99TH CIVIL ENGINEER SQUADRON (ACC)
NELLIS AIR FORCE BASE, NEVADA**

Welcome!

Congratulations on your selection or assignment to Nellis, Creech, & NTTR. We look forward to having you as a resident in our beautiful valley.

Nellis is a member of the United States Air Force's Air Combat Command and the home of the Air Warfare Center, the largest and most demanding advanced combat training mission in the world.

The 432nd Wing at Creech AFB is the Air Force's first remotely piloted aircraft systems wing. The 432nd Air Expeditionary Wing "Hunters" consists of combat-ready Airmen who fly the MG-1B Predator and the MQ-9 Reaper Aircraft to support United States and Coalition warfighters. The Hunters conduct remotely piloted aircraft system initial qualification training for aircrew, intelligence, weather, and maintenance personnel.

The local area has low annual humidity of 20 percent and 310 days of sunshine (86 percent) with low annual rainfall of 4.13 inches. Summer day time temperatures average above 100 degrees while nights are pleasantly warm. Winter temperatures range from the mid-40's to the upper 60s. High velocity wind storms and accompanying dust storms occur occasionally.

Upon arriving please visit our office at your earliest convenience. You will be provided off-base and on-base housing information as well as maps and literature on the Las Vegas valley areas. If you are already here, please come by so we can educate you on the areas and services we provide.

We wish you a safe journey and look forward to welcoming you to Las Vegas valley!

MEMORANDUM FOR PROSPECTIVE RENTERS

FROM: MILITARY HOUSING REFERRAL OFFICE
4601 Richard Kisling Drive
Las Vegas, NV 89115

Subject: Foreclosure Clauses in Leases

1. Due to high rates of landlord default, current tenants and individuals seeking to rent property should consider including a "Foreclosure Clause" in their lease agreement. This sort of clause would not allow a tenant to remain in possession of a foreclosed-on property, but would solidify their rights against the landlord and perhaps place more liability upon the landlord in cases like this. Current tenants would need to amend their current lease agreement and should see the advice of a legal assistance attorney to ensure the amendment is legally sound. New tenants should simply demand the inclusion of a "foreclosure Clause" before signing the lease agreement.
2. An example of a "Foreclosure Clause" is included with this memorandum for your reference. This example can be modified according to the desires of the tenant, but it is recommended that a tenant speak to a legal assistance attorney before adding to or departing from this example for one reason or another.

FORECLOSURE CLAUSE

***THE LANDLORD AGREES** to notify the tenant if the landlord is delinquent in mortgage payments or this property is in ANY stage of foreclosure. The landlord's notice to the tenant must be in writing and either sent by certified mail or posted on the front door of the rental property. The landlord must provide this notice within five (5) calendar days of the landlord becoming delinquent or receiving notice the property is subject to foreclosure. Tenant has the absolute right to terminate this lease if the landlord is delinquent or the rental property is in any stage of foreclosure. Tenant must give the landlord notice in writing; the termination will be effective 30 days from the tenant's written notification to the landlord. The 30-day period allowed under this clause trumps any conflicting termination periods found elsewhere in this lease agreement. Termination under this clause is without penalty.*

***THE LANDLORD FURTHER AGREES**, that upon termination of this lease under this clause, landlord will surrender, on the last day of tenant's occupancy, all prepaid rent and all security and pet deposits paid by the tenant. It is agreed that surrender of these monies will be in full (i.e., the exact amount paid by the tenant without any deduction). Finally, the landlord agrees that, if the tenant chooses early termination under this clause, landlord will be liable to the tenant for the tenant's reasonable costs of location similar housing elsewhere and the reasonable costs incurred by the tenant to move to the new place.*

**NEIGHBORHOOD CRIME TRENDS NOW
AVAILABLE ON-LINE WITH “CRIME MAPPING”**

New Tool Now Available to Public

Beginning this month much of the crime data tracked by LVMPD and other Law Enforcement Agencies nationwide will be available to the public on a link from the Metro web site.

The new section entitled “Crime Mapping” tracks 15 different categories of crime. It can be searched based on location of crime, type of crime, date parameters, and reporting agency.

The site can be accessed by going to the LVMPD Web site www.LVMPD.com and clicking on the “PROTECT YOURSELF” bar near the top of the page; from there click on the “Crime Mapping” heading on the drop-down menu. Citizens can also sign up to receive crime alerts by using this site.

A direct link to the Crime Mapping site can be found at:
<http://www.crimemapping.com/map/nv/lasvegas>

This new tool will allow citizens to track crime trends in Las Vegas and other cities around the United States who are participating in this network. Being informed about crime trends within an area can assist residents in improving both personal safety and community confidence.

...we thought that you should know!

Periodically, our Airmen and their families fall victim to crime off of the installation. We have a mechanism (The Armed Forces Disciplinary Control Board) to proactively work with off base locations (apartments, eating/shopping establishment) where the management may not be doing enough to reduce crime in their area.

If you become aware of any trend areas of concern, please provide this information to 99SFS.CC@nellis.af.mil. We continue to work proactively with NLVPD and LVMPD to detect these areas but we may not always catch emerging problem areas. We can help in most cases by working with the management.

Please ensure your sponsors are providing the following information to our newcomers before they arrive. This information is provided at Right Start. However, this is too late for most new Airmen.

- a. Try to live in a gated community. This reduces crime significantly. Some of our local apartments and condos are now gated and have reduced their vehicle thefts/break-ins significantly.
- b. Always park your vehicle in a well lit parking area. Look for security camera coverage and park in the zone of camera coverage whenever possible.
- c. Street bikes are high theft vehicles in Las Vegas.
- d. Don't store anything of value in your vehicle overnight. It will probably not be there in the morning if it is valuable.
- e. Car thefts are rampant. Have a car alarm and also put a steering wheel lock like "The Club" on your vehicle as they are rarely stolen when locks are applied.
- f. If you have a newer car, ensure you park it in a garage overnight whenever possible.
- g. Armed robberies in the area have targeted mothers with infants, people with bags in their hands, and older persons. Robbers are looking for someone who will not resist. These robberies normally occur in shopping areas. Be aware of your surroundings and look for people who may be loitering in the parking lots. Don't be afraid to ask for a store worker to escort you to your car if you are concerned. If someone is loitering near your car, go back in the store and request security assistance.
- h. Report off-base thefts to your supervisor and your unit first sergeant. They work together with Security Forces to identify and trend high crime areas of concern.
- i. Always report robbery or violent crime, even if it occurs off base, to Security Forces.
- j. Report any discrimination or predatory business practices to your unit first sergeant. They help provide information to the Armed Forces Disciplinary Control Board (AFDCB). The AFDCB works with local businesses and assists the Installation Commander in placing bad locations off limits so others don't fall victim.
