293.332 Postage Meter

Payments made by postage meter are subject to the following standards:

- a. *Piece Price.* The applicable per-piece postage shown in [Notice 123](#), *Price List*, must be affixed to each mailpiece when paying with a meter. A mailer who has an ICM agreement must affix the applicable per-piece postage as set forth in the ICM agreement.
- b. *Pound Price.* Postage for the pound price portion must be paid either by meter stamp(s) attached to the postage statement or from the mailer's authorized permit imprint advance deposit account.
- c. *Postage Endorsement.* Each piece must be legibly endorsed with the words "INTERNATIONAL SURFACE AIR LIFT" or "ISAL."
- d. *Specifications for Endorsement.* The endorsement required in [292.332c](#) must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the meter stamp in either the postal inscription slug area or ad plate area. If the postal endorsement appears in the ad plate area, no other information may appear in the ad plate. The endorsement may not be typewritten or hand-drawn. The endorsement is not considered adequate if it is included as part of a decorative design or advertisement.
- e. *Unmarked Pieces.* Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.
- f. *Drop Shipment of Meter Mail.* A mailer who wants to enter meter ISAL mail at a Post Office facility other than where the meter is licensed must obtain a drop shipment authorization. To obtain an authorization, the mailer must submit a written request to the postmaster at the office where the mail will be entered (see DMM 705).

293.333 Precanceled Stamps

Payments made by precanceled stamps are subject to the following standards:

- a. *Piece Price.* The same denomination of stamp must be affixed to every piece in the mailing.
- b. *Pound Price.* Additional postage is paid at the time of mailing by advance deposit account or meter stamp affixed to the back of the accompanying postage statement.
- c. *Postage Endorsement.* Each piece must be legibly endorsed with the words "INTERNATIONAL SURFACE AIR LIFT" or "ISAL."

- d. *Specifications for Endorsement.* The endorsement required in [293.333c](#) must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the precanceled stamp. The endorsement may not be typewritten or hand-drawn. The endorsement is not considered adequate if it is included as part of a decorative design or advertisement.
- e. *Unmarked Pieces.* Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.

293.334 **Permit Imprint**

Mailers may use a permit imprint for mailings that contain identical-weight pieces. Any of the permit imprint formats shown in [152.64](#) is acceptable but must include the “INTL SURFACE AIR LIFT” rate marking. Postage is calculated as described in [293.32](#) and is deducted from the mailer’s advance deposit account. Permit imprints must not denote bulk mail, nonprofit, or other domestic or special mail. Mailers may use permit imprint with nonidentical-weight pieces only if authorized to use postage mailing systems under DMM 705.

293.4 **Mail Preparation**

293.41 **Addressing and Return Address**

ISAL mailpieces are subject to the addressing requirements contained in [122](#), including the requirement of a U.S.-origin return address as defined in [122.2](#).

- a. *Exception — Canada:* ISAL items destined for Canada must have the applicable alphanumeric postcode included in the delivery address. See [122.1j](#) for the address formatting requirements that generally apply to mailpieces sent to Canada.
- b. *Exception — Direct Country Sacks:* ISAL letter-size and flat-size pieces not requiring a customs form prepared in direct country sacks (see [293.461](#)) are not subject to the interline addressing requirement that is specified in [122.1d](#). At the sender’s risk, the English translation of the destination post office or city name may be omitted from an address that is printed in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters. An English translation of the country name (for example, Japan) is still required on the individual mailpieces.

293.42 **Marking**

293.421 **Letter-Size and Flat-Size Mailpieces**

The sender should mark “INTERNATIONAL SURFACE AIR LIFT” or “ISAL” on the address side of each piece. Use of bordered airmail envelopes is prohibited.

293.422 **Packages (Small Packets)**

Items that might be mistaken for another class of mail because of their size, weight, or appearance should be marked “LETTER-POST” on the address side.

293.43 **Sealing and Packaging**293.431 **Mixed Country and Worldwide Nonpresort Price**

All ISAL mailpieces entered at the mixed country and worldwide nonpresort price must meet the sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#), and for First-Class Package International Service under IMM [254.3](#) and [254.4](#).

293.432 **Direct Country Price**

Mailers must meet the following sealing and packaging standards for ISAL mail entered at the direct country price:

- a. *Letters*. Letter-size mailpieces entered at the direct country price must meet one of the following requirements:
 - (1) The sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#).
 - (2) The physical standards of a machinable letter under DMM 201.3.
- b. *Flats*. Flat-size mailpieces entered at the direct country price must meet the sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#).
- c. *Small Packets*. Package-size mailpieces (small packets) entered at the direct country price must meet the sealing and packaging methods for First-Class Package International Service under IMM [254.3](#) and [254.4](#).

293.44 **Physical Characteristics and Requirements for All Bundles**

The following standards apply:

- a. *Thickness*. Bundles of letter-size mail should be no thicker than approximately a handful of mail (4 to 6 inches thick). Bundles of flat-size mail may be thicker than 6 inches but must not weigh more than 11 pounds.
- b. *Securing Bundles*. Each bundle must be securely tied to withstand normal transit. Placing rubber bands around the length and then the girth is the preferred method of securing bundles of letter-size mail. Plastic strapping placed around the length and then the girth is the preferred method of securing bundles of flat-size mail.
- c. *Separation of Bundles*. Letter-size and flat-size mail must be bundled separately.
- d. *Facing of Pieces*. All pieces in bundles must be faced in the same direction.

Note: Parcel-size pieces do not require bundling.

293.45 **Sortation**293.451 **Presort Mailings — General**

- a. *Full Service*.
 - (1) Mail that is addressed to an individual country and that contains 3 pounds or more must be sorted into direct country sacks. Mail that cannot be made up into direct country sacks must be prepared and entered at the worldwide nonpresort price. Mailers must bundle letter-size and flat-size pieces as defined in [293.44](#). Letters and flats must be bundled separately, although nonidentical pieces may be commingled within each of these

- categories. Parcel-size pieces that cannot be bundled because of their physical characteristics must be placed loose in the sack.
- (2) Mailers must sack separately items bearing customs forms from items not bearing customs forms. Each type of sack must individually meet the 3-pound minimum to qualify.
- b. *ISC Drop Shipment – Direct country sacks.*
- (1) Mail that is addressed to an individual country and that contains 3 pounds or more must be sorted into direct country sacks. Mail that cannot be made up into direct country sacks must be prepared and entered at the mixed country or worldwide nonpresort price. Mailers must bundle letter-size and flat-size pieces as defined in [293.44](#). Letters and flats must be bundled separately, although nonidentical pieces may be commingled within each of these categories. Parcel-size pieces that cannot be bundled because of their physical characteristics must be placed loose in the sack.
- (2) Mailers must sack separately items bearing customs forms from items not bearing customs forms. Each type of sack must individually meet the 3-pound minimum to qualify.
- c. *ISC Drop Shipment – Mixed country sacks.* Mixed country sacks can be prepared only after all possible direct country sacks have been prepared. Only countries in price groups 11–15 are eligible for mixed country sack pricing — see [Notice 123](#), *Price List*, for the ISAL price group for each country. Mailers must prepare mixed country sacks for items that contain 5 pounds or more and that are destined for an individual country within the same price group. Mail that ultimately cannot be made up into direct country sacks or mixed country sacks must be prepared and entered at the worldwide nonpresort price. Mailers must bundle letter-size and flat-size pieces as defined in [293.44](#). Letters and flats must be bundled separately, although nonidentical pieces may be commingled within each of these categories. Parcel-size pieces that cannot be bundled because of their physical characteristics must be placed loose in the sack.

293.452 **Presorted Mail – Direct Country Bundle Label**

Only letter-size and flat-size direct country bundles prepared for mixed country sacks require a label (facing slip). Mailers must complete the label and place it on the address side of the top piece of each bundle in such a manner that it will not become separated from the bundle. The pressure-sensitive labels and optional endorsement lines used domestically for presort mail are prohibited for ISAL service. Bundle labels must contain the following information:

Line 1: Foreign Office of Exchange Code. (See [Exhibit 293.452](#).)

Line 2: Country Labeling Name. (See [Exhibit 293.452](#).)

Line 3: Mailer, Mailer Location (City and State).

- Mail destined for all other post code prefixes should be labeled to Kawasaki (KWS).
- ISAL mail that is not optionally separated as specified above should be labeled to Kawasaki (KWS).

³ Includes Bonaire and Curacao.⁴ Includes Saba and Saint Eustatius.**293.453 Worldwide Nonpresort Mail – Bundles**

Mailers must bundle letter-size and flat-size pieces as defined in [293.44](#). Letters and flats must be bundled separately, although nonidentical pieces may be commingled within each of these categories. Parcel-size pieces that cannot be bundled because of their physical characteristics must be placed loose in the sack. Labels (facing slips) are not required on any bundles.

293.46 Sacking Requirements**293.461 Direct Country Sack (3 Pounds or More)**

The following standards apply:

- a. *General.* Mailers must sack separately items bearing customs forms from items not bearing customs forms. When there are 3 pounds or more of mail addressed to the same country, the mail must be enclosed in a direct country sack. All types of mail, including letter-size

bundles, flat-size bundles, and loose items, can be commingled in the same sack for each destination and counted toward the 3-pound minimum, provided items bearing customs forms are sacked separately from items not bearing customs forms. The maximum weight of the sack and contents must not exceed 66 pounds.

- b. *Direct Country Sack Tags.* For each direct country sack, the mailer must do the following:
 - (1) Complete both sides of PS Tag 155, *Surface Airlift Mail*, which identifies the mail to ensure it receives priority handling. On the front of the tag, the mailer must identify the destination country and the foreign office of exchange code as listed in [Exhibit 293.452](#). On the back of the tag, the mailer must specify the price group as listed in [Exhibit 293.452](#). In addition, mailers must apply to the tag a barcode that indicates the mailer’s permit number, the product code, the service type code, the receptacle type, the destination office of exchange, and the serial number of the sack. To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.
 - (2) Attach PS Tag 155 to the neck of the sack.
- c. *Direct Country Sack Label.* Mailers who claim the ISC drop shipment price and enter their mail at an authorized drop shipment location under [293.532](#) are not required to prepare sack labels. Mailers who claim the full-service price must complete sack labels as follows (see [Exhibit 293.461](#) for the list of U.S. Exchange Offices):

The following standards apply:

- a. *General.* When mail is prepared under the ISC drop shipment option, direct country bundles destined to a specific country that cannot be made up in direct country sacks must be prepared in a mixed country sack. A mixed country sack must be prepared for each price group. Only countries in price groups 11 through 15 are eligible for this price. The maximum weight of the sack and the contents must not exceed 66 pounds.
- b. *Mixed Country Sack Tags.* The mailer must affix PS Tag 155, *Surface Airlift Mail*, to mixed country sacks. PS Tag 155 identifies the mail to ensure it receives priority handling. The mailer must specify only the price group on the back of PS Tag 155.

293.463 **Worldwide Nonpresort Mail Sacks**

The following standards apply:

- a. *General.* The working bundles of mixed country mail and loose items must be enclosed in sacks unless other equipment is specified by the acceptance office. Nonpresorted letter-size mail may be presented in trays if authorized by the acceptance office. The maximum weight of the sack and the contents must not exceed 66 pounds.
Note: Working bundles of mixed country mail cannot be enclosed in mixed country sacks.
- b. *Worldwide Nonpresort Sack Tags.* Sack tags for worldwide nonpresort sacks must be labeled with PS Tag 155, *Surface Airlift Mail*, which identifies the mail to ensure it receives priority handling. The mailer must specify "WW" (for "worldwide") on the back of PS Tag 155.

293.5 Mail Entry and Deposit**293.51 Separation by Price Group**

The mailer must specify the price group on the back of PS Tag 155 (for example, with “1” for Canada or “WW” for worldwide nonpresort) and must physically separate the sacks by price group at the time of mailing.

293.52 Full Service

Mailings must be deposited at a Post Office facility where bulk mail is accepted and where the mailer holds an advance deposit account or postage meter license.

293.53 Drop Shipment**293.531 General**

To qualify for the drop shipment price, mailers must present the mail to one of the locations in [293.532](#). The mailer must pay postage at the drop shipment location either through an advance deposit account or postage meter license at the serving Post Office facility. As an alternative, mailers who are participating in the plant-verified drop shipment (PVDS) program may have the mail verified, accepted, and paid for at the mailer’s plant or at the origin Post Office facility serving the mailer’s plant if authorized under DMM 705. PVDS mail must be transported by the mailer to the drop shipment location, and the mail must be accompanied by PS Form 8125, *Plant-Verified Drop Shipment (PVDS) Verification and Clearance*.

293.532 **Drop Shipment Locations**

Drop shipments are available through the offices noted in [Exhibit 293.532](#).

Note: California, Illinois, and New York locations accept both “cleared” mail (mail that has been previously presented and paid for at a BMEU) and “uncleared” mail (mail that has not been previously presented and paid for at a BMEU). 3 Extra Services

310 Certificate of Mailing

311 Individual Pieces

311.1 Description

Certificate of mailing service is available only at the time of mailing and provides evidence that mail has been presented to the Postal Service for mailing. Certificate of mailing service does not provide a record of delivery, and the Postal Service does not retain copies of PS Form 3817, *Certificate of Mailing*, or PS Form 3877, *Firm Mailing Book for Accountable Mail*, or USPS-approved facsimiles. The fee paid for certificates of mailing does not insure the item against loss or damage. The Postal Service postmarks (round-dates) each form or firm sheet at the time of mailing and then returns it to the mailer as the mailer's receipt.

