2012

Much-Anticipated Shake Machine Arrives at Courtney Shoppette

During the first Town Hall meeting of the year, a determined young man stood up to bravely ask the Camp Commander why the Camp Courtney Shoppettes lacked a F'Real Shake Machine, duly noting the hassle involved in trekking all the way to Camp Foster or Kadena AB to indulge in a cool treat. That young man, Matthew Ross, saw his idea come to fruition on Saturday afternoon as the Camp Courtney Shoppette handed out its inaugural shake, surely the first of many to be blended over the coming summer months.

After the Town Hall Meeting in January, Mr. Andrew Nims, the Camp Courtney AAFES director, immediately got on the phone with AAFES headquarters and scheduled the order and shipment of the new machine, which then made its way to Okinawa by boat. Regarding the new machine, he stated, "We were glad to be able to help out the Camp Courtney community by meeting the request from the Town Hall. It should be a great asset to the Camp during the hot summer months."

F'Real Shake Machines are quickly spreading across the country, with over 7,500 machines located in convenience stores, movie theaters, and colleges. The company's president is a milkshake enthusiast with an engineering degree from Cornell University who was convinced that there had to be a faster, less cumbersome way to deliver a quality milkshake than the methods used at a typical ice cream shop. After years of testing, his product seems to have hit the mark, with good timing as well, as companies like McDonald's revitalize interest in the frozen drink market with their popular fruit smoothies.

So, thanks to Matthew Ross and AAFES for working together and participating at the Town Hall meeting to improve the quality of life in Camp Courtney. And...after a few months, Courtney Iron Works Gym might also be thanking Mr. Ross for increased patronage at the gym!

Have any similar thoughts or suggestions for Camps Courtney and McTureous. Be heard at the quarterly Town Hall meetings! Or, contact Camp Courtney Camp Operations at 622-9596 or CampCourtneyCampOperations@usmc.mil any time.

Camp Commander's Message

The Camp Commander is on a well deserved vacation at the time of publication.

M. L. Kuhn

Camp Director's Message

These are exciting times at Camp Courtney. The installation of the f^r real shake machine is a big hit. The manager of the shoppette, Ms. Mayume Miyazato tells me that they sold over 160 shakes in the first two days. We received this shake machine because of a request by 10 year old Matthew Ross. Keep the good ideas coming and we will fight hard to get you the things you want.

We just went through our first real typhoon drill and I noticed there is still quite a bit of loose gear lying around the camps. These things become destructive missiles if they are not secured. Check your home and work areas for items that could be blown away and put them inside or tie them down.

PET OWNERS! We need your help! We especially need the assistance of those who own a pet and live in the towers. We are receiving more and more complaints of nasty pet owners whose pets have urinated in the stairwells, or left messes in other areas and their pet owners did not clean up after them.

Having a pet in the towers is a luxury, and if we cannot prove they can be managed, then pet owners will lose this luxury. Pets do have accidents, but the owners don't. If you own a pet, you are responsible to clean up after it.

