

SAFETYGRAM

BMC Grafenwoehr Safety Office

The following message is German Law:

- **Winter tires are required during winter conditions.**
- **You can be ticketed for having the wrong tires on the car in Wintertime.**
- **4 Winter approved tires must be on the car.**
- **All weather or all season tires must meet the same standard as winter tires:**
 - ✓ **Marked with "M + S" label,**
 - ✓ **A "snowflake" symbol, or an "alpine" symbol (pictograph of a mountain with a snowflake)**

Minimum tire tread depth

Austria: 1 Nov. – 15 Apr. Winter or M&S tires and one pair of snow chains in the car.

Switzerland: Recommend carrying snow chains for roads that require them .

Italy: Some alpine areas require winter tires and snow chains.

Czech: Some roads require winter tires (roads are indicated by signs).

Winter tires 4 mm

**Drive Safely
Through the
Winter!**