311.2 Availability

311.21 At Time of Purchase

A customer may purchase a certificate of mailing (individual pieces) when sending the following:

- a. Postcards.
- b. Unregistered First-Class Mail International items.
- c. Unregistered First-Class Package International Service items.
- d. Free matter for the blind.
- e. Unregistered Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes.
- f. Ordinary (uninsured) Priority Mail International parcels including Medium and Large Flat Rate Boxes.
- g. Airmail M-bags.

A certificate of mailing cannot be obtained in combination with Registered Mail items, insured parcels, or items paid with a permit imprint.

311.22 After Mailing (Duplicate Copies)

To obtain a duplicate copy of the certificate of mailing, the mailer must present the original form or firm sheet and an additional certificate endorsed "Duplicate" or a copy indicating the original dates of mailing. The Postal Service postmarks (round-dates) the additional certificate to indicate the current date.

311.3 Fees**311.31 Individual Pieces**

In addition to the correct postage, the mailer must pay the certificate of mailing fee for each article on PS Form 3817 at a Post Office facility. For a separate fee, the mailer may request a duplicate copy of PS Form 3817 after mailing (see [311.22](#)). See [Notice 123](#), *Price List*.

311.32 Three or More Individual Pieces

When mailing three or more pieces, the mailer may optionally use PS Form 3877. In addition to the correct postage, the mailer must pay the certificate of mailing fee for each article on PS Form 3877 by affixing ordinary (uncanceled) stamps, meter imprints, or PC Postage imprints to PS Form 3877. Mailers paying for the postage with a permit imprint may also pay the fee at the time of mailing using the same permit imprint account. For a separate fee, the mailer may request a duplicate copy of PS Form 3877 after mailing (see [311.22](#)). See [Notice 123](#), *Price List*.

311.4 Mailer Preparation**311.41 Individual Pieces**

To obtain a certificate of mailing service for individual pieces, the mailer must present an eligible item for mailing (see [311.21](#)) to a Post Office facility. For customers served by rural carrier service, the carrier obtains the certificate at the Post Office, attaches the stamps, obtains the postmark (round-date) on the certificate on the day of mailing, and delivers the certificate to the customer on the next trip.

311.42 Three or More Individual Pieces

To obtain a certificate of mailing service for three or more pieces of eligible items (see [311.21](#)), the mailer may use PS Form 3877 or a USPS-approved facsimile. All entries on firm sheets must be typed or printed in ink. The mailer may also use USPS-approved computer-generated firm sheets that contain the same information as PS Form 3877. The mailer must obliterate all unused portions of the addressee column by drawing a diagonal line through them. The mailer must pay the certificate of mailing fee by affixing ordinary (uncanceled) stamps, precanceled stamps, meter stamps, or PC Postage stamps to the items. The mailer and accepting employee must initial any alterations to the firm sheets. The postmarked (round-dated) sheets of the books become the mailer's receipts.

312 Bulk Quantities – Certificate of Mailing**312.1 Description**

For bulk mailings of identical-weight pieces paid with ordinary stamps, meter stamps, PC Postage, or permit imprint, mailers may optionally use PS Form 3606, *Certificate of Bulk Mailing*. This form is used only at the time of mailing, to verify the number of identical-weight pieces mailed. The form must not be used as an itemized list, and it does not provide evidence that a piece was mailed to a particular address. The fee paid for a certificate of mailing does not insure the item against loss or damage, and the Postal

Service does not retain copies of PS Form 3606. The Postal Service certifies each PS Form 3606 by postmark (round-date) at the time of mailing and then returns it to the mailer as the mailer's receipt.

312.2 **Availability**

312.21 **At Time of Entry**

A customer may purchase a certificate of bulk mailing when sending the following identical-weight items:

- a. Postcards.
- b. Unregistered First-Class Mail International items.
- c. Unregistered First-Class Package International Service items.
- d. Free matter for the blind.
- e. Unregistered Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes.
- f. Ordinary (uninsured) Priority Mail International parcels including Medium and Large Flat Rate Boxes.
- g. Airmail M-bags.

A certificate of bulk mailing cannot be obtained in combination with Registered Mail items or insured parcels.

312.22 **After Mailing (Duplicate Copies)**

To obtain a duplicate copy of PS Form 3606 after mailing, the mailer must present the original postmarked certificate and an additional certificate endorsed "Duplicate" or a copy indicating the original dates of mailing. The Postal Service postmarks (round-dates) the additional certificate to indicate the current date.

312.3 **Fees**

In addition to the correct postage, the mailer must pay the applicable certificate of bulk mailing fee for mailings of identical-weight pieces reported on PS Form 3606 by affixing ordinary (uncanceled) stamps, meter imprints, or PC Postage imprints to PS Form 3606. Mailers paying for the postage with a permit imprint may also pay the fee at the time of mailing using the same permit imprint account. For a separate fee, the mailer may request a duplicate copy of PS Form 3606 after mailing (see [312.22](#)). See [Notice 123](#), *Price List*, for all applicable fees.

312.4 **Mailer Preparation**

The mailer may present requests for certificate of bulk mailing to a Post Office facility, business mail entry unit (for items paid with a permit imprint), or other location authorized by the Postal Service. The mailer may pay the fee by ordinary (uncanceled) stamps, meter stamps, or PC Postage stamps by affixing the postage to PS Form 3606. The Postal Service certifies each PS Form 3606 by postmark (round-date) at the time of mailing and then returns it to the mailer as the mailer's receipt.

330 Registered Mail

331 Description

Customers may use Registered Mail service for additional protection and security in dispatch and conveyance in the United States. For each registered item a mailing receipt is issued by the office of mailing and a record of delivery is maintained at the office of destination. Indemnity limits are much lower for Registered Mail items than for insured mail. In the United States, Registered Mail items are handled separately from all other mail and are kept in a secure area with restricted access. In destination countries, Registered Mail items are handled according to their own internal procedures.

332 Availability

Customers may purchase Registered Mail service for items that weigh up to 4 pounds. Registered Mail service is not available with Global Express Guaranteed, Express Mail International, or Priority Mail International parcels or any type of M-bag service. See Individual Country Listings for additional country-specific prohibitions and restrictions. Registered Mail service is available for the following types of mail:

- a. Priority Mail International Flat Rate Envelopes listed in [232.2](#), including free matter for the blind items.
- b. Priority Mail International Small Flat Rate Priced Boxes listed in [232.2](#), including free matter for the blind items.

- c. First-Class Mail International items, including free matter for the blind items.
- d. First-Class Package International Service items, including free matter for the blind items.

333 Fees and Indemnity Limits

333.1 Registration Fees

See [Notice 123](#), *Price List*, for the registry fee.

333.2 Indemnity Limit

Regardless of the declared value of a registered item, the maximum amount of indemnity payable for loss, damage, or missing contents is \$46.14.

334 Processing Requests

334.1 Mailing Receipt and Registration Number

334.11 General Use

A receipt is issued for a Registered Mail item when it is accepted. For individual transactions PS Form 3806, *Receipt for Registered Mail*, is used. When an average of three or more items are presented for registration at one time PS Form 3877, *Firm Mailing Book for Accountable Mail*, may be used (see DMM 503). The registered number is determined by Label 200 *Registered Mail* a preprinted self-adhesive label with a number series of nine digits preceded by a Service Type Code of two alpha characters and followed by the Country Code of two alpha characters "US." Only labels printed by the Postal Service may be used on international Registered Mail items.

334.12 Sender's Responsibility

The sender must:

- a. Enter the name and address of addressee on the mailing receipt before presenting the item for registration.
- b. Declare the full value of mail presented for registration. The value declared must be identical to the value stated on PS Form 2976, *Customs Declaration CN 22 — Sender's Declaration*. Items on which identical values are not declared will be refused. (See [123.711](#).)
- c. The sender should retain the receipt and must submit it if he or she wishes to file a claim for the registered item (see chapter [9](#)).

334.13 Accepting Clerk's Responsibility

The accepting clerk must:

- a. Verify that the value declared on PS Form 3806 and the value declared on PS Form 2976 are identical. Refuse items on which the declared values are not the same.
- b. Affix Label 200, *Registered Mail*, to the item on the address side — in the upper left, below the return address — and enter the number in ink on the mailing receipt.

- c. If requested by the sender, show on the mailing receipt and on the Post Office record the time the item was accepted for mailing.
- d. On the receipt, enter the registration fee and postage plus the return receipt fee, if applicable.
- e. Endorse mailing receipt “OFFICIAL PAID” or “OFF. PD.” when federal government official mail is registered pursuant to [142.1](#).

334.14 **Preparation**

Items bearing an address in pencil or any other erasable format must not be accepted for Registered Mail service.

334.2 **Marking**

The accepting clerk must enter the following endorsements and special markings on each registered item:

- a. Affix Label 200 as noted in [334.13b](#). All Registered Mail items of U.S. origin must bear a Label 200.
- b. Place airmail Label 19-A or Label 19-B or the words “PAR AVION” on registered items prepaid for air if the sender has failed to do this.
- c. Endorse the item for any other extra service that the sender requests.

334.3 **Postmarking**

334.31 **Placement**

Postmark registered items twice on the back on the crossing of the upper and lower flaps. If return receipts are used, postmark partially on the receipt and partially on the flaps of the letter. Items sealed on the address side must be postmarked on the address side.

334.32 **Registered Matter for the Blind**

Postmark registered matter for the blind on the address side.

334.4 **Sealing**

334.41 **Sender’s Responsibility**

Senders must securely seal all items presented for registration. Wax or paper seals on envelopes must bear a distinctive mark of the sender and must be affixed in such a way as to allow sufficient space at the intersections of the flaps for postmarking. Self-sealing envelopes and items that appear to have been opened and resealed may not be registered.

334.42 **Registered Free Matter for the Blind or Other Physically Handicapped Persons**

Registered matter for the blind or other physically handicapped persons must *not* be sealed.

334.5 **Return Receipt**

Return receipts can be purchased for Registered Mail items to most countries. (See [340](#) and [350](#) and Individual Country Listings.)

335 **Indemnity Claims and Payments**

The sender must submit a mailing receipt to make an inquiry or file a claim (see chapter 9). Indemnity is provided for loss, damage, or missing contents. If a registered article has been delivered to the addressee payment for damage and missing contents is paid to the addressee unless the addressee waives payment in writing in favor of the sender.

340 Return Receipt

341 **Description**

PS Form 2865, *Return Receipt for International Mail* (Avis de Reception), is a pink card that is attached to a registered item or a Priority Mail International insured parcel at the time of mailing and that is removed and signed at the point of delivery and returned to the sender. Return receipt service provides the sender with evidence of delivery. Return receipts are completed in the country of destination in accordance with its internal regulations, which may not require the addressee's signature except under special circumstances. These receipts are returned to the sender by airmail.

342 **Availability**

Return receipts can be purchased only at the time of mailing and are available only for a registered item or a Priority Mail International insured parcel. Some countries do not admit return receipts or restrict them to Registered Mail items. See Individual Country Listings.

343 **Fee**

See [Notice 123](#), *Price List*, for the return receipt fee. This fee must be paid in addition to postage and other applicable charges.

Note: Include the weight of the return receipt when determining the postage for mailing the item.

344 **Processing Requests**

380 Supplemental Services

381 International Reply Coupons**381.1 Description**

As of January 27, 2013, the U.S. Postal Service no longer sells international reply coupons. However, coupons previously sold by the U.S. Postal Service can still be used or exchanged (see [381.2](#)). The following standards apply to international reply coupons:

- a. The sender of a letter may prepay a reply by purchasing reply coupons that are sold and exchangeable for postage stamps by participating postal administrations in member countries of the Universal Postal Union.

- b. International reply coupons (in French, *Coupons-Reponse Internationaux*) are printed in blue ink on paper that has the letters “UPU” in large characters in the watermark. The front of each coupon is printed in French. The reverse side of the coupon, which has text relating to its use, is printed in German, English, Arabic, Chinese, Spanish, or Russian.

381.2 **Previously Sold Coupons and Exchange Value**

The following standards apply to the exchange of international reply coupons:

- a. International reply coupons sold by the United States Postal Service prior to January 27, 2013, are exchangeable in any other member country for a stamp or stamps representing the minimum postage on an unregistered air letter. Unused U.S. coupons (that is, those with the U.S. selling price stamped on them that are not ultimately redeemed by recipients in other countries) may be exchanged only by the original purchaser for United States postage stamps at a discount of 1 cent below the purchase price.
- b. With the exceptions noted in [381.3d](#), international reply coupons purchased in foreign countries are exchangeable at U.S. Post Office facilities toward the purchase of postage stamps and embossed stamped envelopes at the current maximum First-Class Mail International 1-ounce, letter-size price, per coupon, irrespective of the country where they were purchased. See [Notice 123](#), *Price List*.

381.3 **Processing Requests**

The following standards apply when processing international reply coupons:

- a. Under Universal Postal Union’s regulations, participating member countries are *not* required to place a control stamp or postmark on the international reply coupons that they sell. Therefore, some foreign issue reply coupons that are tendered for redemption may bear the name of the issuing country (generally in French) rather than the optional control stamp or postmark. Such coupons are exchangeable for U.S. postage as specified in [381.2b](#).
- b. A Post Office facility redeeming an unused U.S. coupon must postmark it in the unpostmarked circle. A Post Office facility exchanging a foreign reply coupon must postmark it. Post Office facilities must not accept foreign coupons that already bear a United States Postal Service postmark.
- c. The only valid version of the international reply coupons printed by the Universal Postal Union is Item Number 330800, which is approximately 3.75 inches by 6 inches, has a barcode on the reverse side, and has an expiration date of December 31, 2013.
- d. Reply coupons formerly issued by the Postal Union of the Americas and Spain are no longer valid. These coupons are printed in green ink and bear the caption *Cupon Respuesta America-Espanol*. Customers possessing any of these coupons should return them to their

correspondents in the country of issue for redemption through the selling post office.