S. D. Flagg

Town Hall Meeting Questions and Answers

- Will Housing be reoccupying unrenovated buildings that are part of PAIP 11, but not set for construction until later in the phasing schedule?
 - Yes, units that are not set to be renovated until the end of 2013 or later will be reoccupied.
- Will families from the waiting list be offered the newly renovated houses?
 - Newly renovated houses will be offered to all families on the current housing waiting list, regardless of whether a family is new to the island or attempting to move back on base after living out in town due to limited housing availability.
- Can you get re-entry stamps at IPAC on Courtney?
 - No. Re-entry stamps can be obtained at IPAC IDs and Passports on Camp Foster, Building 5692. 645-4038.
- Are they installing security arms on McT?
 - The physical layout of Camp McTureous is not suited to the same style of barrier being installed on Camp Courtney. However, Camp Courtney continues to seek funding for final denial barriers at Camp McTureous.
- Are the lunches in DoDDS schools FDA approved and are they correctly balanced?
 - Yes, all school lunches are FDA approved and meet FDA guidelines on proper balancing. Any suggestions can be made to the OWEX School Meal Program Manager at 622-6333.
- Can you please check on cafeterias at schools running out of lunch early before children are done?
 - The cafeterias use a set system to estimate the number of school lunches and lunch choices that are needed each day in order to avoid food spoilage. The formula works for the majority of days, but we understand that sometimes there may be a shortage. In this instance, please contact the OWEX School Meal Program Manager at 622-6333 so that he can take note of it and adjust accordingly.
- Can the Commissary get more shopping carts that are designed for twins?
 - The Courtney Commissary is currently looking for sources to purchase additional shopping carts for children that hold up to two and are awaiting sourcing options. Additionally, the Commissary is looking into purchases of the small kid-sized shopping carts for kids who want to shop like mom and dad.
- If you go on leave and postpone your cable/Internet will there be a reactivation fee?
 - No, there is not a reactivation fee in this case.
- Is the quality for the TV going to get better?
 - Yes, the picture quality will be improved once we finish updating the channels. If customers periodically get black screens, they will have to rescan their cable boxes. Look to www.mbcokinawa.com under the FAQs section for details.
- Are the new channels just for Camp Courtney and McT or for all of the island?
 - The following new channels are available island wide with the Tier 2 package: H2, Biography, Military History, Hallmark, Hallmark Movies, Food Network, Cooking Channel, HGTV, DIY, and Outdoor.
- Where can I find the schedule for the Courtney and McTureous pools this summer?
 - You can find it online at: <http://www.mccsokinawa.com/files/Semperfit/2012SummerHours.pdf> or by calling 622-9662.
- Can we get trash cans added to the playground near Tower 4533?
 - Yes. Camp Operations has added a trash barrel to the playground area.
- What can be done about foul language being used during PT at the Courtney Bowl in the morning near the Child Development Center?
 - The Camp Sergeant Major has informed the Company First Sergeants of the issue. Please contact Camp Operations if it continues to be a problem (622-9596, CampCourtneyCampOperations@usmc.mil).
- Some of the playgrounds on Courtney are rusted.
 - Unsafe areas have been roped off and are scheduled for reconstruction with the nearby buildings. For any unsafe areas that are not roped off, please call or email Camp Courtney Camp Operations (622-9596, CampCourtneyCampOperations@usmc.mil).
- What is the fenced in structure going to be behind Phase 1.1 on McTureous? A basketball court or a tennis court?
 - A tennis court is being installed as part of the ongoing PAIP projects behind Building 5035.
- What can be done about the lights to the baseball field behind Bechtel being left on?
 - Bechtel Elementary has added locks to the power switch to ensure that unauthorized users don't turn on the lights and then forget to turn them off. If they are left on after a MCCS event, please contact the Courtney Gym at 622-9741.

Thanks to everyone who attended the 2nd Quarter 2012 Town Hall Meeting. We look forward to seeing you and some new faces at the 3rd Quarter Meeting in August!

Rainy Season will be over soon

The rainy season usually lasts until around "Irei no hi" (Memorial Day for the War Victim) which is on 23 June.

09 June - Day of "Rock" - Japanese pronounce "6-roku""9-ku"

Various kinds of "rock" events will be going on at many live houses

23 June- Irei no hi (Memorial Day for the war)

The day when the war in Okinawa was over.

I'm looking for volunteers and attendees for "Kanaderu Park"- American Town Market vol. 2

On 30 Jun (Sat), a weekend just before the Independence Day,

Between 1200-2000, at Park Ave. aka BC St near KAB Gate 2 St.

Okinawa City is hosting an American Family-oriented festival called "Kanaderu Park vol. 3"

To celebrate the Independence Day with American friends' music and foods.

(The vol. 2 was "St Patrick's Day parade")

They expect 1) musicians (solo or band), dancers and other performers.

Please ask me for more details if your group would like to perform.

2) School, boy/girl scout or church bazaar booth for fundraising and so on...

Events in Jun-Jul

17JUN Bull-fighting at Ishikawa Bull-fighting dome. Start 1300, 3000yen

01JUL Yakena Dragon Boat Race at Yakena Port near White Beach Start at 1100

Have you ever been to the down south? Vol. 1- "Manmaru" Cafe

Nanjo City area is one of the newest popular area for tourists from mainland Japan now.

