Humpback Whale Body Parts

Hi! I'm a humpback whale. I live in the Pacific Ocean. Every year I migrate between Alaska and Hawaii. I travel about 3000 miles!

Humpback Whale Vocabulary Words

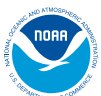

CETACEA: an order of marine mammals, including all whales, dolphins and porpoises

BALEEN: The hair or bark like material (similar to fingernails) forming the fringed plates that hang from the upper jaw of baleen whales and strain plankton and small fish from the water

TUBERCLES: a round lump

BREACH: the leap of a whale above the surface of the water

MIGRATE: to move periodically from one region or climate to another