- e. Postmasters must process exchanged foreign and redeemed U.S. international reply coupons as prescribed in Handbook F-101, *Field Accounting Procedures*, in section 11-6.6, “International Reply Coupons.”

382 International Business Reply Service

382.1 Description

International Business Reply Service (IBRS) (in French, “Correspondance Commerciale-Réponse Internationale,” abbreviated “CCRI”) is similar to domestic business reply mail service. It allows envelopes and cards to be distributed to and deposited in certain foreign countries for return to the addressee in the United States without prepayment of postage. Postage and service fees are collected from the U.S. addressee at delivery. Extra services cannot be used with IBRS.

382.2 Availability

IBRS is available to every country and territorial possession in the world that is a destination point for U.S.-originating international mail. To be admissible in the international mails IBRS envelopes and cards must conform to the size, weight, and format requirements that are specified in [382.5](#) and [382.6](#) respectively. Qualifying mailpieces receive airmail treatment upon being returned by the foreign postal administrations to United States addressees. See [382.4](#) for the IBRS price that applies to each envelope or card that is returned to the holder of a business reply mail (BRM) permit.

Note: Domestic business reply items are not mailable outside the United States. If deposited in a foreign postal system they will be treated in accordance with that country’s internal postal regulations and may not be returned to the U.S. addressee.

382.3 Who May Distribute IBRS Mail

In order to initiate IBRS mail the U.S. sender must be a business reply mail (BRM) permit holder who has paid the prescribed accounting fee to participate in the Qualified Business Reply Mail (QBRM) program (see DMM 505). IBRS mail must meet all specifications of QBRM including using unique ZIP+4[®] codes identification of the price category and using the corresponding barcode. The postmaster must assign the unique ZIP+4 codes as part of the application process. Participating mailers are encouraged to submit preproduction samples for approval. The postmaster responsible will issue a letter of authorization to the mailer.

382.4 Postage and Fees

See [Notice 123](#), *Price List*, for the applicable price that applies to each card, or each envelope (up to a 2-ounce maximum).

Note: The price for each returned IBRS envelope and card includes postage and the applicable per piece fee that is applied to QBRM domestic business reply service. 442.2 Complete the Registration Process

Enter for Registered Mail service any item on which the sender has fully prepaid the postage and the registry fee and that has been endorsed to show that registry is desired. Send a mailing receipt (see [334.1](#)) to the sender, including a reminder to the sender that mail to be registered must be presented at the Post Office facility for that purpose.

442.3 Shortpaid Mail

If the item has not been fully prepaid, return it to the sender after indicating that it is shortpaid and must be presented for registry at a Post Office facility. If the shortpaid registered item bears no return address, cross out the sender's registry endorsement and dispatch as ordinary mail.

510 Office of Foreign Assets Control (OFAC) Regulations – U.S. Department of the Treasury

511 **General**

The Office of Foreign Assets Control (OFAC) of the U.S. Department of the Treasury administers and enforces economic and trade sanctions based on U.S. foreign policy and national security goals against targeted foreign countries and regimes, terrorists, narcotics traffickers, those engaged in activities related to the proliferation of weapons of mass destruction, and other threats to the national security, foreign policy, or economy of the United States.

512 **Prohibited Destinations, Specially Designated Nationals, and Blocked Persons**

Mailers may not send items to certain countries (Cuba, Iran, North Korea, and Sudan) or to a “blocked person.” Blocked persons include individuals and entities (regardless of the mailing destination) that are listed on the OFAC Specially Designated Nationals (SDN) list. The SDN list is available online at www.treas.gov/offices/enforcement/ofac/sdn/t11sdn.pdf.

513 **Additional Standards**

In addition to the restrictions in 512, mailers may not send items to an entity if a blocked person owns 50 percent or more of that entity.

514 **Exceptions**

Many OFAC sanctions programs have exemptions that cover the mailing of items such as certain humanitarian donations, personal communications containing nothing of value, or informational materials like books, newspapers, and CDs. In addition, under each sanctions program, OFAC has established “general licenses” that authorize shipments under certain conditions. If no exemption or general license applies, a mailing may be allowed if the mailer applies for and obtains a “specific license” from OFAC. The exemptions and general licenses are specific to each sanctions program, and mailers are advised to review the OFAC regulations applicable to the relevant sanctions program.

515 Mailer Compliance

Mailers are required to comply with these regulations. Mailers may be subject to civil and criminal penalties for failing to comply with any part of OFAC's regulations.

516 Additional Information

For additional information, including an explanation of each sanctions program, licenses, and exemptions, see the relevant set of OFAC's regulations for each sanctions program in 31 C.F.R. Chapter V, available at www.treas.gov/ofac, or contact OFAC at 202-622-2000.

520 Foreign Trade Regulations — U.S. Census Bureau

521 General

Subchapter 520 describes the various U.S. Department of Commerce, U.S. Bureau of the Census requirements when shipping goods internationally. In certain circumstances, customers are responsible for entering information on PS Form 2976 or 2976-A. Customers may be subject to civil and criminal penalties if they fail to electronically file their export information when required or if they fail to comply with the Foreign Trade Regulations in any other way.

522 Additional Assistance

Customers needing further assistance with filing requirements should contact the U.S. Census Bureau on its toll-free hotline at 800-549-0595:

- a. Option 1 – Automated Export System Assistance.
- b. Option 2 – Commodity Classification Assistance.
- c. Option 3 – Regulatory Assistance.

523 Mailpieces Sent to APOs, FPOs, and DPOs

Goods mailed to APO/FPO/DPO addresses are not subject to the Foreign Trade Regulations. Accordingly, customers are not required to file electronic export information via the U.S. Census Bureau's Automated Export System or AESDirect Web site for such mailings, and they do not need to present an Automated Export System (AES) Internal Transaction Number (ITN) or AES Exemption.

524 Internal Transaction Number (ITN)**524.1 General**

Under the authority of 13 U.S.C. Chapter 9, as amended by the Foreign Relations Authorization Act of 2002, P.L. 107-228, U.S. Census Bureau regulations require electronic filing of export information through the U.S. Census Bureau's Automated Export System (AES) or AESDirect Web site for certain outbound international shipments of goods. Before mailing,

customers subject to this filing requirement are responsible for presenting an Internal Transaction Number (ITN) or AES Downtime Citation as evidence of compliance.

The Census Bureau's regulations mandate that electronic export information be filed when any type of goods contained in a shipment (per Schedule B Export Codes at www.census.gov/foreign-trade/schedules/b) is valued at more than \$2,500, requires an export license under U.S. law, or is being sent to certain countries designated as terrorist-supporting countries under the Export Administration Regulations, subject to certain exceptions. Following are three examples to illustrate the value criterion:

- a. *Example 1:* An insured Priority Mail International package contains one mechanically operated watch (Schedule B item number 9101.11.0000) valued at \$2,600. The total value of goods to be mailed is \$2,600, and the value of all items within the same Schedule B number is more than \$2,500. Consequently, electronic filing and an ITN would be required (unless an exemption applies).
- b. *Example 2:* An insured Priority Mail International package contains one mechanically operated watch (Schedule B item number 9101.11.0000) valued at \$2,400, and one electronically operated watch (Schedule B item number 9101.91.0000) valued at \$2,400. The total value of goods to be mailed is \$4,800, but no group of items within the same Schedule B number is valued at more than \$2,500. Consequently, electronic filing and an ITN would not be required because the mechanical watch and electronic watch are in different Schedule B groups. Rather, AES Exemption "NOEEI 30.37(a)" would apply, assuming the items do not require an export license and are not being sent to a terrorist-supporting country (see [526.2](#)).
- c. *Example 3:* An insured Priority Mail International package contains two mechanically operated watches (Schedule B item number 9101.11.0000), one valued at \$1,400 and one valued at \$1,500. The total value of goods to be mailed is \$2,900, and the value of all items within the same Schedule B number is more than \$2,500. Consequently, electronic filing and an ITN would be required (unless an exemption applies).

524.2 Filing Requirements

524.21 Mandatory Filing

Electronic filing of export information is required when any of the following applies:

- a. One or more classes of goods (per Schedule B Export Codes at www.census.gov/foreign-trade/schedules/b) within the item are valued at more than \$2,500, unless the shipment falls under an AES Exemption. See [524.1](#).
- b. The item requires an export license under U.S. law. (See [530](#) for additional information.)
- c. The shipment contains goods and is destined to the terrorist-supporting country of Iran, Sudan, or Syria.

- d. The shipment contains goods, is destined to the terrorist-supporting country of Cuba or North Korea, and does not qualify as a “gift parcel or humanitarian donation” as defined by 15 CFR § 740.12.

Note: Terrorist-supporting countries are identified in Country Group E:1 in the Export Administration Regulations, 15 CFR Part 740 Supplement 1. As of December 1, 2012, they are the countries cited in items [524.1c](#) and [d](#).

524.22 **How to File Electronic Export Information and Obtain an Internal Transaction Number (ITN)**

To file electronic export information through the U.S. Census Bureau’s Automated Export System or *AESDirect* Web site and obtain an ITN, customers should use the following steps:

1. Go to www.aesdirect.gov.
2. Register for an *AESDirect* account or log into your existing account.
3. Follow the instructions for the Automated Export System Certification Quiz.
4. The “Port of Export” code for shipping through the Postal Service is “8000.”
5. The “Mode of Transport” is “Mail.”
6. Leave the carrier as “SCAC/IATA,” and leave the conveyance name fields blank.
7. After successfully filing electronic export information, *AESDirect* will provide an alphanumeric Internal Transaction Number (ITN) as confirmation. The ITN consists of the letters “AES” followed by the ITN: for example, “AES X20080930987654.”

Note: If the Automated Export System is down, call the U.S. Census Bureau’s toll-free information hotline at 800-549-0595, option 1. For additional information on electronic filing, use option 3.

525 **AES Downtime Citation**

If electronic export information filing is required but the U.S. Census Bureau’s Automated Export System or *AESDirect* is unavailable, the mailer may ship the goods but is responsible for providing the appropriate AES Downtime Citation instead of an ITN. This citation includes the word “AESDOWN,” the mailer’s AES filer identification number, and the date: for example, “AESDOWN 123456789 09/30/2009.”

526 **AES Exemption**

526.1 **General**

In many circumstances, electronic export information filing and an ITN may not be required when mailing goods internationally. In these circumstances, customers are directed to apply an applicable AES Exemption on the customs declaration form upon mailing. The following conditions apply:

- a. A mailer may enter one AES Exemption per addressed mailpiece. When multiple exemptions may apply, the mailer may select any one that applies.
- b. A mailer cannot apply an AES Exemption to shipments that require an export license.

526.2 **When Applicable**

Customers with shipments not meeting the mandatory filing requirements under [524.21](#) may apply an AES Exemption such as the following on each customs declaration form:

- a. “NOEEI 30.37(a)” for shipments when the value of each class of goods is \$2,500 or less. Mailers cannot apply this exemption to shipments that require an export license or to shipments to countries identified as terrorist-supporting countries in the Export Administration Regulations (currently, Cuba, Iran, North Korea, Sudan, and Syria).
- b. “NOEEI 30.36” for shipments to Canada that do not require an export license.
- c. “NOEEI 30.37(h)” for shipments of gift parcels and humanitarian donations as defined in 15 CFR § 740.12. This exemption may apply only to qualifying shipments to certain terrorist-supporting countries identified in [524.21c](#) (currently, Cuba, North Korea, and Sudan). In addition, the mailer must endorse the item with the marking “GIFT — Export License Not Required” on the address side of the package. The mailer must also write “GFT” in the same block as the AES Exemption on the applicable required customs declaration, as described in [527](#). The mailer must also complete all other blocks of the customs declaration form — including the “Detailed description of contents.”

Note: For more information and a complete listing of these and other AES Exemptions, see Appendix C of the Foreign Trade Regulations, 15 CFR Part 30.

527 **Placement of ITN, AES Downtime Citation, or AES Exemption**

When shipments require an ITN, AES Downtime Citation, or AES Exemption, it is the customer’s responsibility to legibly write the ITN, AES Downtime Citation, or AES Exemption on the applicable customs declaration form as follows:

- a. On the September 2012 edition of PS Form 2976-A, *Customs Declaration and Dispatch Note* — CP 72 (large white form), customers should write one ITN, AES Downtime Citation, or applicable AES Exemption in block 10.
- b. On the May 2009 and January 2009 editions of PS Form 2976-A, customers should write one ITN, AES Downtime Citation, or applicable AES Exemption in block 11.
- c. On editions of PS Form 2976-A printed before January 2009, customers should write one ITN, AES Downtime Citation, or applicable AES Exemption at the top of the form or in any clear space. Avoid writing over the barcode on the form.

- d. On the September 2012 edition of PS Form 2976, *Customs Declaration CN 22 – Sender’s Declaration*, customers should check “NOEEI § 30.37(a)” or “NOEEI § 30.37(h)” in block 8 of the form, depending on the applicable AES Exemption.
- e. On the September 2009 edition of PS Form 2976, customers should check “NOEEI § 30.37(a)” or “NOEEI § 30.37(h)” in block 7 of the form, depending on the applicable AES Exemption.