Especially area after you pass "Azama san san" Beach, many shops, café and others are opened recently.

The "Manmaru" café is the one of them.

The very famous round shaped "Chinsuko (Okinawan biscuit)" called "Manmaru Chinsuko" shop owner started this café.

It's located on the hill above the beach. The view from over there is a so great.

Open 1100-1800, 1106-1 Chinen, Nanjo City

If you drive south on the Exp. Way from Camp Courtney, after you pass the exit #2 (Nishihara exit) there's a sign of Nishihara JCT which leads to the Air port on your left.

If you see the AEON bldg on your right from Exp. Way after the toll gate, please try to get out of the first exit.

After you get out the exit and go down from Exp. Way bridge to the ground level, keep on straight to the first big intersection.

Make left at the intersection and drive on Hwy331 to Chinen area in Nanjo City.

The café is just near the entrance of Azama San San beach.

If you have an iPhone, input "Azama san san beach" into Google Maps for directions.

If you have any questions about these events or want to learn more about the Camp Courtney Community Relations Program, call 622-9561 or email ichiro.umehara.ja@usmc.mil.

Smart Phone -Do's and Don'ts

- Applications can track your location. Turn off location services to avoid unwanted location tracking.
- Malicious emails and text messages can infect your smartphone with malware. Run anti-virus software periodically on your device.
- The camera and microphone can be remotely activated on a smartphone. Do not take a smartphone near classified information, and you should remove the battery before discussing any sensitive information.
- Wireless networks may be insecure and subject to monitoring. Use VPN when accessing wireless networks, and do not access sensitive information over wireless networks.
- Malicious individuals may gain physical access to your smartphone. Protect your device with a password and run applications such as *lookout* and *find iPhone* to help you recover lost or stolen smartphones.
- Applications that you download may gain access to the data stored on your smartphone. Check to see if the application will access your location and other personal data. Read peer reviews of the application to see if other users experienced trouble after downloading.
- Hackers may be able to exploit your device using a Bluetooth connection. Turn off Bluetooth when you are not using it.

Application and Malware Threats

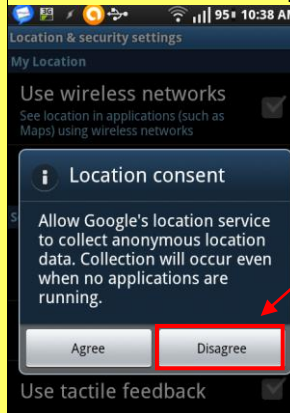

Your personal information may be compromised by applications that gain access to your data and malware that infects your smartphone

(1) Location threats - Your smartphone is vulnerable to applications that track your location. If you publish your location to smartphone applications it may be possible for other users to exploit your location information.

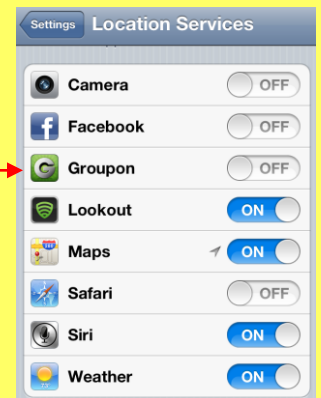

Applications can track your location

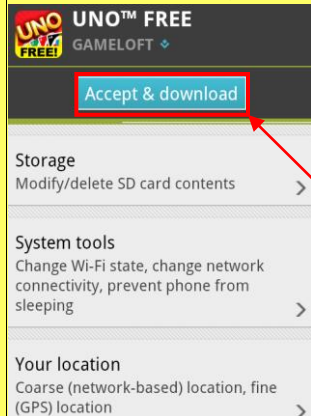

Beware of giving applications access to your location – Go to the settings menu and decide which applications to grant access to location data.

