PREFACE

Human Dimensions of Strategic Leadership is one of the enduring themes of the U.S. Army War College curriculum. This selected bibliography lists references for readings on various elements of that theme, and directly relates to the study of strategic leadership. Particular attention was devoted to military leadership.

With the exception of some important older titles, most of the books, documents, articles and online resources cited are dated 2003 to the present. All items in this bibliography are available in the USAWC Library. For your convenience, at the end of the entries, we have added library call numbers, Internet addresses, or database links. Web sites were accessed during November 2006.

This bibliography and others, compiled by our research librarians, are available online through the Library's home page at <http://www.carlisle.army.mil/library/bibliographies.htm>.