Note regarding Cuba: Consumer communications devices, computers, and software (CCD) items sent to Cuba require an electronic filing when not included as a gift parcel — see the Individual Country Listing for Cuba for information regarding CCD items. Customers using editions of PS Form 2976 dated September 2009 or later to ship CCD items to Cuba should (1) completely obliterate the check boxes and text referring to NOEEI § 30.37(a) and NOEEI § 30.37(h) and (2) write one ITN or AES Downtime Citation.

- f. On editions of PS Form 2976 printed before September 2009, customers should write one applicable AES Exemption (“30.37(a)” or “30.37(h)”) in the margin on the green portion of the form.

Note regarding Cuba: CCD items sent to Cuba require an electronic filing when not included as a gift parcel — see the Individual Country Listing for Cuba for information regarding CCD items. Customers using editions of PS Form 2976 printed before September 2009 to ship CCD items to Cuba should write one ITN or AES Downtime Citation in the margin on the green portion of the form.

- g. On editions of the Global Express Guaranteed Air Waybill/Shipping Invoice (shipping label, Item 11FGG1) printed before August 2008, customers should write “NOEEI 30.37(a)” next to the sender’s signature. Current versions of Item 11FGG1 have this AES Exemption included on the mailing label.

Note: These standards also apply to mailers who produce privately printed customs declaration forms under [123.3](#).

530 Commodities and Technical Data

531 Scope and Applicability of Export Licensing Requirements

531.1 U.S. Department of Commerce — Bureau of Industry and Security; Export Controls

The Department of Commerce’s Bureau of Industry and Security (BIS) regulates the export of commodities, software, and technologies in certain circumstances, pursuant to the Commerce Department’s Export Administration Regulations (EAR) (15 CFR Parts 730–774). Among other things, BIS requires exporters to apply for and receive a license before sending certain commodities, software, or technology out of the country. The EAR can be found online at www.access.gpo.gov/bis.

Other U.S. government agencies have export control responsibilities for regulating more specialized exports. For example, military goods might be subject to the licensing jurisdiction of the Directorate of Defense Trade Controls at the Department of State. The Department of the Treasury's Office of Foreign Assets Control (OFAC) administers and enforces economic and trade sanctions against targeted foreign countries, terrorism-sponsoring organizations, international narcotics traffickers, and other blocked entities. The BIS Web site identifies resource links for various U.S. government agencies with export control responsibilities. Customers may obtain a listing of these links at www.bis.doc.gov/About/reslinks.htm.

531.2 **Export Enforcement**

BIS implements and enforces the EAR. Many items regulated by the EAR are referred to as "dual-use" items, meaning that the items have both commercial and military or proliferation applications. However, many purely commercial items also are subject to the EAR. BIS's mission is to advance U.S. national security, foreign policy, and economic objectives by ensuring an effective export control and treaty compliance system and by promoting continued U.S. strategic technology leadership. Senders must understand and comply with BIS's regulations when exporting commodities, software, or technology by mail. Postal Service employees will not advise prospective mailers of the type of license required for or the type of authorization available for the export of any item to any destination or recipient. However, if an export control violation has occurred or might occur, or for more information, contact the following source:

OFFICE OF EXPORT ENFORCEMENT (OEE)
BUREAU OF INDUSTRY AND SECURITY
U.S. DEPARTMENT OF COMMERCE
1401 CONSTITUTION AVE. NW
WASHINGTON, DC 20230-0002

TELEPHONE: 202-482-1208.

In addition, OEE has nine field offices located throughout the United States. Information about these field offices is available at www.bis.doc.gov/about/programoffices.htm.

532 **Export Licenses**

532.1 **General**

BIS might require an export license based on several factors specific to a mailer's transaction: the nature and use of the item (commodity, software, or technology) being exported, its destination, the consignee, and the end user. Exports to certain countries are more heavily restricted than others. For example, BIS maintains comprehensive controls against countries designated as "terrorist-supporting countries" (as of October 2009, these countries are Cuba, Iran, North Korea, Sudan, and Syria).

532.2 Export — Definition

Any item that is sent from the United States to a foreign destination is an export. “Items” include commodities, software, and technology. For example, clothing, building materials, circuit boards, automotive parts, blueprints, design plans, retail software packages, and technical information are “items” that may be subject to export control.

In determining export license requirements, it does not matter how an item is transported outside the United States. For example, an item can be sent by regular mail or hand-carried on an airplane; a set of schematics can be sent via facsimile to a foreign destination, software can be uploaded to or downloaded from an Internet site, or technology can be transmitted via e-mail or during a telephone conversation. Regardless of the method used for the transfer, the transaction is considered an “export” for export control purposes. An item is also considered an export even if it is leaving the United States only temporarily, if it is leaving the United States but is not for sale (e.g., a gift), or if it is being mailed to a wholly-owned U.S. subsidiary in a foreign country. Finally, under the EAR, release of technology or source code subject to the EAR to a foreign national in the United States is “deemed” to be an export to the home country of the foreign national.

532.3 How to Determine If an Export License Is Needed

A relatively small percentage of U.S. exports require an export license from BIS. License requirements are dependent upon an item’s technical characteristics, destination, recipients, and end use. The value of the shipment does not affect the export license requirements. It is the mailer’s responsibility to determine if an export requires a license under the EAR. For further assistance about whether an export license might be required, visit www.export.gov/regulation or www.bis.doc.gov/licensing, or call 202-482-4811.

532.4 Additional Information

Additional information concerning export licenses is available from the U.S. Department of Commerce as follows:

533 **Additional Standards**

533.1 **Shipper's Export Declaration**

Commerce Form 7525-V, *Shipper's Export Declaration*, is obsolete and no longer accepted by the Postal Service.

533.2 **Shipper's Electronic Export Filing Required**

If an export requires a license, the customer must electronically file export information with the U.S. Bureau of the Census before mailing (see [520](#)).

533.3 **Processing at Post Office Facilities**

For items requiring an export license, Postal Service personnel at Post Office facilities must verify that the customs declaration is complete (see [123](#)), including a license number in block 17 and an ITN or AES Downtime Citation (see [520](#)) in block 11 on the May 2009 and January 2009 editions of PS Form 2976-A, or block 16 and an ITN or AES Downtime Citation (see [520](#)) in block 10 on the September 2012 edition of PS Form 2976-A.

540 **Munitions (Defense Articles) and Related Technical Data**

541 **Licensing Requirements**

541.1 **Individual Licenses**

541.11 **Exporting Defense Articles**

The exportation of defense articles requires a license issued by the U.S. Department of State, Directorate of Defense Trade Controls (DDTC). Information related to DDTC can be found at its website at www.pmdtcc.state.gov/index.html. Defense articles subject to the license requirement can be found on the United States Munitions List in 22 CFR Part 121. Information concerning licenses for the export of defense articles can be found online in 22 CFR Part 123 of the International Traffic in Arms Regulations (ITAR) at www.pmdtcc.state.gov/regulations_laws/itar_official.html.

541.12 Exporting Technical Data

The exportation of “technical data” as defined in 541.121 requires a license issued by the Department of State, Directorate of Defense Trade Controls (DDTC). Information related to DDTC can be found at its website at www.pddtc.state.gov/index.html. Information concerning licenses for the export of technical data can be found in 22 CFR Part 125 of the ITAR.

Information concerning licenses for the export of technical data can be found online in 22 CFR Part 125 of the ITAR at www.pddtc.state.gov/regulations_laws/itar_official.html.

541.121 Technical Data – Definition

According to § 120.10 of the ITAR, “technical data” is defined as follows:

1. Information, other than software as defined in § 120.10(a)(4), that is required for the design, development, production, manufacture, assembly, operation, repair, testing, maintenance, or modification of defense articles. This includes information in the form of blueprints, drawings, photographs, plans, instructions, and documentation.
2. Classified information relating to defense articles and defense services.
3. Information covered by an invention secrecy order.
4. Software as defined in § 121.8(f) directly related to defense articles.

“Technical data” does not include information concerning general scientific, mathematical, or engineering principles commonly taught in schools, colleges, and universities, or information in the public domain as defined in § 120.11. It also does not include basic marketing information on function or purpose or general system descriptions of defense articles.

541.122 Technical Data – Exempt From Licensing

Technical data that has been published or that is otherwise exempt from licensing under 22 CFR Part 125 of the ITAR does not require a Department of State license for exportation. However, the sender must mark the outside of the mailpiece, identifying the specific subsection under which the exemption is claimed (e.g., “22 CFR 125.4...APPLICABLE,” if 22 CFR § 125.4 is the citation for the relevant exemption).

541.2 Prohibited Countries

Technical data exemptions under [541.122](#) and requests for licensees to export defense articles under [541.11](#) may not be made for items destined to or originating in certain prohibited countries. These countries are listed in 22 CFR § 126.1 of the ITAR. The mailer should visit the DDTC website at www.pddtc.state.gov for a current listing. As of April 2010, these countries include the following:

1. Belarus.
2. Burma.
3. China.
4. Congo, Democratic Republic of the.
5. Cote d’Ivoire.
6. Cuba.
7. Eritrea.

8. Iran.
9. Iraq.
10. Lebanon.
11. Liberia.
12. Korea, Democratic People's Republic of (North Korea).
13. Sierra Leone.
14. Somalia.
15. Sudan.
16. Syria.
17. Venezuela.

Note: Mailers are advised to check the current version of 22 CFR § 126.1 of the ITAR for an updated list before mailing, as the list is subject to change.

541.3 **Exporting of Government Shipments**

Shipments mailed by or for any U.S. government agency do not require an individual license from the Department of State so long as all requirements of 22 CFR §126.4 can be met. The sender must mark the mailpiece with the applicable subsection of §126.4 (e.g., "22 CFR 126.4(a) APPLICABLE").

541.4 **Obtaining Additional Information**

The sender may obtain information from the DDTC Response Team, regarding the applicability of the Department of State requirements and application for an individual license. In addition, the DDTC Response Team handles process and status questions, and it assists mailers and other exporters with more complex questions involving export control issues. The DDTC Response Team should provide substantive responses within 24 hours of receiving inquiries. The DDTC Response Team can be contacted by telephone at 202-663-1282 or by e-mail at *DDTCResponseTeam@state.gov*.

542 **Mailing Under Individual Licenses**

542.1 **Marking by Sender**

For shipments under an individual license, the sender must mark the mailpiece, "DEPARTMENT OF STATE EXPORT LICENSE NO. _____." If only a portion of the amount authorized is mailed, the sender must enter in the area provided on the license the amount (quantity and/or value) being shipped. In addition, the sender must record the license number in Block 17 of PS Form 2976-A.

542.2 **Processing at Post Office Facilities**

542.21 **Examination of List of Contents**

When a sender presents a Department of State license, compare the description of the article indicated on the license with the description of the contents shown on the customs declaration form (see [123](#)), or stated orally by the sender in the case of technical data mailed as printed matter

(see [541.121](#)). If no discrepancy is noted, the contents of the package are mailable, and if the destination is not one of the prohibited countries under [541.2](#), accept the package for mailing.

542.22 **Amount of Mailing Authorized by License**

If the mailing comprises the entire contents authorized by the license, retrieve the license from the sender, mark the license “completed,” apply a legible postmark, and forward it to the following address:

PM/DDTC SA-1 12TH FLOOR
DIRECTORATE OF DEFENSE TRADE CONTROLS
BUREAU OF POLITICAL MILITARY AFFAIRS
U.S. DEPARTMENT OF STATE
WASHINGTON DC 20522-0112

If a mailing includes only a portion of the contents authorized, the mailer must enter in the area provided on the license the amount (quantity and/or value) being shipped and present the item for mailing at a Post Office facility, where it will be postmarked and returned to the sender. The mailer should bring back the same license to mail the rest of the items.

590 Exporting Wildlife and Protected Plants

591 **Special Requirements for Wildlife and Certain Plant Exports**

Exports of wildlife items and products may be subject to declaration, license, marking, and permit requirements enforced by the U.S. Fish and Wildlife Service (USFWS). Similar requirements also apply to plants protected as endangered or threatened under U.S. law or international treaty. Live wildlife and dead animals, with only a few exceptions, may not be exported via the U.S. Postal Service (see [138.1](#)).

592 Declaration Requirements

592.1 Declaration of Wildlife Exports

The following wildlife exports must be declared to USFWS and must receive clearance prior to export:

- a. Commercial exports of wildlife products.
- b. Shipments of items not intended for commercial use valued at \$250 or more.
- c. Noncommercial shipments of items that require a permit for export (e.g., products made from endangered species or migratory birds) regardless of the dollar value of the shipment.

To declare a wildlife export, shippers must complete and file Form 3-177, *Declaration for Importation or Exportation of Fish or Wildlife*, with USFWS. Copies are available from wildlife inspection offices (see [598](#)), from the U.S. Customs Service, or on the Internet at www.fws.gov/le/ImpExp/faqs.htm.

592.2 Declaration of Scientific Specimens or Parts

Form 3-177 is not required at the time of export for shipments of dead, preserved, dried, or embedded scientific specimens or parts when:

- a. The shipment does not require a permit from USFWS.
- b. The shipment is exported by an accredited scientist or accredited scientific institution for taxonomic or systematic research purposes.

Instead, the scientist or scientific institution (or an agent acting on their behalf) must file Form 3-177 with the assistant regional director for law enforcement in the USFWS administrative region from which the export was mailed within 180 days of export. Contact information is available on the Internet at www.le.fws.gov (click on *Contacts*).

592.3 Declaration of Plant Exports

The export of protected plants is regulated by the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS). Plant Protection and Quarantine (PPQ) is a program within APHIS. Shippers should contact the PPQ division for additional information about export requirements for protected plants. Exporters who engage in the commercial trade of plants listed under the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) must obtain a general permit from PPQ in addition to meeting the permit requirements described in [596](#). All plant exports are subject to phytosanitary inspection and certification rules administered by PPQ. Information about plant export requirements can be found at www.aphis.usda.gov/import_export/index.shtml.