Disable location services to prevent third parties from learning your location

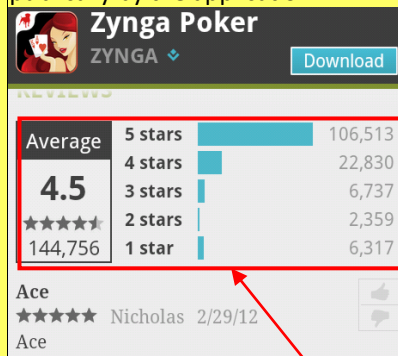

(2) Data-stealing applications - applications that you download may gain access to your personal information. This information may be visible to third parties.

Applications that access your personal information can expose your personal information to third parties

Do not allow unfamiliar applications to access your data - Read ratings and reviews of applications before downloading them to see if other users have experienced problems with the application. See what information is published publicly by the application.

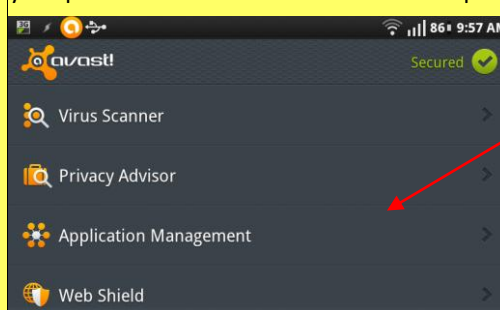

Read reviews of applications before downloading

(3) Malware - Like a computer, your smartphone is vulnerable to malware from emails, text messages, applications, and websites.

Be wary of clicking links in emails and text messages; these links may contain malware

Run anti-virus - Use anti-virus applications like *avast!* and *iVirusScan* to protect your phone from malware. Run anti-virus periodically to check for infection.

Run anti-virus periodically to protect your phone from malware

Physical and Connection Threats

Malicious parties may compromise the security of your smartphone by gaining physical access to the device, remotely activating the camera or microphone, or by exploiting Bluetooth and wireless network connections.

(4) Microphone and Camera - Hackers may be able to remotely activate the camera and microphone of your smartphone.

Foreign governments and hackers may be able to record audio or video information remotely. Be careful what you say and do in the presence of your smartphone

Do not discuss sensitive information near your smartphone, or remove the battery first - Avoid talking about classified information near your smartphone; do not bring your smartphone into secure areas. Remove the battery before discussing anything sensitive

Take out the battery before discussing anything sensitive

(5) Physical access threats - Your smartphone is vulnerable to malicious individuals who can attempt to physically gain access to your smartphone and the information inside of it.

When your smartphone is out of your physical control, your data may be stolen or lost. Third parties may install malware on your phone or copy your information

Password protect your device to make it more difficult for third parties to access your information

Password protect your device and run applications to help recover lost devices - Use a password to protect your smartphone. Do not let your device out of your physical control. Use the applications *lookout* and *Find iPhone* to help locate your lost smartphone.

Use applications like *lookout* and *find iPhone* to recover lost smartphones

(6) Wireless Networks - Wireless networks may be monitored or insecure. The information that you access over a wireless network may be intercepted by third parties.

Accessing the internet on insecure wireless networks may compromise your passwords, user names, and data

Use VPN on Wireless networks - Use VPN whenever you access the internet on your smartphone via wireless. Avoid accessing sensitive information on wireless networks; do not log into password protected sites and services via wireless networks.

Go to the settings menu of your smartphone and turn on VPN before using an insecure wireless network

(7) Bluetooth - Hackers may be able to access your contact information, calendars, emails, text messages, photos and videos by exploiting Bluetooth connections.

If you leave Bluetooth turned on, your phone is vulnerable to exploitation

Turn off bluetooth when you are not using it - If you are not connecting to another device, disable Bluetooth. Go to the settings menu of your smartphone and turn off Bluetooth.

Turn off Bluetooth when you are not using it to connect to another device

Camp Courtney Commissary

Commissary savings support military community

The commissary's ongoing partnership with industry allows its customers to save money while often supporting nonprofit and military-affiliated charities.

"We have a rewarding partnership with industry that gives manufacturers

opportunities to offer part of their earnings to support our military communities," said Chris Burns, DeCA's director of sales. "The winners are commissary customers – U.S. military and their families, who sacrifice much in the service of our nation."

