GENERAL INFORMATION AND INSTRUCTIONS

Preparation and Use

This application is used to effect a transaction under The National Bank Act, as amended (beginning at 12 U.S.C. 21), and 12 CFR 5.24 for a conversion to a national bank charter.

All questions must be answered with complete and accurate information that is subject to verification. If the answer is "none," "not applicable," or "unknown," so state. Answers of "unknown" should be explained.

The questions in the application are not intended to limit the Applicant's presentation nor are the questions intended to duplicate information supplied on another form or in an exhibit. For such information, a cross reference to the information is acceptable. Any cross-reference must be made to a specific cite or location in the documents, so the information can be found easily. Supporting information for all relevant factors, setting forth the basis for Applicant's conclusions, should accompany the application. The regulatory agency may request additional information.

This application form collects information that the OCC will need to evaluate a conversion application. The OCC must consider the applicable statutory requirements set forth above, as well as applicable regulatory requirements, when acting on this application. For additional information regarding these statutory and regulatory requirements, as well as processing procedures and guidelines and any supplemental information that may be required, refer to the OCC's procedural guidelines [that is, The *Comptroller's Licensing Manual*]. The Applicant may contact the OCC directly for specific instruction or visit their Web site at www.occ.treas.gov.

Notice of Publication

Generally, public notice under 12 CFR 5.8 does not apply to a conversion, unless the OCC determines that the application presents a significant or novel policy, supervisory, or legal issue where a public notice is considered necessary. A public notice also may be required

where a conversion application is accompanied by a second application that requires a publication notice under 12 CFR 5.8. In this instance, a public notice describing the entire transaction may be necessary to ensure the public has a full understanding of the entire transaction.

If a notice is required, the Applicant must publish notice of the proposed conversion in a newspaper of general circulation in the affected community or communities. The OCC will provide specific requirements for the notice of publication.

Electronic Submission

In addition to an original application and the appropriate number of signed copies, the OCC would like to have an electronic copy of the information in the application, especially of the business plan's financial projections, if applicable. Submission of an electronic copy is voluntary. It will be used only for internal review and processing, and those portions granted confidential treatment will not be released to the public. The electronic copy may be provided on a computer diskette, using common word processing and spreadsheet software. For E-mail submissions, contact the OCC for instructions and information about secure transmission of confidential material.

Confidentiality

Any Applicant desiring confidential treatment of specific portions of the application must submit a request in writing with the application. The request must discuss the justification for the requested treatment. The Applicant's reasons for requesting confidentiality should specifically demonstrate the harm (for example, loss of competitive position, invasion of privacy) that would result from public release of information (5 U.S.C. 552 or relevant state law). Information for which confidential treatment is requested should be: (1) specifically identified in the public portion of the application (by reference to the confidential section); (2) separately bound; and (3) labeled "Confidential." The Applicant should follow the same procedure when requesting confidential treatment for the subsequent filing of supplemental information to the application.

The Applicant should contact the OCC for specific instructions regarding requests for confidential treatment. The OCC will determine whether the information will be treated as confidential and will advise the Applicant of any decision to publicly release information labeled as "Confidential."