593 **Export Licenses and Inspection Requirements for Commercial Wildlife Exports**

Individuals or companies that commercially export wildlife must have a valid import/export license from USFWS. Exporters must notify USFWS and make their shipments available for inspection at least 48 hours before the planned exportation date. Exporters must pay appropriate inspection fees.

594 **Marking Requirements for Wildlife Exports**

All packages containing wildlife products must be marked clearly with the name and address of both the shipper and the recipient. Information identifying the contents as fish or wildlife and specifying the quantity and species involved must accompany the shipment. Federal regulations (50 CFR Part 14, Subpart H) explain how to comply with wildlife marking requirements. See [597](#).

595 **Permit Requirements for Wildlife and Plant Exports**

Permits are required to export any of the following by mail or other means:

- a. Any wildlife or plant (including parts and products) where the species is listed under CITES. A list of species protected under this treaty is maintained by USFWS at <http://international.fws.gov>.
- b. Any wildlife or plant (including parts and products) where the species is listed as endangered or threatened under the U.S. Endangered Species Act. Lists of these species can be found at www.fws.gov/endangered.
- c. Migratory birds, parts, feathers, nests, eggs, or items made from them. Permit requirements for export and numerous other protections apply to more than 700 bird species safeguarded under the Migratory Bird Treaty Act. A list can be found on the Internet at www.fws.gov/migratorybirds/RegulationsPolicies/mbta/mbtandx.html.

CITES-listed herbarium specimens; other preserved, dried, or embedded museum specimens; and live plant material may be exported as a noncommercial loan, donation, or exchange between registered scientists or registered scientific institutions using a CITES-authorized label instead of an export permit.

596 **Obtaining and Using Permits for Wildlife and Protected Plant Exports**

596.1 **Export Permits**

Shippers who need export permits or other documentation required under CITES or the Endangered Species Act should contact USFWS Office of Management Authority (800-358-2104) for the appropriate application forms and instructions. Some CITES-listed species also require permits from the importing country before they can be legally exported.

596.2 **CITES Permit**

The original CITES permit must accompany the shipment. All wildlife exports requiring a CITES permit that are shipped by mail, including personal items mailed overseas, must be declared to USFWS and made available for inspection and permit validation by USFWS wildlife inspectors. Exports of CITES-protected plants must be declared to the U.S. Department of Agriculture's Animal and Plant Health Inspection Service; permits for these shipments must be validated by that agency before export.

596.3 **Export of Migratory Birds**

The export of migratory birds, their parts, feathers, eggs, or nests, or products made from them, is prohibited except with a permit from USFWS. Permit applications and information are available from the regional Migratory Bird Permit Offices located in Albuquerque, NM; Anchorage, AK; Atlanta, GA; Denver, CO; Fort Snelling, MN; Hadley, MA; and Portland, OR.

597 **How to Obtain Additional Information**

Additional information about exporting wildlife products and protected plants can be found in the following sections of the Code of Federal Regulations (CFR):

- a. 50 CFR Part 14, Importation, Exportation, and Transportation of Wildlife.
- b. 50 CFR Part 23, Endangered Species Convention.
- c. 50 CFR Part 24, Importation and Exportation of Plants.

These and other Federal regulations, including those governing endangered species (50 CFR Part 17) and migratory bird permits (50 CFR Part 21), may be accessed online at <http://www.gpoaccess.gov/cfr/index.html>.

Shippers may also contact USFWS wildlife inspection offices for assistance with wildlife exports. Questions about the export of protected plants should be addressed to the U.S. Department of Agriculture's Animal and Plant Health Inspection Service. A list of Agriculture Inspection Stations and Offices appears in [723](#).

614 Benefits**614.1 Qualified List**

614.3 Right of First Refusal

Postal Qualified Wholesalers must give the Postal Service the first opportunity to handle any international mail originating in the United States that it receives from its customers. This includes giving the Postal Service the first opportunity to quote prices for handling mail that is the subject of a formal or informal request for proposals or quotes from a customer. If the services of a wholesaler are needed, the Postal Service may request

The Postal Service will render its decision on the objection within five business days after its receipt.

620 **Global Direct Entry Wholesaler Program**

621 **Description**

Under the Global Direct Entry™ (GDE) Wholesaler Program, the Postal Service establishes relationships with certain wholesalers that tender international inbound shipments and parcels to the Postal Service after the U.S. Customs and Border Protection has cleared the items. An approved GDE wholesaler must work closely with the Postal Service and, in exchange, may be able to enter into agreements with the Postal Service to have its name included in the Postal Service website and to obtain sales leads from the Postal Service, thereby potentially increasing its business.

An approved GDE wholesaler that uses a representative or agent must ensure that the representative or agent complies with the rules and regulations of the GDE Wholesaler Program.

Prospective GDE wholesalers must meet certain criteria and must receive approval from the Postal Service before participating in the program.

622.2 Letter of Request

Any company desiring to be a GDE wholesaler must submit a letter of request to the following address:

The letter must affirmatively certify the following:

- a. The company meets the eligibility criteria listed in [622.1](#).
- b. The company is not disqualified from being a GDE wholesaler for any of the reasons listed in [623.1](#).

Approval of a GDE wholesaler is subject to the discretion of the Postal Service. If the Postal Service rejects a company's request to participate in the GDE Wholesaler Program, the Postal Service's manager of Regional Business Development will notify that company by e-mail that the request is not approved. A wholesaler who receives such notification may, within 7 days of receiving such notification, submit an appeal by e-mail to the Postal Service's executive director of Global Business Management at globaldirect@usps.com. The decision of the Postal Service's executive director of Global Business Management concerning the appeal is administratively final.

622.3 Length of Qualification — Approval Period

Each GDE wholesaler will be qualified for a period of 1 year. At the end of that 1-year period, the GDE wholesaler must submit another letter of request to the Postal Service's manager of Regional Business Development in accordance with [622.2](#).

- c. Fails to comply with any of the eligibility criteria listed in [622.1](#).

Also, the Postal Service will disqualify a wholesaler, a subsidiary, an affiliate, an agent, or a company of the wholesaler as a GDE wholesaler for any of the following reasons:

- a. Being on the Excluded Parties List System (EPLS) of the United States Government, available at www.epls.gov/epls/jsp/FAQ.jsp.
- b. Operating or participating in the equivalent of a GDE Wholesaler Program that is in direct competition with the Postal Service.
- c. Being in arrears for any amount due to the Postal Service.

623.2 **Notification of Disqualification and Appeal**

A wholesaler who receives such notification may, within 7 days of receiving such notification, submit an appeal by e-mail to the Postal Service's executive director of Global Business Management at globaldirect@usps.com. The appeal must list the reasons why the company should not be stricken from the list of approved GDE wholesalers. 625 **Preapproved Advertising**

A GDE wholesaler may state on advertising material that it has been qualified as a GDE wholesaler of the Postal Service, but the Postal Service's manager of Regional Business Development must approve, in advance and in writing, the statement as it will appear on the advertising material.

7 Treatment of Inbound Mail

710 U.S. Customs Information

711 **Customs Examination of Mail Believed to Contain Dutiable or Prohibited Articles**

711.1 **What Is Subject to Examination**

All mail originating outside the customs territory of the United States (i.e., outside the 50 states, the District of Columbia, and Puerto Rico) is subject to customs examination, except the following:

- a. Mail addressed to ambassadors and ministers (chiefs of diplomatic missions) of foreign countries.
- b. Letter mail known to contain or believed to contain only correspondence or documents addressed to diplomatic missions or to the officers of diplomatic missions; to international organizations designated by the president as public international organizations pursuant to the International Organizations Immunities Act; and other mail addressed to such international organizations pursuant to instructions issued by the U.S. Department of the Treasury.
- c. Mail known to contain or believed to contain only official documents addressed to officials of the U.S. government.
- d. Refer to ASM 274.94 for examination procedures to be followed for mail addressed for delivery in the Virgin Islands, American Samoa, the Northern Mariana Islands, Guam, and Puerto Rico.

711.2 **Treatment of Mail Believed to Contain Dutiable or Prohibited Articles**

711.21 **Treatment at Exchange Offices**

711.211 **Submission to Customs Officers**

Mail believed to contain articles liable to customs duty or prohibited articles is submitted immediately to a customs location as identified in [711.62](#), except when exchange offices are authorized to redispach such mail to designated distribution offices for customs treatment.

711.212 **Tag 10**

Exchange offices that redispach mail for submission to customs offices will attach Tag 10, *Supposed Liable to Customs Duty* (previously Label 81), to the label holders or hasps of sacks or pouches. Tag 10 is a reusable pink slotted tag, bearing the words *This sack contains mail supposed liable to customs duty*.

711.22 **Treatment at Distribution Offices**

711.221 **Submission to Customs Officers**

Distribution offices will submit mail believed to contain articles liable to customs duty or prohibited articles to customs officers as soon as possible after receipt.

711.222 **Return of Tag 10**

Quantities of reusable Tags 10 that have been removed from sacks containing such mail should be returned periodically. These tags should be sent to the postmaster at either New York, New Orleans, San Francisco, Seattle, or Miami, as appropriate from a geographic standpoint.

711.23 **Priority Treatment of Airmail**

Airmail items receive preferential customs treatment and are submitted to customs separately from surface mail. Upon return from customs, airmail items will be dispatched by air, if that can expedite delivery.

711.3 **Examination of Registered Mail and Sealed Letters**

The postmaster or other designated employee must be present when Registered Mail and sealed letters (except unregistered sealed letter mail bearing a green customs label) are opened by customs officers for examination. After customs treatment, the customs officer will repack and reseal the mail.

711.4 **Extraction of Samples for Advisory Information**

Should a customs officer wish to obtain advisory information from a local trade expert or from the Customs Information Exchange, permit him or her to extract a sample of the contents. The customs officer will furnish the Postal Service official with two copies of Customs Form 6423, *Notice of Damage, Shortage, or Samples Retained and Notice to Call for Samples* — one for enclosure in the package and the other for the Post Office files. If the sample is to be forwarded to New York, dispatch it under official registration to:

POSTMASTER
JAMES A FARLEY BLDG
US POSTAL SERVICE
421 8TH AVE
NEW YORK NY 10199-0998

for delivery to:

US CUSTOMS AND BORDER PROTECTION
ONE PENN PLZ 11TH FL
NEW YORK NY 10119-0002

711.5 Treatment of Mail Following Customs Examination**711.51 Repacking After Customs Examination****711.511 Responsibility of Customs and Postal Service Employees**

Customs employees are responsible for repacking and resealing mail of foreign origin after customs examination. Postal Service employees accepting mail that has been in customs custody for examination must determine from external inspection whether the mail can safely bear further handling and transportation. Customs employees are responsible for restoring mail that is not in satisfactory condition.

711.512 Customs Shipments in Bad Order

Shipments found to be in bad order in transit or at the delivery office must be reconditioned by Postal Service employees. After reconditioning such mail, the employee should note, over his or her signature on the address side of the wrapper, the bad order and any evidence of damage or missing contents.

711.52 Identification of Dutiable/Nondutiable Articles

When U.S. Customs and Border Protection (CBP) determines that an inbound shipment is subject to duty payment by the addressee, the mailpiece is returned to the Postal Service bearing an orange adhesive-backed Treasury Department envelope, which contains CBP Form 3419ALT, *Mail Entry*. When U.S. Customs determines that an inbound shipment is not subject to duty payment by the addressee, the mailpiece is returned to the Postal Service with no Customs endorsement.

711.6 Handling Subsequent to Customs Inspection**711.61 Postal Service Handling Procedures**

All foreign originating mailpieces that do not bear CBP Form 3419ALT are presumed to have been “cleared through customs” without duty being assessed. Accordingly, such articles should be processed for onward dispatch, without additional delay.

Note: U.S. Customs officers are no longer placing a diamond-shaped “passed free” stamp on inbound mailpieces that are found to be *nondutiable*.

711.62 U.S. Customs Service Locations

U.S. Customs officers at the locations noted in [Exhibit 711.62](#) are authorized to perform the following tasks:

- a. Inspect foreign-originating mailpieces that arrive through each designated port of entry.

712 Customs Clearance and Delivery Fee**712.1 Description****712.11 Collecting Postal Service Fees**

Post Office facilities must collect a Postal Service fee from the addressee for each item on which customs duty or Internal Revenue tax is collected. The Postal Service fee is authorized by international postal agreements to reimburse the Postal Service for costs it incurs clearing items through customs and collecting customs duties at the time of delivery.

712.12 Collecting Postal Service Fee for Each Package

The Postal Service collects the fee on each package bearing CBP Form 3419ALT. When a single mail entry form covers several packages, the Postal Service collects the fee only on the package bearing CBP Form 3419ALT. The CBP Form 3419ALT is enclosed in an orange adhesive-backed Treasury Department envelope attached to the outside wrapper or

envelope. The form indicates the tariff item number, rate of duty, and amount of duty to be collected plus a customs processing fee, which is assessed on all dutiable mail shipments.

712.13 **Accounting for the Postal Service Fee**

The Postal Service fee, which is retained by the U.S. Postal Service, is accounted for by using the procedures in Handbook F-101, *Field Accounting Procedures*, subchapter 7-2.

712.2 **Articles Exempted From Postal Service Fee**

Post Office facilities will not collect a Postal Service fee for customs clearance and delivery in the following cases:

- a. On dutiable articles from overseas U.S. Post Office facilities (civil or military).
- b. On parcels assessed with duty that are delivered without collection of duty under [713.233e](#).
- c. On mail items examined and passed free of duty by U.S. Customs.