Throughout June, manufacturers, vendors, brokers and suppliers will host in-store promotions that provide extra savings while supporting worthy causes. Click here for [June sales and the causes they will benefit.](#)

Scholarship program surpasses \$10 million

Scholarships for Military Children celebrated its 12th anniversary and a major milestone – the awarding of more than \$10 million in scholarships to 6,742 military children around the world.

The scholarships are funded by commissary vendors, manufacturers, brokers, suppliers and the general public. Every dollar donated to the program goes directly to funding the scholarships.

Fisher House Foundation, a nonprofit organization that provides assistance to service members and their families, underwrites the cost of administering the program, which is handled by Scholarship Managers, a national, nonprofit, scholarship management services organization. Scholarship Managers looks at the applicants' grade-point averages, the number of school and community activities, extracurricular and

volunteer activities, and part- or full-time work experience. For full article and information on the 2013 program, go to: [Scholarships](#)

Scholarship winner Chynna Sandgren accepted her award during a ceremony at Eielson Air Force Base Commissary, Alaska, in 2011.

Staying informed of food-safety-related recalls can be a full-time job. Thanks to Commissaries.com, it's just a couple clicks away. Click [Stay Informed](#) for alerts on products sold in commissaries or [All Recalls](#) and scroll to FDA for all recent food alerts and product recalls.

Find out what's on sale and prices!

Before your next visit, commissary shoppers in the continental U.S. can find out what's on sale by visiting the [Savings Aisle](#) on www.commissaries.com. Both promotional prices and percentage of savings are shown here. All visitors can see the percentage of savings. Commissary shoppers must login to see prices. Note that occasionally an item listed may not be available in your commissary due to space limitations.

Store Director's Scoop

Camp Courtney Commissary will be holding a Commissary On Wheels (COW) event on Camp Schwab 16 June 2012. We will be in the Exchange/Food Court area from 0930-1530 hours.

Are You Ready???? The 1st of June marks the start of Typhoon season. Please avoid long lines and shop early for your essential supplies.

Can I help you?

Have a question about coupons, a product or a commissary service? I'm your store director, and I want to help. Find my name, telephone number and email address on the first page of this e-newsletter. Or look me up by store name on commissaries.com under the locations tab.

SCHOOL MEALS **are** HEALTHY MEALS™

From The Exchange:

School Meal Program – A reminder that Free and Reduced Lunch program audits are available from June 1, 2012 for the 2012/2013 school year. If your audit is not turned in and approved, your student's lunch account will be reset to Full Pay eligibility at the beginning of next school year. The date that the audit is approved is the date your student will start Free or Reduced lunches. The audit form is available at the Kadena Free/Reduced Program Office, 18th MSG, BLDG 99. Also, if you have a student who is currently attending Ryukyu Middle School and will attend Kubasaki High School next year, please stop by the PX after August 1st and make sure your student was transferred to Kubasaki and not Kadena High School. Due to our register system, all 8th graders at Ryukyu Middle School automatically roll over to Kadena High School during the summer. If you have any question on the School Meal Program, please contact Andrew Nims at 622-6802.

F★O★C★U★S Resiliency Training for Military Families

When a Service Member deploys the entire family may experience changes in roles and duties. The remaining spouse has to take on new responsibilities. Children may have different reactions when separated from a caregiver. Many adapt well, but changes in behavior are normal and expectable. They often lack the words to express their feelings and experiences. Some throw tantrums and act out, while others may hold their feelings in and become sad and withdrawn. FOCUS helps families plan ahead for these challenges by developing a personalized toolbox of skills specifically designed to meet their needs.

MANAGING FEELINGS • SETTING GOALS • COMMUNICATING • PROBLEM SOLVING • HANDLING STRESS

FOCUS Individual Family Resiliency Training sessions allow families to build their own story about military life experiences. This helps families to:

- Identify, manage, and discuss emotions
- Clarify misunderstandings and respect individual points of view
- Build on family strengths
- Feel closer and more supportive
- Use family-level problem solving and goal setting to empower the entire family

To stay safe during deployment, a Service Member would never head off without months of specialized training. To remain strong and healthy during deployment, the Service Member's family also needs training and preparation. FOCUS helps families to be prepared.

Contact FOCUS today for more information at:
