

**22 JUNE 2012**

NOSC Orlando's Color Guard rendered honors at the Employer Support of the Guard and Reserve Annual Planning Awards Conference. The event paid tribute to numerous Central Florida businesses that support Returning Warriors back to the workplace or by placing emphasis on hiring veterans to reduce the national veterans unemployment rate. HM2 Naranjo was presented an individual award for volunteering his time to support ESGR and said "I have the highest level of respect for ESGR; the organization truly makes a difference for ensuring Returning Warriors smoothly transition back to their pre-mobilization employment positions."