712.3 **Amount of Postal Service Fee**

See [Notice 123](#), *Price List*, for the Postal Service fee for customs clearance and delivery for each dutiable item.

712.4 **Postal Service Fee Not Refundable**

The Postal Service fee for customs clearance and delivery is not refundable by the U.S. Postal Service even though the U.S. Customs Service may later refund the duty paid by the addressee.

712.5 **Customs Duties and Customs Fee Not Exempt**

The exemptions provided for in [712.2](#) apply only to the Postal Service fee for Customs clearance and delivery. Customs duties and customs fees are not exempt from collection.

713 **Treatment of Dutiable Mail at Delivery Office**

713.1 **Detection and Dispatch of Dutiable Mail**

713.11 **Detecting Dutiable Items**

Postal Service employees will promptly examine all inbound mail to detect dutiable items. Dutiable mail will bear the “Original” and “Addressee Receipt” copies of CBP Form 3419ALT, which is enclosed in an orange adhesive-backed Treasury Department envelope attached to the wrapper or envelope.

713.12 **Dispatch to Delivery Units**

Dutiable mail will be forwarded promptly to delivery units.

713.2 Delivery of Dutiable Mail**713.21 Delivery Methods****713.211 By Whom Delivered**

Dutiable mail will be delivered by city and rural carriers and by window delivery units.

713.212 PS Form 3849, Delivery Notice/Reminder/Receipt

PS Form 3849, *Delivery Notice/Reminder/Receipt*, is used to notify addressees of the arrival of dutiable mail.

713.22 Delivery Procedures**713.221 Charging Delivery Employee**

Charge mail and both copies of CBP Form 3419ALT (see [713.11](#)) to the delivery employee on PS Form 2944, *Receipt for Customs Duty Mail*, prepared in duplicate. For control and auditing purposes, enter on PS Form 2944 the mail entry numbers as shown on CBP Form 3419ALT. Retain both copies of PS Form 2944 at the Post Office facility as a record of the employee's accountability.

713.222 Addressee's Examination of Dutiable Mail

Addressees are not permitted to examine the contents of dutiable mail until the duty has been paid.

713.223 Signing Customs Entry Forms

When customs charges are collected and delivery is made, the delivery employee will follow this procedure:

- a. Obtain the addressee's signature and date of delivery on the "Original" copy of CBP Form 3419ALT, as well as on PS Form 3849.
- b. If appropriate, the delivery employee will scan/enter the mailpiece barcode and enter the corresponding event code in the handheld or POS ONE scanner.
- c. Sign and date the "Addressee Receipt" copy of CBP Form 3419ALT and give it to the addressee as a receipt for the duty paid.
- d. Turn in the amount collected with the signed "Original" copy of CBP Form 3419ALT and signed PS Form 3849. Turn in any undelivered mail with both copies of CBP Form 3419ALT.

713.224 Clearing Delivery Employee

- a. *Post Office facilities with 950 or more revenue units.* The carrier's accountability will be cleared by a clearing clerk, who will complete both copies of PS Form 2944, prepared pursuant to [713.221](#), and give them to the carrier. The carrier will deposit the original copy of the form in the slotted and locked receptacle provided for that purpose and file the duplicate copy, which he or she will retain for 3 months after the last day of the month of issue. The original copies of PS Form 2944 can only be removed from the locked receptacle by a supervisor or employee other than the clearing clerk, and must be forwarded daily to the chief accountant or other designated employee. Employees at delivery windows who have been charged with dutiable mail will be similarly cleared but, in addition, will be required to execute a new

PS Form 2944 covering all dutiable mail remaining in their custody at the close of business.

- b. *At other Post Office facilities.* The delivery employee's accountability will be cleared in the same manner as for domestic COD transactions.
- c. *PS Forms 3849.* Electronic record management sites will dispatch all signed PS Forms 3849 with mail to be forwarded via pouch to the Computerized Forwarding System (CFS) site serving that office. Manual record management sites will file PS Forms 3849 in the consolidated file by the last two digits of the article number.

713.23 **Addressee Protests Duty Charged**

713.231 **Alternatives Available to Addressee**

When an addressee objects to the assessed value, rate, or amount of duty charged, the following alternatives are available:

- a. Addressee may take delivery, pay the duty and postal fees, and protest (within 90 days from the date duty is paid) directly to the issuing customs port.
- b. Addressee may definitely refuse the mail if he or she does not wish to pay the duty or to protest the duty assessment.
- c. Addressee may conditionally refuse the mail pending review of the entry by the U.S. Customs Service.

Note: Postal Service procedures for alternatives (b) and (c) are described in [713.232](#) and [713.233](#).

713.232 **Definite Refusal of Dutiable Mail**

If the addressee elects alternative (b) in [713.231](#), the delivery employee will make it clear to the addressee that the mail will be disposed of immediately as undeliverable. Then the delivery employee will mark the mail *Refused*, and date and initial it. If appropriate, the delivery employee will scan/enter the mailpiece barcode and enter the corresponding event code in the handheld or POS ONE scanner. Then the delivery employee will return the mailpiece with both copies of CBP Form 3419ALT (see [713.11](#)) to the Post Office facility for disposal (see [713.51](#)).

713.233 **Conditional Refusal of Dutiable Mail**

If the addressee elects alternative (c) in [713.231](#), the Postal Service procedure is as follows:

- a. Delivery employee will advise addressee to submit his or her protest in writing to the postmaster. It should be accompanied by any evidence the addressee may have that will substantiate the claim (i.e., invoice, declaration of value, etc.). The addressee should also provide the CBP Form 3419ALT and any other particulars that will assist in relating the protest to a specific item of mail at the Post Office facility.
- b. Delivery employee will mark the mail "ADDRESSEE PROTESTS DUTY," date and initial the notation, and return the mail with both copies of CBP Form 3419ALT to the Post Office facility to await receipt of the addressee's written protest.

- c. If the addressee's written protest is not received *within 5 days* after the mail has been returned to the Post Office facility, notify the addressee that the mail is on hand and will be held for only 5 more days. Mark the mail "NOTIFIED" and date it. If the addressee does not furnish the required statement within another week, endorse the mail "UNCLAIMED," and date and treat it as prescribed in [713.3](#) or [713.5](#), as appropriate.
- d. On receipt of the addressee's written protest, the Post Office facility will promptly:
 - (1) Prepare report, in duplicate, on PS Form 2937, *Importer's Objections*.
 - (2) Forward original of PS Form 2937, with supporting statements and both copies of CBP Form 3419ALT, to the customs mail division where CBP Form 3419ALT was prepared, unless the addressee is located in the vicinity of one of the customs offices listed in [711.62](#). In the latter case, the original of PS Form 2937, both copies of CBP Form 3419ALT, and the other documents may be sent to the local customs office for consideration of the protest.
 - (3) Retain the mail with the duplicate of PS Form 2937 and await the decision of the customs office. If the customs office requests that the mail be submitted for inspection, it should be forwarded immediately.
- e. If an adjustment is made by the customs officer, he or she will endorse the adjustment on both copies of CBP Form 3419ALT and return them with the original of PS Form 2937 to the postmaster. When the package is delivered, the delivery employee will collect and report the corrected amount of duty and handle as prescribed in [713.46](#). If the adjusting customs officer waives the duty, the mail will be reported as an uncollected item, as prescribed in [713.52](#).
- f. If no decision on a protest is received from the customs office within 30 days, request that the matter be expedited. Continue to hold the mail until a decision is received.
- g. Whenever applicable during this process, the mailpiece barcode should be scanned/entered and the corresponding event code entered in the handheld or POS ONE scanner.

713.3 Forwarding or Returning Dutiable Mail

713.31 Forwarding Dutiable Mail Within the U.S.

713.311 Procedures

Forward dutiable mail as prescribed in [764.1](#). Allow CBP Form 3419ALT to remain attached to the redirected mail in its original envelope, which is also redirected to the new address.

713.312 PS Form 3849, Delivery Notice/Reminder/Receipt

- a. *Manual Record Management Sites:* Prepare PS Form 3849 to show the name and address of the addressee, forwarding address, and name of port where the duty was assessed.

If applicable, scan/enter the mailpiece barcode and enter the corresponding event code in the handheld scanner.
- 713.332 **Procedures**

See [772](#) for procedures for returning mail.
- 713.34 **Forwarding or Returning Dutiable Mail by Stations and Branches**

Postmasters may authorize stations and branches to forward or return mail directly from those units, without sending the mail to the main office.
- 713.4 **Payment of Duty**
- 713.41 **Duty Rate Information**

Customers desiring information concerning rates of duty or other customs procedures should communicate directly with the nearest customs office (see [711.62](#)) or with:

US CUSTOMS AND BORDER PROTECTION
OFFICE OF THE COMMISSIONER
DEPARTMENT OF HOMELAND SECURITY
1300 PENNSYLVANIA AVENUE SW
WASHINGTON DC 20229-0001

713.42 Prepayment of Customs Duty Abroad

No provision is made for the prepayment abroad of customs duty on mail shipments addressed for delivery in the United States.

713.43 Registration of Items to Be Returned to the United States**713.431 Customs Form 4455, Certificate of Registration**

Before sending an item abroad for alterations, repairs, use, or replacement, the owner should submit it to a customs officer for issuance of a *Certificate of Registration* (Customs Form 4455). Otherwise, the package may be subject to a customs duty when it is returned to the United States.

713.432 Certification by Postal Service Personnel

Due to the lack of customs offices in many parts of the country, customers often are unable to have items registered with the U.S. Customs Service before sending them abroad, or are able to do so only after considerable expense and inconvenience. As a service to Postal Service customers, postmasters — or employees they designate — may certify the exportation of items mailed abroad for alteration, repair, use, or replacement under the following conditions:

- a. The customer must live more than 20 miles from a customs office. In addition to those listed in [711.62](#), there are a number of other customs locations throughout the country. A customer who lives within 20 miles of any customs office must have the item certified by a customs officer.
- b. The customer must present the items to be exported in an open state. The package must be accompanied by an original and duplicate copy of Customs Form 4455, which is completed and signed by the sender, and a customs declaration form(s) appropriate to the class of mail. (See [123](#) for declaration requirements.) Customers may obtain Customs Form 4455 from any customs office.
- c. The postmaster or designated Postal Service employee must check to see that the description of the item to be exported is the same on both Customs Form 4455 and the customs declaration form. If the description is the same, he or she certifies to the mailing (lading) by completing the “Signature of Customs Officer” space on both copies of Customs Form 4455. A Certificate of Mailing fee (see [Notice 123](#), *Price List*) must be charged and accounted for by affixing postage stamps to the original and duplicate copies of Customs Form 4455 and canceling each stamp with the Post Office date stamp.
- d. Both copies of Customs Form 4455 must be returned to the customer. The customer must insert the original in the package so that the foreign addressee can return it with the merchandise. The customer should retain the duplicate for possible use in clearing the merchandise upon its return.
- e. After the customer has inserted the original Customs Form 4455, he or she must secure and seal the package and return it to the acceptance employee, who will handle it in the usual manner.

- 713.44 **Return of Audio-Visual Materials**
Customs Form 3311, *Declaration for Free Entry of Returned American Products and/or Certificates of Exportation*, should accompany outbound shipments of educational films sent to foreign addressees on a loan or rental basis. By enclosing Customs Form 3311, the mailer is indicating that the contents of the shipment are eligible for duty-free handling and classification upon reentry into the United States. This procedure is applicable to shipments of educational films valued at \$250 or less, which have been produced in the United States and are returned through the mail by foreign consignees. Customs Form 3311 can be obtained at any Customs Service office.
- 713.45 **Assessment of Duty in Foreign Countries**
The assessment of customs duty in foreign countries is outside the control of the U.S. Postal Service. Postal Service employees must not attempt to inform customers whether any items — either gifts or commercial shipments — will be subject to customs duty. It may be suggested to customers, however, that they inform the addressee before they mail so that the latter may determine whether those items are dutiable. No provision is made for prepayment of customs duty on mail addressed for delivery in foreign countries.
- 713.46 **Recording and Reporting Collections**
Post Office facilities making delivery/collection of dutiable mail must follow the recording and reporting procedures in Handbook F-101, *Field Accounting Procedures*, subchapter 7-2.
- 713.5 **Treatment of Uncollected Items**
- 713.51 **Disposal of Uncollected Items**
When it is definitely established that a dutiable package is undeliverable, detach both copies of CBP Form 3419ALT (see [713.11](#)) and treat the package as prescribed in [770](#). Mark the mail entry forms to show the reason for nondelivery, and report as prescribed in [713.52](#).
- 713.52 **Reporting of Uncollected Items**
- 713.521 **PS Form 2933, Register of Uncollected Customs Charges**
Complete PS Form 2933, *Register of Uncollected Customs Charges*, in duplicate, listing uncollected items in numerical order according to the seven-digit serial number on CBP Form 3419ALT.
- 713.522 **Disposition of PS Form 2933**
Forward the original PS Form 2933, with both copies of CBP Form 3419ALT, to the following address:
US CUSTOMS AND BORDER PROTECTION
MAIL ENTRY
6650 TELECOM DR STE 100
INDIANAPOLIS IN 46278-0001

If supporting Customs Form 3342, *Declaration for Free Entry of Gifts and/or Authorization to Postmaster to Deliver Mail Importation Conditional Free of Duty*, or other statements are necessary, they must be forwarded with the original PS Form 2933 and copies of the CBP Form 3419ALT to the Regional Commissioner of Customs.

713.523 **Filing of PS Form 2933, Register of Uncollected Customs Charges**

File duplicate PS Form 2933 for reference purposes.

713.524 **Reports**

Prepare reports as needed, but not less frequently than weekly.

713.53 **Past-Due Entries**

When the U.S. Customs Service fails to receive a remittance of duty or a report of disposition made of a dutiable package, the postmaster will receive a set of reproduced copies of CBP Form 3419ALT. In this circumstance, a search should be made at the Post Office of address and a report of its findings made to the Regional Commissioner of Customs at the address shown in [713.522](#).

713.54 **Detached Customs Mail Entries**

When a detached CBP Form 3419ALT is found, attempt to locate the related package and attach the form to it. If the package cannot be located, send CBP Form 3419ALT to the following address:

US CUSTOMS AND BORDER PROTECTION
MAIL ENTRY
6650 TELECOM DR STE 100
INDIANAPOLIS IN 46278-0001

713.6 **Refund of Customs Duty**

713.61 **Action by Postmaster**

713.611 **General**

Amounts collected on CBP Form 3419ALT are *not* refundable by postmasters. An addressee who requests a refund of duty should be advised to make application to the customs office that issued the mail entry forms *within 90 days* from the date the duty is paid. If a refund is claimed for damage, it is suggested that the package be forwarded with the application. Any addressee wishing to abandon the package to the government should so state in the application.

713.612 **Addressee's Request for Refund**

If the addressee wishes to request a refund of duty from the Customs Service and intends to file an indemnity claim with the Postal Service, he or she must present the contents, container, and complete wrapping to the postmaster for the inspection in conjunction with the preparation of PS Form 1000, *Domestic or International Claim*. Following this inspection, the postmaster accepting the claim will provide the claimant with a statement to the effect that:

- a. The Postal Service has accepted the damage claim and has received the abandoned merchandise;

- b. The package and its wrapper and contents with no commercial value have been presented to and retained by the Postal Service; and
- c. The documents, including the customer's yellow receipt copy of CBP Form 3419ALT, indicated that customs duty in the stated amount was paid by the customer.

Note: This statement, which is to be provided to the customer by the postmaster, is to accompany the customer's application to the Customs Service for refund of duty. If this statement accompanies the application, the presentation of the abandoned articles is not required by the Customs Service.

713.62 **Refunds by Customs Service**

713.621 **Refund of Duty on Abandoned Merchandise**

A request for refund of duty paid will be considered by the Customs Service when merchandise covered by CBP Form 3419ALT is abandoned, provided:

- a. The abandoned merchandise represents five percent or more of the total value of all merchandise of the same class or kind entered in the invoice in which the item appears.
- b. The abandoned merchandise is delivered to the customs office where the CBP Form 3419ALT was issued within 90 days of the date of delivery (unless the Secretary of the Treasury authorizes a longer time in writing).

713.622 **Refund of Duty on Returned Merchandise**

The refund of duty paid "less 1 percent" will be considered by the Customs Service when merchandise covered by CBP Form 3419ALT is returned, provided:

- a. The returned merchandise does not conform to the sample or specification, or has been shipped without the consent of the consignee.
- b. The returned merchandise is delivered to Customs Service custody for exportation within 90 days of the date of delivery (unless the Secretary of the Treasury authorizes a longer time in writing).

Note: The addressee must pay the postal charges incident to returning the merchandise to the sender.

713.623 **Refund of Duty on Goods Lost En Route**

The Customs Service will not refund the duty paid when goods are lost en route after an addressee has paid the customs duty at the Post Office facility and requested that delivery be made at his or her residence or place of business. In addition, the Postal Service does not make any refunds of customs duty.

713.624 **Refund of Duty as Drawback on Exported Merchandise**

See [580](#) for drawback arrangements.

720 Plant and Animal Quarantine Inspection

721 What Is Subject to Inspection

722.2 Treatment of Packages Exempt From Inspection

Undamaged packages bearing the Agriculture Department label *Importation Authorized* should be forwarded directly to the Post Office of address. If packages bearing this label are damaged, recondition them if necessary, and forward for agricultural inspection as prescribed in [722.3](#).

722.3 Treatment of Unauthorized Importations

722.4 Packages Containing Prohibited Material

Upon inspection, packages found to contain prohibited agricultural material are either (1) released for delivery after removal of the prohibited contents and insertion of a notice by the inspector, or (2) marked “REFUSED ENTRY” (or a similar notation) and returned to origin.

730 **Shortpaid Mail to the United States**

731 **Computation of Postage Due**

- a. The postal service of the country of origin identifies and marks shortpaid mail with a T stamp. Next to the T is a fraction that consists of the amount of postage deficiency (expressed in its own currency) divided by the country's international surface letter price at the first increment.
- b. The receiving exchange office in the United States multiplies the T fraction by the U.S. First-Class Mail International letter price to determine the short paid amount in U.S. currency. This amount, plus a \$0.50 handling charge, accounts for the postage-due amount to be collected on delivery. The postage-due formula is as follows:

$$\begin{aligned}
 & \text{T} \frac{\text{shortpaid amount}}{\text{International letter price of postage to U.S.}} \times \frac{\text{First-Class Mail}}{\text{International price}} \\
 & = \text{Postage deficiency in U.S. currency} \\
 & + \$0.50 \text{ handling charge} \\
 & = \text{Postage due amount}
 \end{aligned}$$

- c. The receiving exchange office in the U.S. will imprint stock rubber stamp R-1300-4, *Postage Due...Cents*, and enter the amount of postage due.
- d. The delivery office will collect postage-due mail in accordance with DMM 604 and Handbook F-1, *Post Office Accounting Procedures*.

732 **Shortpaid Letters and Cards From Canada**

Shortpaid mail from Canada is marked with a T in a circle with the actual amount to be collected entered in the circle. No handling charge is assessed or collected on shortpaid mail from Canada.

733 **Shortpaid Items Bearing U.S. Postage**

If an item bears U.S. postage, the delivery office must allow credit for its value when postage due is collected.

740 Irregular Mail

741 **Invalid Foreign Postage**

A foreign originating mailpiece, which bears invalid postage and is accompanied by a letter of explanation from the origin postal administration, is to be rated as an unpaid postal item. Under those circumstances, the addressee should be asked to (1) pay the requisite postage due; (2) disclose the sender's name and address; and (3) surrender the envelope. After the mailpiece has been tendered to the addressee, the delivery Post Office facility should send the envelope (or the entire article, if refused by the addressee) with the letter of explanation and the sender's name and address (if disclosed by the addressee) to:

MANAGER INTERNATIONAL MARKETING
INTERNATIONAL BUSINESS
US POSTAL SERVICE
475 L'ENFANT PLZ SW RM 3216
WASHINGTON DC 20260-3216

742 Stamps Not Affixed**742.1 Marking**

Some items of foreign origin do not bear postage stamps, but instead are marked "POSTAGE PAID," "ON POSTAL SERVICE," "SERVICE DES POSTES," "TAXE PERCUE" or "TP," or "PORT PAYE" or "PP," followed by postmark. The marking *On Her Majesty's Service* or *O.H.M.S.* is also sometimes used. Treat this mail as prepaid.

742.2 Parcels Without Postage Stamps

Some foreign post offices do not put postage stamps on parcels. All such parcels received must be regarded as prepaid.

743 Parcels Addressed Through Banks or Other Organizations**743.1 Notification of Arrival**

If a parcel is addressed to a bank or other organization for delivery to a second addressee, the Post Office facility will notify both addressees of the arrival of the parcel and will then deliver it to the first addressee, or hold it if the first addressee so requests. If the parcel is held, the Post Office facility will deliver it to the second address only with written permission from the first addressee, unless the sender has arranged for a change of address. If delivery to the second addressee involves forwarding the parcel to another Post Office facility, the parcel will be subject to forwarding postage as provided in [764.13](#). In all cases, electronic record management sites will scan/enter the mailpiece barcode and enter the corresponding event code in the handheld scanner.

743.2 Filing Authorization

After delivery to the second addressee, the Post Office facility will keep the first addressee's written authorization for 1 year, in case of inquiry. Authorizations will be filed as follows:

- a. For insured parcels: with addressees' receipts.
- b. For uninsured parcels: in any appropriate place.

744 Foreign Dispatch Notes**744.1 Delivery Instructions**

If parcels are received at delivery offices with dispatch notes (*bulletin d'expedition*) attached, deliver these notes with the parcels. Although dispatch notes have a space provided for the addressee's acknowledgment of receipt, they do not require signature. They must not be confused with foreign return receipts (*avis de reception*), which are completed as prescribed in [753.1](#).

744.2 Undeliverable Parcels

If a parcel is returned as undeliverable, the Post Office facility will mark the dispatch note as well as the wrapper to show the reason for nondelivery and leave the dispatch note attached to the parcel.

744.3 Dispatch Notes Not Associated With Parcels

Dispatch notes that cannot be associated with accompanying parcels may be disposed of as waste.

750 Extra Services

751 Insured Parcels**751.1 Identification****751.11 Evidence of Insurance**

A number on a parcel is not sufficient evidence of insurance. An insurance endorsement is also required.

751.12 List of Insurance Endorsements

The following are insurance endorsements that may appear on inbound insured parcels, depending on the language of the country of origin.

- a. *Insured.*
- b. *Asegurado or Valor Declarado.*
- c. *Assicurato or Valor Dichiarato.*
- d. *VD or Valeur Declaree.*
- e. *Wertangabe or Wertpaket.*

751.2 Delivery

Deliver international insured parcels in accordance with DMM 503 and POM 814.2.

751.3 Indemnity Claims and Payments

932 **General Exceptions To Payment – Registered Mail, Priority Mail International Insured Parcels, and Priority Mail International Ordinary Parcels**

Indemnity may not be paid:

- a. In excess of the limit prescribed for the insurance or registry fee paid or greater than that corresponding to the actual amount of loss (except Registered Mail service), damage, or the missing contents. Allowance must be made for depreciation or for needed repairs, and in the absence of purchase receipts or invoices, the contents must be described in sufficient detail.
- b. When an item cannot be accounted for due to the destruction of service records by *force majeure*.
- c. When the contents are prohibited.
- d. For an item seized by customs or any other government agency.
- e. When no inquiry or application has been made by the claimant or a representative within 6 months, commencing with the day following the mailing of the item. In the case of insured mail with Canada, however, the time limit may be waived when it is satisfactorily established that the delay was unavoidable and not the fault of the claimant.
- f. For damage that results from the characteristics of the contents- that is, its inability, due to its nature, to withstand the ordinary incidents of the contemplated carriage.
- g. When full compensation or reimbursement has otherwise been made by the U.S. Postal Service or by any outside firm or corporation whatsoever except on a pro rata basis as coinsurer.
- h. For sentimental values arising from association. Also, in the absence of a complete description, the claimant must satisfactorily establish the ordinary market value at the time of mailing, particularly in the case of heirlooms or antiques.

- i. For an amount in excess of the maximum prescribed for the insurance or registry fee paid, unless responsibility rests with the United States and it is shown to the satisfaction of the Postmaster General that the sender was charged a fee less than that required to cover the amount of indemnity desired, through error on the part of the U.S. Postal Service. On such a showing, the deficiency in fee may be collected from the sender and postal indemnity paid, within the limit fixed for the higher fee.

933 **Payments for Priority Mail International Insured Parcels and Priority Mail International Ordinary Parcels**

933.1 **General Provisions**

933.11 **Insured Parcels**

933.12 **Indemnity Will Not Be Paid**

In addition to the general exceptions to payment described in [932](#), indemnity will not be paid:

- a. When other countries report delivery of parcels without external trace of damage or missing contents and acceptance by the addressee or an agent without reservation concerning the condition of the contents, and when delivery was made under conditions prescribed by the domestic regulations of the country of destination for mail of the same kind or on presentation of a regular postal identity card.
- b. When loss, damage, or missing contents has been caused by the fault or negligence of the sender or the addressee or the representative of either, such as failure to endorse the parcel conspicuously to show the nature of the contents or to provide adequate packing for the length of the journey and for the protection of the contents.
- c. When the claimant, with intent to defraud, has declared the contents of a parcel to be above their real value.
- d. For parcels that:
 - (1) Contain matter of no intrinsic value.
 - (2) Contain matter that did not conform to applicable postal conventions.
 - (3) Were not posted in the manner prescribed. In the event of loss, damage, or missing contents of mail erroneously accepted for insurance to other countries, limited indemnity may be paid as if it had been addressed to a domestic destination — i.e., on the basis of the indemnity limits for domestic insured mail. If postage was erroneously collected at other than a parcel price, but the parcel was otherwise properly accepted for insurance, indemnity may be paid pursuant to the general provisions of this section and the special provisions of [933.2](#).

- e. For indirect loss or loss of profits.
- f. For an amount in excess of the maximum prescribed for the insurance fee paid, unless full or partial responsibility rests with the other country and the sender requested full coverage at the time of mailing, but a deficient and unauthorized insurance fee was collected. In such case, the sender must be paid for full value, less the amount of the deficient fee, but not exceeding the limit fixed for the appropriate insurance fee.
- g. When evidence of insurance coverage has not been presented.
- h. Payment for parcels delivered with damaged or missing contents is made to the addressee unless the addressee waives payment, in writing, in favor of the sender.

933.13 **Ordinary Priority Mail International Parcels – Indemnity Limitations**

Coverage is limited to the actual value of contents or the maximum indemnity based on the weight of the article, whichever is less.

In addition to the general exceptions to payment described in [932](#), indemnity may not be paid:

- a. For parcels containing coins; banknotes; currency notes (paper money); securities of any kind payable to bearer; traveler's checks; platinum, gold, and silver; precious stones; jewelry; watches; and other valuable or prohibited articles.
- b. For consequential losses, delay, concealed damage, spoilage of perishable items, articles improperly packaged, and articles too fragile to withstand normal handling in the mail.
- c. When other countries report delivery of parcels without external trace of damage or missing contents and acceptance by the addressee or an agent without reservation concerning the condition of the contents, and when delivery was made under conditions prescribed by the domestic regulations of the country of destination for mail of the same kind or on presentation of a regular postal identity card.
- d. When loss, damage, or missing contents has been caused by the fault or negligence of the sender or the addressee or the representative of either, such as failure to endorse the parcel conspicuously to show the nature of the contents or to provide adequate packing for the length of the journey and for the protection of the contents.
- e. When the claimant, with intent to defraud, has declared the contents of a parcel to be above their real value.
- f. For indirect loss or loss of profits.
- g. When evidence of the value of the ordinary indemnity coverage on an ordinary parcel has not been presented.

These invoices must include a declaration signed by the seller or his representative reading: "I declare under oath that all the information given in this invoice is true and the prices indicated are those that actually have been paid (or will have to be paid). Country Conditions for Mailing

Prohibitions (130)

Coins; banknotes; currency notes; securities payable to bearer; traveler's checks; manufactured and unmanufactured platinum, gold, and silver; precious stones; jewelry; and other valuable articles.

Many types of goods are prohibited or subject to an import license; therefore, the sender should ascertain from the addressee before mailing whether the contents are permitted and whether the necessary documents are held.

Perishable infectious biological substances.

Perishable noninfectious biological substances.

Radioactive materials.

Restrictions

New and used clothing is permitted when mailed as unaccompanied baggage. The words "Equipaje no acompañado" and the owner's passport number must be shown on the address label and the accompanying documents. Used clothing must have a certificate of disinfection enclosed.

Observations

1. First-Class Mail International and First-Class Package International Service items may not contain dutiable articles.
2. Books and other printed matter, if valued over \$20, require consular invoices, and the addressees must obtain import licenses.
3. A commercial invoice, numbered, certified and signed by the sender, must accompany each package containing books and periodicals of a commercial nature. In addition, the value of each item, the number of packages comprising the shipment, and gross weight must be shown on the invoice. One copy of the invoice should be sent to the post office of destination. A note must be made on each package of the number of books contained therein, its weight and the total number of packages comprising the shipment.
4. Packages must be addressed directly to the addressee, as the Colombian regulations do not permit customs entry to be effected by anyone except the addressee or an authorized representative.
5. Each shipment valued at \$20 or less requires two copies of the sender's commercial invoice, one of which must be enclosed in the parcel and the other sent under separate cover to the addressee. Consular legalization is not needed but the invoice must include a declaration of origin of the merchandise, in Spanish, reading as follows:
 "Certificamos bajo juramento que los precios de esta factura son los mismos que cargamos al cliente y que la mercancía a que se refiere esta misma factura es originaria de (Country of Origin). En fe de lo expuesto firmamos la presente declaración en (City, State) (Day) de (Month) de (Year) (Signature of shipper)".

(Translation: We certify under oath that the prices in this invoice are the same that we charge our customers, and that the merchandise in this same invoice comes from (Country of origin). In faith of which we sign the present declaration at (City, State), on (Date).

6. For shipments valued over \$20, the sender must have a copy of his or her commercial invoice legalized by a Colombian Consulate, and must prepare 4 copies of a consular invoice, one of which must be sent direct to the addressee with the legalized commercial invoice.
7. The addressees in Colombia are required in most cases to obtain import licenses in order to secure delivery of shipments. For shipments exceeding \$20 in value the addressee is required to send a copy of the import license to the sender, who must submit it to the Colombian Consul when obtaining the consular invoice. If a sender receives a copy of a Colombian import license for a parcel whose value does not exceed \$20, he or she must return it to the addressee in Colombia.
8. Consular invoice forms may be obtained and commercial invoices legalized at Colombian Consulates, which are located in principal cities of the United States.

Cuba

Country Conditions for Mailing

Mail service is limited to First-Class Mail International items, First-Class Package International Service items, International Priority Airmail (IPA) items, International Surface Air Lift (ISAL) items, and Priority Mail International Flat Rate Envelope and Small Flat Rate Priced Boxes items. Priority Mail International parcel service is not available.

The Office of Foreign Assets Control (OFAC) of the U.S. Department of the Treasury administers sanctions that restrict the mailing of items to certain destinations and recipients, including a broad sanctions program against Cuba. Prior to mailing any items to Cuba, mailers should refer to IMM 510 or access www.treas.gov/ofac for additional information.

In addition, prior to mailing, mailers mailing gift parcels and humanitarian donations must abide by the rules in 15 CFR § 740.12, or with the rules for consumer communications devices, computers, and software in 15 CFR § 740.19, which can be accessed at www.gpoaccess.gov/cfr. The maximum weight is 4 pounds. Items containing goods may be confiscated upon entering Cuba or returned to sender.

Generally (and consistent with 15 CFR § 740.12 and § 740.19), the following standards apply when mailing goods to Cuba:

Gift Parcels**Eligible Gift Parcels to Cuba**

Eligible gift parcels for Cuba may include any of the following: food (including vitamins); medicines; medical supplies and devices (including hospital supplies and equipment and equipment for the handicapped); receive-only radio equipment for reception of commercial/civil AM/FM and short wave publicly available frequency bands, and batteries for such equipment; clothing; personal hygiene items; seeds; veterinary medicines and supplies; fishing equipment and supplies; soap-making equipment; and all other items of a type normally sent as gifts between individuals (including consumer communications devices, computers, and software as described below and in 15 CFR § 740.19(b)) except for certain items prohibited under U.S. Department of Commerce regulations (described below). Items in gift parcels must be in quantities normally given as gifts between individuals.

Note: A digital camera within the value limit (see “Value” below) may be an appropriate gift. However, subsequent shipments of the same item to the same recipient would not be a gift normally given between individuals.

Note: Even if Commerce Department regulations permit an article to be sent out of the United States in a gift parcel, the article might still be subject to a Cuban import prohibition or other prohibition. Accordingly, articles included in gift parcels may be subject to detention or seizure upon arrival in Cuba.

Export and Shipping Requirements

A gift parcel must be sent directly to the recipient by the individual donor or for such donor by a commercial or other gift-forwarding service or organization. Each gift parcel must show, on the outside wrapper, the name and address of the donor, as well as the name and address of the recipient, regardless of whether sent by the donor or by a forwarding service. Each parcel must have the notation “GIFT—Export License Not Required” written on the address side of the package and the symbol “GFT” written on any required customs declaration.

Prohibited Items

Items not eligible for inclusion in gift parcels as listed in 15 CFR § 740.12(a).

All items included on the Commerce Control List (15 CFR Part 774), other than consumer communications devices, computers, and software.

Military wearing apparel, regardless of whether all distinctive U.S. military insignia, buttons, and other markings are removed.

Gold bullion, gold tael, and gold bars.

Items listed under the general listing of prohibitions below.

Frequency

Except for gift parcels of food, not more than one gift parcel may be sent from the same donor to the same recipient in any one calendar month. There is no frequency limit on gift parcels of food to Cuba.

Parties seeking authorization to exceed the frequency limit due to compelling humanitarian concerns (e.g., for certain gifts of medicine) should submit a license application, with complete justification, to the Commerce Department, Bureau of Industry and Security, in accordance with 15 CFR §§ 748.1, 748.4, and 748.6.

Value

The combined total domestic retail value of all commodities in a single gift parcel may not exceed \$800. This limit does not apply to food sent in a gift parcel.

Note: Although Commerce Department regulations provide an \$800 maximum limit for these items, the total value for each First-Class Mail International, International Priority Airmail, First-Class Package International Service, International Surface Air Lift, and Priority Mail International Flat Rate Envelope and Small Flat Rate Priced Boxes item cannot exceed \$400.

Eligible Recipients

A gift parcel may be sent to any individual or a religious, charitable, or educational organization for the use of the recipient or the recipient’s immediate family (and not for resale). The gift parcel must be provided free of charge to the recipient. However, payment by the recipient of any handling charges or of any fees levied by Cuba (e.g., import duties, taxes, etc.) is not considered to be a cost to the recipient for purposes of this definition of gift parcel.

Ineligible Recipients

No gift parcel may be sent to any of the following officials of the Cuban government: ministers and vice-ministers; members of the Council of State; members of the Council of Ministers; members and employees of the National Assembly of People’s Power; members of any provincial assembly; local sector chiefs of the Committees for the Defense of the Revolution; director generals and sub-director generals and higher of all Cuban ministries and state agencies; employees of the Ministry of the Interior (MININT); employees of the Ministry of Defense (MINFAR); secretaries and first secretaries of the Confederation of Labor of Cuba (CTC) and its component unions; chief editors, editors, and deputy editors of Cuban state-run media organizations and programs, including newspapers, television, and radio; or members and employees of the Supreme Court (Tribuna Supremo Nacional).

No gift parcel may be sent to any of the following officials or members of the Cuban Communist Party: members of the Politburo; the Central Committee; department heads of the Central Committee; employees of the Central Committee; and the secretaries and first secretaries of provincial Party central committees.

No gift parcel may be sent to organizations administered or controlled by the Cuban government or the Cuban Communist Party.

Humanitarian Donations

Eligible Humanitarian Donations to Cuba

Articles eligible for inclusion in humanitarian donation items to Cuba must meet basic human needs, which are defined as those requirements essential to individual well-being: health, food, clothing, shelter, and education. These needs are considered to extend beyond those of an emergency nature and those that meet direct needs for mere subsistence.

Items must be provided free of charge to the beneficiary.

However, the payment by the beneficiary of normal handling charges or fees levied by Cuba (e.g., import duties, taxes, etc.) is not considered to be a cost to the beneficiary.

Eligible commodities and software are those listed in Supplement No. 2 to 15 CFR Part 740: equipment for the handicapped; hospital supplies and equipment; laboratory supplies and equipment; medical supplies and devices; medicine-processing equipment; medicines; vitamins; water resources equipment; food; agricultural materials and machinery suited to small-scale farming operations; agricultural research and testing equipment; fertilizers; fishing equipment and supplies suited to small-scale fishing operations; insecticides; pesticides; seeds; small-scale irrigation equipment; veterinary medicines and supplies; bedding; clothes; cooking utensils; fabric; personal hygiene items; soap-making equipment; weaving and sewing equipment; building materials; hand tools; books; individual school supplies; school furniture; special education supplies and equipment for the handicapped; and generators, office supplies, audio-visual aids for training, and equipment necessary to operate and administer the donative program.

Export and Shipping Requirements

Each humanitarian donation must show on the outside wrapper the name and address of the donor, as well as the name and address of the recipient, regardless of whether sent by the donor or by a forwarding service.

Each parcel must have the notation "GIFT—Export License Not Required" written on the address side of the package and the symbol "GFT" written on any required customs declaration.

Eligible Donors

Eligible donors are U.S. charitable organizations that have an established record of involvement in donation programs and experience in maintaining and verifying a system of distribution to ensure delivery of commodities and software to the intended beneficiaries. The donor organization must keep records containing certain information, in accordance with 15 CFR § 740.12(b)(7).

Eligible Recipients

Humanitarian donations may be sent to groups or organizations that have experience in maintaining a verifiable system of distribution that ensures delivery to intended beneficiaries of items that meet basic human needs.

India

Country Conditions for Mailing

Prohibitions (130)

Appliances (including pistols, pistol pencils, etc.) for discharging gas, except on behalf of the Government.
 Arms and military equipment, except for the Indian Government.
 Articles of gold or silver.
 Coins; banknotes; currency notes; traveler’s checks; securities payable to bearer; precious stones; jewelry; and other valuable articles.
 Coins or ingots exceeding 65 rupees in value, except coins obviously intended for ornament.

 Radioactive materials.

Restrictions

Addressees in India are required to obtain import licenses for all goods except those intended for their personal use and not exceeding 100 rupees in value. If the license is not obtained when required, the articles are considered as prohibited.
 Commercial shipments of tobacco, manufactured or not may only be sent to licensed importers or wholesalers.
 Indian banknotes, require permission of the Reserve Bank of India.
 Perishable articles or edible substances are admitted only by airmail.
 Piece goods and certain manufactured articles must be marked to show country of origin as prescribed by the Indian trademark regulations.
 Works of art (including photographs); forms ruled or printed; account and manuscript books; labels; advertising matter (except trade catalogs and circulars); almanacs in sheets or in cards; and other cards, as well as waste paper and old newspaper for packing, are considered to be merchandise, and may be liable to customs duty.

Observations

1. In India, a very small number of articles is admitted free of customs duty and the tariffs of these duties vary considerably. The general rate of import duty is 30 percent but many articles are liable to a higher rate.
2. Import duty is chargeable even if the articles are received as free gifts. The fact that goods are old or second-hand or gifts or articles intended for personal use does not entitle them per se to exemption from import duty. However, the collection of duty is waived in cases where the total duty on a shipment does not exceed 3 rupees. Books and magazines are generally exempt from import duty.
3. Shipments can be more speedily released if their contents and value are clearly and correctly declared by the sender.
4. Insured Priority Mail International parcels addressed to the post office boxes of Draw, Kargil and Leh in the State of Kashmir are not accepted from November 1 to May 31.

Import permits are not required for articles intended for personal use and in quantities such that they could not be used for commercial purposes; articles for the relief of disaster victims; ashes of the dead; and publications sent to libraries as part of an exchange between countries.
